If you are using the EPath template to file your schedule, no changes are needed on this page and you can click Next.

Field Name is the column heading on the EPath Schedule.

Step 1: Enter the Position number for each Field Name as they appear on your EPath Schedule. In the example below, the first column would be Position 1, so you want to match the Field Name to the Column heading.

Position refers to the column on the schedule that is uploaded into EPath.

Step 2: If the layout changes, click Save Layout before clicking Next.

When uploading a schedule into Epath, the Data File Layout must match the uploaded schedule.

Schedule Types

- You will only be reporting compressed natural gas sales, so the product type will always be 224. The schedule types you will use are listed below, depending on the type of activity conducted. When uploading an electronic schedule, the following schedule types will automatically record the gallons you report on the line listed in the description box.

| Schedule Type	Description
8	This schedule type will be used to report transactions where gallons were sold tax exempt to the US Government. This amount will be reported on Line 1 of the tax return.
5	This schedule type will be used to report transactions where tax was collected on CNG used for fuel taxable purposes. This amount will be reported on Line 2 of the tax return.

Modes of Transfer

- How the fuel was transported will also need to be listed on the schedule. The modes of transfer codes that will be used and what they stand for are listed below.

| Mode	Description
J	Truck
R	Rail Car
B	Barge
PL	Pipeline
