The FY2014 Department of Revenue Annual Report is available in the “publications” section on the department’s website at dor.sd.gov. The online report will be considered the most up-to-date and accurate version. Any corrections or modifications made to the report after the print version is issued will be noted in the online version on this page, along with a description of the correction or update.

A Message from the Secretary

To the Honorable Dennis Daugaard, Governor of South Dakota and my fellow South Dakotans.

I am proud to bring you the FY2014 version of our Annual Report. In 2014 the Department continued to expand our capabilities in all areas to meet the needs of our customers, while providing administration of South Dakota's tax system, motor vehicle licensing, and lottery and gaming programs. Throughout the past year we also continued to focus on our core mission of partnering with our stakeholders to provide customer-oriented, fair, reliable revenue administration. This effort has allowed us to meet our goals of dependable customer service, clear communications, and a high rate of voluntary compliance.

While looking to the future, we also keep our eye on the present. As I write this introduction, there is much debate in Congress on the taxation of internet purchases, taxing the use of the internet, the federal funding of our highways, and the ability to utilize the internet as a mechanism for gaming. All of these decisions will have an impact on South Dakota and its citizens.

Department Results in 2014

Enhancing electronic filing capabilities through our EPath system:

- Established a new credit card option to pay taxes: Taxpayers may now use Visa, MasterCard, or Discover to pay sales and use tax, contractors' excise tax, motor fuel tax and bank franchise taxes. Payments can be made by using an EPath account.
- Introduced a one-time payment option to pay via Credit Card or ACH Debit. This "Make A Payment" option can be accessed from the Department of Revenue home page.
- Created an option for banks to pay their Bank Franchise tax on-line: Banks paying Bank Franchise Tax in South Dakota can now establish an account and pay electronically. Previously, only an online form that required printing and mailing was available with no electronic payment option.
- Undertook a Plain Talk initiative to ensure our publications and policies are simple and understandable. By communicating in plain language we will benefit our customers while respecting our readers' time.

We are strongly committed to innovation in what we do and how we do it. In 2015, one of our most important efforts will be the first vehicle license plate issuance since 2006. As we design our new license plate, we are also thinking of ways to utilize technology and good business practices to make it available in the most convenient manner to our citizens.

The employees of the Department of Revenue are committed to serving the public. We have a great team, outstanding leadership and positive momentum. I look forward to the future!

Respectfully,

Andy Gerlach
Secretary

Organizational Structure

Audit

-- Bruce Christensen, Director

The Audit Division regularly performs audits for sales, use, contractors' excise taxes and motor fuel taxes to ensure that businesses are correctly reporting taxes. Audits are conducted on any business, in-state or out-of-state, large or small, which may have a tax liability to South Dakota. Audits are used to identify and resolve errors made in tax reporting. Audits not only cover state taxes but any local city taxes levied.

Commission on Gaming

-- Larry Eliason, Executive Secretary

The Commission on Gaming, comprised of five commissioners, is responsible for regulating the gaming industry in the City of Deadwood, pari-mutuel horse racing and pari-mutuel wagering, and administering Indian gaming compacts.

Business Tax

-- Doug Schinkel, Director

The Business Tax Division administers the sales tax, use tax, municipal tax, contractors' excise tax, tourism tax, and 911 surcharges, as well as the tax collection agreements with Indian tribes. Sales and use tax is the largest source of funding for the general fund. All tangible personal property, services and products delivered electronically are subject to sales or use tax in South Dakota unless specifically exempted. The division issues licenses to new taxpayers, provides instruction to current taxpayers, performs reviews of businesses, handles compliance for licensed and unlicensed businesses, and collects delinquent taxes.

Administrative Services

-- Joan Serfling, Director

Administrative Services provides support services to the department in the areas of budget, finance, and procurement. Administrative Services also manages the operation of the Remittance Center by processing printed returns for the department and providing lockbox services to a number of state agencies and programs. The department's technology support, website/e-forms management, social media, public information requests, and business education responsibilities are handled by this division.

Legal Services

-- Andy Fergel, Chief Legal Counsel

Legal Services provides routine legal counsel to the Department and works on contested cases such as audits, jeopardy assessments, relief agency requests, motor vehicle issues, alcohol license issues and sales tax license revocations.

South Dakota Lottery

*-- Norm Lingle,
Executive Director*

The South Dakota Lottery markets instant tickets and lotto games and regulates video lottery to raise revenue for state programs and initiatives. The Lottery Commission helps to establish policy, reviewing and approving major contracts and procurements, and consulting on management and operation issues.

Property & Special Taxes

-- Michael Houdyshell Director

The Property and Special Taxes Division is comprised of two distinct programs within the Department of Revenue. The Special Taxes program administers state taxes on tobacco, alcohol, banks, minerals, and several small industries. This program also regulates the tobacco and alcohol industries to ensure compliance with all applicable state laws. The Property Tax program assists local governments in making property tax assessments that are fair and in compliance with state law. This program also estimates the full and true value of some public utilities, railroads, and airline companies through the central assessment process as well as administering special industry taxes, such as the telecommunications gross receipts tax and the alternative tax for commercial wind farms.

Motor Vehicles

-- Peggy Laurenz, Director

The Motor Vehicle Division handles all motor vehicle titling and registration requirements in South Dakota. The Division also completes prorated (IRP), unified carrier registration (UCR), commercial and motor vehicle dealer licensing as well as collecting motor vehicle excise tax, motor fuel tax, special fuel tax, and interstate fuel tax (IFTA).

Chronology of Tax Legislation

The first state tax in South Dakota - an inheritance tax - was enacted by the legislature in 1905. Since that time, there have been a number of major expansions and changes in our tax codes, as evidenced by this chronology of the tax history of South Dakota.

1905 Inheritance Tax

2000 Last Major Change: Voters repealed the tax.

1913 License Fees, Non-Commercial

2013 Last Major Change: Fees increased on non-commercial, non-commercial gross weight, recreational and trailer, motorhome, motorcycles, and dealer plates. The increase in non-commercial gross weight fee schedule sets the current fees at 60% of the commercial license fees.

1923 Motor Fuel

2009 Last Major Change: Changed how tax is applied to blended fuels (gasohol). Tax applied to ethyl alcohol at \$.08 per gallon and tax on gasoline at \$.22 per gallon.

1923 Cigarettes

2007 Last Major Change: Voters approved increasing the tax from \$.53 to \$1.53 per pack of 20 and \$.67 to \$1.92 per pack of 25.

1933 License Fees, Commercial

2011 Last Major Change: The 10% license fee reduction for commercial vehicles was changed to apply to vehicles 10 years old or more.

1935 Alcohol Beverage

2011 Last Major Change: An on-off sale malt beverage with South Dakota farm wines license was added with a fee of \$325. Also added was a hunting preserve license with a fee of \$500.

1935 Sales Tax

2006 Last Major Change: Moved the tax on farm equipment from the sales tax chapter (10-45) to its own excise tax chapter (10-46E) and increased the rate from 3% to 4%. Also exempted from sales tax the repairs and maintenance on farm equipment.

1935 Mineral Extraction

1994 Last Major Change: Changed from gross yield and net income to gross production (\$4 per ounce of severed gold) and 10% net income.

1937 Motor Vehicle Registration

2012 Last Major Change: Authorized limited special plates for Silver Star Medal, Distinguished Service Cross, Navy Cross, Air Force Cross, Distinguished Flying Cross, Bronze Star Medal with Valor Device, or the Bronze Star Medal recipients. Also authorized the availability of limited special plates to military active duty members. Allowed for personalized license plates to be issued with a single numeral other than the number one or two.

1939 Bank Franchise

2000 Last Major Change: Lowered the net income levels on which the bank franchise tax is based.

1939 Use Tax

2006 Last Major Change: Moved the tax on farm equipment from the sales tax chapter (10-45) to its own excise tax chapter (10-46E) and increased the rate from 3% to 4%. Also exempted from sales tax the repairs and maintenance on farm equipment.

1941 Special Fuel

1999 Last Major Change: Tax increased on April 1 from \$.18 to \$.22 per gallon.

1965 Interstate Fuels

1995 Last Major Change: Allowed state to enter into agreements for the collection of fuel tax on interstate motor carriers.

1977 Energy Mineral

No major changes made since implementation.

1979 Contractors' Excise Tax

1995 Last Major Change: Increased the tax rate on utility contracts from 1.5% to 2%.

1988 Tank Inspection Fee

1993 Last Major Change: Increased from \$.01 per gallon to \$.02 per gallon on all petroleum products introduced into this state.

1995 Other Tobacco Products Tax

2007 Last Major Change: Voters approved increasing from 10% to 35% the tax imposed on the wholesale purchase price of other tobacco products.

1998 Alcohol Beverage: Cider

1998: Cider was added as a category at a rate of \$.28 per gallon.

2002 Tourism Tax

2013 Last Major Change: 1.5% tax rate sunset removed.

The Department of Revenue works to strengthen our relationships with the taxpayers of South Dakota by providing increased instructional opportunities in new and innovative ways. The department offers general seminars, on-site instructional presentations, online informational/instructional videos and has participated in webinars conducted by the South Dakota Retailers Association.

Tax education seminars are conducted throughout the state on an annual basis. CPE and CEU credits are awarded for each seminar if requested.

Basic Sales Tax Seminar

Each seminar is three-hours and covers how and when to apply for a tax license, exemptions from sales and use taxes, use tax, municipal taxes, purchases for resale, and how to file sales/use tax returns.

Contractors' Excise Tax

Each seminar is three-hours and covers how and when to apply for a contractors' excise tax license, projects for qualifying utilities and governmental agencies, prime and subcontractors, sales and use tax, owner-furnished materials, reservation projects, and how to file excise tax returns.

Border Tax Seminars

Border Tax Seminars provide tax instruction to businesses whose business operation may take them over the South Dakota border into neighboring states.

Webinars/Online tutorials

In an effort to provide education and information about tax laws and rules to a larger and more diverse audience, the department offers webinars and online tutorials in addition to our regularly scheduled training seminars. The webinars are recorded and placed, along with our tax tutorials, on our YouTube site (SouthDakotaDOR) for access 24-hours a day.

Specialized Training/group Presentations/Speaking Engagements

Specialized training and customized presentations are tailored to the needs of an organization, business, industry or group and are available upon request. These events vary from simple question and answer sessions to instructional visual presentations with training materials. The department education coordinator will work with the requester to design an informative session that will utilize available resources and cater to subject matter relevant to the group, organization or event.

Licensee Reviews

A review is an educational meeting between a revenue agent and a taxpayer to provide one-on-one education at the taxpayer's place of business. Discussion will focus on tax issues associated specifically with the taxpayer's business and includes a review of a limited number of taxpayer records to determine if there are any problem areas. The taxpayer will have the opportunity to correct any problems or issues by filing self-audit worksheets.

e-Services

The Department is continually working to utilize the latest technology options to offer a simple, quick and easy transaction process to taxpayers as well as increase our internal efficiency. Current e-Service options include:

[South Dakota Tax Application](#)

Applicants can complete and submit an online application to obtain a tax license for the following tax license types: contractors' excise, manufacturer, sales, use, wholesaler, and all motor fuel tax types. The online application is available 24/7 and lets you apply for a license at the time and place that works best for you. No paper to fill out, nothing to mail, total security, and it's FREE.

[Tax Match](#)

Are you confused on what tax rate to charge your customer? TaxMatch allows you to match addresses with tax rates. Users can find the applicable sales tax code and rate for an address within South Dakota by simply entering the street address and the correct zip code or city name for that address.

[Make a Payment](#)

Taxpayers now have the option to pay tax to the state using a credit card. Taxpayers may use Visa, MasterCard or Discover to pay sales and use tax, contractors' excise tax, motor fuel tax, bank franchise taxes or the 911 Surcharge. A 2.45 percent convenience fee is charged on each credit card payment. Payments can be made by using your EPath account. If you do not have an EPath account, you can use the "Make a Payment" option.

[SDcars.org](#)

The SDcars site allows you to complete your motor vehicle registration renewal online from your personal computer. Available 24 hours a day, seven days a week, you can complete your motor vehicle registration renewal at your convenience.

Tax Revenues

The Department of Revenue is the principal tax agency for the State of South Dakota and collects a number of different state taxes. These taxes are grouped into four main categories: sales, use, and contractors' excise taxes; motor fuel taxes; motor vehicle fees and taxes; and special taxes. Once collected, these tax revenues are distributed to three primary locations: the state's general fund, local units of government, and the state highway fund.

In fiscal year 2014, revenue from all state taxes totaled \$1,731,082,565, an increase of \$64,068,223 from fiscal year 2013 revenues of \$1,667,014,312. Total revenues from the past five years are shown below.

Total Revenues: A Five-Year Comparison	Fiscal Year	Total Revenues	Percent of Change
	2010	1,437,093,287	-0.52%
	2011	1,506,843,885	4.85%
	2012	1,618,300,286	7.40%
	2013	1,667,014,312	3.01%
	2014	1,731,082,535	3.84%
	Five-Year Average	\$1,592,066,861	

By the numbers...

Of the total tax revenue collected in fiscal year 2014, 75.4% came from sales, use and contractors' excise taxes. Motor fuel taxes accounted for 9.1%, special taxes 6.5%, and motor vehicle taxes 9%. The table below shows a five-year comparison of revenues collected in each category.

Revenues by Tax Category 2010-2014

Fiscal Year	Sales, Use and Excise Taxes*	Motor Fuel Taxes**	Special Taxes	Motor Vehicle Fees***

Tax Revenues

Distribution of Taxes and Fees

In fiscal year 2014, the \$1,731,082,535 in tax revenues collected by the department was distributed to various funds and units of government. The largest portion of revenues, 56.2%, was deposited in the state's general fund, with 25.4% going to local governments, 12% to the State Highway Fund, and 6.4% to other uses.

While sales, use and contractors' excise taxes make up a portion of the state general fund, the remainder of the fund comes from special taxes and fees and other sources which include the South Dakota Lottery and CRP program. The following chart shows the taxes that produce the revenues and the manner in which the revenues are distributed.

- (1) The state retains an administrative fee, which varies from .55% to 1%.
- (2) The first \$30 million collected annually is deposited in the state general fund. All revenue in excess of \$30 million goes into the tobacco prevention and reduction trust fund.
- (3) An exception exists regarding credit card banks. 95% of the revenue derived from that tax is deposited into the state general fund, while 5% goes to the county where the bank is located.
- (4) Revenues from mining companies licensed after January 1, 1981 are split as follows: 80% to the state, 20% to the county of production (subject to a \$1 million cap).
- (5) 100% of the tax collected is placed in the environment and natural resources fee fund.
- (6) Revenue from devices located outside municipalities is deposited into the state general fund. If the amusement device is located within the boundaries of a municipality, then the revenues are remitted to the municipality.
- (7) Each July, an amount equal to the number of snowmobiles licensed as of July times 125 gallons times the tax rate is transferred to a fund for snowmobile trails; \$135,000 is transferred to the value added agriculture subfund created in SDCL 1-16G-25; \$75,000 to the Department of Agriculture to be used for a grant to the Northern Crops Institute; \$500,000 to the coordinated natural resources conservation fund; an amount equal to the number of licensed motorized boats times 140 gallons times the tax rate is transferred to the parks recreation fund; \$700,000 to counties and townships pursuant to SDCL10-47B-149.1; the taxes collected under the provisions of the International Fuel Tax Agreement are transferred to member jurisdictions; and 2% is transferred to the Motor Fuel Tax Administration Account.
- (8) Beginning January 1, 2003, 50% of the revenue collected shall be deposited in the ethanol fuel fund and the remaining 50% distributed as follows: 78.7% deposited in the capitol construction fund and 21.3% deposited in the petroleum release compensation fund.
- (9) Other prorate fees: duplicate cab card, trailer fees, tractor registration fees, and transfer fees are deposited in the state highway fund. Trailer ID fees and duplicate fees are deposited in the license plate special revenue fund (LPR). Title and penalty fees and administration fees are deposited in the state motor vehicle fund (MVF).
- (10) .5% is deposited in the state motor vehicle fund (MVF), and 1% goes to the license plate special revenue fund (LPR). The percentages were changed in 2000.
- (11) 1.75% is deposited in the state motor vehicle fund (MVF), and 2.5% goes to the license plate special revenue fund (LPR).
- (12) 90% goes to Game, Fish and Parks, 10% to the state motor vehicle fund (MVF).

Tax Revenues

Total Revenues

Sales, use and contractors' excise taxes produce the largest portion of the total tax revenues, accounting for 73.2% of the total revenues in fiscal year 2014. These revenues come from over 80,236 businesses that currently pay sales, use and contractors' excise tax on their products and services. In fiscal year 2014, sales, use and contractors' excise taxes in South Dakota totaled \$1,266,303,057. This includes state taxes, municipal taxes and taxes collected pursuant to tax collection agreements with Indian tribes.

Of the \$1,266,303,057 collected, 65.8% came from the state sales and use tax; 26.3% from municipal sales and use taxes; 7.1% from state contractors' excise tax; and 0.8% from taxes collected pursuant to a tax collection agreement with an Indian tribe.

Below is a ten-year comparison of total state revenues from these taxes.

Municipal Taxes

While cities set their own tax rates, the department is responsible for collecting the actual taxes. Those revenues are then distributed to the taxing units based on the amount collected for each city (shown in the table on the next three pages). These sales tax revenues do not necessarily indicate the level of economic activity in these areas since municipalities vary in their tax rates and the size of their tax bases.

In fiscal year 2014, 263 communities imposed local sales and use taxes. The maximum local rate that can be levied in South Dakota is 2%. Cities may also impose a 1% municipal gross receipts tax which is levied in addition to the municipal sales tax. The gross receipts tax can be imposed on alcoholic beverages, eating establishments, lodging accommodations, ticket sales and admissions to places of amusement, or athletic and cultural events.

Tribal Tax Collection Agreements

The State of South Dakota and five Indian tribes have entered into tax collection agreements that cover sales, use and contractors' excise tax. The state and two Indian tribes have entered into tax collection agreements that cover use and contractors' excise tax. On the Indian Country areas that are covered by a tax collection agreement, the state and the Tribe each have the ability to tax certain individuals and certain transactions. The state collects all state taxes in the Indian Country areas and also collects and remits the taxes in those areas for the respective tribe.

Tourism Tax

The division also administers the tourism or seasonal tax, which is an additional 1.5% tax on certain lodging and amusement services that is imposed for tourism promotion. The tourism tax on lodging establishments, campgrounds, motor vehicle rentals, recreational equipment rentals, recreational services, spectator events and visitor attractions applies year-round. The tourism tax on visitor-intensive businesses applies during the months of June, July, August, and September. For FY2014, tourism tax collections, including audit collections, totalled \$10,671,323.

Tax Revenues

Special Events

Revenue agents license vendors to collect state sales, municipal and tourism tax at various special events across the state throughout the year. The table below compares tax collected from some of South Dakota's major special events from fiscal year 2014 to the previous year from temporary vendors.

Compliance and Reviews

The Business Tax Division's revenue agents are responsible for locating, monitoring and investigating any leads they receive concerning businesses or individuals who may be operating in South Dakota without a tax license or those who fail to properly collect or remit sales, use or contractors' excise tax. They accomplish this using a variety of resources, including Internet searches, newspapers, bulletin boards, government contracts, building permits, information from other government agencies, and leads from audits or reviews. In fiscal year 2014, the Business Tax Division closed 17,059 compliance cases and collected \$4,493,587.

The review program was implemented by the division as a means to increase compliance with the state's tax laws. By evaluating a taxpayer's records, revenue agents are able to identify any outstanding tax obligations the taxpayer may have to the state. As such reviews require less time to conduct, use of the program enables the Department to contact a greater number of taxpayers including smaller businesses that may never come up for audit. Reviews also provide one-on-one tax law education to the taxpayer, increasing future compliance and collections, and operate more efficiently in terms of staff time and travel costs. In fiscal year 2014, the division conducted 150 reviews and collected \$350,743.

Construction Refund Programs

South Dakota offers various programs that allow businesses to seek a refund of sales, use and contractors' excise tax, or delay the payment of sales and use taxes. The Business Tax Division monitored and processed refunds or tax savings totaling more than \$113 million since fiscal year 2002. The total amount refunded in fiscal year 2014 was \$14,736,208.

Streamlined Sales Tax Project

The Streamlined Sales Tax Project is a multi-state effort to design, test and implement a system to simplify sales and use tax collection and administration by retailers and states. South Dakota has been involved in the project since its inception, and is one of its full member states. Full members are those states whose sales tax laws and policies are in substantial compliance with each of the provisions of the Streamlined Sales and Use Tax Agreement (SSUTA).

The SSUTA was officially implemented on October 1, 2005, and effective that date, retailers can register to collect or pay sales taxes in the Agreement's member states through a web-based centralized registration system. Since such registration began, the Business Tax Division has issued 2,219 tax licenses.

Special Taxes

The Special Taxes program administers taxes on tobacco, alcohol, banks, minerals and several small industries; regulates the tobacco and alcohol industries; and administers the state's sales and property tax refund program for the elderly and disabled. In the last 10 years, revenues from the division have ranged from a high of \$155.7 million in 2008 to \$97.9 million in 2005. In fiscal year 2014, revenues in this program showed a decrease of \$13,111,497 from 2013 with total collections of \$112,707,544.

Many of the taxes and fees collected by the division are shared between the State and local governments. Examples include bank franchise tax, energy minerals severance tax, amusement machine registration fees, and certain alcohol taxes and license fees. Of the total amount collected in fiscal year 2014, the program reverted \$23,498,606 back to counties and municipalities and special jurisdictions.

Alcohol Regulation

If an alcohol licensee is caught selling alcohol to a person under the age of 21, the Department penalizes the licensee with a fine or suspension. In fiscal year 2014, a total of \$97,150 in civil penalties was collected from businesses/alcohol licensees who made illegal sales to persons under the age of 21.

If an alcohol licensee has been caught selling alcohol to a person under the age of 21 three or more times in a 24-month period, the department will typically suspend the alcohol license for 14 days. Licenses may also be suspended for other violations, such as after-hour sales or selling alcohol to someone who is obviously intoxicated. In the fiscal year 2014, the Department suspended the license of two businesses for three days each and one business for 14 days.

The Department receives information on underage sales from county clerks of court and from city and county law enforcement officers when they conduct alcohol compliance checks. In fiscal year 2014, seven cities and eight counties conducted compliance checks. The chart below indicates the number of compliance checks and the failure rate for the past five fiscal years.

Sales or Property Tax Refund Program

The Sales or Property Tax Refund Program is a method of returning to senior and disabled citizens, within certain income guidelines, some of the dollars they pay each year in sales and property taxes. The program has been in effect since 1974 and during that period has returned over \$34 million to qualifying South Dakotans.

Applications for the tax refund program must be made prior to July 1. Completed applications are submitted to the Department of Revenue office in Pierre for processing. Refunds are processed in the beginning of September.

Information on the Sales or Property Tax Refund Program, including eligibility requirements and income guidelines, is available on the Department's website at <http://dor.sd.gov> in the Special Taxes section.

The following chart indicates the number of refunds requested and approved as well as the dollars refunded for the past five fiscal years.

Information available in the Special Taxes section on the Department's website includes:

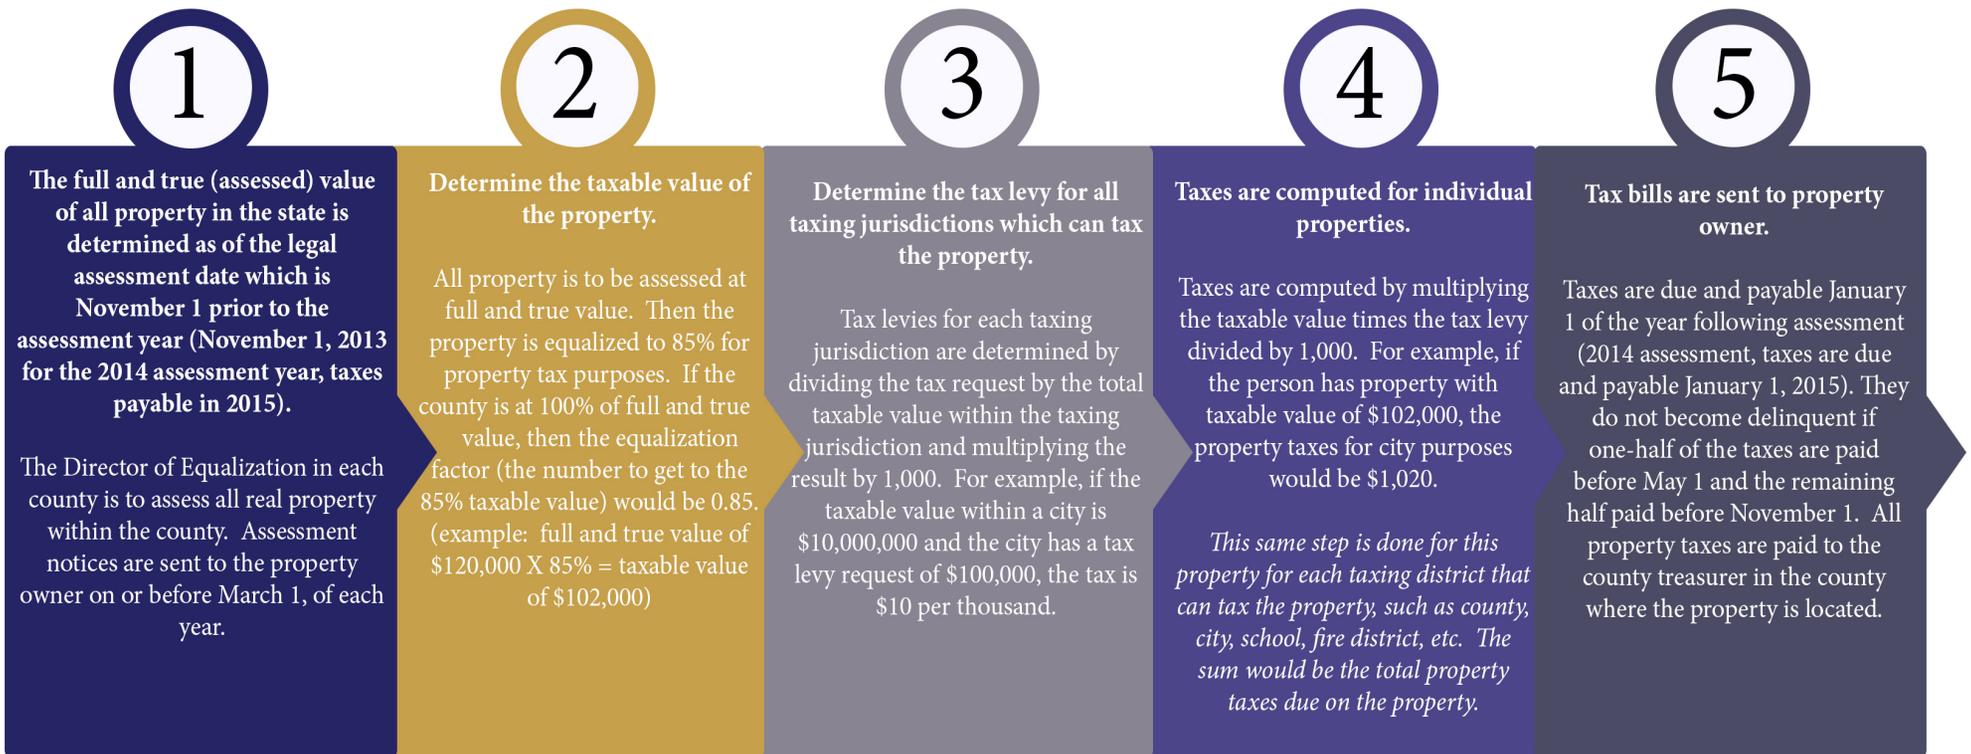

- for alcohol: alcohol license applications, legal age issues, and operating hours for selling alcohol; and
- for cigarettes/tobacco: required forms, minimum pricing, and licensees by name; and
- for other special taxes, such as: bank franchise tax forms, coin-operated washer and dryer license applications, energy mineral severance tax and conservation tax information, and precious metals tax quarterly and annual returns...and much more.

Property Taxes

Property taxes are the primary source of funding for school systems, counties, municipalities and other units of local government. The state does not collect or spend any property tax money. Each county administers its own property tax system; the department's authority is limited to assisting local governments in making property tax assessments that are fair and in compliance with the law.

Steps in the Determination of Property Taxes

The following provides the steps that are common to the application of property taxes in each government unit (excluding centrally assessed properties).

In 2014, South Dakota property owners paid more than \$1 billion to fund local governments and provide K-12 education for the state's children. The following two tables show the portion of the total taxes paid by each classification of property, and where the money collected is spent.

Productivity Valuation

Beginning with the 2010 assessments (for taxes paid in 2011), agricultural land in South Dakota has been assessed based upon its productivity value. The productivity valuation system has three steps. They are:

- 1) First, revenue information is used to determine a “gross revenue per acre” for both cropland and pastureland in each county.
- 2) Second, the “gross revenue per acre” amount is further used to determine an “average value per acre” for both cropland and pastureland.
- 3) Finally, the “average value per acre” is used to determine a value for all of the ag land in the county.

To prevent sudden large shifts in values and to ensure there was time to address any unanticipated problems, the Legislature originally limited the increases or decreases to 10% a year. The 2012 Legislature further adjusted this limitation to a tiered system with the passage of House Bill 1003. The tiered system will assist the counties in achieving full productivity value.

The transition to productivity valuation did not change the appeal rights of property owners. In South Dakota, property cannot be assessed for more than its market value and must be assessed equitably in relation to other property in the county. Information on the property tax appeal process, as well as material on property tax calculations, property tax laws and the property tax relief programs is available on the Department’s website in the Property Tax section.

Property Taxes

Limits on Property Taxes

The South Dakota Legislature has enacted two independent systems that limit the growth of property taxes. The first is the state aid to education payments. These payments effectively replace property taxes for schools that would otherwise be paid by owners of agricultural and owner-occupied homes. The second system is the caps placed on the property taxes collected by all levels of local government (except schools). These caps limit the local governments' property tax collections to the amount they collected the previous year, plus small increases for inflation and new construction.

State Aid to Education Payments

Agricultural and owner-occupied property owners benefit from the funding for education provided by the state. The state provides extra revenue for K-12 education that would otherwise have to be paid by these property owners. The benefit is provided to the taxpayer through a tax rate reduction for the school general fund levy. The school general fund levy rates for taxes payable in 2015 are set statewide as follows:

Ag	\$1.782/\$1,000 of value
Owner-Occupied	\$4.252/\$1,000 of value
Other	\$9.106/\$1,000 of value

Property Tax Caps

State law limits the amount of property taxes that local governments (counties, cities, townships, fire districts, etc.) can collect from their property owners. Market increases in the value of the property within the taxing district automatically decrease the property tax rates upon that property to ensure that the caps are not exceeded. Local governments are limited to the amount of property taxes they collected last year, plus an increase for inflation based upon the consumer price index (but not more than 3%) and for new construction within the taxing jurisdiction.

An example will illustrate how the property tax caps work. Assume that last year, the total property valuation within a city was \$100 million and the city collected \$300,000 from property taxes. To collect the \$300,000, the city assessed property within the city a tax of \$3.00/\$1,000 of assessed value. This year, the consumer price index is 2%, a new subdivision was created within the city with a total valuation of \$1 million, and a hot real estate market increased the value of the existing property within the city to \$109 million. The city can increase the \$300,000 it received from property taxes last year by 3% (2% for the CPI and 1% for new construction) for a total of \$309,000. To prevent the city from going over the cap, the tax rate applied to the \$110 million of property within the district (market value of \$109 million plus the new \$1 million subdivision), is automatically lowered from last year's rate of \$3.00/\$1,000 of value to \$2.81/\$1,000 of value.

Combined Effect of Tax Caps and State Aid Payments

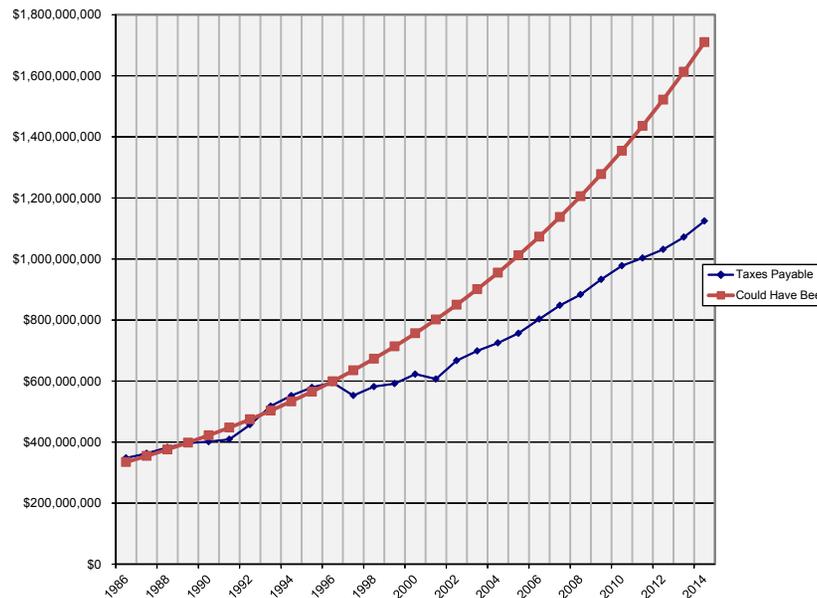

Historically, property taxes had increased at a rate of about 6% per year since 1947. Property tax caps and state aid to education payments have significantly slowed this increase. If the historical rate of property tax growth had continued through the 1990's, current property owners would be paying over \$1.60 billion in property taxes. Instead, property owners are paying just over \$1 billion of property taxes. The chart on the next page shows the historical growth of property taxes and the actual growth of property taxes. These programs were implemented in 1997.

Effective Property Tax Rates

The following table shows the effective tax rate for owner-occupied, agricultural, and commercial property in 25 South Dakota jurisdictions payable in 2014. The “Other” category includes commercial property, utility property, and residential property not occupied by the owner. The effective tax rate is the percentage of a property’s market value that will be paid in taxes. For example, if the effective tax rate is 2%, and the market value of the property is \$150,000, then the taxes will be about \$3,000 per year. The “Agricultural” effective tax rate is for the agricultural property in the township around the cities on the list.

Motor Vehicles

The Division of Motor Vehicles is committed to implementing the South Dakota laws and regulations as they pertain to vehicle ownership. Our areas of responsibility include motor vehicle excise tax, title and registration, motor fuel tax, commercial motor vehicle licensing, and dealer licensing and regulation.

Total Fuel Tax Revenues

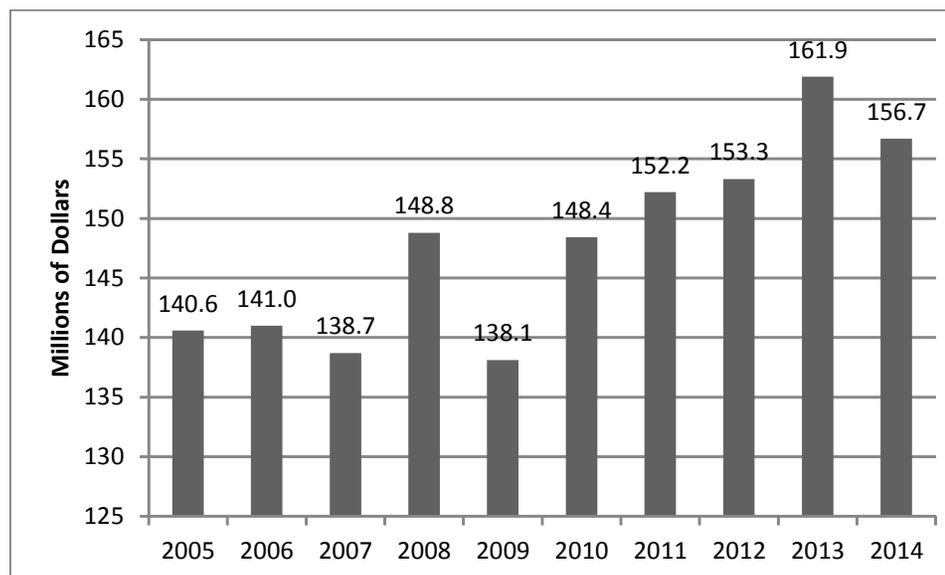

Many fuel types, including gasoline, diesel, ethyl alcohol, methyl alcohol, aviation fuel, jet fuel, and liquid petroleum gas (LPG), fall into the fuel tax category. In fiscal year 2014, total fuel tax revenues amounted to \$156,736,026. The chart below compares South Dakota's fuel tax revenues for the past 10 years.

Each fuel type is taxed at a different rate as per South Dakota law. Current tax rates are:

- Gasoline - .22
 - Diesel - .22
 - Ethyl & Methyl Alcohol - .08
 - Aviation Gasoline - .06
 - Jet Fuel - .04
 - Special Fuel - .22
 - Liquid Natural Gas - .14
 - Liquid Petroleum Gasoline - .20
 - Compressed Natural Gas - .10
 - Biodiesel and Biodiesel Blends - .20
- (fuel taxes are per gallon)*

Motor fuel tax revenues are used to fund maintenance and construction of roads and bridges on the state highway system. Motor fuel tax revenues are key to South Dakota as our transportation system is critical to the economy and day-to-day activities of all citizens.

Total Fuel Revenues (2004-2014)

Motor Vehicle Excise Tax, Title and Registration

Motor Vehicle excise tax of 3% is collected on sales of motor vehicles that operate on South Dakota's roads. In FY2014, \$75,237,234 in motor vehicle excise tax was collected and transferred to the Department of Transportation.

Vehicles used on public roadways or waterways must also be licensed and registered each year. Registration is confirmed by the issuance of a license plate or decal.

Motor Vehicles

Several options are available to South Dakotans to renew their motor vehicle registration. In addition to the regular options of renewing in person at the County Treasurer's Office or by mail through the county, the Division of Motor Vehicles also offers online Internet renewal and vehicle registration renewal through self-service terminals. The Division of Motor Vehicles strives to offer multiple platforms for our services that are user friendly and convenient for our customers.

SDcars.org

The customer portal at www.SDcars.org is available any time, day or night. Motor vehicle owners can complete a vehicle's registration renewal up to 90 days prior to a vehicle's registration expiration date.

We continue to expand services available through SDcars.org. Currently those services include:

- Sign up for a registration renewal reminder
- Receive a Seller's Permit
- Complete a Report of Sale document
- Check a VIN to see a vehicles status
- Check to see if a personalized plate is available

[Self-Service Terminals](#)

Another registration renewal option is to utilize a motor vehicle registration self-service terminal (SST). The 24-hour SST is a fully automated motor vehicle registration renewal station that dispenses license renewal tags on the spot. Vehicle owners from any county can use the terminal with the proper identification. The SST allows vehicle owners to register beginning 90 days prior and up to 30 days after the expiration of their current license tags. Self-service terminals are currently operating in the following 10 locations:

- Kessler's Store in Aberdeen
- County Fair Food Store in Mitchell
- County Administration Bldg., 130 Kansas City Street in Rapid City
- Rushmore Mall* in Rapid City
- Dept of Revenue Office*, Anderson Building at 445 East Capitol Ave in Pierre
- Get-N-Go on Arrowhead Parkway and Dawley Farms in Sioux Falls
- Hy-Vee Food Store on 49th and Louise in Sioux Falls
- Hy-Vee Food Stores in Brookings, Watertown and Yankton

Availability of SSTs identified by (*) are subject to business operating hours.

Commercial Motor Vehicle Licensing and Fuel Tax

South Dakota participates in 2 nationwide programs that oversee interstate motor carriers.

The International Registration Plan (IRP) is an agreement which allows commercial interstate motor carriers to license their vehicles through their base jurisdiction and receive a single license plate and registration allowing travel in all 59 jurisdictions. Registration fees are apportioned based on the distance traveled in all jurisdictions by the motor carrier.

The International Fuel Tax Agreement (IFTA) is an agreement which allows interstate motor carriers to report and pay motor fuel use taxes to their base jurisdiction for distribution to other member jurisdictions in which the licensee traveled and incurred motor fuel use tax liability.

Commercial registration fees (licensing fees) are levied on intrastate and interstate motor carriers doing business in the state. The amount of the fee for interstate registration is determined by the percentage of miles the carrier travels in all the states. Registration fee revenues during fiscal 2014 were \$18,536,020. These fees are used to fund roads and bridges in counties, townships and municipalities.

Dealer Licensing and Regulation

South Dakota requires that people who engage in the business of selling vehicles, whether exclusively or in addition to any other occupation, have a motor vehicle dealer license. In FY2014, there were 1300 licensed motor vehicle dealers in South Dakota. The Dealer Program provides information on licensing/renewal requirements, principal place of business requirements, bonding and insurance requirements, fees, dealer plates and permits, title and registration, recordkeeping requirements, and violation penalty provisions.

Audits

Audits Mission

To detect and resolve reporting errors and omissions made by taxpayers and correct reporting habits for future returns.

The Audit Division is responsible for selecting and performing audits on behalf of the Department of Revenue. The primary purpose of the audit function is to verify the gross receipts, deductions, and use tax reported on tax returns, ensure required record-keeping is in place, and work with auditees to ensure understanding of the tax laws.

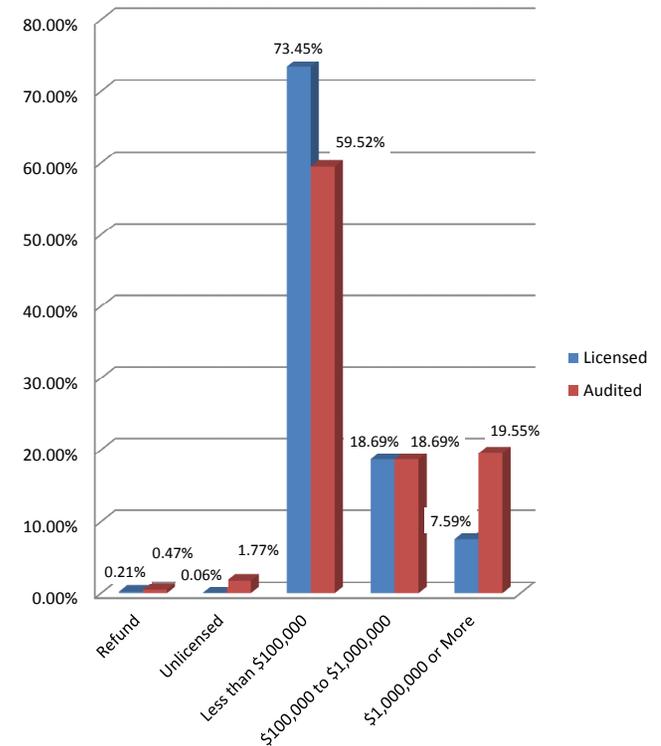

The Audit Division conducts audits for the following taxes administered by the department:

- Sales and Use Tax
- Contractors' Excise Tax
- Motor Fuel Tax
- International Fuel Tax Agreement (IFTA)
- International Registration Plan (IRP)

Audits are conducted all over the United States with a major emphasis placed on auditing companies headquartered outside of South Dakota. Auditors provide on-site education as part of the audit process to increase future compliance with the tax requirements.

In fiscal year 2014, there were 102,270 sales, use, and contractors' excise tax licenses. These licenses were divided into five categories based on gross sales. The graph to the right shows the percentage of total licenses in each category, and the percentage of total audits completed for each category.

Legal Counsel

The Legal Division is comprised of a Chief Legal Counsel, four full-time attorneys, three full-time Special Agents dedicated to the Investigative Services Bureau (ISB), and one legal secretary. In addition to providing routine legal counsel to the Department, the legal staff worked on 405 new cases during FY2014. The ISB special agents examined 230 individuals and businesses, of which 40 were investigated for tax and motor vehicle crimes. During FY2014 there were three Supreme Court decisions which affected the Department.

Court Summaries

Magellan Pipeline Company, LP v. South Dakota Department of Revenue and Regulation, 2013 S.D. 68, 837 N.W.2d 402. The South Dakota Supreme Court reversed the findings of Office of Hearing and Examiners and the Circuit Court and found that Magellan's additive injection and equipment calibration services were exempt under SDCL 10-45-12.1.

AEG Processing Center No. 58, Inc. v. South Dakota Department of Revenue and Regulation, 2013 S.D. 75, 838 N.W.2d 843. The South Dakota Supreme Court affirmed the Circuit Court's dismissal of AEG's appeal from the Office of Hearing Examiners for failing to timely post a bond in accordance with SDCL 10-59-9 and 1-26-31.

Paul Nelson Farm v. South Dakota Department of Revenue, 2014 S.D. 31, 847 N.W.2d 550. The South Dakota Supreme Court held that hunting lodges may purchase food, non-alcoholic beverages, and ammunition for use in its all-inclusive hunting packages as an exempt sale for resale.

Administrative Services

Administrative Services provides support services to the department in the areas of budget and finance and the operation of the Remittance Center by processing printed returns for the department along with providing lockbox services to a number of state agencies and programs. Administrative Services personnel develop and coordinate internal and external training and education opportunities, are responsible for printed and electronic public relation efforts, and assist in the coordination, direction and application of technology promoting efficiencies in the department and to promote the State's eGovernment initiative. The department's Remittance Center in Sioux Falls processed over \$660 million in payments in fiscal year 2014. Other agencies for which the Remittance Center collects revenues include Agriculture; Game, Fish and Parks; Social Services; Health; Environment and Natural Resources; Human Services; Unified Judicial System; Legislative Audits; and Retirement.

South Dakota Lottery

The South Dakota Lottery markets instant tickets and lotto games, and regulates video lottery to raise revenue for state programs and projects. Since its inception in 1987, the Lottery has distributed over \$2.35 billion in revenue.

The Lottery operates under the oversight of the South Dakota Lottery Commission, whose seven members meet quarterly to establish policy within the framework set by the legislature through law. The commission also reviews and approves major contracts and procurements, and consults on management and operation of all aspects of the Lottery. The Lottery has 31 employees, including administration, accounting, video lottery, security, sales and marketing, and support staff. Its central office is in Pierre with regional sales and redemption offices in Sioux Falls and Rapid City, and a sales representative's office in Aberdeen.

Sales and Revenue

Total fiscal year 2014 Lottery revenue distributed to state funds was more than \$106.2 million. These revenues come from three main sources, as evidenced in the chart below.

FY2014 Lottery Sales and Revenue*

	<u>Sales</u>	<u>Prizes</u>	<u>Commission</u>	<u>Revenue Distributed</u>

** Video lottery sales are cash in; prizes are cash out; private share of net machine income is retailer commission.

Instant Tickets

The Lottery launched 33 new instant ticket games during fiscal year 2014. Prices for instant tickets ranged from \$1 to \$20, and prizes ranged from \$1 to \$400,000 as well as merchandise prizes.

At the close of fiscal year 2014, there were 612 licensed instant ticket retailers across the state. Retailers receive a 5% commission for selling tickets, a 1% commission for cashing winning tickets with prizes up to \$100, and 1% for selling tickets with prizes of more than \$100.

Fiscal year 2014 instant ticket sales were up .9% from the previous year and revenues were down 4.6%. Revenue from the sale of instant tickets is distributed to the General Fund.

Lotto Tickets

South Dakota currently offers five lotto games. Powerball, Mega Millions, Wild Card 2, and Hot Lotto are multi-state games. Dakota Cash is played only in South Dakota.

At the end of fiscal year 2014, there were 600 licensed lotto retailers.¹ Lotto retailers also receive a 5% commission for selling tickets, plus varying bonuses for selling larger winning tickets.

Lotto games reported an overall sales decrease of 10.8%; transfers were down 14.2% from fiscal year 2013. The first \$1.4 million of revenue from the sale of lotto tickets is distributed to the General Fund, and the balance is distributed to the Capital Construction Fund.

Video Lottery

The Lottery regulates and controls video lottery game activities through licensing procedures for the machines, machine owners and operators, and establishments, as well as a comprehensive secure central computer system.

Video lottery sales (cash in) increased by 1.8% in fiscal year 2014. The average number of active video lottery machines during fiscal year 2014 was 8,977 and the average number of licensed establishments was 1,384. The revenue from video lottery is calculated on net machine income, which is cash-in (sales) minus cash-out (prizes). Net machine income is divided between the state and machine operators on a 50/50 split. One-half of one percent (0.5%) of the state's share is retained by the Lottery for administration.

Revenue from video lottery net machine income is distributed to the Property Tax Reduction Fund. A portion of machine manufacturer license fees is distributed to the General Fund.

**The Lottery annually provides the S.D. Department of Social Services with funding for problem gambling treatment services. Funding comes from the Lottery's 0.5% of net machine income for administration.

The Lottery's website, lottery.sd.gov, offers winning numbers, prize claim forms, retailer forms, licensing and accounting information, recent winners' stories, and other general information about the Lottery. The Lottery also maintains a Facebook page ([facebook.com/sdlottery](https://www.facebook.com/sdlottery)), a Twitter feed (@sdlottery), and its own YouTube channel.

The Lottery also publishes an annual financial report, as required by law, which includes a full and complete statement of the lottery's financial position and operations. The annual financial report is published after completion of an independent audit, and is available from the Lottery.

¹All lotto retailers are also instant ticket retailers, and were included in the total number of licensed instant retailers.

Commission on Gaming

The South Dakota Commission on Gaming is responsible for regulating the gaming industry in the City of Deadwood, administering Indian gaming compacts, and pari-mutuel wagering.

The Commission on Gaming maintains two office locations (in Pierre and Deadwood) and employs approximately 16 individuals, including investigators, auditors, accountants, administrative assistants, inspectors, and an executive secretary. The Commission itself is comprised of five commissioners.

In fiscal year 2014, total gaming action was \$1,103,192,109, up 4.12% from the previous year. At the close of the fiscal year, there were 3,406 licensed gaming devices, 131 retail locations, and approximately 1,390 licensed gaming employees.

City of Deadwood (Per 42-7B-48, 48.1)	7,124,547.24
Total Distributions from Fund:	\$16,252,406.01

The Commission may issue six types of Deadwood gaming licenses (slot machine manufacturer or distributor; operator; route operator; retail; key employee; and support), tribal gaming licenses, and four types of live racing and simulcast licenses (simulcast provider, simulcast site, simulcast pari-mutuel, and multiple category live racing). The commission is supported by the commission fund which is comprised of revenues from annual device fees, licensing fees, other miscellaneous revenue and the gaming tax collected from Deadwood. The tax rate is defined by SDCL 42-7B-28 and 42-7B-28.1 and total 9% of the adjusted gross revenue. SDCL 42-7B-28.1, 42-7B-48, 42-7B-48.1, and 42-7B-48.3 establish the distribution structure of the taxes collected. Per SDCL 42-7B-28.1, 1% of the adjusted gross revenue goes directly to the State General Fund. According to SDCL 42-7B-48, 40% of the tax is transferred to the Department of Tourism, 10% is paid to Lawrence County, and the remaining 50% stays in the commission fund.
