48:03:17:03. Game description. EZ Match is an instant win option that may be offered by the lottery in association with any on-line game authorized by this Article. The price of each EZ Match play is one dollar, in addition to the cost of the on-line game play. A player electing to play the EZ Match option of an on-line game when offered will receive five (5) EZ Match numbers printed below the on-line game numbers on the same ticket. All EZ Match numbers will be randomly generated. If any of the EZ Match numbers printed on the ticket match any of the on-line game numbers (regardless of order), the player will instantly win the prize amount printed next to the matched EZ Match numbers.

48:03:17:04. Ticket purchases. Tickets for any on-line game with an EZ Match play may only be purchased from an on-line retailer authorized by the executive director to sell on-line tickets. To play EZ Match in conjunction with on-line games where it is offered a player shall mark the EZ Match box on the on-line game's playslip or request an EZ Match play from the on-line retailer. Marking the EZ Match box on a playslip will only add an EZ Match play to the board marked.

Each board played with the EZ Match option selected will be printed on a separate ticket. On-line game tickets with the added EZ Match option will print with the pertinent on-line game's logo and the EZ Match logo at the top of the ticket. The EZ Match logo will also be printed within the body of the ticket and below it will be the EZ Match numbers and the prize amounts associated with each EZ Match number. On-line game tickets printed without the elements described above will not be eligible for EZ Match prizes. On-line game tickets with an EZ Match play may not be voided or canceled.

48:03:17:05. Prize payment and validation. The holder of a winning EZ Match play may cash the ticket on which it is printed at any South Dakota Lottery retail location either before or after the associated on-line game drawing. If a winning EZ Match play is cashed prior to the associated on-line game drawing, an exchange ticket will be printed for the on-line game's upcoming drawing. If an on-line game ticket is a winning ticket for both an EZ Match play and the associated on-line game play and the ticket is presented for cashing for both plays after the

associated on-line game's drawing has occurred the prize amounts for each win will be added together and paid in one lump sum.

Prizes may be paid only on valid tickets which satisfy all the requirements in chapter 48:03:03 and other confidential validation and security checks of the lottery. EZ Match prizes must be claimed within 180 days after the on-line game draw date associated with the ticket on which the EZ Match play was originally purchased. If the final day of the 180-day period falls on a Saturday, Sunday, or state holiday, the claim period ends on the next business day.
