# Municipal Non-Ad Valorem Tax

## When and how is municipal tax added or rates changed?

Municipal tax must conform in all respects to the state tax with the exception of the rate.

New municipal tax ordinances or changes may only be effective January 1 or July 1. Changes in rates to existing ordinances are made by amending the previous ordinance or by replacing the previous ordinance. Information on projected income from an existing municipal tax may be obtained by contacting the Department of Revenue. If a new ordinance is written, it must contain ALL the information concerning the application of the municipal tax including the rate. The ordinance or amended ordinance must be passed according to state statute SDCL 9-19. Any new tax ordinance or change to existing ordinance may be referred to a vote of the people for its approval or disapproval. Any amendment made by the municipality to comply with the provisions of Chapters 10-45, 10-45C, 10-1, 10-46, 10-52 and 10-52A or the determination to continue the tax under the provisions of this chapter is deemed to be an administrative decision pursuant to 9-20-19 and is not subject to referendum.

- A copy of the proposed ordinance or amended ordinance should be sent to the department to check for compliance with state laws once it has passed the first reading.
- The department will review the ordinance and contact the city if there is an error.
- The Department of Revenue must be notified immediately of changes made in additional readings of the ordinance and must also be notified of referendums.

Notification of the final passage of the ordinance must be made to the Department of Revenue at least 90 days prior to the effective date of January 1 or July 1.

Notification by certified or registered mail is to include:

1. A certified copy of the ordinance after final passage.
2. A certified copy of the municipal map.
3. If it is apparent the ordinance will be referred to a vote, the department should be made aware of this.

If referred and approved by vote, the effective starting date will be January 1 or July 1, whichever is at least ninety days after the department is notified of the voter approval.

## What does the department do after receiving the final ordinance?

- Reviews the ordinance to insure compliance with state laws.
- Sends acknowledgement of the ordinance to the municipality. This letter confirms the tax rate, effective date, and fees charged by the department for administration. If you disagree with the items stated in the department's letter, please review the ordinance and contact the department to determine what caused the discrepancy.
- Notifies taxpayers by:
  1. Special mailings to some licensed businesses (in and out of state) 60 days prior to the effective date.
  2. Including municipal tax changes and additions in the department's newsletter.
  3. Placing a news article in the local paper prior to a canvass, if one is to be done, as a reminder of the rate change and to notify licensees of the canvass.
  4. Sending a press release to the Governor's website as a reminder of the rate change.

## What rates can a municipality impose?

Each municipality may impose a municipal general sales and use tax of up to 2%. An additional 1% Gross Receipts tax may be imposed on lodging, alcoholic beverages, prepared food, and admissions to places of amusement, athletic, or cultural events, or any combination thereof (commonly referred to as the Bed, Board, and Booze Tax).

The following pages explain the tax rate that may be imposed and how the tax may be used.

## General Sales and Use Tax Rate

---

The general municipal sales and use tax rate cannot exceed 2%. Effective January 1, 2004, there are no restrictions as to the use of the general municipal sales and use tax rate.

Any municipality in South Dakota may impose their general municipal sales and use tax at municipally owned airports outside the municipality's corporate limits. This must be stated in the ordinance.

## Municipal Gross Receipts Tax (Also known as Bed, Board, & Booze Tax)

---

Municipalities may impose a 1% tax on the gross receipts from lodging, alcoholic beverages, prepared food, and admissions to places of amusement, athletic, or cultural events., This is a 1% tax in addition to the municipality's general sales or use tax rate.

This tax may be applied to all or any combination of the following four items (which must be specified in the ordinance):

- Lodging accommodations
- Alcoholic beverages
- Eating establishments
- Ticket sales or admissions to places of amusement, athletic, and cultural events

See page 6 for definitions of all four items

## Municipal Tax Collections

---

The municipal tax is collected by the Department of Revenue on the state's tax returns at the same time the state tax is filed and paid.

To implement a new municipal tax or to change an existing tax, the department must assign a specific code to each rate and must incorporate these code changes on the tax returns and in our computer system. The Municipal Tax Information Bulletin is also updated semi-annually for licensee use.

The department enforces collection of state and municipal tax. When a business is contacted, municipal tax reporting is verified in conjunction with the state tax.

### Implementation Fees

**Initiate a new municipal tax** - A one-time fee will be charged of \$350 plus \$1.50 per licensee based on the number of licensees with a zip code equal to the municipality's.

**Amend existing municipal tax** - A one-time fee will be charged of \$350 plus \$0.90 per licensee based on the number of licensees that reported that municipality's sales tax in the previous 2 years. The 2 year period ends 90 days prior to the effective date of the amendment.

These fees are deducted from the municipal tax collected prior to payment to the municipality. Do not send payment to the Department of Revenue.

### Continuous Administrative Fees

**Multiple Rates—When your city has implemented both the general rate and the gross receipts rate.**

1.00% of the municipal tax collected (deducted from each payment)

**One Rate—When your city has implemented the general rate only.**

.55% of the municipal tax collected (deducted from each payment)

## Information on Payments

---

- Payments are made to the municipality twice a month.
- The payment letter contains information as to taxes collected, administration fees, and special deductions from the check.

---

When a new resolution or amendment is enacted by a municipality that changes the boundaries of the municipality, it will become effective for municipal tax the first day of the first calendar quarter following at least ninety days notification by the municipality to the Department of Revenue.

For example, if a municipality passes a new resolution and notifies the Department by November 5, the 90 day notification period will end on February 3. The effective date for municipal city tax will be April 1, which is the first calendar quarter after February 3.

The municipality is to provide the Department of Revenue written notification of the enactment or approval of the resolution or amendment, along with a copy of the resolution or amendment, by registered or certified mail, or by any electronic means.
