## Introduction to Municipal Sales Tax, Use Tax, and Gross Receipts Tax

South Dakota law (SDCL 10-52 and 10-52A) allows municipalities to impose a municipal sales or use tax, and gross receipts tax. The South Dakota Department of Revenue is the administrative and enforcement agency for municipal sales or use tax, and gross receipts tax.

- Businesses report municipal sales tax, use tax, and gross receipts tax on the same tax return as they report the state sales tax and use tax.
- Only one tax return is needed to report and remit both state and municipal tax.

All businesses licensed in South Dakota are also required to collect and remit municipal sales or use tax, and the municipal gross receipts tax.

Municipal sales tax applies when the customer purchases or receives the products or services within a city that imposes a tax.

Municipal use tax applies to all products or services when the applicable sales tax is not collected within a city that imposes a tax.

- The municipal use tax rate is based on the location where the product or service is used.
- Additional municipal use tax may be due if a product or service is used in a different city that imposes a higher rate than was previously paid.

The municipal gross receipts tax (MGRT) is in addition to the municipal sales tax. The MGRT can be imposed on alcoholic beverages, eating establishments, lodging accommodations, admissions to places of amusement, athletic, and cultural events.

- The table that starts on Page 6 includes a detailed outline of what is included in MGRT. The table includes the municipality's name, current municipal tax rate, the tax code, and the MGRT code.
- If the municipality applies MGRT to these services or products, an "X" in the column will mean it is taxable.
- If there isn't an "X", the product or service is not subject to that municipality's MGRT.

South Dakota Taxes and Rates	
<b>State Sales Tax and Use Tax</b> – Applies to all sales or purchases of taxable products and services.	<b>4.5%</b>
<b>Municipal Sales Tax and Use Tax</b> – Applies to all sales of products and services that are subject to the state sales tax or use tax if the purchaser receives or uses the product or service in a municipality that imposes a sales tax or use tax.	<b>1 to 2%</b>
<b>Municipal Gross Receipts Tax (MGRT)</b> – Imposed on alcoholic beverages, eating establishments, lodging accommodations, admissions to places of amusement, athletic, and cultural events. MGRT is in addition to municipal sales tax and use tax.	<b>1%</b>

Municipalities may impose or amend a municipal tax only on January 1 and July 1.

Use the most recent municipal tax information bulletin to determine the proper tax rate. The updated rates are printed in the department's newsletter.

## Special Jurisdictions

Currently, five Indian tribes in South Dakota have comprehensive tax collection agreements with the State that include, but are not limited to, sales, use, tourism, and contractor's excise taxes. The five Indian tribes with comprehensive tax collection agreements are Cheyenne River Sioux Tribe, Crow Creek Sioux Tribe, Oglala Sioux Tribe, Rosebud Sioux Tribe, and Standing Rock Sioux Tribe. Two Indian tribes have limited tax collection agreements that include, but are not limited to, use tax and contractor's excise tax. The two Indian tribes with limited tax collection agreements are the Sisseton Wahpeton Oyate and the Yankton Sioux Tribe.

The tax collection agreements ensure that all retail transactions or construction services on property included in a tax collection agreement are subject to the same taxes, tax rates, and exemptions as set forth in the agreement.

- All businesses, including those owned by tribal members, are responsible for remitting tax.

Indian country that is part of a tax collection agreement is considered a Special Jurisdiction. All tax due in each Special Jurisdiction is reported on the state tax return using the code assigned to that Special Jurisdiction. The tax remitted is then distributed between the State and Tribal governments based on the tax collection agreements.

When a tax collection agreement includes sales tax, use tax, or contractor's excise tax, the following rules apply:

- **Sales Tax:** Retail sales of taxable products, services, and products delivered electronically that are purchased or delivered within Special Jurisdictions are subject to a 4.5% sales tax, plus applicable tourism tax.
- **Use Tax:** Products or services used in Special Jurisdictions are subject to 4.5% use tax if sales tax was not paid at the time of purchase.
- **Contractor's Excise Tax:** Receipts from construction services or realty improvement within Special Jurisdictions are subject to a 2% contractor's excise tax.

All of the above tax obligations are reported on the return using the applicable Special Jurisdiction tax code. Do NOT collect and remit additional state tax on these transactions.

Be sure to contact the appropriate tribal office whenever doing business within Indian country regarding additional licensing requirements that may be imposed by the tribe.

## Cities in Special Jurisdictions

The following South Dakota cities are located within Special Jurisdictions. Services received or products delivered within these cities should be reported under the Special Jurisdiction sales/use tax code. This table also indicates cities that have a municipal tax. The applicable code and rate are listed next to each city. If a city is not listed or does not have a code and rate listed, it does not have municipal tax.
