Department Strategic Plan

Greetings Fellow Department of Revenue Employees:

It is my pleasure to present our Department of Revenue Strategic Plan. Our plan sets forth the Department's vision, mission, values, and goals that will guide our future and allow us to raise the bar for the Department of Revenue.

The vision of our department is to serve South Dakotans and to support government services by collecting all taxes required by law, supporting motor vehicle requirements, and regulating the gaming industry and state's lottery to raise revenue for government programs. We strive to ensure taxpayers have all the information they need to understand their tax obligations. Free educational workshops are offered throughout the state and "Tax Facts" guidance sheets are available on our website. We utilize up-to-date technology that allows for electronic tax filings, payments and motor vehicle registrations. South Dakota's high voluntary compliance rates reflect the effectiveness of our efforts.

We should never lose sight of the importance of our work. The revenue generated by the department is essential to fund state and local government programs and services enjoyed by all South Dakotans. Each of you plays a crucial role in this effort. I admire your dedication and appreciate all you do. I believe that our Strategic Plan gives us both a foundation and a focus for the future.

In the words of Abraham Lincoln, "Always bear in mind that our resolution to succeed is more important than any one thing."

Respectfully,

Andy Gerlach
Secretary
