***Introduction to Municipal Sales Tax, Use Tax, and Gross Receipts Tax***

South Dakota law (SDCL 10-52 and 10-52A), allows municipalities to impose a municipal sales tax, use tax, and gross receipts tax. The South Dakota Department of Revenue is the administrative and enforcement agency for municipal sales taxes, use taxes, and gross receipts taxes. Businesses report municipal sales tax, use tax, and gross receipts tax on the same tax return as they report the state sales tax and use tax. Only one tax return is needed to report and remit both state and municipal tax.

All retailers licensed to engage in a taxable business in South Dakota are also registered to collect and remit municipal sales or use tax, and the municipal gross receipts tax. State taxable receipts are subject to state sales or use tax, and municipal sales or use tax if receipts come from business transacted or used within a city that imposed a city tax. Municipal gross receipts tax might also be due on certain transactions.

The one percent municipal gross receipts tax (BBB tax) is in addition to the municipal sales tax. The gross receipts tax can be imposed on alcoholic beverages, eating establishments, lodging accommodations, admissions to places of amusement, athletic and cultural events. The table that starts on page 4 includes a detailed outline of what is included in the BBB tax. If the municipal BBB tax applies to these services or products, an “x” will mean it is taxable. If there isn’t an “x,” the product or service is not subject to that city’s BBB tax. The table includes the municipality’s name, current municipal tax rate, the tax code, and the BBB Code.

Municipalities may impose or amend a municipal tax only on January 1 and July 1. Use the most recent municipal tax information to determine the proper tax rate. The updated rates are printed in the January and July issues of the department’s newsletter, *Taxation News*.

Please contact the nearest Department of Revenue office with any questions regarding municipal tax. Contacting the department may save you time and money.

***Special Jurisdictions***

At present, five Indian Tribes in South Dakota have tax collection agreements with the State that include sales, use and contractors’ excise taxes. Two Indian Tribes have limited tax collection agreements that include contractors’ excise tax and use tax.

The tax collection agreements ensure that all businesses making sales or providing construction services on property included in a tax collection agreement are subject to the same taxes, tax rates, and exemptions. All businesses, including those owned by tribal members, are responsible for remitting tax.

Indian country controlled by a Tribe that is part of a tax collection agreement is considered a Special Jurisdiction. All tax collected in each Special Jurisdiction is reported on the state tax return using the code assigned to that Special Jurisdiction. The tax remitted is then distributed between the State and Tribal Governments based on the tax collection agreements.

Under a tax collection agreement:

- Retail sales of taxable products, services, and products delivered electronically that are delivered in Special Jurisdictions are subject to a 4% sales tax, plus applicable municipal tax and applicable tourism tax.
- Receipts from construction services in Special Jurisdictions are subject to a 2% contractors’ excise tax.
- Products or services used or consumed in Special Jurisdictions are subject to 4% use tax if sales tax was not paid at the time of purchase.

All of the above tax obligations are reported on the return using the applicable special jurisdiction tax code. Do NOT collect and remit additional state tax on these transactions.

Be sure to contact the appropriate Tribal Tax Office whenever doing business on Indian country regarding additional licensing requirements that may be imposed by the tribe. For further information review Tribal Tax Facts on our website at [www.state.sd.us/drr](http://www.state.sd.us/drr).
