MARKETER
A Marketer is a person who is engaged in the wholesale or retail sale of motor fuel or special fuel. Marketers must be licensed to do business in South Dakota. A separate license is required for each business location within the state.

Selling Dyed Diesel and Dyed Biodiesel
Marketers may sell dyed diesel and dyed biodiesel untaxed to customers that use it for agricultural purposes. In addition, dyed diesel or dyed biodiesel may be sold untaxed to the state or its political subdivisions for use in their vehicles, machinery, and equipment that are used in highway construction. All diesel or biodiesel sold to the state, political subdivisions, and school systems for vehicular use, including that used in buses, must be undyed.

Marketers are required to charge and collect sales tax on sales of dyed diesel and dyed biodiesel to licensed highway contractors. These sales are to be reported on the Marketer’s sales tax return.

Selling Ethanol Blends and Methanol Blends
Ethyl Alcohol and Methyl Alcohol are taxed at the rate of $.08 per gallon plus the $.02 per gallon Tank Inspection Fee. These products are now taxed because of the various levels of ethanol blends now being seen in the industry. If a Marketer sells an ethanol blend or methanol blend, the sales invoice must indicate what type of ethanol blend or methanol blend was sold (for example, E10, E20, E30 etc.).

Record Keeping/Acceptable Records
To ensure that the correct amount of fuel tax is collected on all fuel used on South Dakota roads and highways, the law requires Marketers to keep detailed records of all fuel transactions and deliveries. Marketers will need these records to accurately complete Marketer Refund Claims and must present them to Department personnel if they are audited or have their licenses reviewed. Records are to be maintained for a period of at least 30 days at the delivery location or a location approved by the Secretary. All records must be preserved for the current year and the three preceding calendar years.

Sales and Purchase Records
Licensed Marketers must keep all sales and or purchase invoices. A copy of the invoice must be maintained in the records of both the seller and the purchaser. The invoices must be serially numbered and must contain the following information:
- The seller’s name and address;
- The seller’s supplier’s license number issued by the department, if the fuel was sold at the pipeline or the seller’s marketer’s number if not sold at a pipeline;
- The purchaser’s name and address;
- The date of sale and delivery of the fuel;
- The number of gallons of fuel sold and delivered to the purchaser, the type of fuel and if diesel whether it was dyed or not;
- The price charged per gallon of fuel;
- If charged, the amount of fuel tax or sales tax. Fuel tax must either be listed separately or as a statement by the marketer that the price per gallon required by law includes the South Dakota fuel tax; and
- The total amount of the sales invoice
Fuel Shipping Records
Licensed Marketers must maintain in their records all fuel shipping documents they receive, including bills of lading, drop load tickets, and diversion tickets. Marketers are responsible for inspecting any shipping document to insure that it indicates South Dakota as the destination state.

Other Records Required of Marketers
Licensed Marketers are also required to keep these records in addition to those already discussed:
- Fuel disbursement records;
- Monthly fuel inventories; and
- Weekly pump meter readings.

The Secretary of Revenue may require other pertinent records and papers necessary for the enforcement of fuel tax laws, including purchase records, journals, ledgers, payment records and banking records.

Payment and Reporting Schedule
Because Marketers purchase only tax paid motor fuel, tax paid clear special fuel and tax-exempt dyed special fuel; they have no fuel tax reporting or remitting responsibilities to the state.

Refunds
There are several situations in which Marketers are entitled to refunds:
- For fuel taxes paid on all fuel that is later sold in bulk to an approved Indian Tribal School holding an exempt-user number. These refunds can only be claimed for deliveries made into bulk storage at the tribal school.
- For fuel taxes paid on all fuel that is later sold to the Federal Government or Defense Supply Center for its consumption.
- For undyed diesel or undyed biodiesel delivered into a motor carrier refrigeration unit which is not attached to the engine supply fuel tank of the vehicle. Sales tax is charged on the product and “reefer” must be noted on the sales invoice.
- For fuel sold to an enrolled tribal member purchasing fuel in Indian country controlled by the member’s tribe, or an Indian tribe purchasing motor fuel or special fuel in Indian country controlled by the Indian tribe.
- For fuel taxes paid on all fuel sold to customers whose accounts are uncollectible and have been deducted as an expense on the Marketer’s federal income tax return. A Marketer may claim a refund of a customer’s delinquent taxes only once every three years and must furnish sufficient evidence and testimony to support any tax collection effort made by the Department. A Marketer must submit a separate claim form to support each bad debt loss.
- For fuel taxes paid on all fuel lost because of leakage or theft, or a single incident of loss or destruction caused by fire, flood, tornado, windstorm, or explosion in excess of 100 gallons.
The Marketer will be refunded the amount of tax on the lost gallons upon compliance with the following requirements:

- A Marketer must submit an Affidavit of Loss of Taxable Fuel, by registered or certified mail, to the Department of Revenue, within 10 days of the loss in order to collect any refund.
- Provide copies of police reports in cases of theft and insurance reports must accompany all claims;
- Claims for refunds must be filed with the department within thirty days after the loss is discovered, or the claim is thereafter barred;
- No claims for a refund for a loss by leakage or theft of less than five hundred gallons may be considered or allowed. Such loss is presumed to be shrinkage; and
- The books and records of the claimant must be available for inspection by the department.

If a claim for refund is allowed and approved by the department, the state auditor must issue a warrant for the amount allowed, upon the presentation of a claim bearing the approval of the department.

**NOTE:** Refunds are limited to a period within 15 months of transaction date  

DOR/DMV FORM 573 (4/15)
**Reefer Storage Undyed Fuel Worksheet**

On the worksheet below, list the gallons of reefer fuel sold for each date and indicate the amount of sales tax you reported and remitted on your previous sales tax return.

Your total gallons for sales tax remitted should equal the amount recorded on Line 5 on the front of this form.

Record your sales tax license number here:

**Total Gallons Undyed Fuel:**
Marketer Refund Claim Form Instructions

1. Report total gallons of motor fuel or special fuel sold in bulk to a location on a licensed Indian school’s premises. The school must be licensed by the Department of Revenue to purchase fuel that is exempt from state taxation. List school names and license numbers.

2. Report total gallons of motor fuel or special fuel sold in bulk to a location on a licensed Indian school’s premises – Add Lines 1a, 1b, 1c, and 1d.

3. Report total gallons lost in accordance with SDCL 10-47B-137. The loss of motor fuel or special fuel by leakage or theft must exceed 500 gallons. The loss of motor fuel or special fuel by a natural disaster must exceed 100 gallons. An Affidavit of Loss of Taxable Fuel and required documents must be attached to support this claim.

4. Report total gallons sold to the US Government or the Defense Supply Center – Attach Uniform Schedule of Disbursements Type 8.

5. Report total gallons of undyed special fuel dispensed into a separate reefer storage unit for refrigeration use only – Complete Reefer Storage Undyed Fuel Worksheet on the back of this form.

6. Report total gallons of motor fuel or special fuel sold to an enrolled tribal member purchasing fuel in Indian country that is controlled by the member’s tribe, or an Indian tribe purchasing motor fuel or special fuel in Indian country that is controlled by the Indian tribe – Attach Tribal Sales Schedule.

7. Subtotal all gallons – Add Lines 2, 3, 4, 5, and 6.

8. Tax rates.
