### Municipal Tax Changes Effective January 1, 2016

PIERRE, S.D. – One South Dakota community will implement a new municipal tax and another will update their current municipal tax rate beginning Jan. 1.

The municipal tax changes taking effect include:

**Astoria, S.D.**, increasing its 1 percent general sales and use tax rate to 2 percent.

**Buffalo Chip, S.D.**, imposing a 2 percent general sales and use tax rate.

South Dakota municipalities are able to implement new tax rates or change existing tax rates on Jan. 1 or July 1 each year.

The South Dakota Department of Revenue has Municipal Tax information bulletins available listing all municipal sales and use tax rates statewide, along with information on tribal sales, use and excise taxes. Other specialty tax rate information is also available in the bulletin.

Updated bulletins are free of charge and available after Jan. 1.
