To the Governor, Legislature, and People of South Dakota:

The Department of Revenue & Regulation is charged with collecting revenue due to the State of South Dakota and providing regulatory oversight in a variety of areas including financial services, real estate, and gaming industries. But for those of us who work for Revenue & Regulation, it's not enough to simply do the job; we strive to do it in a manner that's both effective and efficient and to such an extent that it encourages voluntary compliance among the individuals and organizations doing business in South Dakota.

Fiscal year 2008 provided the Department with both opportunities and challenges in technology, administration and customer service. We continued to develop and refine new data systems in the sales, use and contractors' excise tax programs that, when completed, will allow for better communication and data integration among our divisions. Our Division of Motor Vehicles spent a large portion of the year preparing for the implementation of the new license plate with owner system which not only is intended to make the titling and registration process easier for vehicle owners but allows for future enhancements like on-line vehicle registration.

Paul Kinsman, Secretary

On the national level, we remain committed to the idea of a fair and equitable tax system through our continued involvement with the Streamlined Sales Tax Project. South Dakota has been a key player in the project since its inception and through the project's centralized registration system, our Business Tax Division has issued 1,130 tax licenses since Oct. 1, 2005.

Despite concerns over a softening economy, I am pleased to tell you that for the period overall tax revenues were up 7.53% from the previous year. I remain cautious about the outlook for the coming year. In the pages of this report you will find other charts and tables detailing how each revenue source performed during fiscal year 2008.

It is one of the goals of the Department of Revenue & Regulation to educate and inform the taxpayers of South Dakota on the state's tax system and regulatory efforts through our contact with businesses and individuals, educational programs, and publications and other explanatory material. I hope you find this year's annual report to be a valuable part of that effort.

Respectfully submitted,

Paul Kinsman

221 West Capitol Avenue, Suite 101: Gaming Commission, Real Estate Commission

The department also has six divisional field offices in Aberdeen, Mitchell, Rapid City, Sioux Falls, Watertown, and Yankton as well as employees in Deadwood and North Sioux City.

In fiscal year 2008, 322 full-time employees worked for the Department of Revenue & Regulation administering, collecting, and distributing the state's 90 separate types of taxes and fees. Total administrative costs were \$65,390,110, of which \$1,254,693 were general fund dollars.

Tax Revenues: Collections

The Department of Revenue & Regulation is the principal tax agency for the State of South Dakota and collects 36 different state taxes. These taxes are grouped into four main categories: sales, use, and contractors' excise taxes; motor fuel taxes; motor vehicle fees and taxes; and special taxes. Once collected, these tax revenues are distributed to three primary locations: the state's general fund, local units of government, and the state highway fund.

In fiscal year 2008 revenue from all 36 state taxes totaled \$1,470,272,771, an increase of \$100,588,953 from fiscal year 2007 revenues of \$1,369,683,818. Total revenues from the past five years are shown below.

Tax Revenues: Distribution

Distribution of Taxes

In fiscal year 2008, the \$1,470,272,771 in tax revenues collected by the department was distributed to various funds and units of government. The largest portion of revenues (55.4%) was deposited in the state's general fund, with 24.3% going to local governments, 12.7% to the State Highway Fund, and 7.6% to other uses.

While sales, use and contractors' excise taxes make up 63.7% of the state general fund, the remainder of the fund comes from special taxes and fees and other sources which include the South Dakota Lottery and CRP program. The following chart shows the taxes that produce the revenues and the manner in which the revenues are distributed.

- (1) The state retains an administrative fee, which varies from .55% to 1%.
- (2) The first \$30 million collected annually is deposited in the State General Fund. All revenue in excess of \$30 million goes into the Tobacco Prevention and Reduction Trust Fund.
- (3) An exception exists regarding banks organized pursuant to SDCL 51A-2-38 to 51A-2-43, inclusive. 95% of the revenue derived from that tax is deposited into the State General Fund, while 5% goes to the county where the bank is located.
- (4) Revenues from mining companies licensed after January 1, 1981 are split as follows: 80% to the state, 20% to the county of production (subject to a \$1 million cap).
- (5) 100% of the tax collected is placed in the Environment and Natural Resources fee fund.
- (6) Revenue from devices located outside municipalities is deposited into the State General Fund. If the amusement device is located within the boundaries of a municipality, then the revenues are remitted to the municipality.
- (7) Motor fuel refunds are deducted first and then the remaining monies are divided as follows: Each July, an amount equal to the number of snowmobiles licensed as of July times 125 gallons times the tax rate is transferred to a fund for snowmobile trails; an amount equal to the number of licensed motorized boats times 125 gallons times the tax rate is transferred to the parks recreation fund; an amount equal to 35% of claimed refunds not to exceed \$1,500,000 is transferred to the conservation commission; the taxes collected under the provisions of the International Fuel Tax Agreement are transferred to member jurisdictions; and 2% is transferred to the Motor Fuel Tax Administration Account.
- (8) Beginning January 1, 2003, 50% of the revenue collected shall be deposited in the ethanol fuel fund and the remaining 50% distributed as follows: 78.7% deposited in the capitol construction fund and 21.3% deposited in the petroleum release compensation fund.
- (9) Other prorate fees: duplicate cab card, trailer fees, tractor registration fees, and transfer fees are deposited in the State Highway Fund. Trailer ID fees and duplicate fees are deposited in the License Plate Special Revenue Fund (LPR). Title and penalty fees and administration fees are deposited in the State Motor Vehicle Fund (MVF).
- (10) .5% is deposited in the State Motor Vehicle Fund (MVF), and 1% goes to the License Plate Special Revenue Fund (LPR). The percentages were changed in 2000.
- (11) 1.75% is deposited in the State Motor Vehicle Fund (MVF), and 2.5% goes to the License Plate Special Revenue Fund (LPR).
- (12) 90% goes to Game, Fish and Parks, 10% to the State Motor Vehicle Fund (MVF).

A History of South Dakota Taxes

Sales, Use and Contractors' Excise Taxes

Business Tax Division - Jan Talley, Director

The Business Tax Division administers the sales tax, use tax, municipal tax, and contractors' excise tax, as well as the tax collection agreements with Indian tribes. The division issues licenses to new taxpayers, educates current taxpayers, performs reviews of businesses, handles compliance for licensed and unlicensed businesses, and collects delinquent taxes.

It is also the responsibility of the division to administer the construction refund programs. These programs allow businesses to seek a refund of sales, use and contractors' excise tax or delay payment of sales and use tax on projects such as large wind farms, new and expanded agricultural facilities, and power facilities.

Total Revenues

Sales, use and contractors' excise taxes produce the largest portion of the total tax revenues, accounting for 72% of the total revenues in fiscal year 2008. These revenues come from over 72,315 businesses that currently pay sales, use and contractors' excise taxes on their products and services. In fiscal year 2008, sales, use and contractors' excise taxes in South Dakota totaled \$1,011,176,405. This included state taxes, municipal taxes, and taxes collected pursuant to tax collection agreements with Indian tribes.

Of the \$1,011,176,405 collected, 58.4% came from the state sales tax; 26.8% from municipal sales and use taxes; 7.8% from state contractors' excise tax; 6.3% from state use taxes; and 0.6% from taxes collected pursuant to a tax collection agreement with an Indian tribe.

Following is a ten-year comparison of total state revenues from these taxes as well as a percentage breakdown of sales, use and contractors' excise tax revenues.

Total State Revenues: Sales, Use and Contractors' Excise Taxes

Fiscal Year	Total State Revenues	Percent of Change
1999	455,353,445	3.88%

2004	574,063,634	6.53%
2005	607,436,346	5.81%
2006	660,042,811	8.66%
2007	691,218,595	4.72%
2008	733,797,079	6.16%

Municipal Taxes

While cities set their own tax rates, the department is responsible for collecting the actual taxes. Those revenues are then distributed to the taxing units based on the amount collected from each city. These sales tax revenues don't necessarily indicate the level of economic activity in these areas since municipalities vary in their tax rates and the size of their tax bases.

In fiscal year 2008, 224 communities imposed local sales and use taxes. The maximum local rate that can be levied in South Dakota is 2%. Cities may also impose a 1% municipal gross receipts tax which is levied in addition to the municipal sales tax. The gross receipts tax can be imposed on alcoholic beverages, eating establishments, lodging accommodations, ticket sales and admissions to places of amusement, or athletic and cultural events. In fiscal year 2008, 73 South Dakota communities imposed this gross receipts tax.

Tribal Tax Collection Agreements

The State of South Dakota and four Indian tribes have entered into tax collection agreements that cover sales, use and contractors' excise tax. On the Indian Country areas that are covered by a tax collection agreement, the state and the Tribe each have the ability to tax certain individuals and certain transactions. The state collects all state taxes in the Indian Country areas and also collects and remits the taxes in those areas for the respective Tribe.

Tourism Tax

The division also administers the tourism or seasonal tax, which is an additional 1% tax on certain lodging and amusement services that is imposed for tourism promotion. The tourism tax on lodging establishments, campgrounds, motor vehicle rentals, recreational equipment rentals, recreational services, spectator events and visitor attractions applies year-round. The tourism tax on visitor-intensive businesses applies during the months of June, July, August, and September. For FY2008, tourism tax collections totaled \$5,748,566.

Compliance and Reviews

The division's Revenue Agents are responsible for locating, monitoring and investigating any leads they receive concerning businesses or individuals who may be operating in South Dakota without a tax license or those who fail to properly collect or remit sales, use or contractors' excise tax. They accomplish this using a variety of resources, including Internet searches, newspapers, bulletin boards, government contracts, building permits, information from other government agencies, and leads from audits or reviews. In fiscal year 2008, the Business Tax Division closed 2,793 cases and collected \$1,576,797.53.

The review program was implemented by the division as a means to increase compliance with the state's tax laws. By evaluating a taxpayer's records, Revenue Agents are able to identify any outstanding tax obligations the taxpayer may have to the State. As such reviews require less time to conduct, use of the program enables the department to contact a greater number of taxpayers including smaller businesses that may never come up for audit. Reviews also provide one-on-one tax law education to the taxpayer, increasing future compliance and collections, and operate more efficiently in terms of staff time and travel costs. In fiscal year 2008, the division conducted 731 reviews and collected \$1,681,000.39.

Special Events

Revenue Agents license and collect state sales, municipal and tourism tax at various special events across the state throughout the year. The table below compares tax collected from some of South Dakota's major special events from fiscal year 2008 to the previous year.

Construction Refund Programs

South Dakota offers various programs that allow businesses to seek a refund of sales, use and contractors' excise tax, or delay the payment of sales and use taxes. The Business Tax Division monitored and processed 36 refunds or tax savings totaling more than \$23.9 million since fiscal year 2005. Receiving refunds or savings were 56 agricultural and new business facilities, and six wind farms. The total amount refunded in fiscal year 2008 was \$14,852,601.09. Information on the types of programs offered in fiscal year 2008 is shown below.

New and Expanded Agricultural Construction

This program is available to new and expanded agricultural processing facilities with project costs of \$4.5 million or more. It provides for refunds of 100% of the excise tax, and 100% of the sales and use tax paid on agricultural processing equipment. No sales or use tax refund is given on construction materials or supplies.

New and Expanded Business Construction

To be eligible for refunds, the project can be any new or expanded business facility with the exception of retail, housing, or health care facilities, and any facility that is exempt from property tax. Project costs must be greater than \$10 million and includes any expenditure directly related to the project.

The program provides for refunds of the contractors' excise tax, sales and use tax on project costs based on the following scale: \$0-\$10 million (no refund); \$10-\$15 million (25%); \$15-\$20 million (33%); \$20-\$40 million (50%); \$40-\$60 million (67%); \$60-\$600 million (75%); and \$600 million and up (90%). The refund scale changed from 2005 to 2006.

Large Wind Farms

New and expanded wind generation facilities producing more than 10 megawatts of electricity qualify for this program. Such projects receive a tax rate reduction with project owners paying 1% excise tax instead of 2%. The owner must pay the tax in four equal installments. No exemption or refund is given for sales or use tax.

Small Wind Farms

This program is available for new and expanded wind generation facilities that produce 10 megawatts of electricity or less and have project costs greater than \$500,000. It provides for refunds of 100% of the excise tax. No exemption or refund is given for sales or use tax.

Streamlined Sales Tax Project

The Streamlined Sales Tax Project is a multi-state effort to design, test and implement a system to radically simplify sales and use tax collection and administration by retailers and states. South Dakota has been involved in the project since its inception, and is one of its full member states. Full members are those states whose sales tax laws and policies are in substantial compliance with each of the provisions of the Streamlined Sales and Use Tax Agreement (SSUTA).

The SSUTA was officially implemented on Oct. 1, 2005, and effective that date, retailers can register to collect or pay sales taxes in the Agreement's member states through a Web-based centralized registration system. Since such registration began, the Business Tax Division has issued 1,130 tax licenses.

Special Taxes

Property and Special Taxes Division - Michael Kenyon, Director

Division Overview

The Division of Special Taxes has three main functions: 1) administering taxes on tobacco, alcohol, banks, estates, minerals, and several small industries; 2) regulating the tobacco and alcohol industries; and 3) administering the state's sales and property tax refund program for the elderly and disabled. Within the last 10 years, revenues from the division have ranged from a high of \$155.7 million in 2008 to \$97.1 million in 2002, the year after voters repealed the inheritance tax. In fiscal year 2008, revenues in this division showed an increase of \$12,944,016 from 2007 with total collections of \$155,730,707.

Alcohol Regulation

If an alcohol licensee is caught selling alcohol to a person under the age of 21, the Department penalizes the licensee with a fine or suspension. In fiscal year 2008, \$111,500 in civil penalties was collected from 120 businesses/alcohol licensees who made illegal sales to persons under the age of 21.

If an alcohol licensee has been caught selling alcohol to a person under the age of 21 three or more times in a 24-month period, the Department will typically suspend the alcohol license for 14 days. Licenses may also be suspended for other violations, such as after-hour sales or selling alcohol to someone who is obviously intoxicated. In calendar year 2007, the Department suspended the licenses of two businesses for three days each, eight businesses for 14 days each, and one business for 30 days. As of Sept. 1, 2008, the Department has suspended the licenses of two businesses for three days each, and one business for 14 days.

The Department receives information on underage sales from county clerks of court and from city and county law enforcement officers when they conduct alcohol compliance checks. In 2008, seven cities (Mitchell, Pierre, Rapid City, Sioux Falls, Spearfish, Watertown and Vermillion) and two counties (Lincoln and Minnehaha) conducted compliance checks. The following chart indicates the number of compliance checks and the failure rate.

Property Taxes

Property and Special Taxes Division - Michael Kenyon, Director

Property taxes are the primary source of funding for school systems, counties, municipalities and other units of local government. The state does not collect or spend any property tax money. Each county administers its own property tax system; the department's authority is limited to assisting local governments in making property tax assessments that are fair and in compliance with the law.

Who pays property taxes and where does the money go?

In 2008, South Dakota property owners paid more than \$883 million to fund local governments and provide K-12 education for the state's children. The following two tables show the portion of the total taxes paid by each classification of property, and where the money collected is spent.

Limits on Property Taxes

The South Dakota Legislature has enacted two independent systems that limit the growth of property taxes. The first is the state aid to education payments. These payments effectively replace property taxes for schools that would otherwise be paid by owners of agricultural and owner-occupied homes. The second system is the caps placed on the property taxes collected by all levels of local government (except schools). These caps limit the local governments' property tax collections to the amount they collected the previous year, plus small increases for inflation and new construction.

Property Taxes/continued

State Aid to Education Payments

Agricultural and owner-occupied property owners benefit from the funding for education provided by the state. The state provides an extra \$120 million for K-12 education that would otherwise have to be paid by these property owners. The benefit is provided to the taxpayer through a tax rate reduction for the school general fund levy. The school general fund levy rates for taxes payable in 2009 are set statewide as follows:

Ag	\$2.61/\$1,000 of value
Owner-Occupied	\$4.10/\$1,000 of value
Other	\$8.78/\$1,000 of value

These rates were lowered significantly by using revenue from the voter-initiated measure which increased tobacco taxes.

Property Tax Caps

State law limits the amount of property taxes that local governments (counties, cities, townships, fire districts, etc.) can collect from their property owners. Market increases in the value of the property within the taxing district automatically decrease the property tax rates upon that property to ensure that the caps are not exceeded. Local governments are limited to the amount of property taxes they collected last year, plus an increase for inflation based upon the consumer price index (but not more than 3%) and for new construction within the taxing jurisdiction.

An example will illustrate how the property tax caps work. Assume that last year, the total property valuation within a city was \$100 million and the city collected \$300,000 from property taxes. To collect the \$300,000, the city assessed property within the city a tax of \$3.00/\$1,000 of assessed value. This year, the consumer price index is 2%, a new subdivision was created within the city with a total valuation of \$1 million, and a hot real estate market increased the value of the existing property within the city to \$109 million. The city can increase the \$300,000 it received from property taxes last year by 3% (2% for CPI and 1% for the new construction) for a total of \$309,000. To prevent the city from going over the cap, the tax rate applied to the \$110 million of property within the district (market value of \$109 million plus the new \$1 million subdivision), is automatically lowered from last year's rate of \$3.00/\$1,000 of value to \$2.81/\$1,000 of value.

Combined Effect of Tax Caps and State Aid Payments

Historically, property taxes have increased at a rate of about 6% per year since 1947. Property tax caps and state aid to education payments have significantly slowed this increase. If the historical rate of property tax growth had continued through the 1990's, current property owners would be paying almost \$1.2 billion in property taxes. Instead, property owners are paying just over \$883 million of property taxes. The chart on the top of the next page shows the historical growth of property taxes and the actual growth of property taxes. These programs were implemented in 1997.

Effective Property Tax Rates

The following table shows the effective tax rate for owner-occupied, agricultural, and commercial property in 25 South Dakota jurisdictions payable in 2008. The “Commercial” category includes residential property not occupied by the owner and utility property. The effective tax rate is the percentage of a property’s assessed (market) value that will be paid in taxes. For example, if the effective tax rate is 2%, and the assessed (market) value of the property is \$150,000, then the taxes will be about \$3,000 per year. The “Agricultural” effective tax rate is for the agricultural property in the township around the cities on the list.

Fuel Tax and Motor Vehicle Licensing

Motor Vehicles Division - Debra Hillmer, Director

The Division of Motor Vehicles' responsibilities include motor vehicle excise tax; title and registration; motor fuel tax; special fuel tax; interstate fuel tax; fuel tax refunds; prorated and commercial licensing; Unified Carrier Registration (UCR) licensing; and dealer licensing.

Total Fuel Tax Revenues

Gasoline, ethanol blend, aviation fuel, jet fuel, liquid petroleum gas (LPG), and diesel fuel all fall into the fuel tax category. In fiscal year 2008, total fuel tax revenues amounted to \$148,841,687. Motor fuel (gasoline) and special fuel taxes accounted for 87.1% of the total fuel tax revenues for fiscal year 2008 with 10.8% from tank inspection fees, 1.6% from interstate/IFTA fuel taxes, and the remaining 0.5% from the aviation fuel tax. The chart below compares South Dakota's fuel tax revenues for the past 10 years.

Motor Fuel Tax Refunds

Motor fuel used to operate agricultural and commercial equipment, other than aircraft, off of roads and highways is not subject to fuel tax. Consumers documenting this off-highway usage receive motor fuel tax refunds. During fiscal year 2008, there were 4,521 refunds totaling \$1,092,096.11 as compared to 4,943 refunds totaling \$1,276,514.13 issued the previous fiscal year. The average refund was \$241.56 in fiscal year 2008, as compared to \$258.29 in 2007 and \$248.95 in 2006.

Effective July 1, 1999, \$.03 of every gallon of gasoline on which a refund is claimed is retained from the applicant's refund and is deposited into an Agricultural Fund. This amounted to \$181,382.04 in FY2008.

Motor Vehicle/continued

Titles and Registration

Any vehicle (including mobile homes, trailers, snowmobiles, and large boats) that operates on South Dakota's roadways and waterways must have a title verifying ownership. Vehicles and boats used on public roadways or waterways must also be registered. Registration is confirmed by the issuance of a license plate, decal or permit. Title and registration revenues for fiscal year 2008 totaled \$94,236,474, which were distributed as follows: 62.4% to the Department of Transportation, 28.6% to local governments, and the remaining 9% to other sectors.

Motor Vehicle Licensing

Commercial registration fees (licensing fees) are levied on intrastate and interstate motor carriers doing business in the state. The amount of the fee for interstate registration is determined by the percentage of miles the carrier travels in all the states. Over 98% of the fees are used by local governments to maintain public roads. Prorate registration revenues during fiscal year 2008 were \$14,084,615. The largest share (57%) was distributed to the local government highway and bridge fund, with 41.5% to the counties, 1% to the license plate fund, and 0.5% to the motor vehicle fund.

How SD Compares to Other States

At just \$1,578, South Dakota had the lowest per capita state tax burden in fiscal year 2007, according to the latest figures available from the U.S. Bureau of the Census and Bureau of Economic Analysis. Following is a listing of per capita state tax burdens for all 50 states, beginning with the highest:

Audits

Audit Division - Bruce Christensen, Director

To insure that businesses are correctly reporting their taxes, the department regularly performs audits. An audit may be conducted on any business, in-state or out-of-state, large or small, which may have a tax liability to South Dakota. Audits are used to correct errors businesses may make in reporting their taxes. Such corrections meant an additional \$15,664,749.17 in assessments (tax, penalty and interest) in fiscal year 2008.

Legal Services

Legal Division - Andrew L. Fergel, Chief Legal Counsel

The Legal Division is comprised of a Chief Legal Counsel, two full-time attorneys, six full-time Special Agents (four dedicated to the Investigative Services Bureau (ISB) and two to the Insurance Fraud Prevention Unit (IFPU)), one full-time Assistant Attorney General, one part-time fraud auditor, and two legal secretaries. In addition to providing routine legal counsel to the department, the legal staff worked on 596 new cases during fiscal year 2008. The ISB Special Agents examined 90 individuals and businesses, of which 45 were investigated for tax and motor vehicle crimes. The IFPU reviewed or investigated 92 allegations of insurance fraud of which seven were assigned for prosecution. More information on the IFPU can be found below and on the following pages. During fiscal year 2008, the Supreme Court issued three decisions which affected the Department.

Supreme Court Summaries

Mauch v. SD Department of Revenue and Regulation, 2007 SD 90, 738 NW2d 537. The Department of Revenue & Regulation assessed the taxpayer sales tax on the engineering services he provided and use tax for accounting and legal services that were provided by out-of-state accountants and attorneys. The first circuit affirmed the assessment and the taxpayer appealed. The South Dakota Supreme Court affirmed in part, reversed in part, and remanded, holding that the taxpayer's engineering services were exempt from sales tax while the accounting and legal services were subject to use tax.

Sioux Falls Shopping News, Inc. v. Department of Revenue and Regulation, 2008 SD 34, 749 NW2d 522. The Department of Revenue & Regulation determined that the money paid by the taxpayer for its delivery and distribution services was subject to use tax. The circuit court affirmed and the taxpayer appealed. The South Dakota Supreme Court affirmed, holding that the taxpayer's services did not fall within any exemption and was therefore subject to use tax.

First National Bank of Ft. Pierre v. South Dakota State Banking Commission, 2008 SD 12, 745 NW2d 647. The South Dakota State Banking Commission approved an application by First Western Bank, Sturgis to establish a branch bank in Lead, South Dakota. The circuit court affirmed the commission's decision. First National Bank of Ft. Pierre appealed. The South Dakota Supreme Court affirmed the circuit court's decision, holding that the finding of need for a branch bank was not clearly erroneous.

Insurance Fraud Prevention Unit

A unit of the Legal Division

The Insurance Fraud Prevention Unit (IFPU) was created by the 1999 South Dakota Legislature in response to the growing problem of insurance fraud across the state. The Fraud Unit is a certified law enforcement agency with statewide jurisdiction whose duties include investigating suspected fraudulent insurance acts; prosecuting fraudulent insurance acts; promoting awareness of insurance fraud; and conducting independent studies to determine the extent of fraudulent insurance acts. It has a staff of four employees, including a unit supervisor, two investigators, and a secretary.

Insurance Fraud Prevention Unit/continued

The Unit is funded solely by a \$250 assessment against all insurance companies licensed to conduct business in South Dakota. The Fraud Unit places the assessment monies into a dedicated fund for exclusive use in its efforts to combat insurance fraud. The fiscal year 2008 budget for the Fraud Unit was \$313,463 and the amount of money expended by the Unit in the fiscal year was \$181,972.20. A majority of the funds expended by the Fraud Unit during this period was in support of the investigation and prosecution of insurance fraud cases.

Referrals

The investigations conducted by the Fraud Unit are based on referrals from the insurance industry, the general public, law enforcement and other government agencies. When received, the referrals are reviewed by the unit supervisor to determine if an investigation is warranted. If it is, the referral is assigned to an investigator. Persons who want to make a referral concerning suspected insurance fraud can call, write or visit the Fraud Unit at 445 East Capitol Avenue, Pierre, SD 57501, (605) 773-6325. Referrals can also be made on-line at www.state.sd.us/drr2/reg/insurance/fraud/.

The Unit received 92 referrals in fiscal year 2008, down from 99 the previous fiscal year. Of the 92 referrals received, 54 came from the insurance industry, 23 from the general public, seven from law enforcement, two from other government agencies, and six were made anonymously.

Referrals are classified by both suspect type and type of fraud. Of the 92 referrals handled in fiscal year 2008, 68 concerned the insured or claimant, nine involved agents or brokers, and the remaining 15 concerned insurance companies or their representatives. As for type of fraud, the 92 referrals were typed as follows: auto insurance (27), workers compensation (11), homeowners insurance (10), medical/health insurance (9), agent fraud (7), disability insurance (3), false application (5), internal fraud (1), commercial insurance (6), and other (13).

Investigations and Prosecutions

Of the 92 cases referred to the Fraud Unit in fiscal year 2008, seven were assigned for prosecution, 36 were closed due to insufficient evidence or other bar to prosecution, nine were referred for regulatory action, six were referred to other law enforcement agencies, three involved assisting other agencies, 13 were classified and maintained for intelligence purposes only, prosecution was declined in three cases, and 15 remain in an active or inactive investigation status. At the end of fiscal year 2008, the Fraud Unit had eight cases which were open for more than 12 months. Five of the eight cases open for more than 12 months are in the prosecution stage and three have been placed on inactive status since there is currently ongoing civil litigation between the entity/individual accused of insurance fraud and the insurance company.

As part of its prosecution efforts, the Unit requests that the Courts order fraud perpetrators to make restitution to their victims. In fiscal year 2008, the Fraud Unit recovered or obtained court orders for restitution in the amount of \$494,080.28.

Insurance Fraud Prevention Unit/continued

Prevention and Education

One of the primary goals of the South Dakota Insurance Fraud Prevention Unit is to educate the public, insurance industry, law enforcement and prosecutors that insurance fraud is a crime and that it has a negative impact on our insurance rates and society. The Unit accomplishes that goal by associating with professional groups from both the insurance industry and law enforcement community, making public presentations, and providing a variety of resource materials about insurance fraud.

Among the groups the Unit is affiliated with are the National White Collar Crime Center, National Insurance Crime Bureau, Mid-States Organized Crime Information Center, South Dakota Law Enforcement Intelligence Network, and the International Association of Special Investigation Units.

In fiscal year 2008, Unit staffers made 15 formal presentations to the general public, insurance industry, law enforcement, and prosecutors.

As part of its public awareness campaign, the Fraud Unit publishes several pamphlets which provide information about what insurance fraud is, why we should care, and how to prevent becoming a victim of insurance fraud. It has also received permission from the National Insurance Crime Bureau to use their “*Indicators of Fraud*” checklists and “*Fraud Awareness*” video series. These resource materials are available upon request.

Division of Insurance

Merle Scheiber, Director

The Division of Insurance regulates and licenses the insurance industry in South Dakota and is comprised of two main programs: Financial and Licensing, and Regulation.

Duties of the Division include: providing regulatory oversight to protect South Dakota policyholders against financial loss due to inappropriate business practices and/or insolvency of insurance companies permitted to operate in South Dakota; licensing resident and non-resident agents and insurance companies; licensing and registration of other insurance entities; auditing licensees and registrants for compliance with existing statutes and regulations; reviewing property/casualty/life/health company rates, rules and form filings for compliance; investigating and acting on consumer complaints; taking appropriate enforcement actions with respect to licensees and registrants; and reviewing and approval of continuing education programs for agents and companies.

Administrative Services Division

Joan Serfling, Director

The Administrative Services Division manages the department's physical assets, budgetary data, collections, computer services, public relations, and training programs. Its purpose is to increase the efficiency of the operational divisions by providing them with the resources they need to meet their goals. The Division also manages the department's Remittance Center in Sioux Falls, which processed nearly \$934 million in payments in fiscal year 2008. Other agencies for which the Remittance Center collects revenues include Agriculture; Game, Fish and Parks; Social Services; Health; Environment and Natural Resources; Human Services; Unified Judicial System; Legislative Audits; and Retirement.

Appraiser Certification Program

Sherry Bren, Executive Director

The Appraiser Certification Program was implemented July 1, 1990, pursuant to Congress' enactment of Title XI of the Financial Institutions Reform, Recovery and Enforcement Act (FIRREA). The Program's mission is to certify, license and register real estate appraisers in South Dakota. Responsibilities include examining candidates; issuing certificates; investigating and administering disciplinary actions to persons in violation of the rules, statutes and uniform standards; and approving qualifying and continuing education courses.

Revenues from the program totaled \$140,028 for fiscal year 2008. From July 1, 2007 to June 30, 2008, the Appraiser Certification Program licensed 22 new appraisers; renewed 354 appraiser licenses; received 34 upgrade applications; issued 22 new reciprocal licenses; issued 90 temporary permits; processed 150 course applications; and received 9 complaints.

Division of Banking

Roger Novotny, Director

The Division of Banking charters and examines state banks and trust companies, and licenses money lenders, mortgage lenders, mortgage brokers, mortgage originators, and money transmitters. The five-member State Banking Commission has rule-making authority, acts on application appeals, and provides regulatory oversight. The Division has a staff of 15 Financial Institution Examiners, one support position, an attorney, a deputy director, and the director.

Revenues generated by the Division of Banking (with the exception of the Trust Company Charter Fee) are deposited in the Banking Special Revenue Fund to self-fund the cost of supervision and regulation. These revenues come from six sources: Bank Examination Fee; Trust Company Examination Fee; Trust Company Supervision Fee; License Application and Renewal Fees; Investment Council Interest, and Miscellaneous (which includes funds transferred to the Division from application fees to cover administrative, review and processing costs other than the expense of holding hearings for changes in banks and trust companies).

South Dakota Lottery

Norm Lingle, Executive Director

The South Dakota Lottery markets instant tickets and lotto games and regulates video lottery to raise revenue for state programs and projects. Since the Lottery began in 1987, the Lottery has distributed more than \$1.6 billion in revenue.

The Lottery operates under the oversight of the South Dakota Lottery Commission, whose seven members meet quarterly to establish policy within the framework set by the legislature through law. The commission also reviews and approves major contracts and procurements, and consults on management and operation of all aspects of the Lottery. The Lottery has 30 employees, including administration, accounting, security, sales and marketing, and support staff. Its central office is in Pierre with regional sales and redemption offices in Sioux Falls and Rapid City, and a sales representative's office in Aberdeen.

Sales and Revenue

Total fiscal year 2008 Lottery revenue distributed to state funds was more than \$122 million. These revenues come from three main sources, as evidenced in the chart below.

*FY2008 Lottery Sales and Revenue**

	Sales	Prizes	Retailer Commission	Revenue Distributed
Instant Tickets	\$20,681,769	\$12,871,055	\$1,159,190	\$5,149,594
Lotto Tickets	21,744,045	11,070,247	1,200,450	6,202,698

			Total:	\$122,559,591

*Unaudited

** Video lottery sales are cash in; prizes are cash out; private share of net machine income is retailer commission.

Instant Tickets

The Lottery launched 26 new instant ticket games during fiscal year 2008. Prices for instant tickets range from \$1 to \$20, and prizes range from \$1 to \$200,000 and merchandise prizes.

At the close of fiscal year 2008, there were 620 licensed instant ticket retailers across the state. Retailers receive a 5% commission for selling tickets, and 1% commission for cashing winning tickets up to \$100 prizes and 1% for selling tickets of more than \$100 prizes.

Fiscal year 2008 ticket sales were up 13.5% from the previous year and revenues were up 20 percent. Revenue from the sale of instant tickets is distributed to the General Fund.

Lotto Tickets

South Dakota currently offers four lotto games. Powerball, Wild Card 2, and Hot Lotto are multi-state games. Dakota Cash is played only in South Dakota. The Lottery also offered a special raffle-style lotto game called Dakota Raffle during fiscal year 2008 to commemorate the Lottery’s 20th anniversary.

At the end of fiscal year 2008, there were 476 licensed lotto retailers.² Lotto retailers also receive a 5% commission for selling tickets, plus varying bonuses for selling larger winning tickets.

Lotto games reported an overall sales increase of less than 1%; transfers remained steady, down less than 0.2% from fiscal year 2007. The first \$1.4 million of revenue from the sale of lotto tickets is distributed to the General Fund, and the balance is distributed to the Capital Construction Fund.

Video Lottery

The Lottery regulates and controls the video lottery game activities through licensing procedures for the machines, machine owners and operators and establishments as well as a comprehensive secure central computer system.

Video lottery sales (cash in) increased slightly in fiscal year 2008. The average number of active video lottery machines during fiscal year 2008 was 8,968 and the average number of licensed establishments was 1,478. The revenue from video lottery is calculated on net machine income, which is cash-in (sales) minus cash-out (prizes). Net machine income is divided between the state and machine operators on a 50/50 split. One-half of one percent (0.5%) of the state’s share is retained by the Lottery for administration.

Revenue from video lottery net machine income is distributed to the Property Tax Reduction Fund. A portion of machine manufacturer license fees is distributed to the General Fund.

**The Lottery annually provides the S.D. Department of Human Services with funding for problem gambling treatment services. Funding comes from the Lottery’s 0.5% of net machine income for administration.

The Lottery’s website, www.sdlottery.org offers winning numbers, prize claim forms, retailer forms and licensing and accounting information, recent winner’s stories, and other general information about the Lottery.

*The Lottery also publishes an annual financial report, as required by law, which includes a full and complete statement of the lottery’s financial position and operations. The annual financial report is published after completion of an independent audit, and is available from the Lottery.

²All lotto retailers are also instant ticket retailers, and were included in the total number of licensed instant retailers.

South Dakota Commission on Gaming

Larry Eliason, Executive Secretary

The South Dakota Commission on Gaming is responsible for regulating the gaming industry in the City of Deadwood, administering Indian gaming compacts, and pari-mutuel wagering.

The Commission on Gaming maintains two office locations (in Pierre and Deadwood) and employs approximately 16 individuals, including investigators, auditors, accountants, administrative assistants, inspectors, and an executive secretary. The Commission itself is comprised of five commissioners.

The Commission may issue six types of Deadwood gaming licenses (slot machine manufacturer or distributor; operator; route operator; retail, key employee, and support), tribal gaming licenses, and four types of live racing and simulcast licenses (simulcast provider, simulcast site, simulcast pari-mutuel, and multiple category live racing). The commission is supported by the commission fund which is comprised of revenues from the 8% gaming tax in Deadwood, annual device fees, licensing fees, and other miscellaneous revenues.

In fiscal year 2008, total gaming action was \$1,117,636,023.67, up 7.06% from the previous year. At the close of the fiscal year, there were 3,644 licensed gaming devices, 136 retail locations, and approximately 1,504 licensed gaming employees.

South Dakota Real Estate Commission

Dee Jones Noordermeer, Executive Director

The South Dakota Real Estate Commission provides public protection in the real estate marketplace through the education and licensure of real estate brokers, salespeople, property managers, rental agents, home inspectors, auctioneers, and timeshare agents. The Commission also regulates condominium projects, subdivided lands, timeshare projects, and investigates consumer complaints.

The Commission was established in 1955, and consists of five members, three of which are active real estate brokers. The remaining two members are members of the public. All Commission members are appointed by the Governor, and an executive director oversees the business of the Commission.

Fiscal year 2008 revenues from the Real Estate Commission totaled \$589,091, up from \$465,604 the previous fiscal year.

Petroleum Release Compensation Fund

Dennis Rounds, Director

Established under the Petroleum Inspection and Release Compensation Act of 1988, the Petroleum Release Compensation Fund (PRCF) is a state-operated program that can financially assist petroleum tank owners with the cleanup of petroleum releases. The PRCF has been approved by the Environmental Protection Agency as an acceptable mechanism for the petroleum tank owners in South Dakota to demonstrate financial responsibility as required by both federal and state law. The PRCF is considered a full-coverage program and regulated petroleum tank owners are not required to have additional insurance.

The program's revenue source is a \$0.02 per gallon tank inspection fee. The PRCF receives 10.65% of the revenues collected or about \$1.6 million per year; the remainder goes to the Ethanol Fuel Fund and the Capital Construction Fund.

The PRCF continues to fulfill the mandatory environmental financial assurance requirements for regulated petroleum tank owners in South Dakota as required by the U.S. Environmental Protection Agency (EPA). The PRCF is approved by the EPA for both environmental cleanup and third-party liability coverage, and has been designated as a model program.

FY08 Payments

The total amount paid by the PRCF in fiscal year 2008 was \$673,450. Of that amount, \$445,939 constituted reimbursement payments made for cleanups at regular petroleum release sites. In addition, \$227,511 was paid for cleanups under the abandoned tank removal program.

FY08 Statistics

There were 130 responsible parties reimbursed in 2008; 214 pay requests (claims paid); 48 new regular petroleum release cases initiated; and 33 abandoned tank program cases initiated.
