**SOUTH DAKOTA COMMISSION ON GAMING
APRIL 21, 1989
GOVERNOR'S CONFERENCE ROOM
STATE CAPITOL BUILDING
PIERRE, SD 57501**

Jeff Stingley, acting as Chair, called the initial meeting to order with the following members present: Commissioners Kristi Wagner, Karen Crew, Karl Fischer, Charles Lien and Evans Nord. Also present were: Jeannette Schipper, Business Manager; Cora Hunsley, Secretary; Susan Walker and Andy Comer, SD Lottery; Tom Blair, Deadwood You Bet Committee; Kit McCahren, Attorney; Rich Coit, Assistant Attorney General; Grant Gormley, Governor's Office; Lee McCahren, Attorney; Mike Trucano, Coin Machine Operator from Deadwood; and Greg Sund, an applicant.

Governor Mickelson welcomed new commissioners and expressed appreciation that they consented to serve the State as members of the South Dakota Commission on Gaming. He stressed the vital role the Commissioners will play in ensuring that the gaming industry in South Dakota is above reproach at all times. As the Commission on Gaming has been attached to the Department of Commerce and Regulation, he urged members to work closely with Jeff Stingley, the Department Secretary, in their initial tasks.

Mr. Stingley advised the Commission that the Department of Commerce and Regulation, by statute, had responsibility for administration, the Commission will report through the Department of Commerce. Mr. Stingley informed the Commission that until such time that the Commission hires a director and he/she begins to expand on staff, the Department of Commerce will be providing staff services. Mr. Stingley then explained the order of the binders that were furnished the Commission.

The first business item was to elect officers.

Mr. Nord nominated Mr. Fischer as Chairman. Second by Ms. crew. Ms. Crew nominated Ms. Wagner for Chairman. Second by Mr. Fischer. Mr. Lien then requested that the election of officers be held after the Commissioners drew for terms.

The drawing for terms was then held with the following results:

A. Two Three Year Terms

Kristi Wagner
Evans Nord

B. Two Two-Year Terms

Charles Lien
Karl Fischer

C. One One-Year Term

Karen Crew

Mr. Stingley then explained the duties the Commission and Chairman would be doing. Mr. Lien requested, and the Commission agreed, that the election of officers be held later on in the meeting so the members would be better acquainted with one another.

Mr. Stingley explained to the Commission certain sections of SB 321. It was noted that nowhere in the legislation did it say that a Commissioner or an employee of the Gaming Commission is prevented from playing any type of a game. In the Lottery the Commission and employees are prevented from purchasing a lottery ticket. Mr. Stingley suggested that consideration be given to making a rule to prevent the Commission and gaming employees from engaging in gambling.

Mr. Stingley informed the Commission of two types of procedures for adopting rules. First is emergency rule making process. This speeds up the entire time frame that is necessary to get a rule implemented. Technically, if an emergency rule is proposed and adopted it can be accomplished in three days, providing the rule itself has already been worked out, approved by Legislative Research Council and written in the proper form. Second is the permanent rule process which takes about 60 days to have a rule go into effect. In order for emergency rules to become permanent rules they must go through the longer process within 90 days or that emergency rule is null and void. There will be a public hearing in the permanent rule process. Forms must also be available along with rules.

Mike Trucano, a Coin Machine Operator from Deadwood congratulated the Commission on being nominated to the Board and invited the Commission to come out to Deadwood for some of their meetings.

Tom Blair advised the Commission that they have put in a lot of time and effort toward this for the historic restoration and preservation of Deadwood. They are the only complete city in the state of South Dakota that is on the National Historic Register. Many of the Deadwood buildings are in need of preservation and he thought with the money, interest and tourism that will be generated in South Dakota in the Centennial year would be substantial and it would be a shame, if at all possible if they were not up

and running at some point in the summer as Deadwood has a very large celebration in the summer called Days of '76. They have received considerable interest and publicity in the issue. Mr. Blair advised that the Commission study the Nevada rules. Mr. Blair stated, let us not forget what happened four years ago, it was a historic preservation measure to start with and the message carried forward to the petition drive, to the election last year and through the local vote in Deadwood a week ago. It is what is the most utmost of importance now. Mr. Blair asked the Commission to do it right the first time even if it means the time frame becomes longer.

Ms. Susan Walker welcomed the Commission to their new appointments and presented coffee mugs on behalf of the Lottery.

Ms. Walker advised the Commission they were in for one big ride, frightening, experiencing slow climbs, lightening fast paces, but overall exhilarating and fun. Ms. Walker emphasized the need to get educated, start subscribing to gaming periodicals and start collecting articles. Ms. Walker stated she will put together a collection of materials for the Commission. Ms. Walker suggested the Commission visit the New Jersey and Nevada Gaming Commissions to talk to officials, visit testing labs, etc. Ms. Walker stated the Commission would have to lay a strong foundation and of utmost importance was security. Make sure all external and internal controls are in place before commencing operation. Machine testing is imperative and Ms. Walker would like to have the Gaming Commission and the Lottery Commission work in conjunction with machine testing. They have a lot of the same regulations the Gaming Commission would be adopting. Ms. Walker would recommend the Lottery consultant in machine testing, James Maida, who worked in the testing lab in New Jersey.

Mr. Rich Coit from the Attorney General's Office spoke on the extent of the Attorney General's Office's involvement with the Gaming Commission. They will be assisting in the area of background investigations. They have done the Lottery and the same process will be followed. The Attorney General's Office has the right to go in and enforce the provisions of the laws that are not being followed by the vendors

Mr. Andy Comer of the South Dakota Lottery spoke on his background and his duties with the Lottery. He is responsible for background investigations of people involved with the Lottery. Mr. Comer stated they would furnish the updated forms as soon as they are available.

The meeting adjourned for lunch at 11:45 a.m.

The meeting re-convened at 1:00 p.m.

Grant Gormley provided background information on the Federal Indian Gaming Act and how it related to the Commission. There are three classes of gaming in the act: Class I, bone and stick games or traditional; Class II, bingo, pull tabs and bingo related games; Class II, was left up to the

tribes through the Indian Gaming Commission which will be a Federal Indian Gaming Commission of three members; Class III is everything else. States and tribes will have to enter into negotiations to establish state compacts about how that gaming is going to be conducted. Primarily, the gaming legal in South Dakota is legal on reservations and the gaming not legal in South Dakota is not legal on reservations.

Mr. McCahren advised the Commission that protection of the public was the primary concern when adopting rules. After some discussion, the Commission requested Mr. McCahren prepare a sample set of rules for working purposes from the Nevada and New Jersey rules that would be applicable to South Dakota for review at their next meeting. Mr. Stingley had two suggestions for the Commission to consider, 1) is there a gaming consultant who has been involved in the industry; and 2) that three of the Commissioners go to Atlantic City for three days and make arrangements to visit with the commission members and staff that are in the day-to-day activities and the other Commissioners going to Nevada. Mr. McCahren informed the Commission that he would provide names of consultants.

Mr. Stingley informed the Commission that the budget was only a guide of what some of the possible costs may be. Ms. Schipper explained that the money was still in the general fund and the minute they take money out of the general fund and put it into the Gaming fund is when interest starts. The Commission requested that Ms. Schipper check and see if they can wait another 30 days before transferring the funds.

A discussion on hiring a director was held. Mr. Stingley informed the Commission that the law stated "the commission will select". Mr. Stingley encouraged the Commission that the person they hire be on the state system. After discussion, it was decided that a position description be written, advertised, and state that applications must be postmarked by May 5. The applications will then be mailed to the Commissioners on May 9, and a conference call be scheduled for May 15, 1989 to decide which applicants will be interviewed. Waivers for the background checks can be sent out to the applicants selected for interview the same day. The announcement should state that applicants will appear for interviews May 25th or May 26th at the next Commission meeting in Pierre.

Mr. Stingley suggested that the consultants be in the areas of computer, gaming, which would include security and auditing. Mr. McCahren was asked to put together a list for the Commissioners of consultants and any background information needed and send to the Commission before the next meeting.

It was stressed that the Commission must take their time to make sure everything was in place for a squeaky clean operation before starting actual gambling.

Location of the main office was discussed with Pierre being that site. A Gaming Commission security office may need to be located in Deadwood.

ELECTION OF OFFICERS

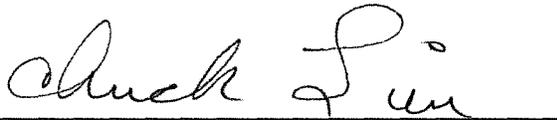

Ms. Wagner asked that her name be withdrawn from the nomination as Chairman and nominated Mr. Chuck Lien as Chairman. Second by Mr. Fischer. Mr. Nord moved that nominations cease and a unanimous ballot be cast for Mr. Lien. Second by Ms. Crew. Motion Carried. Mr. Nord nominated Mr. Fischer for Vice Chairman. Second by Ms. Crew. Ms. Wagner moved that nominations cease and a unanimous ballot be cast for Mr. Fischer. Second by Mr. Nord. Motion Carried.

There being no further business the meeting was declared adjourned.

Minutes of the South Dakota Gaming Commission May 26, 1989 Deadwood, South Dakota

The meeting was called to order by Chairman Chuck Lien. Roll call was taken and a quorum declared. Members present were: Chuck Lien, Evans Nord, Karl Fischer, Kristi Wagner and Karen Crew. Others present were: Kit McCahren, Legal Counsel; Jeff Stingley, Jeannette Schipper and Trish Kusser, Department of Commerce and Regulation.

Motion was made by Crew, second by Wagner to approve the minutes of the April 21, 1989 meeting as written. MOTION CARRIED.

Motion was made by Crew, second by Wagner to approve the minutes of the May 15, 1989 telephone conference call as written. MOTION CARRIED.

Chairman Lien welcomed the citizens of Deadwood to the meeting. He explained what the functions of the South Dakota Gaming Commission would entail and thanked them for their interest in attending this meeting.

Lien then introduced Kit McCahren, legal counsel for the commission, who has been working on the administrative rules to govern the gaming in Deadwood. Lien explained the rules were in rough draft form and that this meeting was the first time the commission had the opportunity to review them.

McCahren reviewed these draft administrative rules section by section. He explained that he used the Nevada, New Jersey and to some extent the North Dakota gaming regulations as well as working in conjunction with the South Dakota Video Lottery in drafting these rules. Much discussion was held concerning various sections of the rules and comments from the floor as well as the commission were received and noted.

Jeff Stingley, Secretary of Commerce and Regulation, reviewed the process for promulgating administrative rules so that the process of applying for licenses could begin. He explained that if an emergency rule was promulgated, it would be good for 90 days and could go into effect within the next two weeks. Permanent rules would need to be promulgated within the 90 day time frame.

Stingley distributed copies of a rule he would suggest that the commission propose regarding application forms and fees. This rule would cover operator, retailer and slot machine manufacturer licensing so that background checks by DCI on the individuals applying for licenses could begin. This rule would include a non-refundable \$100 fee for each person who owns 5% or more of a business applying for a license as required in the statute. This \$100 would be used to fund the background checks by DCI. He also stated that no applications could be approved by the Gaming Commission until the business's retail floor plan has first been approved by the Deadwood City Commission.

Motion was made by Wagner, second by Fischer to allow Stingley to begin the process for the promulgation of the application forms and fees as an emergency administrative rule. MOTION CARRIED.

McCahren and Fischer reported on some possible consultants whose services could be used by the Commission to test equipment and various other activities. No decision was made on consultants at this point until the commission has had an opportunity to visit with the Nevada Gaming Commission and would then be in a better position to consider consultants.

Stingley gave an update on the meeting between the Nevada Gaming Commission and the South Dakota Gaming Commission. Governor Mickelson has been in contact with Nevada's Governor to have the Nevada Commission host South Dakota's Commission so as to learn more about the gaming operation and to expand on the commission's knowledge of how Nevada runs its operations. Auditing, security, consultants and various other topics will be discussed. This meeting will be held the last week of June.

Computers were discussed by the Commission. Stingley explained that the State of South Dakota through IPS (Information Processing Services), has a dataline hook up from Deadwood to Pierre. The initial costs for hookup by the Gaming Commission would be \$300 plus \$10 per month. Other costs would be based upon how much the line is used. These costs do not included hardware.

A conference call will be held on June 7 at 10:00 a.m. CDT to adopt the emergency rules for application form and fees.

The next regular meeting to the Commission will be June 12 and 13 in Deadwood. At this meeting the revised administrative rules from legal counsel will be reviewed.

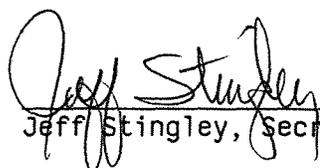

Motion made by Lien to adjourn the business meeting, second by Nord. MOTION CARRIED.

Respectfully submitted,

SOUTH DAKOTA COMMISSION ON GAMING

JUNE 12 & 13, 1989

LAWRENCE COUNTY ANNEX BUILDING

DEADWOOD, SD

The meeting was called to order by Chuck Lien. Roll call was taken and a quorum declared. Members present were: Chuck Lien, Karl Fischer, Karen Crew and Kristi Wagner. Others present were Jeff Stingley and Cora Hunsley from the Department of Commerce, Don Gromer, Executive Secretary, Kit McCahren and Bill Srstka, attorneys.

Ms. Crew moved the minutes of the Conference Call of June 7, 1989 be approved. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien then introduced Don Gromer as the new Executive Secretary.

Mr. Gromer gave a report of what would be expected and what entails a background investigation. A packet will be put together for applicants. Gromer stated it was difficult to tell how long it would take DCI to do background without knowing how many applicants there were. Other forms required will be medical and financial backgrounds.

Mr. Lien informed the public that the commission did have some rules and regulations put together that were fairly complete, which would be cleaned up and put in final form to be adopted as emergency rules.

Mary Dunn stated she sent a letter to Mr. Lien's office. Mr. Lien stated he did not receive her letter prior to the meeting.

Mr. McCahren introduced Bill Srstka, his law partner, stating that time being of the essence, the Commission requested that Mr. Srstka assist in the drafting of the rules.

Mr. Stingley expressed his gratitude to Karen, Kit, Bill Srstka and Don Gromer for what they did in putting the rules together.

Mr. Srstka and Mr. McCahren then reviewed the rules noting the corrections needing to be made.

Mr. Lien informed the public that until the Commission comes to hard, fast rules for the protection of the state, this commission, Deadwood and the

players, the commission will suffer under any mistake and not anyone else.

After much discussion on the proposed rules, comments from the floor were noted for consideration in revision of the rules.

The public was then informed that the meeting was adjourned for a walk through the businesses of Deadwood which were contemplating having gaming. The meeting would re-convene at 8:30 a.m. the following morning in executive session to discuss personnel matters and be open to the public at 9:30 a.m.

JUNE 13, 1989

RE-CONVENED IN EXECUTIVE SESSION

Mr. Lien called the public meeting to order with the following present. Members present: Chuck Lien, Karl Fischer, Karen Crew and Kristi Wagner. Others present were Don Gromer, Cora Hunsley, Kit McCahren and Bill Srstka.

Ms. Wagner moved that the Commission come out of executive session. Second by Karl Fischer. MOTION CARRIED.

Ms. Crew moved that the commission authorize Don Gromer to immediately take steps to hire a security director as well as an administrative assistant for himself. Ms. Crew moved that these be exempt positions and the salaries be negotiable commensurate of course with education and experience. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer would like it noted that these are start-up positions.

Mr. Lien then asked Mr. Srstka to go through the process for adopting temporary rules. Mr. Srstka thought the commission could meet by conference call on Tuesday June 20, which means notice would have to be published by June 16. The rules being considered for adoption are 120:18:01, 120:18:02, 120:18:03, 120:18:07, 120:18:08, 120:18:09, 120:18:15, 120:18:16, 120:18:17 and 120:18:19. Mr. Lien stated the chapters related to application forms, fees, disciplinary action, appeals, administration and powers of the commission are the ones the commission is moving to start the process of emergency rules. The commission is not adopting poker, 21, slots and timing schedules. Mr. Srstka stated they were also not adopting accounting, security and operations of the gaming establishment or any specs for chips, tables or anything like that.

Ms. Crew moved that at this time the commission start the rules process on Chapters 120:18:01, 120:18:02, 120:18:03, 120:18:07, 120:18:08, 120:18:09, 120:18:15, 120:18:16, 120:18:17 and 120:18:19 and that the Commission authorize their counsel to immediately take steps to get this on the road by advertising this week, and publishing it as required in the soonest expeditious manner possible and that the Commission have a conference call next Tuesday for the purposes of adopting the rules. Second by Ms. Wagner. MOTION CARRIED.

Mr. Srstka stated it would probably be published in the Lead Daily Call, Deadwood Pioneer Times, Pierre Capital Journal and the Madison Daily Journal because they have to publish in east river also.

The Commission requested the public to submit, in writing, requests for changes. The requests for changes could be faxed to Mr. Srstka's office at 224-8269.

Mr. Gromer stated he would be staying in Deadwood another nite if anyone would have anything prior to his leaving they could contact him.

Bill Andresen furnished the Commission a copy of proposed changes. Mr. Andresen stated that the written recommended changes to the rules he submitted were his opinion only.

Mr. Andresen also stated he would like to initiate a motion that a mailing list be started so when the rules came out they would receive a copy. He is training his own dealers to work in the Buffalo and the rules dictate how he has to train those dealers. Mr. Gromer stated he would be staying over and they could leave a business card with him or write the Department of Commerce.

Mr. Bill Walsh of the Franklin Hotel stated the reason this was started initially was so they could raise the monies to enable them to bring these historic buildings up to fire and safety code and other historic restoration. A lot of them are in a catch 22 position with historic buildings and unless there is a big fund out there to draw from for restoration and fire and safety requirements they need to look at it with some degree of balance. They are all concerned with safety and fire requirements within their properties. The other thing that is real essential at this time is the challenge that he sees. It is a challenge for all of them, is that they are losing momentum. They need some form of marketing strategy.

Mr. Tom Blair thanked the Commission for having their meeting and spending time in Deadwood and invited them to return for future meetings.

There being no further business, the meeting was declared adjourned.

Mr. Gromer explained to the Commission where the rules were at this time. After some discussion, Ms. Crew moved that the Commission adopt the emergency rules that were served, Chapter 1:20:18:01 through Chapter 1:20:18:22, excluding Chapter 120:18:17 and 120:18:18. Second by Mr. Fischer. All Commissioners voting aye, MOTION CARRIED.

There was a discussion on the Las Vegas trip. Mr. Gromer stated the Commission was to be at the Gaming Control Board at 9:00 a.m. The agenda they have set up is as follows: Meet with the Assistant Attorney General in the Gaming office; visit Ceasar's Palace in the high stakes room to show the methodology in cheating and the rules of blackjack, etc.; a tour of some of the security they have implemented in the larger and some of the smaller casinos; someone from their accounting section will go through their accounting methods; plus the slot laboratory.

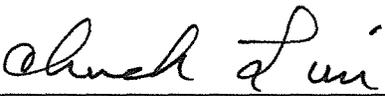

Ms. Wagner was connected. Mr. Lien gave her a quick update on what has happened so far.

Mr. Fischer moved to start the action on the permanent rules process now and authorize Mr. McCahren to do so. Second by Ms. Crew. After some discussion, Ms. Crew withdrew her second to the motion. Mr. Fischer changed his motion to state the Commission notify counsel to proceed with the drafting of the permanent rules. Second by Ms. Crew. MINUTES SOUTH DAKOTA COMMISSION ON GAMING CONFERENCE CALL JULY 14, 1989

Chuck Lien called the meeting to order with the following members present. Karl Fischer, Kristi Wagner, Evans Nord and Chuck Lien. Also present was Don Gromer.

Mr. Gromer informed the commission that the notice for the rules has been sent out. He will be taking some copies out to Deadwood with him next week. The public hearing on the permanent rules has been scheduled for August 16, and if necessary, the morning of August 17.

Mr. Gromer informed the commission that the rules would also be sent to Robert Faiss of Nevada for review. Gromer informed the commission his fee would probably be in the area of \$600. Karl Fischer moved to authorize Gromer to pursue Mr. Faiss check on the final rules procedure, final form and to give the commission their input at a cost not to exceed \$1200. Second by Mr. Nord. Motion Carried.

A discussion was held on applications. Mr. Fischer stated that the commission was put together under an emergency clause and moved that Mr. Gromer be authorized to go ahead with the application process and the background check and try to do the best job he can. Second by Ms. Wagner. Motion Carried.

Mr. Gromer informed the Commission that Mary Dunn has been named as the liaison between the City of Deadwood and the Gaming Commission.

Mr. Gromer informed the Commission that he did find office space which will be available in 30 days at a cost of approximately \$9,279/year for rental and utilities. Ms. Wagner moved that Mr. Gromer be given permission to go ahead and sign a lease with Mr. Tobin for office space and get whatever extras he would need to have office space. Second by Mr. Fischer. Motion Carried.

Mr. Gromer informed the commission members that the job descriptions were written up for the security director and clerical staff and were now at the Bureau of Personnel for review. Upon completion of their review they will go to the Senior Staff Committee who will classify them, back to the Bureau of Personnel for final approval and upon approval he would be able to go

Mr. Nord moved that the minutes from the Public Meeting held on June 12 and 13, 1989 and Conference Calls held on June 24, 1989 and July 14, 1989 be approved as printed. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien then informed the public the process that would be followed concerning the meeting.

Mr. Lien then asked Mr. Gromer to review the changes that were going to made in the rules.

Mr. Gromer advised that there was considerable interest throughout the state in gambling. He also advised the Commission that there was considerable interest in slot machines and specifications; the use of tokens versus silver dollars; considerable questions on some legislation that is in the bill concerning a building. A letter was received from Mr. Trucano regarding this. Mr. Trucano also submitted several slot machine specifications. Mr. Bill Bernard also submitted a letter regarding slot machine specifications and also the use of tokens versus silver dollars. Mr. Gromer advised the Commission that after the final revision of the rules on Friday, August 11, he faxed a copy of the slot machine specifications to Mr. James Maida who is a consultant out of New Jersey. Mr. Maida then responded with certain suggestions he had concerning slot machine specifications. Mr. Gromer also stated that he received a letter from Mr. Paul Putz of the State Historical Center in Vermillion, he had suggestions concerning the emphasis of historical preservation and how it relates to gaming. Mr. Gromer stated that based upon conversations he has had with several of the Deadwood people involved in gaming, a meeting was held and Mr. John Gable faxed several suggestions primarily concerning the rules governing blackjack and poker. Mr. Gromer stated that several suggestions

submitted have been incorporated in the rules. Mr. Cabot has also submitted his suggestions.

Mr. Fischer moved to attach all of the correspondence and suggestions received along with the updated rules to the minutes. Second by Ms. Crew.
MOTION CARRIED.

Mr. Lien then asked Mr. Gromer to review the changes and revisions made since the last printing.

Mr. Gromer stated they felt there was some wordage that was left out, i.e., 20:18:01:03 Prohibitions on gaming. Mr. Cabot pointed out that if you as a licensee allowed someone from the Gaming Office to game and you didn't know who that person was, how could he hold you liable for it, so the word knowingly allow a Commission member or party of this office to engage in gambling was inserted. Another question received on this was if it was against the rules to for the Gaming office to gamble, is it against the rules of the Commission to have employees gamble. Mr. Gromer stated that it would be addressed in the policy and procedures of the office.

20:18:05:01 Number of copies of petition. A suggestion was received concerning the request of the public.

20:18:06:01 Applications and fees. It was suggested that the word forms be included.

Mr. Gromer stated he had calls from various people concerning the cost of investigations. Mr. Gromer stated there was a difference between South Dakota and Nevada because Nevada charges each individual person, what South Dakota did was charge a corporation instead of a person. If the investigation should run over from the sheer number of people that need the investigation, there is authority in the rules to contact the manager or the person in charge to say the investigation cannot be done for \$250, you owe me "X" number of dollars more to complete the investigation.

20:18:06:05 Termination of employment of support licensee. Add, must immediately notify the Executive Secretary, in writing within seven days of employment change, termination or resignation. Asking for documentation for protection.

20:18:06:06 Conditions imposed by Commission for re-issuance of license. Will be adding a little bit more based upon recommendations by Mr. Cabot.

20:18:07:03 Hearing on Reference or Appeal. Some minor changes to conform more with the rules procedure as established by statute.

20:18:07:04 Cashier's check or money order. Scratch entire section. Will be dropped. By statute you have to pay for your application fees, licensing fees, remittance of tax fees.

20:18:07:06 Termination of qualifying licensee, manager or agent. Will add must notify in writing within seven days.

20:18:07:08 Job descriptions-list of personnel. Include employment by a licensee of an unlicensed person who is required to have a support license is grounds for disciplinary action. Basically this means that all employees involved in gaming must have a support license, if it comes to light that they are employing an individual who doesn't have one, the retailer could be subject to disciplinary action.

20:18:08:01 Enforcement Powers. Mr. Cabot addressed this issue, his comments are quite lengthy. Will be adding a particular segment concerning enforcement powers.

20:18:09:01 Grounds for disciplinary action. Subsection (1) and subsection (11) will be eliminated from the final draft.

Mr. Srstka stated that the Board modified pursuant to the letter on advertising.

Mr. Gromer stated subsection (4) was corrected pursuant to Legislative Research Council's letter.

20:18:09:04 Facts of criminal charge. Will add in any jurisdiction after misdemeanor, whether it be South Dakota, Wyoming, Nebraska, etc.

20:18:10:03 Informal consultation. Mr. Cabot recommended implement some type of language to prohibit frivolous complaints against employee. The second sentence will be changed to the effect that if the Executive Secretary determines the complaint to have merit, etc. Basically doesn't force the Executive Secretary to take action of some kind or another against a complaint if it is frivolous, etc.

20:18:10:04 Assurance of voluntary compliance. The language is not yet perfected but seriously considering some type of review findings by the Commission of the investigations or the actions of the Executive Secretary.

20:18:12:01 Grounds for summary suspension. Will add or any other jurisdiction.

20:18:15:02 Deck. It was recommended that our definition of a deck was somewhat confusing so will be changed to language to this effect, a standard blackjack deck contains 52 cards in four suits, clubs, diamonds, hearts and spades with each suit consisting of numerical cards from 2 to 10, a jack, queen, king and an ace.

20:18:15:13 Cutting player. Will include the dealer shall make a reasonable attempt to alternate the cut among all players.

20:18:15:14 Proposals for variations. Will change a retail licensee may submit to the Executive Secretary, for approval, proposed to read Upon written application of a retail licensee, the executive may approve...

20:18:15:15 Procedures for dealing cards. Mr. Cabot sent a recommendation, will be up to Commission to adopt. There has been a considerable amount of

conversation as to whether the cards should to be dealt out of the hand or the shoe, this will be left to the discretion of the establishment as to how they wish to deal the cards. Mr. Cabot highly recommends that the cards be dealt from a shoe and face up to eliminate cheating by possible employees, collusion between employees and players. Have not implemented a rule to the effect but still leave it to the discretion of retail licensee.

20:18:15:18 The Play. Announcing - the dealer must announce. It has been recommended and considered to remove entire section and leave to house discretion. Experts contacted recommended that starting off businesses require their dealers to announce the numerical count. This assures inexperienced dealers as to what the actual count is at the hands and his or her hand and it may eliminate some confusion.

20:18:15:19 The Pickup. A source of concern, experts recommended leave up to the house rule but the Gaming Control Office in Nevada wished they had this rule. It would eliminate a lot of player/patron disputes. Were advised a lot of major casinos will not employ a left-handed dealer because they didn't want the confusion on the card pickup. The change would be after the first sentence to add another which reads: If, during play, the player exceeds 21, that player's cards should be revealed and placed in the discard rack.

20:18:15:26 Splitting Pairs. Will read as follows: If the first two cards dealt to a player are identical in value, he may split the hand into two separate hands by making a wager on the second hand equal to his original wager. If a player splits pairs, the dealer must deal a second card to the first hand so formed and must complete the player's decisions on that hand before dealing cards to the second hand. After a second card is dealt to a split pair, the dealer must announce the point total of the hand, and the player must stand, surrender, draw, or double down. A player may not split pairs more than three times in a round of play on any one hand. A player splitting aces may have only one card dealt to each ace. If the dealer obtains blackjack after a player splits pairs, the dealer may only collect the amount of the original wager of the player and may not collect the additional amount wagered in splitting pairs.

Mr. Jerry Apa had a question on 20:18:15:20 Dealer's Hole Card. Mr. Gromer then read the latest revision regarding this section.

Mr. Gary Keehn had a question on 20:18:15:26 Splitting Pairs. ...announce the point total of the hand, and the player must stand, surrender, draw, or double down. Mr. Keehn stated there was no such thing as surrender after you split a pair. Mr. Gromer referred Mr. Keehn to the definition of surrender, this was being left up to a house rule, it would be an option of the establishment.

20:18:15:32 Cards. This particular section is going to be consolidated with 20:18:15:02 which was previously read with changes.

20:18:15:33 Posting of rules. Mr. Cabot suggested that the rules be approved by the gaming office prior to posting.

20:18:15:34 Special policies. Mr. Cabot's suggestions were that it not be limited to the game of blackjack, that the licensee be able to establish the conduct of players, whether it be blackjack, poker or slot machines. Mr. Cabot suggested it be for the entire overall and move to one section.

20:18:15:36 Procedure for distribution of chips to blackjack table. Mr. Gromer would recommend to the Commission that the fill slip be a three part instead of a two part, and change subsection (7) to read If a pit boss or runner... Want whoever is transferring the chips held in the auditing trail.

20:18:15:40 Drop procedures. For auditing purposes a recommendation will be made to add a new sentence in the first paragraph, This may be accomplished by using a fill or credit slip when such chips are added or removed.

20:18:15:41 Count Procedures. Mr. Gromer stated that it is highly recommended that each gaming establishment have its own individual count room where you can take your currency out of your drop and go back and count. If such a room was built or constructed in establishments for accounting purposes, Nevada recommended that very tight security be on that room for the count even possibly to the extent of putting in a one-way mirror.

20:18:16:15 The Play-Texas hold'em. Subsection (1) the last sentence, The player who opens may not check on this round. Mr. Ron Astbury stated that the reason for this is because the pot's already open, in other words, the left of the button once the wager was put in \$1, \$2, the next player has to call that bet. He doesn't have the option to check because the pot's already open. Mr. Gromer stated that the recommendation received was to strike the last sentence in (1) and add the word check in the previous sentence.

20:18:16:02 Types of Poker Authorized. Mr. Gromer stated that right now there were eight different games of poker authorized. Mr. Gromer recommended the Commission remain with these eight games of poker. Mr. Cabot concurred with Mr. Gromer that for the time being that these are easier to police and get the dealers to understand the games and deal them correctly. In the future, once they have experience and the Commission is satisfied they can regulate the existing games then they can expand.

Mr. McCahren directed Mr. Gromer to Section 20:18:16:45 Proposals for Variations. Mr. Gromer read the revised version.

Mr. Apa stated that in 20:18:16:02 games 2, 3, 4, 5 and 8 were pretty much dead games. The big game in Nevada is Texas hold'em and Omaha high is coming in and getting a lot of play.

Ms. Crew stated the Commission wouldn't have the authority to change, Omaha high couldn't be added without changing the rule. After some discussion Ms. Crew suggested adding a subsection (1) And any other game, such approved by the Commission.

20:18:16:25 Table Stakes. Mr. Gromer stated that there were problems with the last sentence. It was suggested that the last sentence read A player who is "all in" and loses must leave the game or buy more chips. Mr. Ron Astbury stated that normally what is used here is alternating buy-ins, i.e., if a person has exhausted his own chips he has two choices, he can either buy a full buy-in or he can make the short buy-in. Mr. Gromer stated the recommendations received from most people is just to buy more chips.

Mr. Apa requested that 20:18:16:12 Shuffle and cut of the cards. be a house option, in most dealt games the house has the option.

Mr. Gromer stated most of the changes that were suggested were incorporated into the changes made in the revised copy.

10:18:16:44 Maximum Number of Players. Mr. Gromer stated there was a recommendation to change it from seven to eight.

20:18:17 Slot Machine Hardware and Software Requirements. Mr. Gromer stated Mr. James Maida's suggestions were faxed and received on August 15. Mr. Gromer stated he has incorporated Mr. Trucano and Mr. Maida's recommendations. Mr. Trucano requested the Commission take no action on Mr. Maida's recommended changes until August 17, after they have had a chance to review them.

Mr. Tellinghuisen expressed concern about the Commission delegating authority to the Executive Secretary to change the rules. He stated they would have a problem if they started doing this. Mr. Lien stated the Commission will approve at a final meeting. Mr. Gromer stated it would be a conference call. Mr. Tellinghuisen stated his only concern was that it be done at a public meeting, he also stated he realized that the statute has been amended allowing conference calls to take place and constituting them as official public meetings. His concern was the Executive Secretary making the changes and the Commission signing off on them in the absence of a formalized hearing on them.

Mr. John Gable stated he would encourage that they get the rules adopted and then work on the modifications.

Mr. Tellinghuisen stated that SDCL 1-25-1 in the second to last sentence, telephone conference calls are not allowed to be used for conducting hearings pursuant to SDCL 1-26-4 which is the rulemaking. Mr. Srstka stated it was provided for in Title 15, SDCL 1-26-4 is for hearings subject to 1-26. Mr. Srstka stated a conference call could be held to adopt the rules. Mr. Srstka stated you can't hold a public hearing by conference call. Mr. Tellinghuisen stated his concern was that the Commission would be signing off on rules which may or may not be substantively changed after this hearing is concluded here. Mr. Srstka stated he was in favor of adopting them today and the only changes the Executive Secretary could make are changes to comply with Legislative Research Council under 1-26-4(5).

Mr. Trucano expressed concern about changing and not allowing them the courtesy to read Mr. Maida's changes.

Mr. Lien then called a recess on the hearing of the rules and returned to the regular business to give the people time to review Mr. Maida's suggestions.

Mr. John Guhin spoke on the federal Indian Gaming Act and its relationship to the state and its rules. Mr. Guhin stated that the designee to contact for South Dakota is Grant Gormley. The tribes would have to enter into compacts with the state and the Commission could carry out the compacts entered into with the tribes. Mr. Guhin explained Judge Porter's decision closing down the gaming near Watertown. Ms. Crew expressed concern that the compacts entered with the tribes follow the Gaming Commission rules. Mr. Tellinghuisen explained where Indian gaming could take place. Mr. Tellinghuisen stated the Indian Gaming Commission has not even been established yet. Mary Dunn asked if the money would also go to historic preservation. Mr. Tellinghuisen stated the use of the money was set out by federal law, what they could use the money for. The fee for licensing is not prescribed by federal law, nor would they be bound by that. Ms. Dunn asked about the 8% tax. Mr. Guhin stated the state could not directly tax the tribes. Mr. Tellinghuisen stated the federal law does allow to recoup the cost in administering the compact. Revenue generated tax would be strictly prohibitive. Mr. Bill Walsh asked if the tribes had indicated any desire for representation on the Commission. Mr. Guhin stated there was some. Mr. Walsh asked if the tribes would be limited to the Deadwood limited gambling. Mr. Guhin stated they must follow state law. Mr. Tellinghuisen stated they could only have the same type of games.

Mr. Lien thanked Mr. Guhin and Mr. Tellinghuisen for their information and declared a recess for lunch until 1:30.

The meeting reconvened at 1:30. Mr. Lien called the meeting to order to return to Mr. Gromer to continue with the revisions.

20:18:20:01 Definitions. Mr. Gromer stressed a central supply house for and tokens as they would be considered the same as currency if tokens were to be issued by the Chamber.

20:18:21:12 Hours of Operation. Mr. Bill Fisher asked if a wall was built to cut off liquor can they proceed with gaming. Mr. Srstka stated if premise was part of liquor license it would be subject to liquor laws. Mr. Tom Preston stated his liquor license covered the entire property and they are going to have several different types of stores and without the definition of what a building is and what separate premises are, he doesn't understand why liquor would have to be tied into gaming at all. Mr. Jerry Apa stated the law states there will be no consumption of alcohol after 2:00 a.m. or prior to 8:00 a.m. You can't serve liquor for six hours but nothing says he can't keep his door open and sell coffee and donuts. Personal responsibility of the ownership is what comes in there - if he violates by serving a drink, throw the book at him. Until then, the Commission shouldn't penalize everybody. Mr. Lien stated the Commission has no control over law passed. The law states you have to have a primary business and the gambling a subsidiary to that. You cannot have a major gambling business. Mr. Preston asked what happens if you have a restaurant and you close your

bar and the restaurant is open 24 hours per day, your primary business is still open. Mr. Lien made the assumption to have 15 machines in bar and 15 in restaurant. Mr. Preston stated if you have a restaurant that serves liquor the liquor is the lesser of the businesses.

Mr. Fisher asked if the Commission needed a written prior approval to order chips. Mr. Gromer stated chips needed approval prior to being played. The prototype must meet specifications.

Mr. Fisher had a question regarding the decision of the floorman is final, it only pertains to the ongoing game at that time. It doesn't mean they can't appeal to the Gaming Commission, other courts, etc. You have people that will hold up the game for one-half hour or an hour. It has to be where a floorman comes up, makes a decision and tells the dealer to get the game going again.

Mr. Apa wanted the Commission to reconsider 20:18:21:04 Gaming by owners, directors, officers and key employees, to let the operator/retail licensee sit down and get a game going. They want it to strictly get a game going. Mr. John Gable asked if the Commission would be comfortable if they acknowledged they were owners, managers, etc. Mr. Astbury stated in the interest of public relations it would be a good idea for the Commission to consider having the owners or key management, being allowed at least to play initially in poker games until such time as the limits go up. We only have a \$5 limit and can't really hurt anybody. Tom Blair asked what was going to be classified as management. Mr. Gromer stated he would look back at the application proceedings, anyone actively involved in management of personnel would be considered management.

20:18:22 Accounting Procedures. Mr. Gromer stated that McGladrey and Pullen have been retained as consultants to go over the accounting requirements. It was suggested that a diskette be provided for purchase by the businesses.

Mr. Lien asked Mr. Cabot to cover his recommendations. Mr. Cabot commended the Commission and staff for the regulations they have prepared, he had very few changes.

Mr. Lien then requested if there was any more prepared or oral input.

Mr. Astbury explained the eight handed game. In South Dakota you can play a maximum of 10 players in hold'em games and in stud games a maximum of seven. They hope to amend the number of players to a maximum of eight in the stud games. Naturally if you're playing with 52 cards and you have eight players you're going to run out of cards. There is three remedies to correct this. The first remedy is that the dealer, upon being aware of the fact that he's going to run out of cards before delivering his last card can announce that its going to be a six card game. The second possibility is that they can shuffle the burn card. Every time that you deal a card, except for the first time that you cut you can burn a card. These burn cards are not introduced into the play itself, so they are going to introduce them belatedly, going to shuffle them up and use them. The third possibility is

they can use a community card, similar to hold'em and explain to the players that this particular card plays for everybody.

Mr. Preston stated they need, for new construction, not for remodeling, but for new construction in the area a definition of what is a building, what separates a building, what is required as far as space within a building. Nor for the purpose - necessarily the law - their architects, national standards, many are doing new construction. They really need a written legal opinion as to what is a building since he has a \$6 to \$7 million dollar business.

Mr. Lien responded that from his view, what they were looking at was how to gerrymander these things around to get the most legal and still be within the intent of the law. Mr. Lien further stated he didn't know if they should go for tight controls, or say put as many machines as you want and get the money. This Commission and Executive Secretary has asked for a ruling from the Attorney General. There are several options, they could dump it back to the Mayor, the City's lap and whatever city that comes in under health, safety, fire codes, regulations, and leave all the problems settled by the people.

Mr. Bruce Oberlander, Mayor of Deadwood, stated Section 16 of the original bill, 321, that was passed it states the retailer may not sublease space for the principal purpose of gaming. Mr. Oberlander further stated that gaming is incidental to the original business. Anyway, what is trying to determine is if you are allowing spaces to be leased or subleased for the purpose of gambling, that's illegal according to this statute. The original premises and the You bet Committee originally said they didn't want this to be a large scale thing and they were limiting it to 30.

Jerry Apa stated 20:18:21:04 Gaming by owners, directors, officers and key employees, asked the to change it to any person who is licensed and actively participates in the management of the establishment or the conduct of its licensed games may play or be permitted to play. The reason he states this is we've lost the summer traffic so there will be a slow period from now until next April or May. I would ask that management be allowed to play as long as management or an owner establishment has a badge that identifies him as such. Therefore, when a player does sit down he knows who he's playing with or against. As far as public perception goes, in all his years of gambling it's never bothered him who he sat down with as long as every card has come off the top.

Mr. Lien stated before he asked anyone else to come up he wanted to be on the record that they did get one definition for a building. "A building is defined in this act is a property including contiguous buildings or additions interconnected by a passage in any form. (If a building consists of several historical structures originally built separately, is divided back into its original widths and walls as erected in accordance with applicable fire codes resulting in the separate building that is no longer interconnected by a passageway, then the result will be a separate building for the purpose of this act.) This was submitted by Gary Keehn.

Ron Sjue, a representative of Aristocrat, Inc. is an Australian manufacturer of slot machines. Mr. Sjue apologized for being late, his flight was cancelled and he just received a copy of the specifications. Mr. Sjue stated from a manufacturers point of view, the only problem I have seen in it is you've gotten awfully strong on the specifications which makes your game kind of different. You have some different things than somebody else has right now. So there is going to be some changes from our point of view. The other problem is that you've only got about a 200 to 300 machine market and you've got basically every machine model that we make has to be licensed that we want to sell here. We make probably 100 different models that could be licensed in Deadwood by our company alone. If you get into limiting license of all these different models, you're going to restrict your competition, you're going to see the small manufacturer in it, which we're one of the larger ones, they're not going to be able to compete because they're not going to be able to pay the cost of licensing. I don't know what your costs are going to be, it usually runs \$5,000 to \$6,000 to get a model license. But if you're only going to sell 10 or 15 of that model you only - you've got \$5,000 invested before you even start. I know IGT, Bally, us all have 50 to 100 models that could be sold in Deadwood alone. But you're only going to license us four or five, each of us at the most, because of the cost and you're going to restrict the competition because the only people that are going to get licensed are one or two companies, three companies maybe, and you're not going to have the competition in your sales, the price of your machines are going to be very expensive.

Ms. Crew asked if Mr. Sjue had a rule by rule breakdown of what ones he was troubled with. Mr. Sjue stated he just read it in the 15 minutes he was looking at it. He just noticed there were a lot of restrictions on the meters doing specific things so you have changed the software basically, from is a standard machine as far as what he can see in Nevada or wherever else he sells machines. Except for a printer your machines are somewhat more similar to Montana than South Dakota machines. But those markets are different with the video machines because there is only one or two models that they're going to sell video poker and keno. Basically the same game, they put a printer into a machine and possibly sell 400 to 500 of one game. So if you get one game licensed its not going to be that expensive. You try to license 15 or 20 models that's manufactured for this market you would probably be lucky if you sell five machines so you couldn't - that would be a \$1,000 cost on your models if you license on top of your selling price so that's going to be reflected to the operators - the manufacturers aren't going to absorb, they're just not going to come into the market basically.

Ms. Crew asked if he would be able to give a written list of precisely your objections. Mr. Sjue stated he just received the new specs so he couldn't do anything with it. The head office and engineers are in Australia. They would have to do something up on the specific parts of it. Mr. Sjue further stated your game is more like a video game or Montana game as far as the meter specifications and a lot of those things. But You're throwing it into all the reel machines, you're throwing it into all the video games. You'll want a big, large variety here where they don't in South Dakota video. You're talking poker and keno and maybe blackjack. So I don't think you're gonna see people come up here with 15 models of reel machines because they

won't be able to afford to get them all licensed. Mr. Srstka stated the South Dakota specs in the statute call for non-volatile meters, what does that mean to you? Mr. Sjue stated it means its not going to be sellable for one thing and its - Mr. Srstka asked if digital meters meet that. Mr. Sjue, you have two types of meters in most machines, you have - Montana machines and South Dakota machines have three different printers, you have hard meters which are an enclosed meter which cannot be reset and a soft meter which is the electronic meter on your display. Now your electronic meters are usually 20, 30 meters, they can be any number. But, every time you change the specifications of what you want on your soft meters, that's another program right from the manufacturer for your model which is only good to sell here. So you're not gonna see a lot of competition come into this market. I don't feel, from our point of view, we don't even know if we could - we may be able to bring up two or three models, cause we're gonna have a cost of \$20,000 - \$25,000 in those three models to get them licensed. Gromer asked if Mr. Sjue was presently furnishing machines to Nevada. Mr. Sjue stated yes, we have sold in Nevada, we're licensed in Nevada right now. We're more of an international company. We're selling in Montana, and we're gonna put machines in South Dakota. Mr. Srstka asked what kind of meters do you have on your machines. Mr. Sjue responded there's six statutory meters we have to have. Mr. Sjue noticed that one thing under your meters, you said all coins out have to be accounted for on your jackpot meter which is a - you use your jackpot meter which is entirely different from your out meter. Nor market I know of - the out meter is just all the coins that come out of your hopper. Your jackpot meter is all the coins that come out on a hand. You combine them into one so right away you got a different machine than anybody on the market's got so you have to change. Mr. Srstka stated the specs they got in Las Vegas had a jackpot paid meter and an award paid meter. Mr. Sjue stated if its jackpots paid everything that comes out of the machine, but then again if you're doing that you're changing the configuration of the machine. Mr. Lien asked Mr. Gromer to clarify a couple of things. Mr. Gromer stated Mr. Maida from New Jersey did review our specifications and made a suggestion on the metering device. Mr. Gromer then read Mr. Maida's recommendations on 20:18:17:03. Mr. Sjue stated everyone already has the 180 day battery backup. The other part about it is hard meters, we just love not putting it in. Its not a problem for us but every jurisdiction is mandatory - restrictions saying you have to have hard meters. Mr. Sjue stated it came out of Nevada more than it did New Jersey. Nevada put them in. Hard meters are glass enclosed, they just can't be reset. You'd have another problem in your thing under that. These are just - it says your electronic meter has to coincide with your hard meter at all times. That's never gonna happen because your hard meter is not 100% accurate or if you have a RAM corruption they cannot always read the same. So if somebody goes in and sees a soft meter after its been cleared its going to be a lot less than the hard meter that can never be changed, which I saw, just in your specs. I was looking through them. They're just small things, but it is - the whole general idea is that if you make machines specifically that come out like South Dakota did here with a machine now. The machine that they did in the video lottery is basically not sellable anywhere else because of the on-line system. If you make your machine specifically as market you're not gonna get the competition and you're not gonna get the variety of machines licensed because it looks like if I want

to change a machine from a three line fruit machine to a three reel - three line ghost machine, I gotta send you two machines. I gotta send you the complete data on that machine all again just to license again and pay again for licensing. Mr. Gromer stated it was called a modification. Mr. Sjue stated it was a different model. Its a different percentage, its entirely different symbols, different artwork. Its the same game but its an entirely different model considered under the market.

Mr. John Caldwell stated he represented a proposed restaurant and gambling hall called Calamity Jane's and would like to suggest a proposed change in the wording of 20:18:21:12 Hours of Operation to read: "A bona fide restaurant with 50 or more seats may function as a gaming licensee for 24 hours per day if it does not serve liquor during hours prohibited by the state." Given the geography of the area and marketing to be done, a significant tour bus business is expected. Busing will be an integral part of marketing, arriving at various times of the nite. Where will people go.

Mike Trucano stated he was awaiting information on the slot machine specifications 20:18:17:05 Software Requirements for Randomness Testing. There are problems that remain where it requires meters to record the number of times the logic are accessed. There would be a problem for one of the manufacturers. The only reason you don't want that accessed is that someone might come in and take out the eproms and put in a different set to change the percentage. Nevada puts a piece of seal tape and when you have to access the logical board - in the rules you must get permission from the Executive Secretary. Mr. Srstka asked Universal about the logic board and Universal said no problem, you can do anything you want. Ms. crew asked Mr. Sjue if he had an estimate of how much it might increase the cost of the machine. Mr. Sjue stated there would be a software cost of putting it into your meter. You have a door switch, you've got to put it into your assembly; all the other machines don't have it so all of a sudden you've got to have a place where a switch is mounted, so you got a hardware piece to build and design, then you got to have a plug-in to your board, you don't have a plug-in on your board to accommodate, most likely you will. Its hard to tell you because you only have a 300 machine market. Now if we put that into all machines later and amortize it over 15,000 machines. If you just build it only in South Dakota it would be expensive. Mr. Srstka stated the specs call for five hard meters and two extra. Unless you go back to the Legislature to change the statute, we're stuck with it.

Ms. Crew asked Mr. Trucano if she should move to take out "a slot machine must be equipped with meters to record the number of times the logic area was accessed and the number of times the cabinet door was open." If I can make that motion, can you live with everything else. Mr. Trucano stated its a tradeoff of what you want in your machines and what its gonna cost the people that are buying them. We can basically live with almost anything you want to put in the machine. Ms. Crew stated she was concerned about how quickly you can do it, not about the cost. Mr. Trucano stated another section was in there about the time a machine - that they get licensed. You're putting in a 180 day trial. Mr. Srstka stated it was taken from Nevada's regulations. Ms. Crew asked if she made the motion, would they lose competition and how long is it going to take. Mr. Trucano stated he

didn't think it was going to take very long for a machine to be put together because there's not major changes in the machine. How long is your license going to take from your lab and if you have a trial on each new model that's coming out of 180 days. Mr. Srstka asked if you put aside testing and licensing the preparation of hardware and software, do these specs give you any problem. Mr. Trucano stated no, you're gonna have a software rewrite no matter what you do. Mr. Trucano stated the main door itself is fine, every manufacturer provides that anyway. Its just this logic area access meter is the problem for Universal and if you took that out it would sure help.

Mr. Lien stated he would like to hear from other manufacturers.

Mr. Kerry Reppert of IGT in Reno, Nevada stated he was not a technician and not an engineer and he thought before any rash decisions are made that may put some integrity suspect on that equipment, that you may want to just let us, as earlier mentioned, submit our proposals or comments in writing, by Friday that was mentioned earlier.

Mr. Lien stated that (1) the meeting wasn't going to get done in a day so it will continue on August 17 and (2) it is the hope of the Commission that they don't have to go through a whole bunch of testing and could get a machine that is proved in New Jersey and Nevada and/or bring 10 to 12 machines in to get them going. Mr. Lien asked for the written changes by 10:00 a.m. on August 17.

Ms. Crew stated "Mr. Chairman I have a motion to make and I'm gonna make it." Ms. Crew stated "if the Chair would entertain a motion I'm gonna make it."

Mr. Lien stated he wanted to get the conversation done before a motion was made.

Dave Harcourt of SoDak Gaming Supply, stated if the language they would like to have as a unit is that if machines that are approved in Nevada or New Jersey are the kinds of machines that we want here, why can't we say that. None of the manufacturers present are contemplated as the start-up factor in Deadwood. These are all national or international manufacturers, lets adopt a rule that says Nevada, New Jersey rules, those machines approved there are approved here.

Mr. Lien stated can't do that. We have a law that they passed for South Dakota that has in the law what we have to do. We can't delegate to some other state the authority to set our rules. Mr. Srstka stated the experts the Commission has hired see no problem with these two extra meters. They are necessary for security, etc. Mr. Cabot stated the changes are an improvement.

Mr. Trucano stated, practically speaking, they are a small market, every day big manufacturers make more machines for one casino than they'll ever make for all of Deadwood. To ask those people to retool software, hardware changes for a small market like Deadwood is only going to delay process.

Mr. Lien stated he agreed Deadwood is a limited market but South Dakota is a growing market.

Mr. Fischer stated it wasn't \$5,000/machine it was \$5,000/manufacture.

Mr. Sjue stated for them to get that license they have to give the Commission two machines to the lab, transport machine to lab, put together documentation for every model the Commission has, have the trial with machine out. Talking about cost to manufacturer to license machine, manufacturer pays for testing also.

Mr. Srstka stated the Executive Secretary may require testing, may require on-site testing, it is possible the Commission would license machine without any testing at all.

Ms. Crew stated she had a motion to make.

Mr. Lien adjourned the public hearing on machines to go into a regular Commission meeting.

Ms. Crew moved that on rule 20:18:17:03 Meters that the third full paragraph starting "a slot machine must be equipped with meters recording the number of times the logic area was accessed and the number of times the cabinet door was opened," that that sentence be deleted. "The reason I'm doing that Mr. Chairman is" - Ms. Crew then amended the motion to say that "a slot machine must be equipped with meters to record the number of times the logic area was accessed and delete only up to the word access, that we include and the number of times the cabinet door was opened. The reason I'm doing that is I don't think people in South Dakota are any more dishonest than anywhere else and if they can get by with that in other jurisdictions, I'm inclined to do it. I don't think we need the additional burden and if we don't adopt these rules today, I know its going to take another 60 days."

Mr. Trucano asked Ms. Crew how her amendment, if adopted, would read, how would it be put into that effect.

Ms. Crew stated we would just delete the meter for the logic.

Mr. McCahren stated a slot machine must be equipped with a meter to record the number of times the cabinet door is open.

Ms. Crew stated this would be in there.

Mr. Nord asked if the logic board must be sealed and then buy a seal provided by the Commission or sealed by Commission.

Mr. Srstka stated if you adopt this you have to do something with it. You can't leave it set there.

Ms. crew stated she would approve of that amendment to her motion - that the logic board be sealed. Second by Ms. Wagner.

Mr. Lien then asked Mr. Gromer for his input.

Gromer stated he approved, but on the sealing, he would prefer at least, at a minimum, the seals be provided by the Commission and they be in numerical order so we know where we're at with each individual seal, and prior to the entering of any type of logic board the Commission office be notified as to the reason getting there and what anticipated repairs are made.

Mr. Lien then called for input from the public.

Mike Wordeman, President of SoDak Gaming Services had a question. A considerable amount of time and money to hire non-biased expertise, and true expertise, has been expended by the state of South Dakota, i.e. the people. What I understand now, there is a motion to the floor then, and to, in fact, change the rules after the experts said this is what we should do. And I, like everybody else, would like to see things happen tomorrow, but I would rather see you adopt what the experts have laid out and then if you want them, get your experts in. Wouldn't it be wise and prudent to get your experts and the non-biased expertise to comment on it.

Ms. Crew stated she would like to respond on that. The purpose of a public hearing is to take public input, we're not supposed to rely just on experts we're supposed to listen to people, that's the purpose of this whole procedure. I think if we don't do that we're not following the mandate of the people.

Mr. Gromer stated as far as the consultants we have obtained, the thing that they have assured us is they are looking at is optimum benefit, not that a lesser benefit will not work, but looking at the optimum from a purely objective point of view.

Mr. Wordeman stated he just really questioned when you spend a lot of time, a lot of money, for something and you go outside to get non-biased and good expertise -

Ms. Crew called the question.

Mr. Lien asked the motion be read.

Ms. Crew stated the motion is rule 20:18:17:03 Meters, the third full paragraph that following should be deleted. A slot machine must be equipped with a meter to record the number of times the logic area was accessed. Put a period after accessed but include pre-numbered seals be used as the Executive Secretary -

Mr. Srstka stated it should read a slot machine must be equipped with a member to record the number of times the cabinet door was opened.

Roll call as follows: Crew, aye; Wagner, aye; Nord, aye; and Fischer, nay.
MOTION CARRIED.

Mr. Lien then closed the regular meeting and reopened the public hearing.

Mr. Trucano stated 20:18:17:16 Meter Count Procedures. You talk about 25 coins for each denomination to see if the meters, Mr. Trucano thought that might be a bit excessive. You can determine if the meters are working with one coin or four coins. Mr. Trucano stated that wrapping can be pretty expensive and would request a different way of counting the money.

Mr. Gromer asked Mr. Trucano whether or not he wrapped his coins presently. Mr. Trucano responded he didn't out on the route, he brings them back to the truck and wraps them there. He counts them all in the grant machine - coin machine in the truck and then we compare the grant meters against the meters of the equipment and then he enters it into his computers. The hard grant meters are then compared in a double check against the machine. Mr. Trucano stated he never wrap it out on the route. When he leaves the location he gives his customer a slip of paper and he knows exactly what was in each machine. Mr. Trucano requested it be left up to the Executive Secretary to approve an alternate method of counting money that he is satisfied.

Mr. Lien then asked for any more input.

John Caldwell requested the wording he suggested be introduced as a motion at the morning meeting. He stated he would like 20:18:21:12 Hours of operation to read after operation change the period to a comma "but a bona fide restaurant with 50 or more seats may function as a gaming licensee for 24 hours per day if it does not serve alcohol during hours prohibited by the state". Mr. Caldwell stated this would be very good for tourism. Mr. Caldwell explained the arbitrary figure of 50 seats is the reason that is already recognized as the threshold seating capacity when you go to get a wine license in the State of South Dakota. So its already a statutory precedence for 50 seats as a definition of a bona fide restaurant.

Mr. Fischer asked if there were any comments from anyone else in the audience concerning this particular issue.

Mr. Tom Blair stated that a bona fide restaurant is an awful ambiguous statement its not difficult to get a restaurant license in the state. In the statute we don't define restaurant and he would like to have an idea of what they're talking about in a restaurant.

Mr. Gary Keehn stated he thought giving restaurants special privileges is probably not the issue we're trying to address anyway. What we're trying to address is keeping a joint open that sells alcohol and that closes the alcohol too during those statutory - it may be more prudent to just address the decision of the law of staying open - as building a hard wall or whatever is commanded by the Commission to lock off and secure the sale of alcohol and still stay open.

Mr. Tellinghuisen stated the situation that is being proposed, if adopted would still comply with the intent and spirit of the statute that really poses the obstacle to a liquor license owner staying open once the mandatory hours of closure have arrived which is the problem that Gary is suggesting, that be addressed. There is no way to address that through this rule procedure. You identified it Chuck, when you said that state law, as it

stands right now, requires that the gambling can only take place incidental to a primary business and must cease upon the cessation of the primary business essentially. Here in this instance what you're in essence doing, is recognizing that the restaurant is the primary business, and as such allowing the gambling to continue while the primary business of restauranting is occurring does not violate the intent of the existing statute.

Mr. Caldwell stated what he intended to do was physically separate the wine bar from the restaurant. The wine bar - actually there will be more than two major businesses within the building. He would separate the wine bar from the restaurant. At 2:00 a.m. the wine bar would shut down with clanging iron doors, The restaurant, which is now just a restaurant not serving alcohol, like every other restaurant in town not serving alcohol, I would want, during the hours of 7:00 a.m. until 2:00 a.m. to be able to go to the wine bar, bring wine or beer to the restaurant patrons and function as a restaurant cum alcohol during those hours, then close down the wine bar from 2:00 a.m. to 7:00 a.m. and keep the restaurant going so that we can get the bus patrons off the bus, into the restaurant, etc.

Mr. Lien stated you can do that now.

Mr. Caldwell stated he thought if he did now he thought he would be in conflict with the wording of 20:18:21:12. You mean am I still going to have machines operating while the restaurant is open from 2:00 a.m. to 7:00 a.m.

Mr. Nord asked if they would be in the restaurant.

Mr. Caldwell stated yes, they will be in the restaurant they will not be in the wine bar.

Mr. Tellinghuisen stated the entire premises are covered by the liquor license.

Mr. Caldwell said let me now quote geography for a second. The building under question is Hardware Hank's. Hardware Hank's is on two levels and it is our intention to put the restaurant on one level, the wine bar on another level. There would be 15 machines or devices ancillary to the restaurant on one level and 15 machines or devices ancillary to the wine bar and some other retail businesses on another level. So we've actually got the physical separation going up and down stairs or coming down through the dumbwaiter, we've got wine service to the restaurant. Mr. Caldwell stated the wording he was suggesting would obviously facilitate my own.

Mr. Srstka asked if his wine license require hours of operation.

Mr. Caldwell responded yes, under wine license we're going to have to shut down from 2:00 a.m. to 7:00 a.m., wine is alcohol.

Mr. Caldwell stated he could make other arguments for this, based on quality of life, etc.

Mr. Srstka said he could put his machines in a non-licensed area.

Mr. Tellinghuisen gave the example of the Ramkota in Pierre. They have a wine license, you could get a drink on a Sunday but they have to meet the hours of operation, the whole premises, he's assuming, are probably covered by that license. So consequently, when their hours of operation for using their liquor license ends at 2:00 a.m. they have machines in that Ramkota, wherever they may be, by virtue of your rule, could not be played.

Mr. Apa stated if his primary business is restaurant, let him run the restaurant. A convenience store their primary business is fast food, quick sales of gas, they can run the machines.

Mr. Tellinghuisen raised another question, what about the convenience store that sells beer, they hold a liquor license, they can't sell after certain hours but they're open 24 hours. Are they going to have to discontinue allowing people to play their machines under your current rule. I would argue they wouldn't. Mr. Tellinghuisen further stated, with this rule reading the way it does right now, I think they'd have to discontinue using the machines because they hold the license and the rule does not speak of whether the license is the primary business. It just says that a license which requires adhering to certain hours of operation.

Mr. Caldwell stated his question was that the restaurant was not serving wine during the statutory period, yet does serve wine - but the restaurant continues to function as a real restaurant from 2:00 a.m. to 7:00 a.m. Primarily a breakfast business, which is what Las Vegas is all about.

Mr. Nord asked if in 20:18:21:12 inserted after after the first statement, hours of operation regarding his primary business may not... His primary business is a restaurant - if your primary business is a bar, you're dead.

Mr. Tellinghuisen asked how will you make that determination, will it be on a gross sales formula or revenues generated. Mr. Tellinghuisen further stated he knows there are ways to determine which accounts for greater sales but is that the basis that you want to use in determining this.

Mr. Caldwell stated his situation would be a little more interesting in that he has possibly two primary businesses. In his scenario one primary license would shut down, there obviously would be no liquor sales. The 15 slots ancillary to that wine bar license shut down, the restaurant which carries a complement of another 15 slots, stays open, serves coffee and breakfast, the tourists get off the bus and they crank the handles.

Mr. Tellinghuisen stated the only time they would run into his questions is where they're so integrated, its one business, a restaurant that sells liquor.

Mr. Gromer stated the determination to that would have to be off the gross revenue.

Mr. Keehn stated he didn't think gross revenue would be a fair determinative, take a situation like the Saloon, Aunt Sally's, but in order to not have 40 some employees, but all along I have planned on licensing Aunt Sally's as a retail gaming license. Because for another factor, Aunt Sally's will operate the gaming. Aunt Sally's certainly does not outgross the Saloon but Aunt Sally's has the primary gaming license. They are in the same building.

Ms. Crew stated if they can sell lottery tickets and do all this video lottery I don't know why we can't have gaming. I'm ready to call the question.

Mr. Caldwell stated if the Commission was ready to call the question now, and the Commission allowed him to give the statutory seven copies in the morning. He would like to see it come to a question.

Mr. Blair stated thought Mr. Caldwell's language probably needed to go a step further rather than restaurant, because there are going to obviously be businesses, whether they are hotels, motels, 7-11s, whatever they choose to be open. He understood the overlap, particularly in a large building like they may have, where liquor can be sold throughout that facility during the hours of its operation. But when that bar in that facility shuts down and locks its doors, then liquor can't be sold. I think that's the determination, is the ability to sequester off that bar and whether gaming devices are actually tied to that bar license or whether - for instance, we will have three at least, primary businesses in the convention facility. We will have a motel, a restaurant and we will have a liquor establishment. We will probably also have a convention facility. In someplace in there we will tie 15 devices to two of those major businesses, and I can tell you right here that none of them will be to that bar license. So even though that bar can expand out and sell liquor to the convention facility, to the restaurant and obviously even to people in rooms that have hosting rooms and things like that. When that bar is closed and the door is locked it no longer is in operation but yet I still have maybe two or three businesses that would be 24 hour a day businesses. I think even John's language needs to be expanded beyond a bona fide restaurant, I think it needs to say bona fide business that is open 24 hours per day.

Ms. Wagner stated if you have gaming 24 hours per day and if you have a liquor license, you have to abide - you can't serve liquor during those times as stated by your liquor license so you've had such a battle as to your sale of your available liquor licenses I would think that you'd be quite protective of them.

Mr. Nord asked Mr. Srstka what in our statute says we have to have hours of operation.

Mr. Srstka responded there is nothing in the statute that requires any limitation on the hours of operation.

Mr. Nord asked if there was something that has to be ancillary to a main business.

Mr. Lien stated that the people of Deadwood passed this law. They put tight reins on it for 15 machines per business, his feeling was ever since that was passed he's hearing all sorts of gains to pull it from 15 to 30 in the same business and operate more hours. He had no objection, it would mean more money for the state, for Deadwood, Lawrence County or this Commission. But he wanted to point out to them that it was a different interpretation than when they first told him that wasn't the route you were gonna go. Mr. Lien stated he had no objections to that if they can legally do that. But they were opening the door, he could see it coming to have more machines per building, more hours, more open - this Commission does not want to get into a whole bunch of hassle of doing something illegal or being in court. If what I'm hearing is correct, then we're welcome to accept the motion and change the thing and move on it.

Ms. Crew stated she wasn't crazy about Mr. Caldwell's language but she liked the concept. Ms. Crew further stated what if they rewrote that section to say "gaming may operate 24 hours per day provided, however, that any licensee holding a liquor license or any other license must not violate any provisions of that license."

Mr. Keehn stated this would work because they charged \$75,000 for the last liquor licenses. They would not put that in jeopardy.

Mr. Lien closed the public hearing for adopting the rules and return to a regular meeting.

Mr. Fischer stated he would like to hear what Mr. Tellinghuisen had to say.

Mr. Lien stated he would be called upon when the question is on.

Mr. Nord asked what would be wrong with just adding the words "a licensee who has another license requiring limited hours of operation regarding his primary business may not conduct gaming." That eliminated 90% of your problem.

Mr. Tellinghuisen stated as he looked around the room there was only one other person in the room that was with him when they sat down with the sub-committee that re-wrote the statutes that finally passed the Legislature. He knows that having worked on those for several days in sequence and all hours of the night with that sub-committee, that they understood that there were going to be gaming machines in the 7-11s and in the S-Marts and places like that. They also understood that they weren't going to be able to sell beer and things that they would otherwise sell, but that the gaming would still go on. They were concerned about, for instance, a liquor establishment which shut down, staying open just for gaming. They wanted to make sure that the gaming was only incidental to the operation of the primary business. I think Evans suggested an amendment here comports with that intent, as I understood while we were having these protracted meetings over this thing.

Mr. Srstka stated the only thing is - that the gaming has to be incidental to the business. If you keep gaming going after the business is closed its no longer incidental.

Mr. Tellinghuisen stated he understood - I don't believe his - would not allow that to happen. For instance, its a distinction without a difference to say to a 7-11 can continue gaming but a restaurant that has a wine license that goes with its restaurant cannot, if the restaurant stays open 24 hours.

Mr. Srstka stated that the restaurant was in a hybrid position but it still has a liquor license.

Mr. Tellinghuisen gave another example of a flower shop, somebody wants to stay open 24 hours per day and have gaming devices in there they're still going to have to meet the test that the gaming is incidental to their flower shop.

Ms. Crew stated the incidental test refers to license, it has to be incidental to some other business. What does that have to do with hours of operation. Ms. Crew didn't see where the two equate. That would be incidental to the licensing to begin with.

Mr. Lien read one sentence out of the law "the retail gaming license shall be incidental to the primary business conducted by the retailer and may only be granted to a person conducting the business."

Mr. Nord stated if the words regarding his primary business after operation it would be covered.

Mr. Keehn stated it would be a rather unfair advantage over a liquor license holders. You should not be forced to close just because you hold a liquor license.

Mr. Nord stated you bought that with the liquor license. It doesn't go with the grocery store or the hotel or the motel.

Mr. Keehn stated they paid for the privilege of serving alcohol and that privilege, by statute, has some time restrictions on it. I don't feel that gaming should be restricted by virtue of that if alcohol is not served during those time of operation.

Mr. Nord stated from a practical standpoint, do you think a bar would stay open February 28, just for gambling.

Mr. Keehn stated if there were tour buses coming in they could be. If there was no - I don't think just because you hold a liquor license you should be forced to close. I could envision closing the saloon part off at 2:00 and serving food and coffee, if it was necessary - free enterprise dictated that that was smart move. Common sense would tell me it would be really stupid to try to abrogate any liquor law and lose that license. If there were some players, a poker game might last till 4:00 - 5:00 in the morning, I might

stick around, make them sandwiches, make coffee, they were already operating off tilt, I may sober them up before I sent them home.

Ms. Crew asked Mr. Nord if he had a problem with gaming may operate 24 hours per day provided, however, that any licensee holding a liquor license or any other license, must not violate any provisions. Ms. Crew stated the other thing they could do was just repeal the whole section, there wouldn't be any hours stated.

Mr. Lien asked Mr. Tellinghuisen for his recommendation and any input on how the problem should be attacked. Mr. Lien further stated greed has raised his head and we're looking for more money.

Mr. Tellinghuisen stated it's a policy decision for this board. There isn't a nickel's worth of difference between Karen's amendment and Evan's amendment. They both would allow gaming to continue after a liquor licensee discontinues selling liquor.

Ms. Crew stated she didn't read Evan's that way.

Mr. Nord stated he was responding to Mr. Caldwell's upstairs bar, downstairs restaurant.

Mr. Tellinghuisen stated he did not believe either one of those are violative of what the Legislature did by imposing the requirement that the gambling be incidental to a primary business.

Mr. Tellinghuisen asked Mr. Srstka if there was a specific statutory requirement that this Commission determine hours of operation.

Mr. Srstka replied no.

Mr. Lien called on Mr. Oberlander.

Mr. Oberlander stated from the very first meeting the Commission asked for comment and he thought 1:01 was the hour at issue. I think I said lets holding gaming to the hours of operation. Mr. Oberlander stated he did not know how many of the people in attendance were full-time city residents, some are, many are not. For the people that live in town, they said limited gambling. If you limit it to 24 hours per day, that's great. But I think the idea here was to keep Deadwood kind of the same place, to make it more fun to come to but I don't know if 24 hours of traffic is going to be much fun for the people who live here 24 hours a day. It certainly isn't going to be much fun for our police department. My opinion is, and it hasn't changed from the beginning that I would like to see some limitation, at least some closed hours at some point during the day. Its probably not a very popular opinion, but that was my opinion to begin with. You still have 2,000 full-time residents in this community who is going to bear the brunt of the traffic and the - law enforcement, those kinds of things that have to be considered. Not just the people who are in the gaming business I think money - I think you hit it on the head you set the rules and now the rules

are going to start to change a little bit. In North Dakota I understand you fit more machines into more places and bring more people to town.

Melody Nelson of the Deadwood You Bet Committee stated we specifically stayed away from that when we wrote the statute. We never intended to limit the hours. We talked about it at times but we thought that if a business indeed stayed open 24 hours then they should be allowed to gamble 24 hours. In my own business, right now, is a bona fide business before we ever started to gamble, we open at 6:00 a.m. Does that mean for an hour I have to close off the slot machines if I choose to have slot machines. Or the motel part that's open 24 hours a day. The Deadwood You Bet Committee, yes, limited gambling, but we never once intended for the hours to be limited.

Ms. Crew stated wouldn't you think of limited gambling as limited to three games?

Ms. Nelson stated that's right, and limited in the bet and the size, the amount of games.

Mr. Keehn stated he thought Ms. Crew's amendment accurately corrected it without the scrutiny in liquor license. I think that free enterprise will dictate whether a person stays open late or not.

Mr. Blair asked Mr. Tellinghuisen if a bar as a building stay open and not serve liquor after 2:00 a.m.?

Mr. Tellinghuisen stated yes, I think you can. You can't serve it and you can't consume it.

Mr. Blair stated in essence the Old Style could be open 24 hours a day provided that it statutorily did not serve any liquor or allow anyone in that establishment to consume liquor during those hours. My suggestion to the Board was that 28:18:21:12 is redundant. You could probably strike it from the rules altogether because you already have, in statute, rules of that licensee's operation and he has to abide by those rules and if he can't serve liquor from 2:00 a.m. until 7:00 or 8:00 a.m. then he has to follow that law. If he doesn't follow that law that gentleman in the corner (Gromer) and that gentleman in the chair (Tellinghuisen) are going to come down with both feet and the simplest thing may be to strike the whole measure altogether.

Mr. Nord suggested these remarks be received and take under advisement tomorrow.

Mr. Lien stated this issue would be taken up in the morning. Mr. Lien then returned to the public hearing for any more input.

Mr. Lien then returned to the regular Commission meeting and asked Mr. Gromer for his progress report.

Mr. Gromer stated just to update you, as I alluded to you in the meeting prior to this I have had contact with representatives from McGladrey &

Pullen concerning certain consultation involving auditing and account. I have submitted to you certain proposals that they have put to us. After some discussion Ms. Crew moved that Mr. Gromer be authorized to enter into a contract with McGladrey & Pullen in view of the fact that his investigation indicates that they would be an appropriate firm for us to contract with and not to exceed \$120 per hour. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer advised the Commission that he has entered into a contract with Mr. Richard Tobin for office space. It is anticipated that Mr. Gromer would be moving into that particular office area after the Labor Day weekend. The cost will be \$6.50 square foot/year. Mr. Gromer further stated that he did have to enter into a three-year contract.

Mr. Gromer stated that he has advertised for an Administrative Assistant and Security Director. The deadline for receiving applications is August 15th.

Mr. Gromer stated that Mr. James Maida of New Jersey has been retained for slot machine testing and specifications. Mr. Maida informed Mr. Gromer that if the rules can be adopted at this public hearing and we proceed immediately, all testing of the machines should be able to be done within a 45 to 60 day time period with no problem.

Mr. Lien stated a request to support the Western Expressway was requested. Mr. Nord stated it was out of our jurisdiction. After some discussion Ms. Crew moved that the request be tabled. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer stated that to date we have received 13-14 support license applications and one retail application. He encouraged the people of Deadwood to get the applications in so DCI can get ready to go on the background investigations. He wished to have them concluded the first week of October.

Mr. Lien then declared the meeting adjourned to reconvene at 10:00 a.m. August 17, 1989.

AUGUST 17, 1989
10:00 A.M.

Mr. Lien called the meeting to order with the following members present: Karl Fischer, Karen Crew, Evans Nord and Kristi Wagner. Also present were: Don Gromer, Executive Secretary, Cora Hunsley, Secretary, Bill Srstka and Kit McCahren, Attorneys.

Mr. Lien entertained a motion that the white copy of the rules be adopted as a working set of rules. Once that has been adopted he would like to go down the rules, finish that up, have the Executive Secretary go through the rules and note all the changes made in this and point out any strong differences. The Commission will probably cover each item and try and settle those, but there will be no public input. This will be done to get something finished on the agenda and the clock running. Mr. Lien stated that they have left areas for changes that the people can propose and the Commission can change. Mr. Nord, Ms. Crew, Ms. Wagner and Mr. Fischer moved the white copy be adopted as a working set of rules. Second by Ms. Crew. MOTION CARRIED.

Mr. Srstka suggested the Commission adopt Mr. Gromer's comments from yesterday and make those part of the working copy. Mr. Lien entertained a motion to adopt the comments added to the working rules by our Executive Secretary yesterday. Ms. Wagner moved these comments be adopted. Second by Mr. Fischer. MOTION CARRIED.

Mr. Lien asked Mr. Srstka to review Mr. Cabot's comments and suggestions. Srstka stated that quite a few have been covered in Don Gromer's comments but there were quite a few that weren't covered.

20:18:03:03 Delegation is a valid comment and that should be dealt with. Mr. Lien then read Mr. Cabot's recommendation: The Commission may wish to consult with its counsel to ascertain whether the total delegation of a statutory mandated action would be lawful. In the situations requiring a decision be made by the Executive Secretary, the Executive Secretary may assign employees to research and report the problem. But, the Commission may wish to require that the Executive Secretary make the actual decision. Mr. Srstka stated the reason he says this is because of the comments from Doug Decker of LRC about delegation. Mr. Srstka stated it should be cleaned up so the Executive Secretary makes the final decision based upon any power that he's delegated his employees. Ms. Crew moved to adopt the rule. Second by Ms. Wagner. MOTION CARRIED.

20:18:04:01 Petition for Declaratory Rule; 20:18:04:02 Commission Action on Petition has been covered. 20:18:04:03 Number of Copies of Petition; there is nothing you can do about payment of fees, only in the situation of insurance and voluntary compliance can you do that.

Mr. Gromer pointed out just for a matter of record on the rules we had a mis-number there I think we had a 20:58:04:83 I think it ought to read 20:18:04:03 in our rules.

20:18:04:03, Mr. Srstka stated there wasn't anything they can do about that the law restricts, you have to get a statutory change.

20:18:05:01 Number of Copies of Petition, nothing you can do about that, that's a statutory requirement about petitions for rules change.

Licensee's Contracts, Mr. Srstka stated he had a comment he made at the beginning to amend 20:18:01:01 to add a new definition defining gaming contract. Ms. Crew moved to include in 20:18:01:01 a new definition defining gaming contract. Mr. Cabot referred to Appendix A, New Jersey's definitions. Ms. Crew amended the motion to redirect counsel to draft language in regards to gaming contracts and look at New Jersey's definition. Second by Mr. Fischer. MOTION CARRIED.

Page 5 is just a summary. Page 6 is a summary.

Page 7 is a summary but there are some other items that Tony suggested go in the application forms. There will be some changes on application forms 20:18:06:01 it will be picked up.

Page 8, Comments on Proposed Regulations, Tony suggested the catch line of 20:18:06:01 be changed. The second paragraph is an important one, the Commission should consider requiring the applicant to sign a document releasing all claims that may arise out of or by reason of the processing or investigation of the applicant. We have that now and it may not be necessary to put in a rule. Tony thought it ought to go into a rule even though its already in the application. Ms. Crew moved that it be included in a rule. Second by Mr. Nord. MOTION CARRIED.

Mr. Srstka stated he asked Mr. Gromer on the last paragraph, As the Executive Secretary must direct the staff in the conduct of the investigation, the Commission may wish to consider giving the Executive Secretary the authority to require the applicant to complete additional forms and to supply documentation needed to complete the investigation. It was already included so doesn't think we need it.

The top of page nine there are two indented quotes that he proposed as rules. Mr. Srstka stated they were already covered.

20:18:06:03 Use of the application fee-additional fee, was already covered.

Page 10, 20:18:06:04, no comment; 20:18:06:05 Termination of Employment of Support Licensee. The only change was to include in writing. 20:18:06:06 Conditions Imposed by Commission for Reissuance of License. Mr. Cabot suggested that it be expanded to include conditions for issuance of a license in the first place. The Commission has that authority to do that. 20:18:06:06 would have a new section Conditions on Issuance, lets call it

20:18:06:07. Ms. Crew moved that the addition be added to the rules.
Second by Ms. Wagner. MOTION CARRIED.

20:18:07:03 Hearing on Reference or Appeal, page 10 and 11, a very important policy decision. The way these rules are drafted, the Executive Secretary can license and if the license is refused, can appeal to the Commission. I would be more comfortable with adopting Tony's comments where the Commission does all the licensing, the Executive Secretary can make a recommendation. It should probably be adopted and re-write those sections accordingly. Ms. Crew moved we adopt that rule but adopt Tony's comments as well and that we instruct our counsel to draft language consistent with Tony's comments into that rule. Second by Mr. Fischer. MOTION CARRIED.

20:18:07:08 Job Description-List of Personnel. Mr. Cabot wrote The Commission may wish to consider a separate rule that employment by a retail licensee of an unlicensed person who is required to have a support license is grounds for disciplinary action. Mr. Gromer stated it was already taken care of.

Page 13, Transfers of Interest. Mr. Cabot's comment was The Commission may wish to consider a rule that no person shall sell, purchase or otherwise convey or acquire an interest in a gaming operation without the prior approval of the Commission. Ms. Crew moved that in the event Mr. Cabot's comments regarding that rule aren't written into the language the Commission instruct counsel to draft a rule to effectuate that. Second by Mr. Nord. MOTION CARRIED.

Other Individuals, this suggestion deals with two parts. Part of it we may have covered, the act does not require the licensing of persons who have a right to share in the profit. The rule that we have would require a licensee to report quarterly the name of every person who has a right to share in the profits. Mr. Cabot suggested the Commission may wish to supplement this rule by providing that it is grounds for disciplinary action for a licensee to share profits with an unlicensed person without the prior approval of the Commission. Moreover, the Commission may wish to consider a rule that would allow it to prohibit licensees from having associations with unsuitable persons in positions such as landlord. Ms. Crew asked if the bank wanted to take as collateral proceeds from gaming, net proceeds, they would be unlicensed, we would require them to be licensed, of course. Would it just - that we be notified of it? Mr. Srstka stated that's what this rule would say, notification and prior approval. Ms. Crew moved that we supplement our rules to include the Commission be given notice and has the right of prior approval of any licensee sharing profits with an unlicensed. Second by Ms. Wagner. MOTION CARRIED.

Mr. Srstka stated unsuitability was covered but it's not covered as far as landlords are concerned. You would want to consider a rule that would you to prohibit a licensee from having association with unsuitable persons in positions such as landlord. Mr. Srstka stated this was another thought, 20:18;09:01, page 18 starting with (5) going on through (19). Mr. Nord moved that 20:18:09:01 the additional provision that the Commission prohibit

licensees with having associations with unsuitable persons who happen to be in the position of landlord. Second by Mr. Fischer. MOTION CARRIED.

Slot Manufacturers/Designers. Mr. Srstka stated this one should be passed.

Tie Votes. Mr. Cabot asked what happens to tie votes, Mr. Srstka stated the motion was lost.

Locations, Mr. Cabot asked if the Commission wished to define locations. After discussion it was decided to let the City handle this by zoning.

The number and types of games, does the Commission wish to exercise this authority? In other words to limit you can have no more than "X" amount of card games, no more than "X" amount of table games, no more than "X" amount of slot machines. Do you wish to exercise this authority or not. The Commission said no. Second, if the Commission allows more than three or four live games at a location, you may wish to require more extensive security measures including surveillance cameras, pit personnel and fill, credit and drop procedures. I think you're already considering fill credit and drop procedures and you're tying that in with pit personnel so I guess your talking about electronic - Ms. Crew stated why don't we just reserve it. You don't have to go the rule procedure again because we reserve the rule on that issue. Mr. Srstka stated we could put it in as a catch line and put reserve. You could adopt the body of the rule, you'd have to adopt that its - you'd have to say Section catchline Electronic Surveillance and then put reserved in (). Mr. Nord asked that it not be put in.

Page 14, Shareholders Owning Less than 5%. Mr. Srstka stated Mr. Cabot said if there is any concern about unsavory elements infiltrating, coming below the 5% exemption, you may require them to complete as many applications, requiring such people to skeleton information as to their background and source of funds, and requiring them to attest that they are not holding their interest for any other party. If a cursory investigation raises concerns, the Commission may wish to have a provision requiring the person undergo full investigation. Ms. Crew moved that they adopt the comments by Tony into that rule and that counsel should draft the rule effectuating that. Second by Mr. Nord. Mr. Gromer asked if this would permissive language in a sense that we may conduct it doesn't mean that we will? Ms. Crew stated if you run into some problems you can require more. MOTION CARRIED.

Srstka stated on page 15 Tony has two good comments on 20:18:08:01 Enforcement Powers, they were partially addressed yesterday, I don't know if they were adopted. That is the two indented paragraphs on page 15. Two catchall provisions to add to the enforcement powers of the Commission. Mr. Gromer stated they were read.

20:18:08:03 Access to Premises and Production of Records, the words licensee person are undefined words. Srstka stated that was a typo that has been cleaned up. He talks about including all employees and agents of the agents of the licensee. As far as the qualifying licensee or designated manager or agent - Don, did you study that part right there. Mr. Srstka stated he

thought the Commission ought to include that, the Commission may wish to expand the list to include all employees or agents of the licensee. Ms. Crew moved that Tony's comments on 20:18:08:03 be adopted. Second by Ms. Wagner. MOTION CARRIED.

The last paragraph deals with false impersonation and we felt that there wasn't going to be any problem with that at this time.

Page 17, Proposed Rule 20:18:09:01 striking those three subsections you did yesterday.

20:18:10:01, 20:18:10:02, 20:18:10:03, this you did yesterday, frivolous complaints, so you already adopted that on the Gromer comments. Same way with 20:18:10:04.

20:18:10:05, I talked to Tony about that, he misread our statute rules so we can disregard that comment.

20:18:10:06, 20:18:10:07 and 20:18:10:08, no comment.

20:18:10:09 Disqualification, I thought that we disqualified a Commission member who signed a complaint. We did. Why does he say there is no general requirement for a Commission member to be disqualified because that member filed a complaint. I suppose he means in the gaming law, there is a requirement in the Administrative Procedures Act. We can disregard this comment.

20:18:10:11 Final Action by Commission. Again I explained to Tony that the Commission did not have authority after a formal hearing, condition, monetary penalty or assessed cost. It does have the authority under stipulated settlement to require payment of cost. Ms. Crew asked if a statute was needed for this. Srstka stated you will need a statute for the monetary penalty.

Page 22, 20:18:22:11 Gross Revenue Computations, terminology change, substitute black game for table game and poker game for card game. Mr. Fischer moved the changes be adopted. Second by Mr. Nord. MOTION CARRIED.

Srstka stated the forms - he says how are the tax forms to be adopted? The forms could be adopted by rule, by the Executive Secretary, by delegation, or by separate vote of the Commission. Srstka asked if there was something about the adoption of taxation forms? If not, we should say upon forms furnished by the Commission. Ms. Crew asked if there was a rule that the Commission generally have the power to approve them? Gromer stated that was referring to the application forms, there is nothing that I can remember on any other forms. Srstka stated the tax should be paid on forms furnished by the Commission. Ms. Crew moved that in the event we do not have a rule that we feel sufficient to cover adopting forms on taxation that we direct counsel to draft a rule that would effectuate that purpose. Second by Mr. Fischer. MOTION CARRIED.

20:18:15:14 Proposals for Variations, Tony says that we should more precisely state that rule with the quote Upon written application of a retail licensee, the Executive Secretary may approve variations in the shuffle... All it does is require writing. Ms. Wagner moved that Mr. Cabot's recommendation be adopted. Second by Mr. Nord. MOTION CARRIED.

20:18:15:30 Irregularities, Mr. Cabot recommended it be clarified that if the card is refused by the player and the dealer is not required to draw additional cards pursuant to Rule 20:18:15:29, the card must be burned. Mr. Fischer moved this change be adopted. Second by Ms. Wagner. MOTION CARRIED.

20:18:16:07 Form of Wagers. Mr. Cabot recommended the Commission consolidate the blackjack and poker and place it in the General Operations section. Ms. Crew moved that we place that particular rule, consolidate the blackjack and the poker in regard to form of wagers into one proposed rule 20:18:15:31 - Mr. Srstka asked to interrupt, 18:15:16:08 and 18:15:16:09 deal with the exact subject, consolidation, placing in the General Operations. Ms. Crew then stated and that we direct counsel to draft the rules regarding those three rules to effectuate that. Second by Ms. Wagner. MOTION CARRIED.

20:18:16:10 Use of Counting Device Prohibited. Mr. Srstka stated he thought what the Commission can do is take both uses of counting and cheating devices and blackjack and poker, consolidate them and stick them in general operations, just like we just did with the other three. Mr. Fischer moved that this be adopted. Second by Mr. Nord. MOTION CARRIED.

20:18:16:38 Use of Defective Deck. Mr. Cabot stated the Commission may wish to consider including a definition of a defective deck. The Commission did not wish to make a change.

20:18:16:45 Proposals for Variations. Mr. Srstka stated this was another area where you could take two sections and combine them and stick them in General Operations. Ms. Crew stated that it should be indicated that counsel should review the rules and any section where they think they should be in the General Operations section, they be redrafted and put them in the General Operations section so long as the meaning of the rule does not change. If they want to rearrange a section they should draft it to effectuate that purpose. Srstka recommended to leave as is.

20:18:16:48 Procedure for Accepting Cash at Poker Tables was a written comment received from the industry out here and is also talked about by Tony, its the use of an imprest bank at the poker table. There is enough authority in the rules to allow the executive Secretary to permit it once you get going. If there isn't enough authority maybe you want to give the Executive Secretary the authority to approve that, but I think its there. Mr. Gromer stated based upon the comments that Tony has given and the comments that were received from the industry out here, he would probably concur that its a necessity to have an imprest bank at the poker table. Mr. Fischer moved that this be adopted. Second by Ms. Wagner. MOTION CARRIED.

20:18:16:51 Procedure for Distributing Poker Chips and Coins to Poker Tables. This would be part of the imprest bank. Mr. Gromer stated that would probably change the semantics of the rules if we went ahead and used the imprest bank system.

20:18:17:06 Progressive Slot Machines. Srstka stated first there was some talk about allowing them, not allowing them, they are in the rule now. Srstka read Mr. Cabot's comments. Srstka asked if the Commission wanted to prohibit progressive slot machine teams. In Nevada somebody will hire a bunch of people, pay them a flat rate and their job is to play progressive slot machines for four hours. Gromer stated what they do is watch the calibration or meter readout on the payout procedure and when they see that its at the point of payout or exceeds it the theory is to embark on attacking machines and they hire people to consummate all the machines at a simultaneous time and start feeding money into it until which time its hit. They will not allow anybody outside the team to play the machines. Gromer would recommend on the handling of these teams, that a small community such as Deadwood, that if they saw such an activity occurring, I would certainly appreciate, from a security angle, that I or my office be notified and we will certainly instigate the necessary investigation procedures on an orchestrated team of that type. Ms. Crew stated Tony suggested they be excluded. Mr. Srstka stated he would not be recommending adopting, exclusion of a rule until you know better what - Mr. Blair stated don't you feel that if that should happen, you already have - particularly at your card tables you talked about yesterday, you have the ability to refuse the service to anyone and ask them to leave your establishment. I guess as a good businessman you would think that has a negative impact on the industry. We have the ability to do that right off the top. If we find that a group attached themselves on a machine if it was ready to be paid out - Gromer stated it would be advantageous if we were notified about that. This Commission has the authority to articulate public policy. You ought to say its the public policy of the State of South Dakota not to have these teams. Mr. Srstka stated this ought be postponed. You may have to have the legislation to modify the contract law to make sure you can do what you want to do. Mr. Apa asked if you had four machines tied into a progressive, four people walk up to it and start playing, how do you identify teams. Mr. Gromer stated a lot of it depended upon the circumstances, if they play it for two, three, four hours, that's another matter. But if you start seeing them embark on a 24, 36, 48 hour affair. The only person who can get hurt on that type of affair is the retailer. Mr. Howard Daniels of Las Vegas stated it was common knowledge that teams play. That kind of thing is pretty much tolerated. Teams lose money too.

Mr. Lien called a short recess while the attorneys contacted James Maida in New Jersey.

Mr. Lien called the meeting to order. Mr. Lien stated from his understanding that no limits would be set on payouts, but probably a guarantee of an irrevocable letter of credit would be imposed on the gaming establishments to make sure that it was met to protect the players. Ms. Crew stated there was another proposal that there be some kind of pot in the Commission's name that it is commensurate with how the play is - do you

think we should consider this as well. Mr. Lien stated from his view, rather than get involved is to have each establishment put up a irrevocable letter of credit. Dave Harcourt of SoDak Gaming, stated there are two kinds of progressive systems under discussion simultaneously and we need to separate those two. A progressive system can operate inside one establishment with the machines that they own or operate and the Commission is going to have to address that in terms of how that is going to be paid in security. The other kind of system on an interlink progressive system through the community where all or nearly all of the operators are tied to it does not necessarily have to be fronted by the operators themselves, so they would not necessarily have to put up the cash. Because that's done on an assessment back basis in a minuscule kind of guarantee from the progressive operator to start the fund would give you the security you need, because the bank account would, in fact, hold the fund in the name of John Doe, Winner. Therefore, the bank would be responsible, if the bank goes under we've got a problem. I don't think there's a problem of putting that account in the name of the Commission, but interest would definitely be a part of the discussion, because a good of the profit of the progressive system is the fact the interest rate is paid by the bank. Ms. Crew stated there would be a problem putting it in the individual person's name, is it your intention to put it under SoDak's name? Mr. Harcourt stated no, John Doe, Certified Winner name. Mr. Harcourt asked, can the Commission put in some sort of general language that says that a plan must be submitted that meets the fiduciary requirements of guaranteed payment back to the winners and protect the Gaming Commission and the players? Mr. Lien responded the Commission could do that as long as they approve the plan. Mr. Harcourt responded they would like to have the flexibility of either having a system in their place by themselves and put a cap on it, but some may want to go together on one and let it run. They'd make the deposits every week. They would like to have that kind of flexibility to deal with it in the future. Gaming Commission approval is mandatory. Mr. Trucano stated maybe as a starting point to have a signature withdrawal from that account, Mr. Gromer could be one of the signatures, the operator - Mr. Apa wanted to know if it would be a total payout or a 20 year payout.

Mr. Lien stated he was waiting for the attorneys to return, so he would like to cover some other business. Mr. Lien stated the next meeting will be in Pierre. Ms. Crew moved that the next meeting be held in Pierre on September 27, 1989. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien then asked Mr. Srstka to continue covering Mr. Cabot's recommendations.

20:18:17:10 Keys to the Drop Bucket.

Mr. Gromer stated there were some suggested comments he would like to bring to the attention of the Commission, particularly 20:18:17:11 Slot Machine Keys. Gromer stated the suggestion made is that 20:18:17:11 should read "the key to the compartments securing the drop box must be maintained and controlled by the machine owner instead of retail licensee. It is my understanding that there will be certain arrangements made between an operator and retail licensee where the operator will maintain the count in

the drop procedures. Therefore, they feel they should have control of the key to their own machine.

20:18:17:12 Jackpot Payouts. Mr. Srstka read Mr. Cabot's recommendation to rewrite the rule. Lien asked if they wanted four signatures, four employees or two. Srstka replied on page 100 strike out (7). Gromer stated he received a good suggestion, (6) only requires signatures of the retail licensee and the suggestion was the person paying the jackpot and the slot patron receiving the payment. Gromer stated he and IRS would need more information than just the signature of the name receiving money. We're gonna need name, address, social security number, etc. from the patron. Ms. Wagner asked if following that it should read the jackpot payout tickets must be delivered to the accounting department of the machine owner rather than the retail licensee. Gromer responded yes. Mr. Nord asked if this would be possible. Gromer responded if you own an establishment (A) and I furnish machines to you on some type of a contractual basis, someone comes in and hits the jackpot, you're not gonna pay the jackpot, the operator or the machine owner will. It will be his responsibility to be there on site to pay the jackpot. Srstka stated what the question would be would be to strike (7) on page 100 and make the necessary changes in (6) to provide for the appropriate tax information. Ms. Wagner moved the changes be made. Second by Mr. Nord. MOTION CARRIED. Srstka asked the last sentence of Mr. Cabot's comments, the person actually operating the machines should maintain the accounting for the machines. Gromer stated the person operating the machine should maintain the accounting for the machines. Gromer requested for the simplicity of accounting procedures and the collection of fees and taxes occurred thereof, he would like to cut down his workload and have the machine owner again be responsible for the submission of the gross revenue tax receipts and the actual licensee stamp itself. Srstka stated it should be in the form of a motion. Ms. Crew moved the change be made. Second by Ms. Wagner. MOTION CARRIED. Srstka stated in other words the person who owns the machine is responsible for payment of stamp and tax for registration, taxation and licensing. After discussion for the definition of owner or operator. Mr. Trucano stated operator is defined in the statute as one and the same. Gromer stated the question brought to his attention on the definition of operators and retailers is in the application proceedings. There is some confusion as to whether or not one should apply for a retailer license or an operator license. Gromer stated he felt that if you're going to own your own machines in a given establishment that makes you an operator. If you are going to lease machines or enter into some type of a contract with an indemnity to provide you machines, then you are a retailer. Srstka read the definitions of operator and retailer. Mr. Lien stated if you are an operator and a retailer in your own place you will have to buy a license for both the retailer and an operator but one security check. Gromer stated they would have both licenses because it's prescribed by statute. By statute they would have to pay for those licenses the only thing we're not doing is charging them the excess for the background because it's the same background. Srstka stated that the owner of the machine is responsible for the registration, taxation and licensing. As Don suggested there is an ambiguity that is going to have to be resolved, because operator wouldn't necessarily have to be the owner of the machine. Ms. Crew asked how would you suggest solving the ambiguity? Lien asked what the question

was. Srstka responded you adopted the owner of the machine with the understanding that that definition may not fit into - the owner may not fit into the definition of an operator or the definition of a licensee. Ms. Crew amended her motion to insert operator instead of owner. Second by Ms. Wagner. MOTION CARRIED.

20:18:17:16 Meter Count Procedures. Gromer stated he would like to give the opportunity to the operators to either use a coin counter or a weigh machine. Srstka asked if they were going to use a weigh machine, coin counter, wrap machine, all of them or none of them. Lien stated it was coming up to be voted on. Gromer also brought to the attention of the Commission is a test run of 25 coins, a recommendation was made to change that to four.

20:18:18:03 Report of Test Results. Srstka read Mr. Cabot's recommendations. Srstka asked the Commission's thoughts on the licensing of machines already approved in another state. Srstka also stated if it would say the Commission would not look at any manufacturer or machine unless they're licensed in New Jersey or Nevada would not be a problem. Just to give blanket approval to any person who is licensed in Nevada or New Jersey would be a problem and to say you are giving approval to any machine licensed in those jurisdictions, I have a problem with that. Ms. Crew asked if it would be the time to bring it up, it would sort of fit in with slot machine specifications. Mr. Lien suggested the Commission shall have the authority to approve up to six models of any manufacturer currently holding a license in Nevada or New Jersey, shall be permitted to offer for sale no more than who the manufacturer licensed in either New Jersey or Nevada so long as the machines have been tested and approved by said jurisdiction on the date of the adoption of the rules. McCahren responded Section 18:04 Field Test of New Slot Machines, the Executive Secretary already has that authority. The Executive Secretary can make a preliminary determination as to whether a machine meets the requirements of this article and South Dakota law, that machine can be placed for field testing and play. Srstka referred to rule 20:18:13:01, its a general rule that all machines, devices have to be approved by the Executive Secretary. 20:18:13:02, the Executive Secretary may require testing. The machine has a good - something the Executive Secretary could verify that is licensed, proved, tested, has a good history, why does he have to have it tested and why can't he approved that without passing this motion. Ms. Crew stated she was worried about competition in the industry. Srstka stated if you're gonna talk about competition in the industry you would have to revise your specs so they are not exclusive of anyone.

Mr. Fischer read a letter from Mike Trucano which listed seven different things on it which Mr. Trucano received from Universal.

1. Page 85 of the white copy, paragraph 3, line 5, strike out credits available for play.
2. Page 86, paragraph 1, line 3, strike credits available, bets placed, credits or coins paid, credits cashed out, and any error conditions. They wanted those deleted. Mr. Maida recommended they be left in. The reason for it is if the game had a malfunction and a guy says I had a 163 credits when I started here

the last game and now the machine has gyped me. This way you can go back to two games and see how many credits they had and find it out. Maida stated no problem on the RAM storage, at the most it might take 100 bytes of memory on a 16K chip to store this information going back two. As far as any requirements whether this extra information would take very much storage on a chip, he said it would be insignificant.

3. Page 89, 20:18:17:04(2), Mr. Trucano wanted the words or sealed added after locked. Mr. Gromer stated he would like to see one or the other, if one person is going to have it sealed they're all going to have it sealed. Gromer stated he wouldn't have a problem with locked or sealed. Mr. Maida commented that all the machines he knew about carried a lock on them presently.
4. Page 90, 20:18:17:04(8) add the words or sealed after locked.
5. Page 93, 20:18:17:04(f) Trucano wanted to substitute extra coin or coins paid out for hopper runaway. Maida recommended it read Hopper runaway or extra coin or coins paid out. Mr. Trucano stated there was no machine that will detect every hopper runaway so they wanted to define what a hopper runaway was. If the machine is properly operating that condition can be shown but if the machine isn't properly operating then there is no machine that's going to detect every single hopper runaway.
6. Page 93, 20:18:17:04(i), Mr. Trucano wanted the entire section deleted. Maida recommended this not be deleted. Trucano stated the reason - what it was talking about is on the final reel it stops a little above or below the pay line could create a problem on a jackpot or three of a match, the way many companies handle this is they just pay the customers anyway. What this says that in a final position of a reel the position error exceed one-half of the width of a small symbol, on a reel strip it's no good, it's an illegal machine. Ms. Crew asked if he preferred they put in there if it exceeds that it would pay anyway. The machine would be calibrated to do that? Mr. Fischer stated Mr. Maida stated Universal machines in New Jersey already had this capability. McCahren stated they have to have it to make the machine work. Mr. Astbury stated the reel symbols have nothing to do with your pay. The reel symbols are just a reflection of what the computer tells it to do. The actual pay is set up by the computer. Fischer stated all it does is when you start the button the it starts the reels turning - Mr. Astbury stated and the - tells it where to stop. So what happens is mechanically, occasionally, you're machine may index a half of stop off or something on a reel. The computer still would pay it out of the machine. Srstka stated all this requires is that the machine indicate that this error has occurred. He further stated Maida said all it has to do - he said all the Universal machines in New Jersey do this, they indicate when this error has occurred. That stops the machine then the attendant has to come and clear the air. Mr. Astbury stated he didn't know what Universal does. According to what Universal has said to Mike, they do not show what we call a half card, they have no way of finding that out. Trucano stated if Universal has it anyway that would not be a problem.

7. Page 93, 20:18:17:04(j), Trucano requested after itself insert for primary battery user. Ni-Cad battery user must replace battery at manufacturer suggested intervals. Maida suggested it be left in. Srstka stated what this is is that this spec is designed so when the RAM battery is low that it will flash up on the machine. What Mike's suggestion is that if you put a nickel Cadmium battery in there, the machine has a nickel Cadmium battery you don't have to have this flashed up on the machine as long as you have a requirement that the licensee replaces the nickel Cadmium battery according to manufacturers specifications. What Maida says, is that's fine, nickel Cadmium batteries are long life batteries. But, how do you know if you have a defective nickel Cadmium battery, you don't know that without some kind of test being performed.

Ms. Crew asked Trucano if he could get machines to fit Mr. Maida's suggestions. Trucano responded not from Universal as long you're going with this. Mr. Maida said the last two were okay to do it anyway, yeah, I can get a Universal machine. Trucano asked what were the first two. Srstka replied the first two were credits available for play. Trucano responded he couldn't in a timely manner precluding that company and some other companies. McCahren stated Maida thought they would almost have to try to go around that to complete their software program anyway. Go through that step anyway with the other software requirements. It wouldn't take anything at all not to get that in there, they would almost have to try not to do that. Maida said the standard state of the art now is include as many back games as you want, he couldn't imagine how or why you'd even devise a program to go back to the back game unless you had credits available to play in there so you could resolve disputes. Trucano stated he was not an engineer, he spent a couple hours on the phone with Universal after we got the new specs, with Ron and if you don't adopt the suggestion of Mr. Lien's as far as letting licensed manufacturers in Nevada or New Jersey provide up to six models - provide that they meet the statutory specs I think that - these people are telling me that they cannot meet those specs. Lien stated he didn't believe it's the intention of this Commission to limit it only to one manufacturer, we're looking for some competition in this area for all of you and for the good of South Dakota. Gromer stated for the purpose of the Commission's record I think its important to understand how these specifications were derived. When we went to Nevada, Mr. Srstka and Mr. McCahren met with the staff from the Attorney General's office and they told us at that time that they were in the process of drafting these specifications for slot machines. Once they were finished, we obtained a copy of those specifications and incorporated into these. The question I ask is why are these different than the yellow copy, the difference is that because the yellow copy reflects old specifications, these are, if you want to use the computer terminology, is the newest state of the art specifications in the industry today according to Nevada standards. Srstka stated Universal is meeting them right now, in order to have machines introduced in Nevada, they got to meet them. Astbury stated that was incorrect, you could sell any machine that's already been licensed in Nevada. Srstka stated any new machine you bring on-line has to meet these specs. Trucano stated Bill is absolutely correct. What mitigates the

problem in Nevada is that Universal has several very successful models that the build, 1,000 a month, they are brand new machines but they are prior approved models that meet the yellow book specifications and that gives them enough time to develop to comply with the new specifications. Lien asked if what we have done in our specs is really spec'd out anything that's been proved in Nevada and took their toughest one. Ms. Crew asked what do you think about this Commission? The Commission shall have, and I would say in addition to the specs that we're going to adopt, the Commission shall have the authority to approve of the six models of machines of manufacturers meeting statutory requirements licensed in either Nevada or New Jersey or such other jurisdiction as the Commission shall approve so long as the machine has been tested and approved by said jurisdiction on the date of the adoption of this rule. That doesn't mean we wouldn't test them again if we ran into trouble by delegating authority. Because we haven't delegated authority. On a case-by-case basis we could adopt these specs, we could also approve other machines with the Commission's approval. Trucano stated that would be fair, that way you would have a level playing field for all manufacturers rather than one then. In the overall scheme of things what's best for the community and what's best for the player and the operator and the retailer and the manufacturer in the long run, I think that would - Mr. Apa asked if he could make some suggestions, when you're bidding, like when you put out a bid spec like they are, when I was with the county most of our bid specs were cat specs, per se, but not to exclude anybody we always said that any bidder - if he could not meet these specifications must show the deletions or exceptions to this specification. Now if you had something like that in that wording would that allow competition? Ms. Crew stated if Mr. Maida is right and Universal could do this. I can tell you right now the Commission isn't going to approve any other thing except machines on those specifications. What I was hoping this would do is give us the authority, if in effect, Mr. Maida's wrong about that and we only have one manufacturer. This would give the Commission the ability to do that and I think what I'll do is I'll just - why don't I just put in there we will test them. That would do.

Mr. Lien declared a three minute rest stop.

Mr. Lien continued the meeting stating there are some conversations going on between our consultants and suppliers in trying to solve some of these problems so we do not have a solution for that at this point. We will continue on, finish up and come back to these unresolved problems.

Srstka stated we're on page 44 of Mr. Cabot's suggestions. Slot Machine Fill Procedures is something we haven't done yet. There are no proposed rules for slot machine fills. Mr. Cabot recommended that we have the fill procedure. Mr. Nord moved Tony's recommendations regarding Slot Machine Fill Procedures be adopted. Second by Ms. Wagner. MOTION CARRIED.

20:18:19:02 Cards - Receipt, Storage, Inspections, and Removal from Use. Mr. Cabot suggested the Commission divide this into two separate rules, one for storing and one for receipt. Srstka stated actually you're dividing 19:02 and if you look at 19:03 I think you can handle them altogether.

Merge 19:02, 19:03 into the new rule 19:03. Ms. Wagner moved the changes be made. Second by Mr. Fischer. MOTION CARRIED.

20:18:19:04 Duties of a License, we had this at one time in the New Jersey - we'd taken the New Jersey rules and we kept this in a modified form, and Mr. Cabot suggested we modify it down further for simplification. Mr. Fischer moved that Mr. Cabot's recommendation be adopted. Second by Ms. Wagner. MOTION CARRIED.

20:18:19:07 Distribution of Cards, Mr. Cabot recommended changes. Mr. Nord moved Mr. Cabot's recommendations be adopted. Second by Ms. Wagner. MOTION CARRIED.

20:18:21:06 Discovery of Violations. Mr. Cabot suggested the Commission may wish to expand the scope of the rule to include "suspected" violations. Ms. Crew moved Mr. Cabot's recommendation be adopted. Second by Ms. Wagner. MOTION CARRIED.

20:18:21:07 Changing of Games. Ms. Wagner moved Mr. Cabot's recommendation be adopted. Second by Mr. Fischer. MOTION CARRIED.

20:18:21:08 Unauthorized Games, Mr. Nord moved Mr. Cabot's suggestion be adopted. Second by Ms. Wagner. MOTION CARRIED.

20:18:21:09 Unlicensed Games or Devices, Mr. Cabot suggested a separate rule. Ms. Crew moved that counsel draft a rule effectuating all purposes. Second by Ms. Wagner. MOTION CARRIED.

Srstka stated the second paragraph of his comment he said that the Commission may wish to consider rewriting this rule to remove the concept of "licensed status" and replace it with the concept of games or machines without license stamps. Ms. Crew moved that the Commission delete anything regarding the license and replace it with the concept of games or machines without license stamps. Second by Mr. Nord. MOTION CARRIED.

Srstka read the third paragraph of Mr. Cabot's recommendation. The Commission may wish to consider a rule providing for the transfer of a license stamp from one device to another or from one authorized game to another. Gromer stated the only thing I would make a comment from a licensing procedure, the actual transfer of the stamp is going to be exceedingly difficult because it's gonna be a fixed stamp that's gonna be non-removable off the machine. What we may have to do is we may have to look at a reissuance instead of a transfer of an actual stamp. I can understand there would not be a cost incurred, you would not have to pay for an additional stamp. But, I can't see how I'm gonna be able to logistically transfer a decal from one machine to another. Srstka responded, let's say a machine is permanently damaged, it's still a licensed machine, and they paid the tax and they want to bring in a new machine, you have to be able to let them vacate the old machine and put it on the new machine. Why don't we just adopt a rule providing for the cancellation by transferring a license from one machine to another by cancelling the old license and issuing a new

license. Ms. Crew moved that the Commission take Mr. Cabot's advice and include in the rule, and if necessary a separate rule, a provision whereby that a licensed stamp can be transferred from machine to machine and the standards should be that if they are totally out of operation, mutilated, burned up in any way unusable, and we could include that such proof be made to the Commission and we would ask that counsel for the Commission draft a rule effectuating that purpose. Second by Ms. Wagner. MOTION CARRIED. Srstka stated I don't think that we should walk away from here thinking that this should only occur if the machine is damaged. I think we should understand that if a licensee wants to change a machine he can. Ms. Crew amended the motion to include that such things that should be done for the purposes already stated and for any other purpose for which the Commission would approve them. Second by Ms. Wagner. MOTION CARRIED.

20:18:21:12 Hours of Operation. Mr. Lien stated he thought with what we heard from everybody yesterday, we heard from - this is before we make a motion. Let me try and sum it up. It's the consensus of thinking that we inaugurate the hours of operation limited to your business and if you close your bar at 2:00 a.m. and don't open until 6:00 a.m. the gambling will be closed. We will stay with our rules but we will also encourage anyone to apply for a license to operate 24 hours and we'll take those on on an individual basis and probably approve some of those. Ms. Crew stated we would need a separate rule. We'll keep the rule that we have in effect but we'll have another rule that states the Commission may approve applications from licensees, and that includes any licensee, for an expanded period of operation to 24 hours. That the Commission may approve such application but if such rules of the Commission - Srstka stated we're gonna have to set some standards. We're gonna have to set standards about denial. Srstka anticipated it would work this way. If you have a beer, a wine or hard liquor license, if you're 7-11 you got a beer license, you're closed at 2:00 a.m. just like every else. Wine license, ditto. Hard liquor license, ditto. Everybody cannot game after their license says that they're closed. You will apply to the Commission for approval for a 24 hour operation. Ms. Crew stated you have to close as your license says unless you get the 24 hour approval. Not everybody is gonna want it. But, if you want 24 hour approval, even if you were in the liquor business you can get 24 hour approval if the Commission approves it. The thing that the Commission is going to do though, is if you request the 24 gaming operation you have to stay open 24 hours because we want law enforcement to know whether your open or your not open. The other thing is law enforcement will have a key to your door and be able to enter anytime whatsoever, of course if your open 24 hours and we force you to be open 24 hours with that application, the door better be open. Gromer stated you're not suggesting that law enforcement have a key if they have structured hours, are you? Ms. Crew stated I guess not. Srstka stated standards for denial have to be included. Things like law enforcement problems, primary business test - Crew stated that doesn't have nothing to do with hours. Srstka responded because that's the statute. Ms. Crew stated its a statute for giving them a license, not for hours. Srstka stated it was something they were going to have to decide here in the Commission. It's still a statute notwithstanding what your personal predilections are, the statute says your gambling can only be incidental to your primary business. So the standards are gonna be law enforcement, other

statutory considerations - Ms. Crew added and compliance with the rules of the Commission. If you're in violation of some other rule you're not gonna get a 24 hour gaming permit. Srstka stated the way the motion stands now, you don't change the rule, they may apply for - 24 hour operation or extended hours operation, whatever way you want to determine it, that the application can be denied based upon any of the following standards, that the application will be considered by the Commission without a hearing, but that in case of a denial the applicant can demand a hearing, the Commission must grant him a hearing under 1-26. Mr. Lien entertained a motion to this effect. Ms. Crew moved that we pass the statute as it is now written, with an additional proviso, which in the opinion of counsel, if we need an extra rule to effectuate that, that he draft an extra rule. If we could put it in the same one, we'd do it that way. In any event that provided, however, that the Commission may grant a 24 hour application permit to licensees requesting such a permit and that the granting of such a permit will be based on the following standards: Law enforcement cooperation, statutory qualifications, compliance with the Commission's Rules and with the Ordinance of the City of Deadwood, and any health and welfare considerations necessary. That, if such an application is granted to a licensee and all licensees are to be treated equally, if such a license is granted to a licensee that that licensee must stay open the 24 hours in the application until that permit is turned back to the Commission. Second by Ms. Wagner. Ms. Crew amended it to add and if an application is denied that the applicant has a right to a hearing and all the safeguards and due process procedures according to law. Second by Ms. Wagner. Mr. Apa thought this would be fair. Mr. Fisher had a question regarding the mandatory part of it, in other words if you apply and receive permission for a 24 hour operation, you either have to keep that place open 24 hours per day or you have to turn that permit back in and notify the Commission. Ms. Crew stated we've got to know what hours your open, we're not gonna have a deal where Gary Keehn is open till 4:00, Bodega is open till 6:00, etc. The law enforcement don't know who's open when. Your either open 18 hours or your open 24 hours, you turn back permit if you don't want to stay open 24 hours. Mr. Fisher raised the question of compliance with city ordinance. If the City Commission passes an ordinance that all gambling must cease at 2:00 a.m. That takes care of that. Ms. Crew replied no, it doesn't. We just talked about that, with the approval of the City Commission, what we said is the Gaming Commission has that authority and we're not planning on having any concurrent jurisdiction. You didn't have city ordinances in there. Ms. Crew stated if their in violation of them, like say they have a liquor license violation or anything like that - Gromer asked if a rule can supersede a city ordinance. Srstka stated the statutes states, it says the city of Deadwood permits limited card games and slots, etc. shall be regulated by the Commission on Gaming. Mary Dunn, City Commissioner, stated she had a problem - would it be possible to change it from a 24 hour to extended hours. I can foresee that some restaurants that would open at 6:00 a.m. would want to have some gaming between 6:00 and 7:00 a.m. and I guess I could also see that in the summertime we might all want to be 24 hour but would not want to be mandated to be 24 hours all year round. Ms. Crew stated turn your permit stamp in then, its gonna be 18 or 24 its not gonna be 18, 19, 20, etc. Its 18 or its 24 and the police have the ones with the 24, but that's the only way you can handle it with security. I understand

that there may be some inconveniences at times, but if you want 24 hour gaming that's your option. Jeff Bloomberg, Lawrence County State's Attorney, stated he spoke to the sheriff about this matter and after talking to him, I really don't think that this is the major issue that we're making it out to be here. Number one, I don't think we're gonna have that many people that are going to be playing, I think in my own mind the situation we have is going to be the card game that's running at 2:00 and they want to keep going through the night, I think that would be the situation that would be the most likely to come up. On the other hand I don't think from an enforcement situation that it's gonna be that much of a major issue. The number one concern I have is not about gambling through the night, that would be your problem in terms if there was a problem with the machine or a complaint, how are you gonna handle that. That's your problem, but in terms of our side of it the issue is the liquor and as long as we can keep the players from drinking, we're not going to have a problem. Mr. Bloomberg further stated he would support the rule that you have on the table, I think that would go a long way towards any kind of problem. I'll add this too, the liquor issue is going to be a tough one to enforce, I appreciate Gary's comment yesterday that no liquor license holder would want to take that risk. I can equate that to selling to minors, I would think the same thing. But, on my table right now is a report regarding sale to minors from a business in this area, so its an issue that we're gonna have to deal with, but I think we can deal with it. If you give us a list of who's open that we can go and check on, I think we can handle that situation. I might add, when I get a report that they are serving liquor, whether its an employee or with the approval of the management, my office is gonna come down hard on that and I would hope that the Commission would also. Mr. Lien stated what the Commission was trying to accomplish was allow approval to go 24 hours but we don't want options. So that we know and you know what's going on.

Accounting, Srstka read Mr. Cabot's suggestions on proposed rules. Mr. Fischer moved that the last paragraph on page 54 be made a part of the minutes. Second by Mr. Nord. MOTION CARRIED.

Mr. Nord moved to make Mr. Cabot's recommendations a part of the minutes. Second by Mr. Fischer. MOTION CARRIED.

Mr. Fischer read a letter received from Mr. Paul M. Putz of the South Dakota Historical Society which requested two recommendations. Change 20:18:21 they suggested the rule "contributing to the damage or deterioration of historic buildings or historic features contrary to historic preservation plans, standards and procedures of the city of Deadwood or the state." This would mean that it would be a violation for any licensee to do that. The second rule is "Conducting business practices in a manner which detracts from or degrades the genuine historical qualities of the city of Deadwood as identified by the City of Deadwood." Srstka commented the first one would be enforceable, the second one would tough to enforce. Srstka commented the first one is well taken and the idea behind limited gaming is to preserve the historic character of Deadwood so it should not be allowed for gaming to detract and to deteriorate the buildings. Srstka recommended you adopt the first and not the second. The second one is vague. Mr. Lien called for a motion to adopt the first recommended. Mr. Nord moved the first

recommendation be adopted. Second by Ms. Wagner. MOTION CARRIED. Ms. Crew asked what was meant by the second recommendation. Srstka responded they don't want a Las Vegas atmosphere they want a Deadwood atmosphere. It was the consensus to leave the second part to the City of Deadwood.

Mr. Caldwell stated there was no discussion on the first part. He had no problem with it but it may impinge on the building our group is interested in. We have an anomaly here we have a non-historic building with 50 feet of frontage in one of the foremost historic blocks in Deadwood. It was built in 1953, masonry building, a lot of plate glass on the second floor, a lot of plate glass on the first floor. I have asked for suggestions from the historical committee and specifically from members of the historical committee, of input on how to gussy up that building so that it more nearly conforms to the historical nature of downtown Deadwood. What I don't want to give Mr. Putz is the ability to prohibit us from gaming in that building because we happen to have a building that was built in 1953 and I would have liked to have discussion on that before it was voted on. Mr. Lien asked what would you change? Caldwell responded he would not have accepted Mr. Putz's recommendation, I would have left it with the city. Lien asked the Commission if they wanted to make an amendment or change what we have passed. Ms. Crew stated I don't think that even applies. Since contributing to the damage or deterioration of historic buildings or historic features contrary to historic preservation plans, standards and procedures. Is there historic preservation plans, standards and procedures in effect for your building? Caldwell responded no. Blair responded that all of those buildings have been given a category that they are placed in and his is probably a non-contributing building that doesn't have a historical significance. All those buildings on main street have been categorized. Ms. Crew responded I think we ought to have one in here that has something to do with historic preservation. Caldwell responded I just didn't want Mr. Putz to be assuming or arrogating to himself the role of the Gaming Commission. Ms. Crew stated the Gaming Commission isn't going to come over and tell you I think I'd rather have the outside brown and green or something like that.

Mr. Srstka stated the Gaming Control Board regulation from Nevada concerning minimum bankroll requirements for non-restricted licensees, which translates to us. We have to do something about that. Ms. Crew read the letter from the Gaming Control Board. Srstka responded basically what we're talking about here - We had a rule in here, 20:18:22:14, what happened was when we proposed that rule that the Executive Secretary must devise and distribute to licensees a form by which licensee determine the minimum bankroll requirements. Nevada said it's better to do the way that we proposed because to try to devise a general rule is hard. We can't get it through in a permanent rule, LRC has already written a letter turning down this section. We're gonna have to adopt a rule setting minimum bankroll requirements. You have to do two things, you have to devise a formula for bankroll and then you got to devise a way for sure payoffs. The Nevada rule sets up kind of a formula - the non-restricted license in Nevada means that's like we have in South Dakota. That's a Class 3 license, a small licensee. Anyhow, it applies to the small licensee. The Commission has to decide what kind of bankroll you're gonna require, if any, and what kind of

protection for payoffs in case of bankruptcy, default, etc. are you going to require, if any, how are you going to accomplish both. Srstka recommended we adopt some forms in the Nevada regs as far as the bankroll is concerned, as far as credit, we ought to provide that the licensee must have an irrevocable letter of credit, bond, CDs, cash, or something readily convertible of cash to pay gamer who has won in case of a default. Now there are going to be bankruptcies, maybe, defaults, possibly. Lien asked if this can be handled by a irrevocable letter of credit of say \$5,000/machine so that somebody that has 15 is paying \$75,000, somebody that has 2 is only paying \$10,000. We're talking about one card game, one table game and slot machines. Nord stated with slot machines you got the progressive thing which is a problem, I think on the progressive they gotta have a irrevocable letter of credit. Either individual company or the group to cover that. Srstka stated there is a problem with progressive, by it's very term it keeps growing until some of them eventually hit a plateau. Gromer asked if they were to keep a cash reserve, a continuing cash flow going into a given account for the payment of that progressive, we are afraid of bankruptcy if its in the name of a business or individual, what if a trustee was to be established that would be independent from the business and that trustee's name would be on the account as would the South Dakota Commission on Gaming. Legally, is that feasible? Srstka replied it's doubtful. Crew asked why not just the Commission? Gromer stated he thought there some state rules governing us having - this is by the Auditor's Office, having interest bearing accounts other than that which is in the State Treasury. Srstka stated we're gonna have to have a statute to do something about liens on the estate, the player is going to have to have some kind of a lien, the state is gotta have some kind of a lien for its cut and taxes, etc. We may have to fiddle with the state's exemptions from bankruptcy because we want to have this player have as high a preference as possible. Lien stated we'll separate the two and attack them one at a time. Let's solve the progressive and go back to the other one. Srstka stated Nevada suggested 100% on progressive jackpots. Nord asked if an irrevocable letter of credit to the maximum amount of the jackpot satisfy - Crew asked if the Commission held it in trust for the players, we would be in trust, it would be for their benefit to put in our benefits, the bankruptcy trustees wouldn't get it. Ms. Crew asked if anyone had a progressive slot contract or where to find one. Srstka stated Las Vegas stated we got to have minimum bankroll, we got to have for the small operators 100% protection for progressive jackpot. Keehn agreed, but then the way the Commission was approaching it you have the other side of the coin where what if you go bankrupt, you have this huge account that's untouchable by anything or anybody, then you have it all built up in cash and no player wins. Srstka stated there are proposals in the rules to transfer the progressive jackpot case of bankruptcy. It would be transferred to another machine, some other licensee. Lien entertained a motion - Srstka asked to devise a motion to adopt the Nevada standards which is 100% for progressive and the other is 20% for slots and for table games it's two day's average fill and then to provide that the minimum requirements be met by posting cash, irrevocable letters of credit, CDs, etc. and that Commission approve it and be placed in the name of the Commission. Crew asked how about any contracts like in a progressive slot between joint various licensees, the Commission has to approve those contracts. Srstka responded let's make it jointly with the

Commission and licensee. Lien called for a motion. Ms. Wagner moved that Mr. Srstka's suggestion be accepted but changed with the Commission. Second by Ms. Crew. Lien asked Srstka to restate the motion. Srstka responded we're gonna adopt the Nevada regs and we're going to require the security is posted by an irrevocable letter of credit, bond, CDs, or cash or similar negotiable securities approved by the Commission. Second by Mr. Fischer. Lien called for discussion. Mr. Apa responded I don't think Nevada is applicable here, on the table games and the card games. Because if you're a card room you got to continue 24 hour operation, the card games I envision starting up and shutting down. So the table game is taking the money in that day and he's gonna be paying it out that day. On the blackjack, I envision having \$1500 in red chips and \$1500 in white and that's \$3,000. So you're telling I gotta hold \$6,000 on hand for a \$5 game of which I'm gonna open up and shut down every day. I think \$6,000 is no big deal. On the blackjack table if you take five times the limit, 25 times the number of slots on the table, be it four, five, six or seven and make that your minimum bankroll for your blackjack table I think you'll solve your problem right there. Gromer responded the amount of cash value you need on the tables is the formula established by your drops, etc. its not the total of money. Its two days fill, its not the aggregate amount of the chips, its the fill. On the slot machines, what they're asking you to do is take your top jackpots of your machines. So if you have four dollar machines and 11 quarter machines, you're gonna have - I'd say the jackpot is \$5,000 each their requirement would be \$20,000. Apa responded I don't have any problem with the slots. To me fill, now I start gaming, every day I put \$1500 in a rack, that's a fill, right? Dave Harcourt, SoDak Gaming. The money held in escrow as the bankroll requirements, is it interest bearing, who is the interest payable to? Harcourt stated the interlink progressive, and you have to distinguish again between the two types of progressive systems. Interlink progressive system has some costs of operation. A portion of the cost of operation on the interlink progressive system is the interest earned on the money. If the Gaming Commission is getting interest on the money there will be no interlink progressive system. In-house progressive systems where you've got \$93,000 of Gary Keehn's money he ought to get the interest. Crew asked if anyone had contracts for this. Where do you get one. They might have all the answers in there. I don't mind doing that, except we're not going to be giving everybody check all the time for the interest. Harcourt stated he posed the question where is the interest paid, the answer was the Gaming Commission. Crew stated it would go into that account. Harcourt responded no it has to be paid out to authority. Crew asked if you think we should have a bank write a check for the interest all the time. You betcha, the cost of operating the interlink system - Ms. Crew asked if he had one of those contracts. Harcourt responded, no I do not have one with me. Crew asked if he knew where to get one. Harcourt, yes. Crew asked him to get one, that would tell us how it works. Keehn asked to hold off on the machine part until they got a contract and discuss the bankroll for a blackjack table. What good is that bankroll gonna do me in your name? Lien asked Gromer to help clarify it. Gromer responded, they're talking progressives, that is one issue. The bankroll that you need to conduct your in-house games, this is a separate issue the way I see it, when you talk how much money you're gonna need as a bankroll, you apply this Nevada formula and it comes up really - its not a lot, if you have like \$1,000 its like

\$50-\$60 bucks you need on hand to clarify your bankroll. Unless the Commission rules otherwise, the only thing I'd like to be able to do is come on occasion, you have five tables going, \$3,000 in the table and I'll say say where's your \$1,000 bankroll. You can show me your account, verified by your bank, you can go to your safe, you can go to your sock, you can go to your hole in the ground and pull out this money and there it is. Crew asked Gromer what he proposed. Gromer stated what he was talking about is on a restricted permit, the Nevada restricted permit, they must have, if I remember correctly for your jackpots, in-house, not progressives, if you have 10 machines and five of them are dollar machines with a maximum jackpot payout of \$5,000 you must have \$25,000 verifiable as bankroll for your slot machines. If its a poker or a blackjack game there is a formula that is enacted upon a 30 day cycle based upon your drop and you take 20% of that and it comes out, I did it on a \$1,000 deal and it comes out to be like \$53.66, something to that effect. It's not a lot of money for a \$1,000 blackjack table. Crew asked if you would just have it on the premises in a safe, in a secure area, in cash? Gromer stated that would be his thought because they were going to need the availability of that cash in their day to day operation. Gromer stated that on occasion, an auditor, an inspector from the Commission, myself, whomever may come in and I will say I would like to see your bankroll. We will audit that bankroll, impromptu, unannounced, and if you're short you're subject to disciplinary action. Caldwell stated that as an operator, prospective operator or consultant to prospective operators I see no problem whatsoever in adopting Nevada rules and getting a set of rules going today and getting on. I will urge my fellow operators or would be operators to consider that these rules are fair and benign and they work all over Nevada. Nord asked Srstka to re-read Ms. Wagner's motion. Srstka responded just to adopt the Nevada regs as far as slot machines, card games and table games concerned, and bankroll requirements for games and far as the progressive slots are concerned that they have to furnish security in the form of a letter of credit, cash, etc. Nord asked if this would cover both progressive and regular in this motion. Srstka responded it will cover both progressive and regular. The regular slot bankroll can be kept on the premises or any sum accounts but the progressive slot will be kept with the Commission, that is 100%. Caldwell responded with interest to go back to the operators. Crew responded we ought to adopt anything other than progressive first and then get the contract so we see how they do that. Keehn stated adopt Nevada's rules progressive and slot machines, the only stickler, you go beyond Nevada's rules and I don't know they handle it but I'm sure they must have it handled. You go beyond it by putting the account in your name. John Carver, SoDak Gaming an in-house, one small location, whether it be Gary's or anybody else's. They put five machines together and they take \$10,000 they are in fact, liable to keep that \$10,000 check. The large progressive one is gonna be owned by somebody. Somebody is gonna own that system because it costs money to run it. If Bally puts it in they gotta charge to do it, I'm sure Aristocrat has some kind of system and they've gotta charge whether they lease it to an operator. Those people have expenses they have to pay to run that system, but they also have a charge that they take out of every drop, they take 3% out of it and put it into the company. Ms. Wagner called for the question. Ms. Crew stated its a question covering everything but progressive. MOTION CARRIED.

Srstka asked to go to Maida's specs. Gromer stated he talked to Maida and requested to go back to 20:18:17:04 Slot machine specifications. Lien then returned to the slots to get public input. Gromer asked to report on conversations he had with Mr. Maida concerning the discrepancies of all vendors being able to comply with the specifications. Gromer stated in visiting with Mr. Maida he was informed that there is a serious problem with credits available for play with certain vendors. The way I understand is each vendor or manufacturer has their own high secret tech programs built into these games, they're not likely to share those with us or with their competitors, therefore, their creation is their own indemnity. From Mr. Maida can find out, Universal Manufacturing and he questions whether Aristocrat and maybe other ones can have credits available for play on recall. Their RAM is not large enough, at this particular time there is not available space on that to capture that data. They would have to go in and redesign an entire board. Because of their predetermined design, it would take considerable time for them to design a board to fulfill the requirements of that specified in this document. That covers the issue of credits available for play. The next issue we had that came up was on page 93, subsection (i) concerning slot machine specifications. It was Mr. Maida's suggestion that I either be enlarged or else a new section created that would read something to this effect. After the word reel strip, you would have an exception you could either have a new section or else you could put after the word reel strip have an exception. Exception is if a machine determines stop positions of each reel and the ultimate pay prior to the spinning of the reels will not have to conform to the first part of (i) but that particular device must have last game recall. The credits for play is dead with a lot of the manufacturers because of the capacity of their chip. June of 1990, at the earliest is when they could get on-line. Now going to (j), again, his recommendation would be to leave (j) as it reads, except in the case of machines which use Ni-CAD type batteries which will be required to be replaced at time intervals specified by the Commission or Executive Secretary, whichever you wish to put in there. Gromer stated it was his understanding that these Ni-CAD batteries have a life span of about five years. So what occurs on some devices is they have a mechanism that will tell you your battery's low, but by the time that comes up on the display the battery is so low that it has vacated your RAM. So if you could come up with a specified determined amount of time when that battery had to be changed, according to the technician, it would probably save you from a computer disaster. What we're back to is that without the credits available for play issue, if the Commission would entertain these as a motion to adopt, we'd probably include all vendors that our technician knows about except for the credits available for play. Trucano responded that would not preclude those other manufacturers from being a part of - Gromer stated it was his understanding that the only thing that still is in the rules - these suggestions are adopted - the only thing that are in the rules to prohibit compliance is the credits available to play. Gromer stated that according to what Mr. Maida told him that it hasn't been until recently that Nevada has required credits available for play. According to Mr. Maida, New Jersey does not yet require credits available for play. Ms. Crew stated if we left out credits available for play and took the Maida's suggestions as amended we could, in fact, have all manufacturers in the market. Ms. Crew made the motion as stated above. Second by Mr. Fischer. Mr. Lien asked for the

motion to be repeated. Ms. Crew stated that we drop the requirements of credits available for play in the specifications as they now stand and then in addition thereto, we adopt our consultant's comments on nickel Cadmium batteries and the reel stops. In addition I believe that Mr. Maida also suggested there was a couple things he had no problems taking out other than that. Srstka responded that was in his written thing. Crew responded so we'd adopt those also. I would further move that the batteries are to be changed every two and one-half years. Srstka stated while you're at it, why don't you state these credits available for play become effective July 1, 1991. Ms. Crew responded provided, however, that any machines purchased after July 1, 1991 have credits available for play. Second by Mr. Fischer. Lien called for a discussion. There being no further discussion, the MOTION CARRIED.

Srstka suggested the Commission review Mr. Maida's written comments. Srstka stated it was a review of the rules dated August 11, 1989. 20:18:17:02 Control Program Requirements, you have not specified where the testing of the ROM should take place. Srstka read Mr. Maida's recommendation. Ms. Wagner moved that Mr. Maida's recommendation be adopted. Second by Ms. Crew. MOTION CARRIED.

20:18:17:03 Meters, Srstka read Mr. Maida's recommendations. Srstka stated the statute called for non-volatile meters but he thought they ought to be mechanical meters. Fischer responded we can have both. Gromer stated it would be his suggestion they have both. We have the statutory guidelines for the hard meters, we have the electronic in our rules to write in to have both and as our - we've talked about changing our statute to reflect technology. Srstka suggested a motion to have electronic meters. Ms. Wagner moved the recommendation be adopted. Second by Mr. Fischer. MOTION CARRIED.

Srstka responded the battery requirements are good requirements, 180 day batteries. Ms. Crew moved that this recommendation be adopted. Second by Ms. Wagner. MOTION CARRIED.

20:18:17:04(2) Here are the requirements for battery backup for 60 days, Mr. Maida recommended 180 days. Mr. Fischer moved this recommendation be adopted. Second by Ms. Wagner. MOTION CARRIED.

Mr. Maida stated (5) was missing from his draft. Gromer stated they were mis-numbered it was a typo, there never did exist a (5).

20:18:17:04(4) Mr. Srstka read Mr. Maida's recommendation. Mr. Gromer stated this was very important for the security of the machine. It's much easier to corrupt a mechanical coin acceptor by stringing, slugging, etc. Ms. Crew moved that the Commission require electronic coin acceptors also. Second by Ms. Wagner. MOTION CARRIED.

20:18:17:04(7) Mr. Maida recommended it be changed from may not be accessible to may not be readily accessible. Ms. Wagner moved the recommendation be adopted. Second by Mr. Nord. MOTION CARRIED.

20:18:17:04(9) Mr. Maida suggested maximum bet provision should be in separate paragraph. Ms. Wagner moved the recommendation be adopted. Second by Ms. Crew. MOTION CARRIED.

20:18:17:04(11), (12), (13) Mr. Maida recommended by phone to go back to the specs that were in the yellow book and strike to move these specific specs out (static electricity). Mr. Fischer moved the recommendations be adopted. Second by Ms. Crew. MOTION CARRIED. Mr. Srstka responded this included static electricity, voltages, resistance, etc. There's all kinds of technical specs in there, he said leave them more general than that.

20:18:17:04(17) Mr. Srstka stated it was just a technical deal. Ms. Wagner moved the recommendation be adopted. Second by Mr. Fischer. MOTION CARRIED.

20:18:17:04(18) Mr. Maida stated wager maximum is redundant here. Ms. Crew moved to strike item (18) and adopt it with that change. Second by Ms. Wagner. MOTION CARRIED.

20:18:17:05 Srstka stated there was nothing we could do about tech 95%.

20:18:17:05(5) Mr. Maida suggested this be deleted. Ms. Crew moved that section 20:18:17:05(5) be deleted. Second by Ms. Wagner. MOTION CARRIED.

20:18:17:06(2) Mr. Maida strongly disagrees with the Nevada rules. He suggested the 1 in 17 million odds. Ms. Crew moved Mr. Maida's suggestion be adopted. Second by Mr. Fischer. MOTION CARRIED.

20:18:17:08 Mr. Fischer moved Mr. Maida's suggestion be adopted. Second by Ms. Wagner. MOTION CARRIED.

20:18:18:05 Ms. Crew moved that the results of the testing from the testing lab be mailed simultaneously to the manufacturer and the Commission. Second by Ms. Wagner. MOTION CARRIED.

20:18:18:13 Mr. Maida suggested to inscribe the CPU boards (logic boards) with the serial number. Mr. Gromer stated it would be advantageous to the security officers who open up a box and can see the machine and compare it to the circuit boards so that we know that our seals haven't been tampered with and the same board is in there that originally was fixed. Ms. Wagner moved the amendment be adopted. Second by Ms. Crew. MOTION CARRIED.

Mr. Srstka then moved to comments from Aristocrat, Inc. It was noted that these were covered and filed.

Mr. Lien stated at this time he was officially closing public input. I am giving anyone a last chance. Once we close it and we're back to the working papers, we're going to accept everything going through there except for the notations.

Mr. Trucano wanted to say thank you to all the Commissioners, Bill, Kit and Don for all of your hard work on this.

Mike Peterson of the Bodega, had a question on 20:18:18:23 Installation of associated equipment, whether or not there was a definition for that. Srstka responded it was defined as equipment that's attached to the slot machine, like the meter, the progressive meter and maybe some kind of on-line device, something like that.

Lien then closed the meeting to public comments.

Mr. Gromer stated he had no changes on page 2.

Page 3, we were going to enlarge upon a suggestion by Mr. Cabot on expanding the definition of a support license to include other individuals involved in gaming. Srstka stated this was already covered.

Page 4, 20:18:01:03 added the word knowingly.

Page 8 there was a numerical change.

Page 9, Srstka stated Mr. Cabot suggested on the forms ask whether they are participating in gambling elsewhere on the application. Ms. Crew moved this recommendation be accepted. Second by Ms. Wagner. MOTION CARRIED. Gromer stated the application form was already out and there is a segment in that application that addresses as to whether or not a person is involved in any type of bookmaking, card room operation, dog track, horse track, etc. Ms. Crew then amended her motion to state that counsel be directed to determine whether we have it or not, if we do not that counsel should draft language that would effectuate the Commission. Second by Ms. Wagner. MOTION CARRIED.

Page 13, strike 20:18:17:04 concerning cashier's check.

Page 14, 20:18:07:08 we were going to add on to the last sentence after frequent notification, employment by a licensee of an unlicensed person who is required to have a support is grounds for disciplinary action.

Page 29, 20:18:12:01, in this section we add after 60 days or in any other jurisdiction. Also there are two 22-33's, have to change one to 22-34. Srstka stated this means if they would be charged in any other jurisdiction with with an offense, it would be similar to the enumerated charges or with the crime of violence. We're adding basically, any other jurisdiction. Mr. Gromer stated the only suggestion was adding Class 5 and Class 6 felonies. Gromer recommended he would like to see added into that, you have all felony classes in that, 1 through 4, except 5 and 6. Gromer further stated he didn't think the community of Deadwood needs even Class 5 and 6 felonies involved in gambling. Gromer recommended to state a licensee charged with any felony in this state or any other jurisdiction may have his license suspended immediately, etc. Ms. Wagner moved the changes be made. Second by Mr. Fischer. MOTION CARRIED.

20:18:14:02 Deck, it reads a standard blackjack deck must contain 52 cards in four suits, clubs, diamonds, hearts, spades, with each suit consisting of numerical cards from 2 to 10, a jack, queen, king and an ace.

20:18:15:13 Cutting Player, eliminate all of it and replace with the dealer shall make a reasonable to alternate the cut amongst all players.

20:18:15:14, Proposals for Variations, we were going to include upon written application of a retail licensee the executive secretary may approve variations in the shuffle, etc.

20:18:15:18 The Play, it was suggested it be entirely deleted.

20:18:15:19 The Pickup, after the word dispute add if during play the player exceeds 21 that player's card should be revealed and placed in the discard rack.

20:18:15:26, a change announce the point total, it was my understanding we were going to eliminate that but encourage you to start off with that.

20:18:15:30, Form of Wagers, should read all wagers must be made with chips or tokens furnished by the retail licensee. No money or other thing of value except United States 25 cent coins, 50 cent coins or silver dollars may be used as wagers or tips. Ms. Crew moved that counsel be directed to clean up the language. Seconded by Ms. Wagner. MOTION CARRIED.

20:18:15:32 and 20:18:15:02 were going to be combined.

20:18:15:33 Posting of rules, we were going to add at the last sentence up on the top of page 47 something to the effect is such rules, their posting and location of posting must be approved by the Executive Secretary.

Gromer stated all of the other changes on page 47 are covered by Mr. Cabot to include three part carbonless form on the procedures for distribution of chips.

20:18:15:36(6) include after pit boss, or runner is employed.

20:18:15:37, Gromer stated after pit boss include or runner is employed.

20:18:15:40 Drop procedures, at the end of the first paragraph add this may be accomplished by using a fill or credit slip when such chips are added or removed. In the next paragraph after fills add or credits.

20:18:16:02 Types of Poker Authorized, Ms. Wagner moved that another section be added to read (9) Such other games as the Commission may approve. Ms. Wagner moved the recommendation be adopted. Second by Mr. Fischer. MOTION CARRIED.

20:18:16:03 Ranking of cards in hand. Gromer asked the Commission if they wished to address clubs, diamonds, hearts and spades deal? Lien asked to expand. Gromer stated there was a suggestion received from some of the businessmen in Deadwood that we either allow in the betting of hands to have the low card or high card start out and if you have two cards of the same rank, the determination of who started out would be based upon the power suits with club being the least and spade being the highest. Srstka

responded if you use the button, no problem, if you don't use the button then you gotta have some way to resolve. Gromer stated there were also some questions about the use of the button, is this variations of games that if it appears to be unsuccessful the Executive Secretary has the authority to change? The Commission agreed it would appear so.

20:18:16:12 Shuffle and cut of the cards, Gromer stated it was recommended that the dealer must offer a cut be changed to the dealer may...

20:18:16:15(1) The Play-Texas hold'em, Gromer recommended striking the last sentence.

20:18:16:25 Table Stakes, in the last sentence add or buy more chips.

20:18:16:42(7) Gromer stated it was recommended that it read the amount of the maximum rake of percent not to exceed 10%.

20:18:16:44 Maximum Number of Players, Mr. Fischer moved that the number of players be changed from seven to eight. Second by Ms. Wagner. Lien called for discussion. Gromer stated if this is changed then we should add in there the variations for what should occur, if in fact all cards should be exhausted. Mr. Gromer made the suggestion, the dealer may shuffle and use the burning cards or the use of a community card. MOTION CARRIED.

20:18:16:47 Procedure for accepting cash at poker tables, we are going with the imprest bank.

20:18:17:03 Meters, the first sentence in the last paragraph will read a slot machine must be equipped with a meter that records the number of times the cabinet door was open. Ms. Wagner stated Ms. Crew also moved that it be sealed with a numerical seal.

20:18:17:04 Slot Machine Specifications, we made the changes on the locked or sealed but it was a recommendation that on (4) where you see the sentence The coin or token receiver on a slot machine must be designed to prevent the use of cheating methods such as slugging, stringing or spooning. Srstka stated this was already adopted. Gromer responded this was something new, he just wanted to state he had been contacted by at least one of the vendors here, if not more, who says that it's absolutely, inhumanly possible to prevent entirely the use of slugs. The recommendation was that the machine must be designed to prevent as much as possible the use of cheating methods such as slugging, stringing or spooning.

20:18:17:08 will be held until later.

20:18:17:11 Keys to drop bucket, Gromer stated he did have a change. It would read The key to the compartment securing the drop box must be maintained and controlled by the operator... Mr. Fischer moved to leave as is. Second by Ms. Wagner. MOTION CARRIED.

20:18:17:13, Jackpot payouts, change retail licensee to machine owner. On

20:18:17:16 Meter count procedures. The recommendation of changing 25 coins to 4. Mr. Fischer moved this be left as is. Second by Ms. Wagner. MOTION CARRIED.

20:18:17:17 Count Room Procedures, recommend changing to wrapped as soon as possible instead of immediately. Gromer stated there was some suggestion on behalf of some businessmen in Deadwood about wrapping coins. Gromer stated the wrap verifies the count. Ms. Wagner also recommended that the coins be weighed in the count room on the premise prior to the coins leaving the establishment. Gromer stated that what was presented was coin counter or weighing. Ms. Wagner stated the option was made - the weigh was necessary the option was made on the wrap or the meter. They could be metered or wrapped but the weigh was essential. The option was made on meter and wrap. Gromer stated there was a question as to whether or not they should be weighed or counted as Ms. Wagner has pointed out, one of the patrons, Mr. Trucano, suggested that instead of having the wrapping we have the weighing and machine count. Gromer stated he would like to recommend, I don't care if they use a coin counter or a weigher, but I would still like to have the coins wrapped for verification of the count or the weight. Srstka stated Mr. Cabot thought weight was more important than meters. Ms. Wagner moved that the counting procedures be a counter or weighed on the premises and then a wrap for verification of that weight and count as soon as possible. Second by Ms. Crew. MOTION CARRIED.

20:18:17:18 Theoretical hold-Actual hold, it reads slot machine meter readings must be recorded every time the drop is made and retained for at least five years.... Gromer stated he would like to have the record done every time the drop is made, you have your meter counts and everything else available to you at that time. Mr. Nord moved rule be amended. Second by Ms. Crew. MOTION CARRIED.

20:18:19:02 Cards--receipt, storage, inspections and removal from use. I have a note to split in two rules. Srstka stated Mr. Cabot suggested this be split into two rules and combine 19:03 with a new second rule.

20:18:20:03 Specifications for chips and tokens. Gromer stated there was some confusion because there were some changes made. Gromer proposed that (1) read, The name of the issuing establishment and the city in which it is located must be inscribed on one side of the chip or token. There would be an addition stating the city in which the establishment is located is to be inscribed on a side of a chip or token and, (2) the value of the chip or token, then it would read accordingly. Gromer stated what he was asking for is the establishment and the city in which its located and then - I guess what it boils down to is I don't think we need the name of the establishment on each side of the chip. Mr. Nord moved the name of the issuing establishment must be inscribed on each side of the chip, the city must be inscribed on one side of the chip and the value on both sides. Second by Mr. Fischer. MOTION CARRIED.

Srstka then continued going through the rules. Gromer stated the way that he had it written they would say that basically any person can play but if it is an employee or a owner, retail licensee he must have a badge

identifying himself as such. Lien asked for Mr. Gromer's recommendation. Lien then asked the Commission if they had a problem with it. Ms. Wagner responded she wanted to leave it the way it was, as Don had it written. Employer cannot play in their own - they can play in someone else's but they can't play in their own. Srstka asked Mr. Lien to take a straw vote. Crew called for more discussion. Gromer stated the suggestion that was made was allow the owner/manager to play as long as he was properly identified by a badge. Gromer stated I don't think that you ought to confuse an owner playing with the dealer. Gromer further stated he would take a real issue on a security measure and an accounting measure Mr. Srstka, if, in fact, you were to allow the owner of the establishment to play with any money other than his own. Straw vote to leave as is, Wagner, aye; Fischer, aye; Nord, not sure, Crew, wanted to change it, Lien, leave as is with notice that we can change it in the future.

Srstka stated that in accounting regulations there were some problems. Srstka explained the procedures that must be followed in adopting accounting regulations. 20:18:22:01(1)-(4), Srstka stated they would have to be left as is and meet the requirements of LRC.

20:18:22:14 Minimum bankroll requirements. Mr. Fischer asked Mr. Wordeman if he had the contract yet on the progressive. Wordeman stated the contract can be provided to the Commission, a sample of a contract. The contract itself is very confidential, its very competitive and the operator would be happy to provide under the guidelines that the Commission assures its confidentiality. How it works in a nutshell is the money does go into a trust account at the bank. The manufacturers or the owners of the system are responsible. The only requirements over the system from a control board standpoint, state standpoint, is the manufacturers already have licensing and bonding requirements, have proof of financial capability to pay it. The way the money goes on a progressive from the establishments to the operator of the progressive system, i.e., a penny per pull, every time a handle is pulled one penny of that money, and its all by meter on the machine, is what the operator or the establishment pays to the owner of that progressive system. The interest off of the money into there remains the interest money is the owner of the system is responsible for it. Gromer stated obviously the same drop procedures and fills and everything else pertain to a progressive as it does a regular slot machine. Wordeman stated that is correct. In fact the operator or the establishment, they do pay the smaller prize, i.e., \$10,000 is hit, an agreement is with the establishment or the operator to pay that money on the spot. That is where the owner of the machine, whether its the bar or an operator, has to have security, a good business security relationship with the owner of the progressive system. It is their contractual arrangement that protects them so that they know that by paying this prize money on the spot that the owner of that system does have the money and will reimburse them for their expenses. Crew asked if it would be one bank account for the owner and that's a trust account and we can audit? Wordeman responded that is correct. Lien stated what we did pass is alright? This was passed subject to change. Gromer asked if this trust account would be open at any time for inspection by the Commission. Wordeman responded it was correct.

Mr. Fischer moved the Gromer comments be adopted and incorporated in the minutes. Second by Ms. Wagner. MOTION CARRIED.

Rstka stated pursuant to SDCL 1-26-4(6) that you adopt all corrections and suggestions made by the Director of LRC both relating to the legality and to style and form. Mr. Fischer moved these be adopted. Second by Mr. Nord. MOTION CARRIED.

Ms. Wagner moved that we adopt the permanent rules as presented. Second by Mr. Fischer. MOTION CARRIED.

Rstka explained the process that will be followed in filing the rules. Ms. Crew moved that the Executive Secretary be authorized to make such changes in the rules necessary to receive approval of these rules. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien set the tentative date of September 27, at 10:00 a.m. for the next meeting.

Ms. Dunn thanked the Commission for the work that was done in getting gambling started.

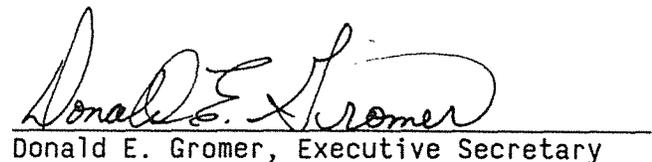

There being no further business the meeting was declared adjourned.

MINUTES OF THE
SOUTH DAKOTA GAMING COMMISSION
SEPTEMBER 29, 1989
STATE LIBRARY CONFERENCE ROOM, PIERRE, SD

Chairman Chuck Lien called the meeting to order. Roll call was taken and a quorum was declared with the following members being present: Chuck Lien, Karen Crew, Kristi Wagner, Karl Fischer, and Evans Nord. Others present were: Donald Gromer, Executive Secretary; Kit McCahren, Attorney; Roger Tellinghuisen, Attorney General; Jeff Stingley, Secretary of Dept. of Commerce and Regulation; Bruce Oberlander, Mayor of Deadwood; Steve Christensen, City Attorney for Deadwood; Lloyd West, Municipal Gaming Committee, Deadwood; Kevin Woster, Rapid City Journal; Jerry Apa, Deadwood; Stan Triplett and Delane Smith, Commission on Gaming.

Evans Nord moved that the minutes of the public meeting held in Deadwood on August 16 and 17, 1989 be approved. Second by Kristi Wagner. MOTION CARRIED.

Chairman Lien then asked Donald Gromer, Executive Secretary for the Commission on Gaming to give an update of the office of the Commission on Gaming.

Mr. Gromer advised that he has been in frequent contact with Mr. Pat Tabor, who is the representative for McGladrey Pullen, in which we have a contract with as accounting consultants. Mr. Tabor has forwarded some sketched forms and they hope to have the remaining forms completed by the middle of next week. Also a manual for the accounting and auditing procedures is being prepared. It is hoped that both the forms and manual will go to print within the next two weeks.

It was a suggestion by Mr. Gromer, which Pat Tabor concurred with, that the Commission would provide these forms and manual to the gaming establishments in Deadwood. He felt that this would enable the Commission to formulate a system to maintain an accounting process of all transfers of cash within the gaming house using only one set of single records and forms rather than each business using a different type of reporting system, leaving it much easier for accounting and auditing procedures.

There was a discussion as to whether the Commission should provide these forms without cost to the gaming establishments. Mr. Gromer felt that if the Commission provided the forms to the licensees then they would probably use them and they would be paying for them indirectly anyway, as the gaming proceeds that come into the Commission office will be used to pay for the forms. It was agreed by the Commission that the forms and manual would be provided to the gaming establishments without charge.

An accounting and auditing seminar will be held in Deadwood the middle of October to explain the accounting and auditing procedures. McGladrey Pullen will be there at that time to help with the seminar.

Mr. Gromer informed the Commission that the background investigations are being conducted by DCI, however a vast majority of the applications are just now being sent in and more are anticipated coming in which will make it difficult for DCI to get the investigations done in time for licensing by November 1, 1989. Stan Triplett, Security Director for the Commission, went to Rapid City to assist DCI in doing the investigations and will again go to assist in the investigations. Mr. Gromer indicated that he had made a press release explaining that the Commission could not guarantee that the background investigations would be completed and licenses would be approved by November 1, for anything submitted after September 15, 1989.

Roger Tellinghuisen, Attorney General, also offered that it just not possible to be able to ensure anyone that they can get the investigations completed by November 1, 1989 for any applications submitted after September 15, 1989. However, they will try to get as many completed as possible.

Mr. Gromer advised that based on preliminary information, there should be around 200 slot machines in Deadwood, however, we do not know how many live games there will be, so they are not being taken into consideration. Based upon 200 slot machine devices and the licenses that we have received to date, there should be about \$400,000.00 revenue generated by the devices. Approximately \$23,000.00 should be generated in application fees. He still does not know what each machine will generate in revenue and won't until some play has been made on those devices.

Mr. Gromer mentioned that the Commission on Gaming will have a lot of one time start up costs, particularly the repayment of the \$100,000.00 loan from the State to begin the office, the consultant fees, and office equipment. These are one-time start up costs, however, they will drastically affect what will be submitted back to the Deadwood Historic Preservation Fund for the first year.

Mr. Gromer informed that he has been receiving calls asking for a list of the applications that have been received for gaming licenses. He advised that he has not released any names or lists of the applicants and his feeling is that we should not do so until a person has been licensed. The Commission concurred with this.

The possibility of a closed meeting to approve the licenses for gaming was discussed. Roger Tellinghuisen, Attorney General, addressed the fact that there is a problem with a closed meeting with the press and other entities, and our present statutory structure does not provide for closed meetings to address certain issues. Department of Commerce Secretary, Jeff Stingley, also spoke to the fact that he does not feel that the current statutory structure will allow for us to have a closed meeting to vote on the licenses.

A proposal submitted by the Business Research Bureau of Vermillion was discussed. The state Department of Revenue uses the Business Research Bureau in collection of all their sales tax and a host of other taxes. Mr. Gromer has spoken with both the Roger Novotny of the Department of Revenue and Don Lewis of the Business Research Bureau about the possibility of entering into a contract with the Business Research Bureau for the remittance of gaming taxes. The Commission had some discussion on this proposal, and decided that they would like to have Mr. Lewis from BRB come to the Commission's next meeting to discuss this proposal further.

Mr. Gromer then addressed some concerns that he has received concerning progressive slot machines. The Aristocrat Company informed the office that the specifications for the communications mechanism regarding the progressive slot machines were so technical that none of the present manufactures could comply. Mr. Gromer, in turn, has consulted with Mikkon Corporation, which is the leading figure in Nevada, and they also agreed that the rules concerning the progressive slot machines were so technical that none of the manufacturers could comply with them. Mr. Maida, from Gaming Laboratories in New Jersey, also agreed with Mikko and the Aristocrat that few of the manufactures could comply with the rules concerning progressive slot machines. Mr. Maida, in turn, stated that he would forward to the Commission a changed proposal that the Commission might want to address on the progressive slot machine issue. Mr. Gromer asked the Commission to seriously consider the possibility of amending the rules and regulations so that the manufactures and operators could take advantage of the Deadwood market and possibly establish a progressive slot machine.

The Deadwood Municipal Gaming Committee was introduced by Mayor Oberlander. Lloyd West is the Chairman, Ron Iceland is Vice-Chairman, and Mary Dunn and Steve Christensen are members. This is the committee formed by the City of Deadwood which will act as an advisory to the city commission of Deadwood and address gaming issues.

Mr. Gromer informed Mayor Oberlander that the Commission is in need of a current map of the city of Deadwood as of January 1, 1989. Mayor Oberlander said he would provide this map to the Commission within the next week.

Mr. Jerry Apa of Deadwood asked the question that if he gives a customer "extra money" or "free money or chips" to get them started to play, does he have to pay a tax on that amount of "free money or chips or tokens"? The Commission explained that the statute does not make any allowance for taxing anything other than the net gross revenue.

Mr. Apa also felt that the Commission should try to establish a fund for promotion of gaming. The Commission informed Mr. Apa that they felt that the promotion should be left up to the free enterprise system. The Commission did discuss the possibility of asking the Department of Tourism to help promote gaming in Deadwood. Karen Crew made a motion for the Executive Secretary to write a letter of Susan Edwards of the Department of Tourism, asking for their

assistance in promoting gaming in Deadwood as of November 1, 1989. Second by Kristi Wagner. MOTION CARRIED.

Attorney General Roger Tellinghuisen, informed the Commission that he just recently got back from Nevada, where he met with the Nevada Attorney General's Office, Division of Gaming, as well as their Commission on Gaming. In discussing some of Nevada's regulations compared to our own, some things have come up which he feels should be addressed legislatively this next legislative session. The Attorney General's Office will put together a letter to the Commission within the next couple of weeks outlining some of things that the Attorney General's would like to have changed legislatively. Mr. Tellinghuisen said that his office would draft this legislation for the Commission. He also advised that he will always have someone from his office assigned to the Commission on Gaming. The Commission congratulated Mr. Tellinghuisen for his efforts in going to Nevada to look into this and sharing it with the Commission and commended him on all the help he has provided to the Commission.

Mayor Oberlander stated that he also appreciates all the help and assistance that the Attorney General's Office and the Commission on Gaming has given Deadwood in getting gaming established.

Chairman Chuck Lien set the next date of October 20, 1989 for the Commission on Gaming to meet. A tentative time of 10:00 a.m. was set.

There being no further business to discuss the meeting was declared adjourned. The Commission on Gaming then met after lunch in Executive Session.

MINUTES OF THE SOUTH DAKOTA GAMING COMMISSION
OCTOBER 20, 1989
LEGISLATIVE RESEARCH COUNCIL CONFERENCE ROOM #1
PIERRE, SOUTH DAKOTA

Chairman Chuck Lien called the meeting to order. Roll call was taken and a quorum was declared with the following members being present: Chuck Lien, Karen Crew, Kristi Wagner, Karl Fischer and Evans Nord. Other present were: Donald Gromer, Executive Secretary; Stan Triplett, Security Director; Roger Tellinghuisen, Attorney General; Jeff Stingley, Secretary of Department of Commerce and Regulation; Bill Srstka, Commission Attorney; Delane Smith, Administrative Assistant; and Don Lewis of the Business Research Bureau; Chet Brokow of the Associated Press and Kevin Woster of the Rapid City Journal; Bill Fisher and Dennis McQuade of Deadwood.

Evans Nord moved, seconded by Karl Fisher, to approve the minutes of the September 29, 1989 Commission Meeting. MOTION CARRIED.

A presentation was given by Don Lewis, who is the Director of the Business Research Bureau, explaining the process of what the Business Research Bureau has and how they might be able to assist the Commission on the collection of revenue and taxes reference gaming in Deadwood. He pointed out that there is a lot of similarities with what the Business Research Bureau presently does with the Department of Revenue and what the Commission would be doing in the collection of taxes in Deadwood. They have a computer system which they built for the Department of Revenue for the collection of sales taxes. The proposal that the Business Research Bureau prepared was reviewed by the Commission. Karen Crew asked why the Department of Revenue or the state doesn't collect the taxes for gaming. Roger Tellinghuisen pointed out the statute mandates that the all costs, administration and enforcement of gaming is paid out of revenues that it generates and this would mandate the Commission, by statute, to withstand the cost of collection of taxes.

The Business Research Bureau proposal outlines what it would cost the Commission to monitor in an ongoing program to electronically deposit checks and collect money with the best safeguards for everyone involved, specifically for gaming. This proposal is for the Business Research Bureau to monitor, deposit and report, specifically for gaming, revenue and auditing.

The proposal is for \$48,000.00 for the development program and approximately 1,900.00 a month to operate. Lewis pointed out that he felt that \$1,900 is a high estimate but he wanted to quote the Commission a higher figure to look at for budgetary purposes so that we could accommodate should the expenditures be higher when we are into the program.

The Commission discussed other alternatives such as IPS or the state system. Don Gromer pointed out that IPS could give us no firm bid as to

what the costs of the collection and operation would be until the system is developed. The state cannot give a firm overall bid as to what the system will cost to design or maintain.

Don pointed out to the Commission that the Business Research Bureau is already on line in the collecting and reporting of revenue to the state and they are already working with the Department of Revenue and IPS would have to start over with designing and maintaining a system.

A motion was made by Karl Fisher, seconded by Kristi Wagner, to accept the proposal of the Business Research Bureau. MOTION CARRIED.

Don Lewis will work with Don Gromer on the contract.

Update by Don Gromer:

Don pointed out that Pat Tabor from McGladrey Pullen and Don held a seminar on the internal auditing procedures for gaming in Deadwood. A manual was prepared and distributed to each establishment for auditing and accounting. Forms were also distributed to each establishment with the exception of pre-numbered forms which are at print and will be distributed within the next week. Form dispensers will be in by the November 1, opening day and will be distributed to the establishments in Deadwood by November 1, also.

McGladrey Pullen did prepare a complete written manual for each establishment which takes the establishment step by step through each document that is required to be filled out and signed off on for accounting purposes. Also all the forms were prepared and have been printed up and all forms in the possession of the establishments except for the pre-numbered forms, which have been printed and will be delivered next week to the businesses. Don pointed out that there was a particular dispensing machine that maintains security and accountability of certain documents used in gaming that are basically as good as cash if they were to get out into the wrong hands (fill and credit slips) and the Commission will provide these dispensers to the gaming establishments in Deadwood.

The merchants seem to appreciate the accounting and auditing forms and manuals, as a lot of the merchants had indicated that they hadn't really considered how they were going to account and report revenue of the their establishments. All the accounting will be uniform and everyone will have the same internal auditing and accounting procedures established by the Commission.

All establishments have been notified that there would be unannounced audits of their establishments by the Commission.

Don advised the Commission that he had given a press release that applications that were not submitted to the Commission by September 15, 1989 could not be guaranteed that the investigations would be completed in time for the November 1, 1989 opening day of gaming, however, there was very little response. The applications have been very late in coming in and are now beginning to come into the office heavily. Don has appointed Stan Triplett, Security Director, to help with the investigations, however he is limited as to what he can do as he does not have access to the law enforcement material that DCI does.

Don pointed out that the establishments are asking for temporary permits for support help until their licenses are approved do to the fact that gaming is going to begin November 1, and they are in need of more support staff to work, however, there is no type of statute for this type of mechanism to work.

Bill Fisher of the Bella Union in Deadwood commented that even though the people have been slow in getting the applications in the establishments in Deadwood are in dire need of more support personnel and asked if the commission couldn't do something in order for the personnel to be licensed before November 1, 1989.

Don asked the Commission how they felt about allowing him to act on the licenses approved as this meeting by sending out their license with an enclosed letter stating to the effect that within 10 days their remittance of \$50 would be due and at the conclusion of the 10 days if they haven't paid the license it would be vacated or revoked which could jeopardize their ever being able to apply for a license again. Don felt that with this type of letter being sent along with their license most would comply and if they didn't we would revoke their license and notify their employer that they are no longer licensed.

The Commission felt that once an applicant was given their license it would be difficult to revoke a license. Roger Tellinghuisen agreed that it would be difficult to revoke a license for non-payment once given as the Commission's Rules and Regulations requires the applicant to pay the application fee and license fee before they can acquire their license.

The Commission agreed that no licenses should be given until the \$50.00 license fee is paid upfront as directed by the Commission's Rules and Regulations.

Don Gromer assigned Stan Triplett to be in Deadwood at the Chamber of Commence on Tuesday, October 24, from 10:00 to 3:00 and Wednesday, October 25, from 9:00 to 1:00 to give licenses to those people that have paid or pay their license fee and have been approved as of this meeting.

Chuck Lien suggested that we could hold another commission meeting on the 31st of October, 1989 to do another sweep of licensing of the applicants that come in after this meeting. At that time the Commission could approve, deny or table any licenses before the opening day. Then we will set up a place where the applicants can come to pick up their licenses if they are approved. The Commission agreed that this should be done and all agreed to be in Deadwood at 1:00 on ~~December~~ ^{OCTOBER} 31, 1989 in a last minute effort to get out all the licenses possible before the opening day of gambling.

Don advised the Commission that the retail licensees will be delivered personally and upon delivery of the licenses we will have payment. Don anticipates going to Deadwood on Wednesday, October 30, and he and Stan will collect from the operators and retailers. Don has been in contact with the U.S. Attorney's Office and it is necessary for each gaming establishment to notify the Department of Justice of their gaming establishment. Don has received a list of things that the gaming establishments need to report to the federal government and documentation will be provided for the establishments when they are licensed to make the necessary report to justice.

A discussion was held as to the use of credit cards to obtain chips or tokens. Don advised that he showed this proposal to attorney, Bill Srstka, and he reviewed it and was of the opinion that the establishment isn't the one entering into the credit agreement it is the credit card company and the customer that is entering into an agreement. The Commission did not want to take action one way or the other as to whether they endorse the use of credit cards to obtain chips or tokens and felt it should be left up to the business entity to decide if they want to use them.

Don informed the Commission that at the accounting seminar he was approached by some of the gaming establishment about the use of promotional coupons, in particular, "Lucky Bucks" which is a coupon which grants a favor to a customer to play and he asked the Commission what they felt about this. Chuck Lien felt that at this time he is more concerned about getting gaming up and going rather than endorsing promotional or marketing tools at this time and felt that we should defer this matter until which time gaming has begun and there is a better feel for what is needed. Evans Nord made a motion, that any "Lucky Bucks" promotional coupons endorsements be tabled until a later time. Seconded by Karl Fischer. MOTION CARRIED.

Jeff Stingley, Secretary for the Department of Commerce and Regulation, asked to address the Commission. He stated that it was less than six months ago that the five Commissioners met for the first time to start trying to come up with how gaming in Deadwood will actually occur and he just wanted to say congratulations to the Commission and Don and his staff as he feels that the Commission has come a long way in assuring the people of this state that gaming in Deadwood is going to run, as the Governor has termed, "in a squeaky clean fashion". Chairman Lien also thanked Jeff for his support and guidance he and his Department has given to the Commission on Gaming.

The Gaming Commission then went into Executive Session.

Evans Nord made a motion to come out of Executive Session and go into open meeting. Motion was seconded by Karl Fischer. Motion Carried.

Old Business:

Karen Crew moved that the Commission retain the services of Olinger, Srstka, Lovald, Robbennolt and McCahren, in accordance with the terms of the proposed contract which was submitted to the Commission until July 1, 1990. Motion was seconded by Karl Fischer. MOTION CARRIED.

New Business: None

Chairman Lien moved to have the next Commission Meeting in Deadwood or Lead on October 31, 1989 at 1:00 at a place to be named by the Executive Secretary which is convenient for all. Seconded by Kristi Wagner. MOTION CARRIED.

Executive Secretary, Don Gromer, brought forth his recommendations on licensing for manufactures, distributors, operators, retailers and support staff.

A motion was made by Evans Nord to approve the four manufacturer/distributor licenses which Don recommended, and table the

application of Games of Nevada until which time the background investigation has been completed. Seconded by Kristi Wagner. MOTION CARRIED.

A motion was made by Karen Crew, seconded by Kristi Wagner, to approve all the operator and retail licenses that Don recommended for licensing with the exception of Jolly Jug which should be tabled until which time payment for the application fee has been made. MOTION CARRIED.

Evans Nord moved to approve all the support staff which Don recommended for approval and deny licenses to Roger Hand and Ronald Underhill. Seconded to Karl Fischer. MOTION CARRIED.

Kristi Wagner made a motion for the meeting to adjourn. Second by Evans Nord. MOTION CARRIED. Meeting was adjourned.

MINUTES OF THE
SOUTH DAKOTA COMMISSION ON GAMING
OCTOBER 31, 1989
CONFERENCE ROOM OF THE LAWRENCE COUNTY SHERIFF'S OFFICE

Chairman Chuck Lien called the meeting to order. Roll call was taken and a quorum was declared with the following members present: Chuck Lien, Karl Fischer, Karen Crew, and Kristi Wagner. Others present: Donald Gromer, Executive Secretary; Bill Srstka, attorney; Stan Triplett and Delane Smith, Commission on Gaming; Janie Beeman, Governor's Office; Patti Gromer; Bill Fisher and Bill Hixon of Deadwood.

Chairman Lien declared the meeting an open meeting with the primary purpose of the meeting to review the late support licenses that can be approved before the November 1, 1989 opening day of gaming.

Executive Secretary, Donald Gromer, indicated that the Wild Bill Bar, the Franklin Hotel, Bella Union, Buffalo Bar and Calamity Jane's had all sent in letters requesting that they be open for 24 hours. John Gable of the Wild Bill Bar has since asked to withdraw his request for 24 hour licensing at this time. Karen Crew moved that the Commission grant the Franklin Hotel, Bella Union, the Buffalo Bar and Calamity Jane's to be open 24 hours. Second by Kristi Wagner. MOTION CARRIED.

Don Gromer informed the Commission and the public that he had just come from the Lawrence County Sheriff's Office and they indicated that they had been receiving a large amount of applications, however there is no way that the Commission can have the necessary background investigations done on any applications that have come in within last 7 to 10 days. The Commission has obtained a lot of applications as of last week and have done some investigations on some of those people and on other individuals there was been a hold up for a variety of reasons. Those applications are not completed as of this date. Don recommended that on those applications that are completed and that we can make recommendation to the Commission on, he will be willing and able to do so today, and hopefully the Commission can meet again soon for consideration of the additional applicants.

Kristi Wagner moved that the Commission go into Executive Session. Karen Crew seconded. MOTION CARRIED.

The Commission returned from Executive Session for the consideration of licenses to be acted on.

A motion was made by Karl Fischer, seconded by Kristi Wagner to approve the Games of Nevada as a manufacturer. MOTION CARRIED.

A motion was made by Kristi Wagner, seconded by Karl Fischer to grant a license to the Jolly Jug as a retail licensee. MOTION CARRIED.

Don Gromer named the individuals that he recommended for approval of

support licenses. Kristi Wagner moved that the individuals that Executive Secretary, Don Gromer, recommended for approval be approved. Second by Karl Fischer. MOTION CARRIED.

Don Gromer then announced that his staff would be at the Chamber of Commerce immediately following the Commission meeting to disseminate the licenses that have been approved upon payment of the license fee.

The next meeting was set for November 13, 1989 at 1:00 in Pierre, South Dakota.

Kristi Wagner moved that meeting be adjourned. Seconded by Karen Crew. MOTION CARRIED.

MINUTES OF THE SD COMMISSION ON GAMING
NOVEMBER 13, 1989
COMMISSION ON GAMING CONFERENCE ROOM, PIERRE, SD

Chairman Chuck Lien call the SD Commission on Gaming meeting to order. Roll call was taken with a quorum declared. The following Commission members were present: Chuck Lien, Karl Fischer, Karen Crew and Kristi Wagner. Other present were: Don Gromer, Executive Secretary; Kit McCahren, Attorney, Joe Kafka, Associated Press; and Delane Smith, Administrative Assistant.

Executive Secretary, Don Gromer, gave an update as to how gaming was proceeding in Deadwood. He advised that everything seemed to be proceeding very well, even better than expectations. He has had the opportunity to visit with quite a few of the businesses in Deadwood and there has been a considerable amount of play on all of the devices and it has been consistent, steady play.

Executive Secretary Gromer informed the Commission that the overall drop of the machines is much greater than what anyone had anticipated at least at this time. His projections were that the adjusted gross income per device would be somewhere around \$35 to \$40 day and we are currently looking at around \$150 to \$200 a day per device. At this point another surprise is that the poker games seem to be doing very well. There seems to be real steady, constant play on the poker tables. In conversations with the business people in Deadwood, they feel that greatest problem that they are having is finding enough devices for the people to play.

As of November 12, 1989 there are 5 manufacturers, 36 licensed establishments and 201 support licenses. There are 326 slot machines licensed (which does not include the City's \$.05 slot machines), 25 blackjack tables and 7 poker tables.

Secretary Gromer informed the Commission that the office is short manpower. He asked the Commission to authorize the hiring of additional security agents in Deadwood and hiring of an accountant/auditor who would be officed in Pierre. The positions are already classified and if the Commission would authorize approval, he would announce the positions and get the personnel hired.

Kristi Wagner moved, seconded by Karen Crew, to authorize Executive Secretary Gromer to hire the additional security agent position and the accountant/auditing position. MOTION CARRIED.

The Commission asked Secretary Gromer if this would be enough staff as some of the gaming houses may be open 24 hours a day and there might be a need for more security staff. He advised that he would monitor the situation and he would probably look at hiring more security staff in March or April, but at

present he felt that one more security agent would be enough.

The SD Commission on Gaming office headquarters in Deadwood will be ready on December 1, 1989. Stan Triplett, Security Director, and the new security agent that is hired will be officed there.

Executive Secretary Gromer then addressed some statutory changes that he would like to see. Those addressed were: (1) the Commission's access to and maintenance of confidential records and non-public records, (2) the power to issue support licenses and he stressed just support licenses, and (3) the authority for the Commission to drive un-marked vehicles should they purchase vehicles for the Pierre and Deadwood Offices.

Karl Fischer suggested that Don talk with Roger Tellinghuisen to discuss what legislation he would suggest, as he has had considerable contact with the state of Nevada and he might have some recommendations to make.

Chuck Lien advised that he also would like to see legislation to have the gross tax remittance done monthly rather than bi-monthly. Secretary Gromer advised that we do have a monthly statistics report that the establishments have to produce to the Commission.

Commissioner Lien believed that we would probably see legislation introduced by some of the gaming establishments in Deadwood to increase the number of machines that can they can obtain. He felt that any increases in gaming legislation should possibly also include safeguards in monitoring gaming, such as surveillance cameras, more security, etc. The commission members concurred with this.

The Commission was informed by Secretary Gromer that he has come across a couple of rules that are either unworkable or they need to be changed. One is 20:18:17:24, Progressive Slot Machines. Nevada is having problems with their rules concerning progressive slot machines also. One of the problems is with the ten game recall on a progressive slot machine which is mandated in rule. There is nothing on the market today that will allow for a ten game recall with progressive slot machines. He would like to add an additional rule suspending the operation of the current rule until 1991 and a new rule would be written which would allow progressive slot machines for the immediate future.

Rule 20:18:17:31 is also causing trouble and it concerns meter count procedures. the problem is that every time there is a drop 25 coins have to be inserted back into the machines and this is causing problems with the accounting procedures as the machines cannot differentiate between the 25 coins being put back into the machines and actual play. Secretary Gromer would like to see this entire rule repealed. James Maida from Gaming Laboratories and Pat Tabor from McGladrey Pullen both concur that this rule is not necessary. Chairman Lien entertained a motion to instruct our attorney to look into repealing this rule. So moved by Karl Fischer, seconded by Kristi Wagner. MOTION CARRIED.

A presentation was made to the Commission by Executive Secretary Gromer on the internal accounting and auditing procedures that has been implemented with the gaming establishments in Deadwood. He said that this system would make it very difficult for embezzlement. At least three people have to verify the proceeds of each tally.

The use of promotional coupons was addressed. The gaming establishments want

the Commission to approve the use promotional coupons. This includes such promotionals as "lucky bucks" or "two for one chip coupons". If such coupons involve the use of any chips or tokens or free plays, this makes the accounting and auditing of play very difficult for taxing purposes. A motion was made by Karen Crew, seconded by Kristi Wagner, to allow Secretary Gromer the ability to approve promotionals on a piece by piece basis, so long as there is a way to handle the accounting procedures. MOTION CARRIED.

The commission went into Executive Session to review license for consideration. Then returned for an open meeting.

Karen Crew recommended that the preliminary drafts of rule changes or statutory changes should be prepared by December 19, so that the Commission can review them and get ready for the legislative session.

The Commission then was informed of the support licenses that Executive Secretary, Don Gromer recommended for approval. There was one support license that Secretary Gromer recommended for denial. Karen Crew moved that all licenses that were recommended for approval be approved and the support license that was recommended for denial be denied. Seconded by Kristi Wagner. MOTION CARRIED.

The next meeting was set for December 19, 1989 at 10:00 a.m.

Karl Fischer moved the meeting be adjourned, Kristi Wagner seconded. MOTION CARRIED.

MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
DECEMBER 6, 1989
OAHE ROOM A, HOLIDAY HAUS
PIERRE, SOUTH DAKOTA

Vice Chairman Karl Fischer called the meeting to order with the following commission members being present: Karl Fischer, Kristi Wagner, Evans Nord, Karen Crew. Chuck Lien was absent. A quorum was declared. Other staff present were: Don Gromer, Executive Secretary; Kit McCahren, attorney, Stan Triplett, Security Director and Delane Smith, Administrative Assistant. Others present were: Scott Randolph, Chet Brokaw, Bill Andresen, Donald Achtien, A.R. Cook, Ron Island, Steve Christensen, Mayor Bruce Oberlander, Lloyd West, Mary Dunn, Bob Leonard, Tom Blair, Mary Schmit, Chuck Ewoldt, Bill Evers and Craig Murdock.

Vice Chairman Karl Fischer announced that the Governor would appear at a later time during the meeting to be presented with a check for reimbursement of the loan that the SD Commission on Gaming received for beginning operation of the Commission. Don Gromer, Executive Secretary, explained that the SD Commission on Gaming transferred money from the State Gaming Fund to the State Treasury through a non-cash voucher for the payment of the \$100,000.00 loan, which was passed by the legislature, with 10% interest. The interest started to occur when the Bill was signed because there was an emergency clause in the Bill and the money was placed in our account at that time. We are paying interest on \$100,000.00 from the months of April through the time that we paid the loan off, which makes the interest \$6,088.00. This payment was made from the proceeds that was generated from the licensing of the establishments, people and devices.

Executive Secretary Gromer then gave his proposed budget for the Executive Offices of the Gaming Commission. The state runs on a fiscal year from July 1 to June 30. Back in August, 1989, Finance and Management and the fiscal office in Commerce asked the Commission to prepare it's budget. This was done, however, since the office was so new it was really difficult to project the dollar amount of the budget. This has recently been reviewed and redone. Presently licensed in Deadwood are 34 retail establishments, 10 operator licenses, 5 manufactures and after the conclusion of this meeting, somewhere around 400 support staff should be licensed and approximately 380 devices should be licensed. This is what most of the budgetary figures were based on. Some projections were done as well as to what we are looking for in gaming taxes, etc. Gromer stated that he has projected that the state should be paid somewhere in the vicinity of \$434,000 in tax revenue for this year, and there is no way of knowing what the \$.05 slots are going to generate, but he was told by some of the vendors that it would probably be somewhere around \$100,000.00 a year. With the licensing fees, application fees, the gaming tax and the \$.05 slots

the projections come to around \$1.3 million plus that the SD Commission on Gaming should take in this year, and out of that 40% of the 8% tax to the state and 10% to Lawrence County. At this time we don't have any figures for 1991, but an increase is anticipated as information being received through the Commission Office is that there will probably be an increase in businesses, increasing the tax revenue in itself.

The SD Commission on Gaming's budget for this year will probably exceed \$532,000.00. The vast bulk of that money is consultant fees. Legal consultants were involved to help us draft rules, accounting consultants helped with the internal accounting and auditing procedures, Gaming Laboratories International is testing the slot machines and consulting, legal consultants from Nevada have helped us with preparing our rules and regulations, all of which is still ongoing. Also we are entering into a contract with the Business Research Bureau to help us with the remittances of the 8% tax. Along with the consultant fees is the one-time costs of the starting up the SD Commission on Gaming, in such things as office computers, office equipment, etc. After this year, it is estimated that the Commission on Gaming's budget should reduce considerably, with an estimate of approximately \$410,000.00 on a year to year basis. This includes a staff of six people which includes Don Gromer, Executive Secretary, Delane Smith, Administrative Assistant, Stan Triplett, as director of Security, with 2 more security agents to come on board, and a Director of Accounting and Auditing. Secretary Gromer reiterated that these are projections and it is unknown at this time what type of hidden costs could arise at this time.

Executive Secretary Gromer announced that the first remittance to the City of Deadwood should be in January of 1990 for the first two months quarter. He stated that he does not know at this time what the remittance will be in January.

Tom Blair asked who the SD Commission on Gaming is accountable to for the overseeing and expenditures of funds. Secretary Gromer answered that he was accountably to 3 identities which are (1) the Commission, (2) the Legislative Audit, and (3) the Bureau of Finance of Management.

Don did reiterate is that this a projection type budget there is no clue, as of yet, as to what the 8% gross revenue tax is going to be and this will not be known until some history can be obtained.

The letter from the Deadwood U Bet Committee was addressed by the Commission. Mary Schmit represented the Deadwood U Bet Committee.

Some of the concerns that they had concerned the following:

- (1) Flexibility on drop schedules such as in times of emergencies.
- (2) Future discussions of revenue to be limited to monthly statistics and reports and any revenue statistics or projections are substantiated.
- (3) Approval of promotions or coupons need to be done as quickly as possible as the establishments are needing to get their advertising promotions going.
- (4) The Committee wants the Commission to set out guidelines or specifics for the control of minors in the gaming establishments.

Executive Secretary Gromer clarified that if the establishments wishing

to use coupons have a bearing upon games it is important that the coupons are accountable. The Commission on Gaming has no problems with the gaming establishments giving out coupons for free merchandise or items from their businesses, such as free drinks, food, t-shirts, etc., however, the Commission is concerned about accountability of gaming coupons. There are two types of coupon play called free-play and match-play. Free play is if a coupon is sent out to a given person or establishment and that person can bring in the coupon and make a wager with it, it acts as a chip at the time of presentation, which does have bearing on the mathematical statistical payout of the particular game that it is being offered at such as a blackjack game. The state does have a 8% interest in this coupon. Match play is where a coupon is brought in and you place a bet and receive a subsequent bet on top of that, such as a two for one promotional, that again will vary the statistical mathematical hold on the tables.

The proposed rules that the Commission is reviewing does address match play and free play. These proposed rules for match play and free play could be deducted from the gaming establishments gross revenue. Any other types of promotional endeavors will not be disallowed, however, they will not be allowed to be deducted from the gross revenues.

The Commission pointed out that state law prohibits anyone under the age of 21 from participating in gaming. The Commission felt that the only thing that they can do to further enhance with would be to draft a rule to prohibit anyone under the age of 21 from even being in a gaming establishment. The Commission did not feel that this was good rule processing, because with the wide variety of gaming establishments in Deadwood, such as drug stores, candy shops, grocery stores, motels, and saloons, it would not be feasible to prohibit anyone under the age of 21 years from entering these type of establishments. The Commission felt that it should be up to the businesses own house rules if they allow anyone under the age of 21 years of age on the premises. The law could be posted in each establishment, but it would have to be up the establishments to enforce this.

The issue of establishing emergency drop times was addressed by the Commission. Executive Secretary Gromer said that in the case of an emergency the Gaming Commission Office wishes to be reasonable and flexible in the case of emergencies, such as a severe blizzard, etc., however, if the establishments were to ask for emergency drop times due to such things as a lack of chips or tokens, the Commission did not feel that this was a plausible reason. In the event that an emergency does occur and a drop cannot be made at a particular time the establishments should just contact the office in either Deadwood or Pierre and flexibility would be given in this type of situation.

Anthony Cook, from Wild Bill Bar, pointed out that they would like some flexibility in the drop situations so that the public does not know that the establishments are in a routine with drops thus enhancing security. The Commission pointed out that they have no problems with varying the drop times so that a pattern does not occur, however, the Commission will have to be notified of when the drops occur.

At this time Governor George Mickelson appeared at the Commission Meeting and was presented with a check for the loan repayment of \$100,000.00 plus interest. The Governor addressed the Commission and the City of Deadwood and said that he is proud of the way in which Deadwood and the Commission has gotten gaming off the ground and the

way in which it is running. He said that gaming seems to be doing even better financially than anyone had anticipated from the estimates received so far, and he hoped that the enthusiasm continues and he has every reason to believe what it will.

A short break was taken and the meeting reconvened.

Further discussion was held on promotional coupons. Commissioner Karen Crew moved to authorize, Executive Secretary Gromer, along with the authority that has already been delegated to him to consider any proposals for promotional schemes, and if they meet the rules that the Commission intends to propose and adopt, that he approve those on an individual basis so the establishments can begin on their advertising and promotional campaigns. Kristi Wagner seconded the motion. MOTION CARRIED.

On the issue of public disclosure of gaming revenues, it was pointed out to the public that the Commission on Gaming Office is a public office and if comments are made at a public meeting it is public information. However, abstracts on proceeds will be done collectively as an industry for all gaming establishments revenues and will not be released on individual establishments.

Tom Blair of the Deadwood U Bet Committee asked to the Commission to consider proposing legislation to allow the Commission to use their own discretion as to how many nickel slot machines the city can have. He felt that with the increasing number of establishments that are coming into Deadwood, 50 nickel slot machines is not enough. He asked if the Commission would get the authority to use its own discretion on how many city nickel slot machines would be allowed each year in Deadwood. Karen Crew said that she appreciates this, however, at this point, without a track record, it would probably not be wise to try to change the number of machines that are allowed through the legislature. The Commission concurred with this.

Vice Chairman Fischer mentioned that if there is any legislation on the part of the Deadwood community, be it the Deadwood You Bet Committee, or whomever, the Commission would like to have the legislation in writing prior to the December 19, 1990 meeting so that it can be reviewed and discussed at the next Commission meeting.

Don Achtien asked if the Commission has considered legislation changing the calendar year from November 1, to November 1 rather than from July 1 to July 1. The Commission asked that if this is legislation that they would like to have the Commission consider proposing, to put it in writing and submit it prior to the next meeting.

VICE CHAIRMAN FISCHER entertained a motion to go into Executive Session to discuss applicants for licensing. Evans Nord so moved, seconded by Kristi Wagner. MOTION CARRIED.

The Commission meeting reconvened at 1:30 p.m..

Kristi Wagner made a motion to approve the applicants for support licenses that were recommended by Executive Secretary Gromer. Evans Nord seconded the motion. MOTION CARRIED.

Karen Crew made a motion to deny the licenses in which Executive

Secretary Gromer recommended for denial. Seconded by Kristi Wagner.
MOTION CARRIED.

Bill Evers, of the Bella Union, requested the Commission to consider letting him change one of his blackjack tables to a poker table when the need arises. He would also change the drop boxes when he changed tables. The Commission said that they would like to consider this and try to give him an answer on this at the next meeting.

Bill Evers also addressed the Commission as to the definition of a building and if he could place an access between two separate buildings. Karen Crew asked our attorney's to look into the definition of building further for us and we would try to further clarify the definition of a building and the guidelines for this issue.

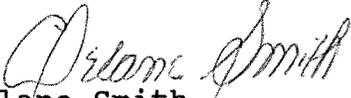

Anthony Cook, of Deadwood Player's said that his biggest fear when he came out to Deadwood was what he was going to have to come out and set up some internal controls and procedures and this was already done by the State as a result of the Commission and he complimented the Commission on the controls and procedures that they have in place.

Tom Blair asked the Commission if there was anything that they have heard in the way of criticism or favoritism with the gaming industry. Vice Chairman commented that the only thing that he had heard is that there is not enough games to play and the public has to wait to play games during the busy times. Kristi Wagner reiterated that she had heard the same type comments from the public.

The next meeting was set for December 19, 1990.

Kristi Wagner made a motion to adjourn the meeting, seconded by Evans Nord. MOTION CARRIED.

MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
DECEMBER 19, 1990
STATE LIBRARY CONFERENCE ROOM
PIERRE, SOUTH DAKOTA

Vice Chairman Karl Fischer called the meeting to order with the following Commission members being present: Karl Fischer, Karen Crew, Evans Nord and Kristi Wagner. Absent: Chuck Lien. Quorum was declared. Other staff present: Donald E. Gromer, Executive Secretary; Stan Triplett, Security Director; Bill Srstka, Attorney at Law; Delane Smith, Administrative Assistant. Others present: Mike Trucano, Melodee Nelson, Bill Evers, A. R. Cook, Duston Whiting, DCI, Kevin Woster, Chet Brokaw, Shannon Garry.

Evans Nord moved that the minutes of October 20 and October 31, 1989 be approved. Seconded by Kristi Wagner. MOTION CARRIED.

An update report was given by Executive Secretary, Donald Gromer. He announced that he is holding interviews the following Thursday and Friday for an additional security agent which will be officed in Deadwood. Also on the 2nd of January, 1990, there will be interviews for the accounting and auditing positions. Doug Evanstad from McGladrey Pullen will assist in the accounting and auditing positions. The person that we hire for the security agent position will be going to Nevada for a two week school which the Nevada Gaming Control Board is holding. Hopefully, Security Director, Stan Triplett, will be going to the next school provided for.

Secretary Gromer stated that there has been a steady influx of licenses that are coming in for licensing. We should have approximately 73 more support applications and nine operator/retailer licenses for consideration at this meeting.

The monthly statistical reports, which the gaming establishments are mandated by rule to provide, have been received and compiled. The overall Monthly Gaming Statistics Report was released to the Commission. Approximately \$13.2 was gambled in Deadwood during the month of November, 1989. Out of that 90.5% of all monies played in Deadwood went back to the players in the forms of winnings. Approximately \$1.2 million dollars is what we consider the adjusted gross income, that is income kept by the gaming establishments pursuant to their endeavors in gaming. There was also a break down as to what the 8% tax would be on this gross revenue income, including what the State Share, Lawrence County Share, Commission Gaming Fund Share and the proceeds from the city nickel slot machine shares would be. The proceeds from the nickel city slots will be forwarded back to the Commission's Fund and this will be, in turn, addressed back to the city of Deadwood on a quarterly basis.

Approximately four different promotional endeavors of the gaming establishments have been approved and have been limited to what was discussed at the last Commission Meeting, considering match and free play.

A discussion was held on proposed rules that will be submitted for approval. The major points that the proposed rules deal with are the progressive slot machines and promotionals. The present vendors are having difficulty complying with our present rules concerning the specifications of progressive slot machines. The Commission had discussed at a prior time that it is prudent to adapt rules to the progressive slots, so that if any particular businesses in Deadwood, was to engage in this type of endeavor, they would have rules in which to work from. The proposed rules were basically written by our gaming consultant, James Maida, from Gaming Laboratories, in New Jersey, concerning the progressive slot machines.

Karen Crew made a motion, seconded by Kristi Wagner, to present the proposed rules to our council and get them in the correct form so that we can begin the permanent rules process, however, she would like to give the Commission's legal council the authority to amend the proposed rules if they find something that should be amended, upon consultation of the Commission. This would also include the proposed rules for promotion items.
MOTION CARRIED.

Discussion on proposed legislation was held. It was pointed out the legislation that the Commission on Gaming is proposing is basically house-cleaning legislation.

A letter from the City of Deadwood, concerning an increase in city nickel slot machines was discussed. The city is contemplating introducing legislation to increase the number of city nickel slot machines allowed and asked the Commission on Gaming to consider this proposal as a part of the Commission's legislation.

Executive Secretary Gromer, informed the Commission that he has received two phone calls, from two proprietors in Deadwood, who is opposed to an increase of the nickel slots, basically because of their theory that the city of Deadwood should not be engaged in gaming as they felt it was a private enterprise.

Secretary Gromer also announced that he spoke with Mayor Bruce Oberlander about this issue and the city would like to see the Commission consider proposing this legislation also.

Melodee Nelson of Deadwood stated that there is just not enough machines. The city of Deadwood has tried to place two machines in each gaming establishment and as more and more gaming establishments are licensed there are not enough machines to place in establishments. The way in which the City distributed the machines is one nickel machine went to establishments with 10 or fewer gaming devices and establishments with more than 10 gaming devices received 2 nickel machines, with no establishments receiving more than 2 nickel machines. The City of Deadwood would like to increase the number of city nickel slots from 50 to 150.

Don Gromer pointed out that with the expansion of gaming in Deadwood, there is many different factions in Deadwood that are both for and against expansion of gaming. Even some of the members that have asked for a limit

on the 15 gaming devices are now asking for an increase in the city nickel devices.

Bill Evers of the Bella Union, advised that he would not want to see an increase in the city slot machines. He said that he is paying \$60,000.00 a year for device license fees for 30 games and he felt that the City should keep their limit the same way, at least for a year, until we can see what is happening with gaming. He said that he is one of the few establishments with his own nickel slot machines, and his percentages are so much higher than the City's, that there is something that the City can do better with the ones that they have.

A. R. (Tony) Cook said that with the additional licensing of establishments, he was sure that each licensee would want some nickel machines in their establishments, especially when they don't have to pay for these machines and it will help with the crowded traffic flow, however, he felt that possibly legislation could be proposed that each gaming establishment receive two city nickel slots, rather than placing a certain number on them.

Executive Secretary Gromer stated that he was not sure that the Commission should take a position on the expansion of gaming at this time, whether it be from the City or from private enterprise. His comments to the different fractions that approach him on this issue is that it really makes no difference to the Commission, as a regulator, if 50 machines or 150 machines are regulated, however, he was not sure that the Commission should take a position behind the city or behind private enterprise, either one. His recommendation to the Commission was that if the City of Deadwood wishes to propose this legislation, the Commission wouldn't take a position against it, nor would a position be taken for it. The same would hold true if private enterprise in Deadwood would ask us to propose legislation for expansion of gaming devices in the private sector.

Karen Crew stated that she would hate to see a variety of bills on gaming legislation presented to the legislature that is contradictory. She asked that this proposal be tabled until a later time. The Commission concurred.

The proposed legislation that the Commission on Gaming is proposing was gone over by Executive Secretary Gromer and Attorney, Bill Srstka. The Commission was briefed as to what each statute changes or the proposal entails.

Further discussion was held as to whether the Commission on Gaming would endorse the City's proposal to ask for more City nickel slot machines. Kristi Wagner stated that with some of the comments that are being made about how difficult it is to find available slots to play during busy times of the week, perhaps endorsing the City's proposal wouldn't be a bad idea in that it would make more games available to help with these peak times. Secretary Gromer pointed out that by January, 1990 there will be approximately 180 more devices for play once the establishments are licensed up and this should help out with the shortages in devices for the public to play.

Tony Cook from Deadwood Player's said that he felt that all legislation that is being proposed should be submitted to the Commission for their opinion before it is submitted the legislature, and then we each know what

is being submitted one way or the other.

The Commission also pointed out the City's nickel slot machines could be moved around to the different establishments that have the greater need for the devices. Karen Crew said that she would like to see a proven track record before any legislation is submitted for any expansion in devices, be it the City's proposal or whatever proposal.

Bill Ever's commented that he had three things that he wanted to comment about the proposed rules. (1) the nickel machines; he felt that the city's machines have already outdone what was projected for revenue and the people that are going away frustrated are not frustrated because they cannot get to a machine, it is because they cannot get to a card game in most cases; (2) he didn't feel that the definition of common area is defined well enough, and Secretary Gromer pointed out that this language of common area would be stricken from the bill if the bill passes; and (3) he doesn't like the idea of going from bi-monthly to monthly on the remittances, as it involves even more accounting than is already required, and since the forms that are required are quite detailed it would just be additional accounting that each establishment would have to do, and perhaps would cost the gaming offices more for processing monthly than what the state would make in interest by going monthly.

The proposal of changing the license renewal from November 1 to November 1 from July 1 to July 1 was addressed by Kristi Wagner. The Commission felt that if we did change the renewal dates this might not be fair to those establishments that have already committed themselves to the gaming endeavor. They had to pay from whichever month they began, without a pro-rata and if the gaming establishments coming in wish to wait until July 1 to do so they can.

Evans Nord made a motion to not endorse or reject the City's proposal for more city nickel slots one way or the other. The motion died for a lack of a second.

Bill Ever's proposal to switch a blackjack table to a 7 card stud poker table as traffic and the public demand was addressed. Secretary Gromer advised that by rules and regulations the Gaming Commission Office is to know the whereabouts of a game and an establishment is to notify the Commission Office when there is a game being changed. It would be unlikely that Mr. Ever's would want to call the Commission Office every time that he would like to change the table. Mr. Evers concurred with this. He would just like to have permission to change the tables as the need arises. The Commission felt that if they allowed the Bella Union to do this, would have to allow all the establishments to do this and it could be terribly confusing, as each establishment would have to call in and let us know that they are changing the games. Executive Gromer denied this proposal in letter form already. The Commission concurred with this.

A letter from Bill Evers of the Bella Union was addressed, which asks for the Commission's decision on allowing him common access between two buildings. Further discussion was held on the Attorney General's Opinion on the definition of a building.

Karen Crew made a motion that we take no position as to what a building is and if establishments want a decision as to the definition of a building or

common access between buildings, they can petition the Commission for a declaratory ruling. Motion seconded by Kristi Wagner. MOTION FAILED.

Don Gromer advised the Commission that he has used the Attorney General's Opinion as the basis of decision making, because when the first questions came into the office as to what a building was, there was no definition in statute, so he went to the Chief Legal Council of the state, the Attorney General's Office, and that is what he gave to us. Every since this time this is the basis that has been used in decision making. If the Commission is not going to proceed with the Attorney General's Opinion, he asked that the Commission give him the definition of what a building is or isn't so that he will know how to advise the countless everyday questions that arise on this issue.

It was the consensus of the Commission that we proceed with the Attorney General's Opinion as to the definition of a building and if an establishment feels that they have a peculiar facts situation and this does not comply to their situation, then they could ask for a declaratory ruling from the Commission on the issue.

Kristi Wagner moved to go into Executive Session to discuss the consideration of applications for licensing. Seconded by Karen Crew. MOTION CARRIED.

A Motion was made by Kristi Wagner, seconded by Karen Crew to come back out of Executive Session.

Evans Nord made a motion to approve the support licenses that Executive Secretary Gromer recommended for approval. Seconded by Kristi Wagner. MOTION CARRIED.

Kristi Wagner made a motion to approve the operator/retail licenses which Secretary Gromer recommended for approval. Seconded by Karen Crew. MOTION CARRIED.

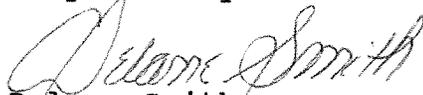

Kristi Wagner made a motion to approve Sam's Place for a 24 hour gaming license. Seconded by Evans Nord. MOTION CARRIED.

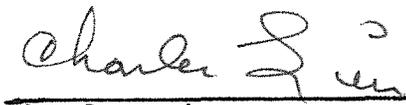

Bill Ever's asked the Commission if all establishments with 24 hour licenses have to remain open 24 hours and do all games have to remain open, or can just the slots, or poker games remain open for 24 hours as long as the establishment is open. Mr. Evers recommended that any 24 hour licenses have to have all games open for play. The Commission wanted to take this issue under advisement and discuss if further at the next Commission meeting.

Kristi Wagner made a motion to set the next Commission meeting at a later time when Chairman Lien is available. Seconded by Karl Fischer. MOTION CARRIED.

A Motion was made by Kristi Wagner to adjourn the meeting, seconded by Karen Crew. MOTION CARRIED.

MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
JANUARY 23, 1990, 9:00 A.M.
GOLDEN HILLS RESORT
LEAD, SOUTH DAKOTA

Chairman Chuck Lien called the meeting to order with the following members being present: Chuck Lien, Karen Crew, Evans Nord, Karl Fischer and Kristi Wagner. Other Staff Present: Donald Gromer, Executive Secretary, Delane Smith, Administrative Assistant, Stan Triplett, Security Director, Bill Srstka and Kit McCahren, Attorneys for Commission. Others present: Governor George Mickelson, Mayor Bruce Oberlander, Joe Massa, Susan Kightlinger, Kirk Whipf, Mary LaFrentz, John Peckovich, James Walker, Louanne Vidal, Cecil Stone, A.R. Cook, Pete Goin, Ila Venerable, J J Patino, Melodee Nelson, Linda Blair, Thomas Blair, Bud Venerable, Lloyd West, Barbara Ordahl, Bruce Ordahl, Steve Christenson, Gary Colbath, Scott Randolph, Bill Walsh, Bill Evers, Bill Bernard, Gary Case, Tina Longden, Loren Johnson, Douglas Sperlich, James Hooch, Steve Palmer, Bob Regan, Arlin Heinrich, Ken Knight, Bill Hixon.

Chuck Lien introduced Governor George Mickelson and Mayor Bruce Oberlander. Governor Mickelson congratulated the City of Deadwood and the leadership that Deadwood has shown in this brand new experience in our state, which has proven far more successful, at least in terms of what the original goals were for development in Deadwood and the surrounding areas that have really been affected. He felt it was also a time when he could express publicly his gratitude to the Gaming Commission to ensure that this operation which was new to our state, got up and running in a responsible way and that it also be operated squeaky clean. He felt that the Commission has succeeded in this by building a confidence in the people of the this state, that it can happen, that it can be fun, that it can be family oriented, and he felt that it has created a whole new excitement for not only the northern Black Hills but for all of South Dakota.

At this time the Governor presented a check to the City of Deadwood for \$500,000.00, which was from the licensing fees only. None of the 8% tax was included in this payment, as the 8% tax is not subject to being remitted until the 30th of January, 1990. This represents the first dividend to the City of Deadwood from the licensing activity alone. Mayor Bruce Oberlander accepted the check on behalf of the city of Deadwood.

The Governor said that he felt the challenge in Deadwood is to ensure that the money is spent and used as originally intended by the legislature and meets the expectations of the people of this state. He said that Deadwood certainly has a historic novelty that is unique among perhaps any community in this nation and he felt that the new challenge for the City is to make sure that plans are drawn up to utilize the funds in the best possible way for preservation of historic Deadwood.

At this time the Governor left the meeting and the meeting was continued.

Chairman Chuck Lien entertained a motion to approve the minutes from the November 13, 1989 Commission Meeting, so moved by Karl Fischer, seconded by Kristi Wagner. MOTION CARRIED.

Chairman Lien then asked Donald Gromer to give the Executive Secretary's Report.

The Governor is having a meeting for all Boards and Commissions scheduled for April 10, 1990 in Pierre. Secretary Gromer asked the Commission if he could possibly have our regular Commission Meeting either the day before or after this meeting so that the Commission would not have to travel twice for Gaming meetings in April. The Commission agreed to come into Pierre on April 9 for the Commission on Gaming meeting and then attend the Governor's seminar for the Boards and Commission's on the 10th of April, 1990.

Secretary Gromer advised that he has been in contact with Mr. Paul Putz, from the SD Historical Society, over the last several weeks and he anticipates working together with him on the historical preservation aspects in Deadwood from here on out.

House Bill 1099 was proposed to the House State Affairs Committee on January 22, 1990. Vice-Chairman Karl Fischer, Don Gromer and Bill Srstka testified before the House State Affairs Committee pursuant to this Bill. The House State Affairs Committee allowed an overview of the Bill and then Mr. Lammers, Chairman of the Committee, created a sub-committee to work on this Bill. There was very little change of the Bill since it was introduced, with the exception of the definition of a building. The Commission on Gaming has asked the State Affairs Committee to, as of this time, strike this from the Bill. It was the consensus that the definition of a building should be stricken from statute and defined in the rules and regulations.

House Bill 1099 was gone over section by section by Secretary Gromer to the Commission on Gaming.

Chairman Chuck Lien asked the public if they had any comments or questions on House Bill 1099 as presented.

Bill Walsh addressed the Commission. He said his main concern was 42-7B-18. He said that the intention for gaming when the original legislation was drafted was for limited gaming. Limited gaming is what was sold to South Dakota; that there would be limited gaming in Deadwood and that the historic buildings would be restored. He commended the Commission that gaming is being run real squeaky clean and yet he felt that gaming can get out of control completely. He felt that gaming is becoming a run-away buck board in Deadwood, due to the fact that alot of gaming halls are opening up with no primary business, and he felt that taking "primary business" or "incidental business" out of the legislation would be taking away from the intent of what the Deadwood U Bet Committee tried to do when they introduced gaming legislation. He felt that the intent of the Deadwood U Bet was to be supportive of the retail businesses and not let

retail businesses vanish from Deadwood. He said there is no market analysis of what the market in Deadwood can sustain. He felt that by opening up the free-enterprise market to gaming we could be destroying the whole intent of limited gaming in Deadwood. He felt that if Deadwood becomes one arcade of gambling halls that Deadwood could lose 51% of its business in the summertime, which is family oriented businesses.

Bill Srstka pointed out the retail floor plans must all be approved by the City of Deadwood and during that process there might be a way for the concerns of the community to be expressed as to how a retail floor plan is going to be addressed, laid out, the businesses involved, etc. Srstka advised that perhaps the concerns of the community could be handled locally through the City's approval of retail floor plans, and the Commission could perform its duty to approval of the floor plans on a statewide level.

Chairman Lien advised that the Commission has not approved any licenses until the City has given their approval of safety, health, floor plans, etc. and the Commission has tried to honor the City's wishes in licensing of an establishment, as long as the state's guidelines for approval are met.

Mayor Oberlander, commented that they are trying to work with the Commission on the floor plans. He advised that they have held up some floor plans that do not meet with certain criteria, however, he said it is difficult to know what they should or shouldn't reject a retail floor plan on, as almost all establishments do agree that they would come into compliance with whatever criteria is not met.

Executive Secretary Gromer felt that perhaps this issue could be addressed by some sort of City ordinance, where a list a requirements could be drawn up as to what a primary business would be. Maybe the city feels that a primary business would be defined in square footage, or a monetary amount, a percentage of the business would have to remain a primary business, etc.

Mayor Oberlander said that he didn't know if adopting further city ordinances concerning gaming would help or not, and he didn't feel that it would address the current problems that we are facing as he questioned if businesses that were already licensed or applying for licenses would just be grandfathered in. Bill Srstka felt that if an establishment is already licensed, they have already been approved by the state and the city and those businesses are here to stay; however, a change in ownership or applications for a new license would be a different situation and would have to comply with the City of Deadwood's Ordinances.

Executive Gromer asked Mayor Oberlander if the City has created some sort of city ordinances on the expenditure of the money that they have received as to how it will be expended. Mayor Oberlander said that they City have developed guidelines and a priority list of general areas that need to be addressed, however the specific dollar amounts have not been set out. This includes the accountability of the funds expended.

Bill Walsh asked the Commission about marketing the "Deadwood Experience" and advertising. He asked the Commission if any money will be set aside or dedicated to marketing and advertising of gaming in Deadwood. Chairman Chuck Lien advised that the Commission has taken the free enterprise approach to this issue. The Commission will not be appropriating any money

for advertising and marketing in Deadwood and will leave that up to free enterprise and other entities.

Tom Blair indicated that perhaps the city could allocate some of the funds they have received for advertising and marketing under the premises that if more money could be brought into the City of Deadwood through advertising and marketing of historic Deadwood, more revenue would come into the City's historical preservation fund.

Mayor Oberlander answered that the guidelines that the City has put together for the expenditure of funds is for planning, staff, restoration and infrastructures, and also for the promotion of heritage tourism in Deadwood.

Bud Venerable, an accountant in Deadwood, said that he was active in the Deadwood U Bet Committee, and he is working with several of the businesses around town. He said the Deadwood U Bet Committee had some concerns about the issues in HB 1099.

Chairman Lien advised that what this proposed Bill that will be submitted to the legislature. He pointed out that the bill has to go through the legislative process and stand the heat of the Committee, House, Senate and Governor, before it is enacted. The Commission has discussed the content of this bill at prior meetings and has now submitted the bill to the legislature for passage and their decision as to what will or not be enacted upon.

Mr. Venerable reiterated that there are some people of Deadwood that feel that they were not given the opportunity to give input into this Bill. They felt that this was strictly a Commission Bill, drafted by the Commission, without the benefit or the input of the people of Deadwood.

Melodee Nelson, of the Deadwood U Bet Committee, at this time read a Resolution to the Commission, asking the Commission on Gaming and it's Executive Secretary, to meet with authorities from the Nevada Gaming Control Board in a Roundtable Discussion and Workshop, to be arranged and paid for by the Deadwood U Bet Committee.

Tom Blair asked the Commission to make the penalties stronger against the participants or violators of gaming such as the underage persons that are trying to game, rather than establishing such strict penalties against the gaming establishments in which the participants are caught in.

Bill Srstka pointed out that there are all different type of entities that have different view points and opinions about HB 1099 and they will all be presented to the legislature. Everyone has the right for input during the legislative session by using lobbyists or talking with legislators. He said not to walk away from the Commission meeting thinking that this Bill is isolated from the ordinary legal processes and that it is also isolated from the feelings and considerations of the people of Deadwood.

At this time, Executive Secretary Gromer gave the financial statement for the month of December. There was about a 32% decrease in gaming action and revenue during the month of December. The holidays, cold weather, and perhaps the novelty of November being the first month of gaming, could contribute to the reasons for decline. Regardless, it was still considered

a very successful month. There was approximately \$9.1 million of gaming action during the month. At of that \$9.1 million there was a total adjusted gross income of approximately \$881,000.00. Around 90.4% of money played went back to the general public, comparing with 90.5% for the month of November. Even though the month's figures as a whole are lower than November's they still exceed what was anticipated to be made.

Chairman Chuck Lien announced that the definition of a building is taken out of statute and is being defined by rules. Don Gromer said that what is being sought is to outline in rule a list of descriptors outlining what a building is. Some of the things that could possibly be considered are: a common roof line, conveyance, separate businesses, frontage, access to a building, unique bathroom facilities, separate heating, electrical, cooling, and sewer systems, public opposition and support, and input from the City as to what they deem it to be, inside decor, any other type of suggestions that the Commission or public may need in order to make a determination. Secretary Gromer said that this just some of the things that were discussed to could possibly be used as descriptors of a building and could be placed in any format that the Commission would deem necessary in rule form.

Chairman Lien then addressed an issue presented by Bill Evers of the Bella Union, in which Mr. Evers asked for a declaratory ruling as to the inner access between Bella Union and the Coast to Store. Secretary Gromer presented to the Commission that it is undeniable that the Bella Union and the Coast to Coast Store are two separate businesses and two separate buildings. Those particular buildings, as they exist today, do have individual accesses, and the only thing that Mr. Evers is suggesting is that a doorway is permitted between the two buildings, so that players can go from the Bella Union into, what is now known, as the Coast to Coast Store, without having to go outside. Mr. Evers agreed that this is the limit to his request. He said that there would still be accesses to both front doors and rear exists for fire exists, and they both have separate utility systems. The inner access would allow him to use a common cage, there will be a satellite cage on one side, and gives him better control and security between the two buildings.

Bill Srstka pointed out that the Attorney General's Opinion right now would state that if you cut a hole between the two buildings, it would make it one buildings. Mr. Srstka didn't feel anything wrong with the Commission declaring the opposite, as they have the power to do so, however, he suggested that before a declaration ruling is made in writing, a specific proposition be made as to what physical changes are to be made.

Chairman Lien asked Mr. Evers to submit such plans to the City and upon their approval, then the Commission will make a decision on the declaratory ruling.

John Caldwell asked about the precedential value of what has been granted to the Anthony's building's owners. He asked if the owner's of the Anthony's building has been allowed 60 slot machines, with the ruling being that there is two separate buildings there. Secretary Gromer explained that he was contacted as to whether the present Anthony's building as a building, which it was agreed that it was. He was then asked about the Dress Shop and the Shoe Store next to the Anthony's building. Upon

observation by himself and one of the Commissioners it appeared to be two separate buildings, as the fronts were different and it appeared to be two buildings. However, upon further review of his original decision, Secretary Gromer said he could give no other explanation than that he made a mistake in the declaration of that being two buildings, because upon further review it was determined to be one building. However, by the time that he discovered the mistake a transaction had occurred and he could not allow someone to suffer a monetary penalty because of his mistake. Secretary Gromer said he is willing to admit that he had a mistake in judgment of this building issue, however, he doesn't feel that basing future judgments on one mistake will not make things right - as two wrongs don't make a right, and he does not plan on making allowances on the building issue because of this one mistake.

A presentation was made by James Houck of Westdak, which is planning on putting in a convention center in Deadwood. They explained what the project represents and what it is that they are proposing on building and the problems that they are having with the building definitions. Basically what Westdak asked the Commission for was three different definitions of a building, being detached business, an attached or common wall businesses and convention center type building, which would have more than one use inside, however the gaming machines devices could be consolidated into one area of the building so that the recreation area of the building, which is more family oriented would not be subject to gaming devices.

The Commission pointed out that 42-7B-18 restricts the number of devices per building and the consolidation of licenses. The statute states 30 devices per building and that is the most a building can have.

Bill Walsh pointed out that having 90 machines under consolidation of a convention type structure or consolidating of licenses for such a center is not in his opinion what the intent of the gaming legislation and what the Deadwood U Bet Committee worked for. He felt that less is more and the uniqueness and success of the gaming in Deadwood will be to the extent that it is kept limited and not allow Ceaser's Palace's in Deadwood.

Secretary Gromer advised the Commission that Randy Lemme, the newly hired security agent is presently attending a two week course in Las Vegas, sponsored by the Nevada Gaming Control Board. Secretary Gromer also announced that an auditor which will beginning working on February 5, 1990. His name is Grant Gubbrud, who was an auditor for the Department of Revenue.

At this point the meeting was recessed for lunch and began again at 1:00 p.m.

At this point a formal hearing and complaint filed against Calamity Jane's, Inc. was handled by the Commission. Gary Colbath, representing Linda Blair of Calamity Jane's Inc. and Bill Srstka, the Commission on Gaming's attorney, stated they wished to enter into a voluntary compliance between Calamity Jane's and the Commission on Gaming and a Stipulation and Assurance of Voluntary Compliance would be entered into upon the Commission's approval of such. The following terms were agreed to: (1) the licensee will neither admit nor deny any wrongdoing; (2) the licensee will be suspended for a period of two days; and, (3) the licensee will make a voluntary contribution to the Commission in the sum of \$10,000, to paid

within a reasonable period of time. The Commission approved this stipulation informally at this meeting, agreeing with the terms Executive Secretary Gromer made with Calamity Jane's, dropping the formal complaint and considering the matter formally compromised, and a written stipulation will be signed and filed formally after this meeting.

Executive Secretary Gromer then pointed out that in his conversations he has heard that there is some confusion concerning underage play, such as there could never be controls on underage playing, as kids come in with false ID's, etc. and if the establishments report it they would be held responsible. He pointed out that this is not the case at all. If an underage person comes into an establishment and they are caught playing by the establishment, and the establishment turns them in the establishment certainly will not be prosecuted or held responsible. It is only the occasions when someone other than the establishment catches an underage person in an establishment playing that the establishment will be held responsible.

Gary Colbath asked that his Defendant be given an opportunity to speak before the Commission about her decision to agree into the Stipulation and Voluntary Compliance. He felt that the whole area of sanctioning has not been thought through well enough. He said that he and his client didn't really disagreeing with policy or procedure in this sanctioning, as much as the recognition that there wasn't any sanctions methods set out; they were the first to enter into such a sanction. Their concerns were that this sanction wouldn't start a precedent. He said that he was assured by the Executive Secretary that cases will be treated on a case by case basis. Also, how this violation is resolved would not be precedent for other violations. He said that he and his client felt that this sanction that they agreed to "is ungodly harsh", but they understand that the attitude and impression in other communities is that Deadwood is "lax and easy-going" and that the community of Deadwood might look the other way on gaming violations, and they agreed to the sanctions to put the message out that Deadwood will not tolerate violations in gaming and that Deadwood wants to keep it clean. He also stressed, however, that should stricter sanctions or ramifications persist, or such sanctions as "strike one you are fined, strike two you are penalized further, strike three you are out" were imposed it would be way to harsh and it could destroy the future of gaming as it could affect the employees, funding of establishment, feasibility of gaming, etc.

Steve Christenson, representing the Bodega, commented that everyone is concerned about the sanctioning efforts that have to be made. He said that we are all in the gaming industry together and the establishments have to work with the Commission on formulating reasonable sanctioning and ramifications that will be imposed on gaming violations. He felt that if everyone works together and listens to what each other has to say it can all come together. He commented that if some infractions would happen in such an establishment as Goldberg Grocery, he would hate to see such sanctions imposed as closing down Deadwood's grocery store for any period of time.

Bill Srstka commented that all businesses that have gaming have a primary business. If there were to be a suspension of a grocery store's gambling, it wouldn't shut the grocery store's doors, it would just shut down the gambling. He pointed out that even the Bodega has a primary and secondary

business, and a revocation or suspension of the gaming license would not shut down the primary business of the Bodega.

Karen Crew said that on behalf of herself, not the Commission, she appreciated the comments that were made by Gary Colbath and Steve Christenson, she has respected them for years and she took the comments for what they meant, and she added that she doesn't consider Linda Blair a criminal of any kind, but the Commission is going to regulate gaming. She also commented on a word of advise, "if we are going to work together, it seems to me that you do not come into the Commission in the morning and insult the Commission and then come in the afternoon and say that we are going to work together".

At this point Chairman Chuck Lien closed the hearing by thanking everyone for their input and stated that it is the Commission's intent to work with Deadwood as partners and cooperate and try to solve the problems as they arise.

Hickok's Saloon and Chuckwagon asked that they be approved for 24 hour licensing. Kristi Wagner moved, seconded by Karl Fischer, to grant Hickok's Saloon and Chuckwagon with 24 hour gaming privileges. MOTION CARRIED.

Bill Walsh stated that he felt that somewhere down the line the Commission would have to address the consistency of the liquor law, the lottery law and the Deadwood gambling law pertaining to underage participation, as it confusing and alot of underage problems arise out of these inconsistencies. Chairman Lien suggested that it would probably be easier to get the Lottery to raise the age limit to 21, rather than for the gaming industry to lower the age limit to 18. Attorney, Kit McCahren said that he would talk to the Lottery about this, he felt that there might to some legislation proposed on this issue.

Bud Venerable, of Deadwood, stated that the Deadwood U Bet Committee is trying 110% to work with the Gaming Commission, the Executive Secretary and security staff, and trying to get through a difficult time and situation, however, the feelings running deep in the Community are "that no owner would rise to tell you what they are truly feeling, and have asked me to speak, as my license is not on the line". He said the owners of gaming establishments in the community are "scared to death" of the Commission. The owners of the community were "utterly shocked" at the resolution or stipulation of Calamity Jane's, Inc.

Chairman Chuck Lien commented that he took offense of this and that he has tried to be the best, Christian businessman he could, and that he has never done anything to hurt Deadwood or anyone maliciously. He has taken a lot of guff and heat in this job and has been proud to do it, however, any inference of the Commission or himself of being vicious, spiteful or punishing someone for something, was personally resented.

Bill Evers, of the Bella Union, stated that he is a gaming business owner and he didn't need anyone to speak for him. He said that if he had something to say to the Commission he would advise them of it himself. He said that all of his dealings with the Commission have been pro-business from the beginning, and even though he was not happy with the outcome of the Calamity Jane's Hearing, he would have to assume that there was more

circumstances involved than what he knew of and he would have to go along with the Commission. However, he would like to see future cases handled individually rather than setting a precedent from this hearing. He would like to see the gaming industry have the same type of penalties as the liquor industry imposes.

Executive Secretary Gromer commented that he does not want to equate gaming with the liquor industry. He doesn't agree with the limited control the liquor industry has on violators and violations. He doesn't feel that the gaming industry relates to the liquor industry, and he, as an Executive Secretary for Gaming, will never equate a \$50 fine for a liquor violation in the Court System, with a sanction or ramification for a gaming violation.

Bill Bernard, of Good Time Novelty, commented that he wanted the Commission to know that he did not ask anyone to represent him to the Commission, and he didn't want to be involved as one of the owners that had.

Gene Colburn, of Deadwood, commented that he felt that Executive Secretary Gromer was acting as investigator, police, judge and jury and that this was not fair to the parties involved. Secretary Gromer and Attorney Srstka advised that this was not the case. An informal hearing was held, however the parties involved had a right to take the action before the Commission through the formal hearing process for the Commission to pass judgment. However, a proposal was worked between the Executive Secretary, the attorneys and the licensees, to keep this from happening as they opted for the Executive Secretary's suggestion. The licensee had the right to reject the suggestion and recommendation and come before the Commission to have them make a final determination of ramifications to be taken. The Commission was not informed of all of the facts so that they could remain neutral as the formal hearing was brought before them. The procedures that the Commission has to follow is under Administrative law, not Judicial law.

Linda Blair commented that the ultimate decision of the hearing was hers. She based it on what was best for herself, her family, and her employees and she wanted to enter into the voluntary compliance rather than go through the formal hearing process.

Gary Case, of Hickok's also commented that they would speak for themselves to the Commission. He said that they are a new business and they have always felt that they could work with the Commission.

Bud Venerable of Deadwood stated that he is representing around 10 businesses are scared to come before the Commission. He commented that many individuals of the Deadwood U Bet Committee have come before the Commission to ask help in solving the underage problem, rather than being penalizing them for the problem and they received no input back from the Commission rather than harsh penalties. He asked for a tolerance on gaming violations on the part of the Commission until after things settle down.

Karen Crew reiterated that she recalled the Deadwood U Bet coming before the Commission, however they appeared after the permanent rules were adopted, and there really wasn't any more that the Commission could do at that point other than stress the law and rules to the establishments and the need to enforce and uphold them.

Attorney Bill Srstka advised that the Deadwood U Bet wrote the gaming legislation that included underage gambling, and if they don't like the law that was written to go back to the legislature and try to change the Bill through an Amendment. Until which time the Bill is amended the Commission's duty is to uphold the statute and rules and regulations.

The Commission went into Executive Session for consideration of applications for licensing and then came back out of Executive Session for approval or denial of licenses.

A motion was made by Evans Nord to approve the applications for licensings recommended by Secretary Gromer. Seconded by Kristi Wagner seconded. MOTION CARRIED.

A motion was made for approval of the applications for licensing and denial for two applications for licensing as recommended by Executive Secretary Gromer. Seconded by Karl Fischer. MOTION CARRIED.

A motion was made by Karen Crew to authorize Executive Secretary Gromer to begin the process for a Rules Hearing. Seconded by Kristi Wagner. MOTION CARRIED.

The next meeting was scheduled for February 27, 1990, in Pierre.

A motion was made by Karl Fischer, seconded by Evans Nord, to adjourn the meeting. MOTION CARRIED.

Respectfully submitted,

MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
FEBRUARY 27, 1990, 9:00 A.M.
RAMKOTA CONVENTION CENTER, GALLERY F
PIERRE, SOUTH DAKOTA

Chairman Chuck Lien called the meeting to order with a quorum being declared with the following Commission members being present: Chuck Lien, Karl Fischer, Evans Nord, Karen Crew and Kristi Wagner. Others present were: Donald Gromer, Executive Secretary; Bill Srstka and Kit McCahren, Attorney's for the Commission; Stan Triplett, Security Director; Grant Gubbrud, Director of Audits and Taxes; Delane Smith, Administrative Assistant.

A motion was made to approve the minutes of December 6 and December 19, 1990, by Karen Crew, 2nd by Kristi Wagner. MOTION CARRIED.

An update report was given by Executive Secretary Don Gromer. He released the gaming figures for the month of January. The month of January exceeded the month of November, which prior to this date was the best overall month of gaming in Deadwood. Approximately 14.6 million of gaming action was seen in Deadwood for the month of January, which breaks down to a total adjusted gross income of about \$1,450,017.00 which was taxed. To date there are 39 blackjack tables, 14 poker tables, 74 nickel slots (includes the 50 City nickel slots), 365 quarter slots and 100 dollar slots.

Secretary Gromer advised that HB 1099 has passed through the legislature and is now before the Governor for his signature. The most key change that occurred in the bill in passing through session was in the cheating section, in which the original bill 1099 stated that any type of cheating would be a Class IV felony, however the legislature amended this to a Class V felony, and made a first time, single act of cheating by a person, other than a gaming employee, a Class I Misdemeanor; anything other than the first act would be a Class V felony.

Secretary Gromer recommended to the Commission that a new contract be entered into with McGladrey Pullen to continue to facilitate advise in auditing and accounting. The Gaming Office feels comfortable in the internal auditing and accounting procedure and the next phase that needs to be done is the actual auditing of gaming establishments. Chairman Lien entertained a motion to extend the contract with McGladrey Pullen until July 1, 1990, so moved by Evans Nord; seconded by Karl Fischer. MOTION CARRIED.

The Business Research Bureau's proposal for the equipment and hardware requirements that will be needed to get the Executive office in Pierre, and the Security office in Deadwood automated was discussed. Sample graphs

from the Business Research Bureau was shown to the Commission for an idea of what type of reports and statistic reports the Business Research Bureau will be able to help produce.

Grant Gubbrud, Director of Audits and Taxes, was introduced. Grant will be handling the internal auditing and accounting procedures. Also, Secretary Gromer, announced that Security Agent, Randy Lemme, has returned from his two week seminar held in Las Vegas, Nevada by the Nevada Gaming Control Board. Mr. Lemme felt that this was a very useful and informative school and Secretary Gromer would like to see all of the security staff be able to take advantage of such schools when possible.

A couple of situations have been brought to the attention the Commission Office. The first issue deals with the use of poker lammers, which are used in poker games. It is a small chip which is used in the accounting of funds when funds are either taken from a poker table or added to a poker table. Instead of using the poker buy slip, as specified in Rules, it has been suggested that a lammer be allowed to be used. This speeds up the game. Secretary Gromer stated that from what he has reviewed of this, there should not be any real problem with the use of a lammer in substitution of a poker fill slip. However, there is no mention, or allowances of use of a lammer in the Rules and Regulations, and perhaps the Commission would want to consider such use of lammers in a poker game. The poker buy sell form does generate a written documentation of the transfer of cash from the cashier to dealer, to dealer, to cashier in a poker game, however there is nothing done with the fill slip, except that it is kept for historical purposes to be used by the gaming house, and it was no bearing on the Master Gaming Report. The Opener/Closer Form would still be used.

Evans Nord made a motion to allow Executive Secretary Gromer to use his discretion on giving temporary permission for the use of the lammers chip and proceed with the modification of the Rules to include the use of lammer chips or the poker fill slip. Seconded by Karl Fischer. MOTION CARRIED.

The second issue deals with allowing poker tournaments. Dan Grider of the Dakota Territory submitted a letter outlining the rules that the house would use in the poker tournament. Mr. Grider pointed out that he would like to have a series of tournaments, where a entry fee is paid in, and the money goes into a pot for the eventual winner. The total amount of buy-in is \$5.00 of the actual betting, in which they obtain funny money, and the person that wins the most chips wins the tournament, and in turn wins the entry fee. The state receives 10% of the drop. Karl Fischer moved that Mr. Grider receive approval to do this on a trial basis through the month of April, and all other gaming business would be allowed to do so also on a trial basis, with the rules of the tournament to be submitted to Secretary Gromer for approval. Seconded by Kristi Wagner. MOTION CARRIED.

A discussion was held on the 24 hour gaming permit which several of the business have requested. Wilderness Edge and Dakota Territory have asked for approval of a 24 hour gaming permit.

Mayor Bruce Oberlander spoke on this issue. He stated that he has concerns about the 24 hour gaming as it creates problems for street cleaning, snow

removal and city maintenance, as the city crews cannot find a time when the streets are not full of parked vehicles. Also it creates a problems in the areas around the schools with traffic going in and out during school times it is congested and there is no place for the parents to drop off and pick up their children from school. He stated that his major concern is how the City is going to be able to provide the services that are needed to be provided to the City as a whole. Commissioner Fischer asked if this wasn't something that the City couldn't handle by setting parking ordinances. Mayor Oberlander answered that they have been setting no parking times and posting them, and towing vehicles away, however, there is so much traffic going in and out, you tow one away and another one comes right in and takes its place.

Chairman Lien advised that the Commission would like to cooperate with the City in planning and zoning or restrictions and pledged cooperation with whatever can be done to help in these efforts. He asked the Mayor what the City would like to have the Commission do to help in these efforts and what they felt the Commission should do with the Wilderness Edge and the Dakota Territory receiving 24 hours licenses? Mayor Oberlander answered that unless the other 5 licenses for 24 hour operation of gaming were taken away, he didn't know what could be done to stop additional businesses for receiving the same. Chairman Lien stated that he anticipates gaming establishments to request temporary 24 hour permits, and assumes that there will be more requests for permanent 24 hour permits, however we could give the City Commission time to get whatever laws, regulations or zoning established that they want and the Commission would back the City up in these efforts. Mayor Oberlander stated that he didn't have any problems with granting these two 24 hour permits, however the City would like to have further input in the future in the consideration of further 24 hour permits.

John Caldwell of Calamity Jane's suggested that perhaps a leadership committee could be formed to help the City in solving some of the problems with the industry and the City.

Chairman Lien agreed that alot of the solutions to these problems should come from the gaming industry itself and the City of Deadwood and the elected officials should have the final say in the planning, zoning and ordinances, and the Commission should stay with the law in trying to regulate the license and enforce the law. The Commission pledged cooperation with the City in granting time to the City to develop planning and zoning ordinances and stated that if there were objections to the granting of 24 hours licenses, such as the two being considered today, the Gaming Commission would like this input and would consider delaying action. Mayor Oberlander replied that he appreciated Mr. Caldwell's suggestion and the gaming industry itself could help the City a great deal by regulating themselves. He said that he would hate to over-ordinate anything, especially when it is non-enforceable, such as parking.

Kristi Wagner moved that the Wilderness Edge and Dakota Territory be granted 24 hour gaming licenses; seconded by Karen Crew. MOTION CARRIED.

Secretary Gromer pointed out that several gaming establishments have shown an interest to be opened 24 hours a day during the summer months. They request a summertime 24 hour permit, which would allow a gaming establishment to remain open 24 hours a day from May to September. This would make a uniform 24 hour summertime permit to be approved by the Commission. One advantage of this would be a uniformity aspect and would help the law enforcement to know exactly when a gaming establishment is to be allowed to remain open for 24 hours. They would know that after September, they are not to be allowed to game after hours.

Tim Conrad of Gold Street asked the Commission to consider a scaled down student permit for employment in gaming establishments during the summer months and also asked for an allowance for students for paying a student license fee which would be good for three months, to allow students to work from May to the end of August. He stated that he has been working with Black Hills State and Job Service. He pointed out that a student wishing to go to work in an gaming establishment would have to pay for a license in May and then renew the license again in July in order to remain working through the summer. The Commission advised that they would take this under advisement, however there is no statute or rules to allow such action.

Bob Stuerman of the Lead/Deadwood Schools suggested that if the Commission were to grant the temporary summer 24 hour licenses, that perhaps the Commission would consider setting the time period of the summertime licenses between the two holidays of Memorial Day to Labor Day, as school is basically not in operation during that time, and the students would not be attending school during the time in which most of the gaming establishments are in operation 24 hours a day. The Commission agreed that this was a very good suggestion and would keep this in mind should be temporary 24 hour licenses be permitted.

Executive Secretary Gromer advised the Commission that in the Rules it states that the only persons needing to request a 24 hour permit is those establishments that have another license that governs their hours of operation, for example a liquor license. A couple establishments have a business related to alcohol which mandates the hours that they can remain open and another non-governed business as far as how long they can remain open, in an adjoining structure, and what they do is basically close off gaming of 15 devices in the bar or liquor serving establishment and will allow the other business, which is not governed by the liquor license to remain open. After July 1, the law will change to grant an establishment 30 devices overall per building and there will no longer have to be a distinction between those businesses in our licensing requirements. Executive Secretary Gromer advised that he sees a potential problem as far as after July 1, the businesses will be licensed as one and how do we close off the establishments governed by set hours, and those that are not. Commissioner Wagner suggested that through rule form the Commission request that anyone wanting to remain open 24 hours a day with gaming devices would have to receive a 24 hour gaming permit from the Commission. Secretary Gromer answered that alot of businesses want flexibility in determining if they are going to remain open or not during a 24 hour period, and it saves manpower and dollars when they are not busy. However, the Commission agreed that it was their intent when the rules were drafted that anyone wishing to remain open 24 hours a day would have to apply for a permit to

do so and would have to remain open for 24 hours a day from then on out. Attorney Kit McCahren said that he would get this drafted into Rule form.

Bill Walsh had requested the Commission to hear a legislative delegation which was supposed to appear for interaction between themselves and the Commission. He stated that the legislators couldn't appear, however they did submit some letter requesting the gaming be kept limited. Letters from Representative Lammers, Senator Dunn and Senator McKellips were read.

Chairman Lien asked Mr. Walsh what is was that he was objecting to - increasing the licenses from 15 and 15 to just 30, or worried about putting all 90 in one place, or what it was that he felt keeping it limited meant. Walsh answered that when the legislation was originally proposed the two key things was to keep gaming limited and for historic restoration. He said that one of the ways intended to keep it limited was by making gaming incidental to another retail business and he felt that this has been taken out because of the fact that it was unenforceable. However, the legislation was written to allow 30 games per establishment or building and that intent should be preserved.

Chairman Lien stated that the law that we are under limits us to \$5.00 per wager and how many machines or devices are allowed, and as of today no one has violated this. The statute states 30 devices per building and that is what is, and will continue to be, enforced.

At this time presentations were made by Full House, Inc.; Three of a Kind; Don Tiner, whose businesses included the Ruth Brothers, Hudson Trading Co., Ore House, Doc Holiday's, and Belle Star, buildings; Tim Conrad, whose business included the Beck Chevrolet building; Dakota Partnership; First Gold, Inc.; and Super G Investment Co, whose business included the Drug Store building. Each group discussed their plans and ideas for what they considered their businesses to be and what each business building would entail.

Commissioner Crew asked each group giving presentations if they planned on installing water sprinkler systems in their establishments. Some related that they would, others stated that it was not mandated in the Uniform Building Code and had not planned on doing so. One concern that was brought up in the discussion was a lack of water pressure and the water supply was not adequate to facilitate the use of the sprinkler systems. Mayor Oberlander related that this is true at the present time, however that is one concern that the City is attempting to rectify soon.

Mayor Oberlander stated that the City of Deadwood has hired a full time certified Building Inspector and also an Administrative Assistant and Preservationist were hired for the Planning and Preservation Department for the City of Deadwood.

The controversy of what is historic and what should be subdivided or not subdivided has become the big issue that the City is concerned with. The City has approved the floor plans of the Franklin Garage, Full House, Super G Investment, Dakota Partnership, Stagecoach Gifts, Old Style No. 10, Dakota Mercantile, and Bud Walling's floor plan.

Chairman Lien stated that in his view, one of the larger hazards in Deadwood at the present time is fire. He said it was also his understanding that the Uniform Building Code has been adopted by the City of Deadwood. He felt that the Commission should back the City of Deadwood with adopting the Uniform Building Code in the definition of a building with some modifications to it to ensure the historical preservation aspects. He also pointed out that there are buildings in Deadwood at the present time that do not meet the Uniform Building Code, and some already have gaming licenses. He felt that each establishment that is not in compliance should be brought up to code and would possibly have to meet certain specifications over a period of time in order to be renewed for their gaming license each year.

The State Fire Marshall and the State Electrical Inspector both agreed that they would like to see the Commission adopt the Uniform Building Code and the Life Safety Code in their definition of a building. Paul Putz of the State Historical Society also agreed that the Uniform Building Code is a good criteria for defining a building and some variance could be made to the Code for historical preservation as long as it complies with safety, health and welfare standards. Any construction, renovation or remodeling of the exterior or interior of any buildings in Deadwood would have to remain within historic preservation guidelines.

Don Gromer pointed out that this is difficult for the Commission to get a handle on, as a lot of times remodeling or construction has begun before the Commission receives the application for a gaming license. A suggested was made that perhaps when a building permit is authorized by the City, that is where the State Historical Society should be notified. Paul Putz said that they have written a Memorandum of Agreement with the City of Deadwood to be allowed to review the City Building Inspection Permits.

Commissioner Crew said that she understood the Historic Preservation Society upholding the preservation of older establishments in Deadwood, but she asked Mr. Putz how he perceives his role with new establishments being built. He answered that he felt the overall appearance of Historic Deadwood is in his review and new construction would have to remain with the Historic Deadwood theme as a whole.

Bob Stuerman of the Lead/Deadwood School addressed the Commission on the issue of gaming establishments being too close to the school. He said that he was not opposing gaming in general, however the school officials would like to work with entities involved in planning and zoning, so that gaming establishments would not be placed close to the school. Some suggestions that he made to the Commission for their consideration should a gaming establishment be placed close to the school were: limited hours, no loud speaker systems outside, no flashing lights outside, window coverings during the day, one license per building, and entrances on another side of the street opposite from the school. Jim Aberle, Pres. of the Lead/Deadwood School Board also addressed the Commission. He also felt that the different entities should work together in developing a planning and zoning agreement or some type of agreement so that this type of issue could be worked out.

Kathy Zapitello addressed the Commission on the issue of a gaming license

being issued to the former Drug Store which is right across the street from the Lead/Deadwood school. She pointed out that 40% of the students in the school in Deadwood are Lead students and that the city of Lead did not vote in gaming. She said that her group is concerned with the impact that this might have on the children attending school to have a gaming establishment so close to the school and they did not want their children exposed to adult activities that the children cannot play or become involved in until they are 21 years old. She felt that the former drug store becoming a gaming establishment was too close to the school and asked that the Commission not grant a license to this establishment until their group had time to address the City Commission about planning and zoning. She said that their group would like an ordinance prohibiting gaming establishments being placed within a 200 foot area from the school.

The Commission pointed out that there are already gaming establishments licensed that are just as close to the school, in particular the Franklin Hotel. Chairman Lien said that it would be very difficult to take away an already established business's gaming license and there is no planning or zoning ordinances in place today to prevent an applicant from receiving a gaming license because of their being located close to the school. The Commission's charge by the law is the issuance of licenses, and there would have to be a reason for turning down an application for a license, and if there was not a planning or zoning ordinance violation or something set out that prohibits a gaming establishment from being placed in certain areas it would be very difficult to deny a gaming license.

Harry Harryman, the State Fire Marshall, said that he has gone to the various gaming establishments in Deadwood and met with them on compliance to code and safety standards. A list of deficiencies found in each establishment will be provided to the Commission on Gaming. He pointed out that quite a few of the older buildings will need upgrading.

Inner Access between buildings was discussed by the Commission. Establishments wanting inner accesses were the Bella Union and Coast to Coast Store, the Bodega and the Prairie Edge. Each establishment gave a brief presentation as to what they were requesting.

The Commission on Gaming went into Executive Session.

Chairman Lien entertained a motion to form an advisory board consisting of the State Fire Marshall, State Historical Society, Deadwood City Inspector, Executive Secretary Gromer, the Commission's attorneys, and that we enter into a contractual consultant agreement with an architect who is somewhat immune to Deadwood, and that this group would work on the definition of building to bring back to the next Commission meeting for approval. So moved by Evans Nord, seconded by Karl Fischer. MOTION CARRIED.

A motion was made by Karl Fischer to deny all applications for inner access and all buildings with a present inner access would be considered as one building. Commission Crew did not agree with this and discussion was held. MOTION CARRIED, with Commissioner Crew not in favor of the motion.

A motion was made by Karen Crew, seconded by Kristi Wagner, to grant Super G Investment Corp. an Operator license and 2 retail licenses, on the

condition that they cooperate with the school board in writing on the things that they had agreed to do, and a copy of same shall be provided to the Commission on Gaming. MOTION CARRIED.

Evans Nord made a motion to grant Dakota Partnership an Operator's license and 2 retail licenses, as long as no inner access are placed between the two buildings. Karen Crew seconded the motion and made a subsequent motion to grant an operator license and 2 retail licenses to two separate buildings, provided the buildings do not have inner accesses, and upon review of the State Historical Society. Seconded by Kristi Wagner. MOTION CARRIED.

A motion was made by Karen Crew to grant Full House, Inc. an Operator license and two retail licenses for Silver Dollar and two retail licenses for Gold Dust upon review of the State Historical Society, seconded by Karl Fischer. MOTION CARRIED.

A motion was made by Karl Fischer, seconded by Kristi Wagner, to grant Dakota Mercantile a retail license. MOTION CARRIED.

A motion was made by Kristi Wagner, seconded by Karl Fischer, to approve a retail license to Old Style Saloon #10. MOTION CARRIED.

A motion was made by Karen Crew, seconded by Evans Nord, to grant a retail license to Stagecoach Gifts and a retail license to Stagecoach Bar. MOTION CARRIED.

The application for Franklin Garage was tabled as the background investigation was not completed and further review by the Historical Society is completed.

Disciplinary action was discussed by the Commission on Gaming against the Bodega Bar and Restaurant for allowing alcohol to be consumed after hours. Counsel for the Bodega has agreed to the proposal to submit to two days closure of the gaming business, suspended on the condition that they have no like violations for a period of one year, and pay a \$3,000 monetary contribution to the Commission on Gaming. Karl Fischer made a motion to approve this agreement, seconded by Evans Nord. MOTION CARRIED.

Disciplinary action was discussed by the Commission on Gaming against the Mary Schmit of the Bullock Hotel. Mary Schmidt, owner of the Bullock Hotel, was caught playing her own devices within her establishment. A motion was made by Karen Crew, seconded by Evans Nord, for Mary Schmidt to make a monetary contribution within a reasonable amount of time to the Commission on Gaming in the amount of \$2,000, and a two day closing of the business was suspended on the condition that no further violations were made for a period of one year. MOTION CARRIED.

A motion was made by Karen Crew, seconded by Kristi Wagner, to approve the support licenses recommended for approval and denial by Executive Secretary Gromer. MOTION CARRIED.

A motion was made by Kristi Wagner, seconded by Karen Crew, to give a 5% raise to Delane Smith and a 3% raise to Stan Triplett. MOTION CARRIED.

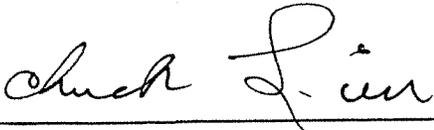

The next meeting was set for March 20, 1990 to be held in Deadwood.

The April meeting will be held April 9, 1990 in Pierre, South Dakota.

A motion was made to adjourn by Kristi Wagner, seconded by Karl Fischer.
MOTION CARRIED.

**MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
MARCH 20, 1990
GOLDEN HILLS RESORT, CROWN POINT MINE ROOM
LEAD, SOUTH DAKOTA**

The meeting of the South Dakota Commission on Gaming was called to Order by Vice-Chairman, Karl Fischer. Roll call was taken with the following Commission members being present: Karl Fischer, Karen Crew, Evans Nord and Kristi Wagner. Absent: Chairman Chuck Lien. A quorum was declared. Other staff present: Don Gromer, Executive Secretary; Stan Triplett, Security Director, Randy Lemme, Security Agent, Grant Gubbrud, Director of Audits and Taxes, Delane Smith, Administrative Assistant. Others present: Scott Randolph, Bill Walsh, Fred Hudson, Joe Massa, Barbara Ordahl, Heidi Bell, Bill Fischer, Mark Aspass, Wayne Lund, Bud Walling, Harry Christiansen, Jim Holmes, Harry Harryman, Les Bradley, Clark Moyle, Joseph Rowland, Wilson Park, Bill Andresen, Donald Achtien, Mary Dunne, Bud Venerable, Tim Dougherty, Tom Blair, Bob Regan, David Cantley, Linda Blair, Keith Umenthum, Linda Benson, Bernard Friedman, Jeffrey Gilbert, William Shopland, Michael Burns, Ron Russo, John Caldwell, Paul Putz, John Gable, Tony Cook, Jack Rentschler, Mayor Bruce Oberlander, Peggy Blakley, Dennis Richardson, Doug Estes, Dennis Anderson, Tom Blue, George Nelson, Don Short, John Evers, Bill Evers, Bill Bernard.

A motion was made by Evans Nord to approve the minutes of January 23, 1990, seconded by Kristi Wagner. MOTION CARRIED.

An update report was given by Executive Secretary Donald Gromer. The February fiscal report was given. The action played for the month of February was approximately \$15.7 million, which is the highest month to date of gaming. The gross revenue of this breaks down to approximately \$1.5 million.

Secretary Gromer discussed the methodology that will be used in the renewal of licenses for 1990-1991. The plans are to generate letters the middle of May to licensee holders directly out of the Executive Office or the Business Research Bureau, indicating that their renewal of licenses are due. The renewal forms and fees should be forwarded back to the Commission on Gaming Office in Pierre, no later than June 1, so that the 1990-1991 license can be returned out to the license holders by July 1, 1990.

Security Agent, Randy Lemme, was introduced to the Commission. Secretary Gromer advised that the Commission is presently taking applications for another Security Agent, and hopefully that Agent will be on board by June 1, 1990.

Karen Crew complimented Grant Gubbrud on the reports and financial statistics that he has compiled and forwarded to the Commission.

Vice-Chairman Fischer then asked Secretary Gromer to report on the definition of a building. Secretary Gromer introduced Mark Aspass, who signed a architectural contract with the Commission on Gaming, to act as the Commission's consulting architect.

Deadwood Building Inspector Keith Umentum, State Fire Marshall Harry Harryman, Paul Putz of the State Historical Society, Mark Aspass the Commission's architect and Secretary Gromer, met together on March 20, and went through the Uniform Building Codes, architectural designs, historical impact, etc. to define the definition of a building. As a result of this meeting several proposals of the definition of a building were forwarded to the Commissioner's. Various proposals of various degrees were forwarded to the Commissioners to allow them to become acclimated with several recommendations that come out of that meeting. Executive Secretary Gromer stated that on a personal sense, he felt comfortable with the methodology that will be used from now on in the licensing format as applications will be reviewed as to how it interacts with public safety and historical significance of Deadwood.

The definition of a building which was agreed on by all the Commissioners was read. Attorney Bill Srstka pointed out that upon a motion of the Commission, the definition of a building will be placed into Rule, and would have go through the Rule making process, where public hearings would be held, and upon adoption by the Commission, the Legislative Research Council conforms the Rule into form and checks for legality, and once this is done and the Rule is filed, the Rule goes into affect within 30 days.

Karen Crew made a motion to adopt the definition of a building that was read as the statement of policy of the Commission as to the definition of a building, seconded by Kristi Wagner. MOTION CARRIED.

A motion was made by Karen Crew, seconded by Kristi Wagner, to direct counsel to draft proposed rules in accordance with the statement of policy in the definition of a building. MOTION CARRIED.

Karen Crew made a motion, in lieu of the statement of policy concerning the definition of a building that was adopted in the previous motion, to allow those wishing to enter into inner access between buildings, to go ahead and do so if they comply with UBC, Life Safety Codes and the Historical Society. Those wishing inner access at the present are Prairie Edge, Bella Union and the Bodega, however any establishment which is in compliance with the standards set out may proceed with inner access, until which time the Rules are adopted. Seconded by Evans Nord. MOTION CARRIED.

Secretary Gromer pointed out that each respective licensee, whether they are a present licensee or an applicant, are going to have to fulfill the requirements of the definition of a building. The symatics and the entire plans of how each establishment plans to accomplish this is to be submitted to the Commission on Gaming Office, where they will be reviewed

to make sure that all the necessary plans are produced, and then the plans will be forwarded to the City Building Inspector for his review. When the City states that they are satisfied with the compliance to Code, then those plans will be referred to the State Historical Society, where a determination of the historical impact will be made, and in turn, the plans will be forwarded back to the Pierre Office. Each identity reviewing the plans will write the Commission on Gaming with their findings. Based upon their letters of recommendation, approval or disapproval, it will be determined as to whether or not the licensee can proceed accordingly.

Don Achtien asked the Commission what the time frame will be to get in compliance with the UBC and Life Safety Codes. Secretary Gromer responded that alot depends on how complete the applicant or licensee can be with their necessary information that they are submitting. If all the information is complete and presented in an orderly fashion, he estimated that the turn around time would be approximately 30 days.

Gromer stated that the chief concern of the Commission and the Committee that worked on the definition was the safety of the patrons and the establishments and secondly was the concern of the historical aspect and significance of the buildings of the City of Deadwood.

The next issue was the request by John Caldwell to address the Commission. Attorney Bill Srstka, pointed out that Mr. Caldwell had filed a Petition for Hearing to Revoke License and a Motion to Intervene, both relating to a contested case for consideration against Full House, Inc. Attorney Srstka pointed out that the Commission on Gaming should establish a Hearing and give the parties involved notice of the hearing at which time witnesses could be called forward and testimony could be given. Mr. Srstka pointed out that the first thing that should be determined by the Commission is if Mr. Caldwell is the proper party to intervene and advised that Mr. Caldwell could address the Commission at this meeting, requesting a Hearing be scheduled, however he advised Mr. Caldwell and Mr. Christiansen that no facts should be heard at this meeting.

Mr. Caldwell stated that he did not want to give facts at this meeting, however he did ask the Commission to take a look at the Anthony's Building today and make a determination while they are in Deadwood to refresh their memory as that they are reviewing in the licensing. Mr. Srstka pointed out that this could be done only on agreement of the parties involved. Mr. Christianson advised that he would not have any problem with the Commission looking at the Anthony's Building, however he would not commit to allowing Mr. Caldwell access to the building for discovery purposes.

Attorney Srstka asked that each party have their Motions for Discovery ready to be presented at the Hearing should the Commission grant Petition for a Hearing. However, while the Commission's architect is in Deadwood, he will be allowed access to the Anthony's Building for his observation, however, no facts of his findings shall be submitted to the Commission until the formal hearing.

Evans Nord made a motion to receive the documents and set up a hearing where the Commission will hear the Intervention Motion as well as any Discovery Motions that are filed with the Commission by the next meeting. Seconded by Karen. MOTION CARRIED.

The proposed rules and changes to rules were gone over and discussed by Attorney Srstka and Secretary Gromer. A rules hearing will be held in May on these rules where public input will be taken and considered.

Karen Crew moved to authorize counsel to proceed with the rules making process and to draft rules in accordance with the statute that was passed in the past legislature, as well as any other rules that the Commission has discussed and were approved for adoption and to submit this in April, so that a Rules Hearing can be scheduled for May. Seconded by Kristi Wagner. MOTION CARRIED.

A break was held and upon return Attorney Bill Srstka advised the Commission that Mr. Caldwell approached him during recess and informed him that he had a conflict with the Hearing set for April 9 and asked for a continuance or a different date for the Hearing. Mr. Srstka also spoke with Mr. Christianson in reference to a continuance or different Hearing date, and stated that Mr. Christianson was against a continuance or rescheduling of the Hearing. The Commission heard statements for and against the continuance from Mr. Caldwell and Mr. Christianson.

The Commission and both parties agreed that the Motion to Intervene Hearing would still be held on April 9, 1990, however both parties are to present briefs and will only present testimony by depositions.

A motion was made by Karen Crew, seconded by Evans Nord, to (a) accept the stipulation of the parties to have Mr. Caldwell submit a deposition; (b) if Mr. Christianson needs to present evidence he will do so by deposition; (c) both parties be given subpoena power to subpoena records and evidence limited to the purposes of the Motion; (d) the depositions will be read at the Hearing and there will be no live witnesses; (e) parties may appear and argue through counsel; (f) parties will submit briefs at least 5 days before the Hearing; (g) the parties may reply to each other's briefs and the reply's must be filed at least 2 days before the Hearing; (h) the parties will submit 7 copies of the Briefs. MOTION CARRIED.

A letter was read by Vice-Chairman Fischer from the Nevada Gaming Control Board concerning the Resolution which was presented to the Commission by the Deadwood U Bet Committee on a Round Table Discussion.

The Commission then went into Executive Session.

Upon the return from Executive Session, Secretary Gromer addressed the applications for consideration of approval or disapproval for licensing.

Executive Secretary Gromer listed the Operator and Retail applications that were ready for consideration by the Commission. Those businesses recommended for licensing are Action Slots, Inc. for an Operator License, the Peacock Club and GM for retail licenses, Three of a Kind for an

Operator License along with 3 retail licenses for Carrie Nation Temperance Saloon, Deadwood Livery and Cousin Jacks, a subsequent retail license for Goldberg Soda Fountain, and a license to Craig and Nancy Murdock adding them as owners to Hickok's Saloon and Chuckwagon.

Kristi Wagner made a motion, seconded by Evans Nord, to approve the applications recommended for licensing by Executive Secretary Gromer, pending approval of the City and review of the Historical Society, with the exception of Action Slots, Inc. and licensing Craig and Nancy Murdock of Hickok's which is approved for licensing without approval from the City or review of the Historical Society. MOTION CARRIED.

Karen Crew made a motion to approve the support applications recommended for licensing by Executive Secretary Gromer, and to deny a support license to Darlene Anderson. Seconded by Evans Nord. MOTION CARRIED.

Kristi Wagner moved, seconded by Karen Crew, to grant Gold Street a 24 hour gaming license permit. MOTION CARRIED.

The next Commission meeting was scheduled for April 9, 1990 at 9:00 a.m.

A motion was made by Kristi Wagner, 2nd by Evans Nord, to adjourn the meeting. MOTION CARRIED.

**MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
APRIL 9, 1990 9:00 A.M.
RAMKOTA CONVENTION CENTER, PIERRE, SOUTH DAKOTA**

The meeting of the South Dakota Commission on Gaming was called to Order by Chairman Chuck Lien. Roll call was taken with the following Commission members being present: Chuck Lien, Karl Fischer, Evans Nord, Karen Crew and Kristi Wagner. A quorum was declared. Other staff present: Donald Gromer, Executive Secretary; Bill Srstka and Kit McCahren, Counsel for Commission; Stan Triplett, Security Director; Grant Gubbud, Director of Audits and Taxes; Delane Smith, Administrative Assistant.

Attorney Bill Srstka addressed the Commission concerning the Notice of a Contested Hearing on the matter of the application for Bazel's Inc., which applied for a Distributor's license. The reason for the contested hearing was due to the fact the application for a distributors license was rejected on the grounds that there would be common ownership of Bazel's Inc. with Gulch Valley, Inc., as Gulch Valley, Inc. has also applied for an Operator License, and it was felt that the common ownership of a slot machine distributor and an operator would violate the provisions of SDCL 42-7B-22(1).

Mr. Pete Fuller, attorney for Bazel's Inc., has asked the Commission to look at the statutory definition of a person rather than an individual in licensing a distributor, as he states that a person is defined as an individual, partnership, association or corporation, and that separate corporations should be allowed to hold a distributor and an operator license. The Commission decided to discuss this further during Executive Session.

Evans Nord moved to the approve the minutes of the February 27, 1990 Commission Meeting. Seconded by Karl Fischer. MOTION CARRIED.

Chairman Lien then asked for the Executive Secretary report, where Executive Secretary Gromer first went over the licensing to date. He indicated that we presently have licensed 6 manufacturer/distributors, 15 operator licenses, 64 retail licenses, and 755 support licenses.

He also indicated that to date the Commission on Gaming Office has taken in \$1,746,788.20, and out of that monies we have paid all operational costs of the office and to date the operational costs are approximately \$240,000.00. We have emitted to the state general fund \$68,631.66, and remitted to Lawrence County \$17,157.92. Another remittance of \$500,000.00 will be remitted to the City of Deadwood, a remittance of \$95,689.82 to the state

general fund and a remittance of \$23,922.46 will be sent to Lawrence County for the 2nd quarter within the next week. Secretary Gromer also pointed out that the administrative costs of the Commission on Gaming is approximately 14% of the total revenue brought in.

Secretary Gromer indicated that interviews will be held for additional security staff in Deadwood on April 18, 1990 and hopefully that person will be able to begin around May 1, 1990. He also indicated that the Deadwood Office is being arranged with some system furniture, as the present design of the office is not working out for work productivity, as it is all open and there is no privacy and constant interruptions.

The Hearing for Bazel's Inc. was further discussed. No one appeared personally on the behalf of Bazel's Inc., as all information was submitted to the Commission in written form. Chairman Lien suggested that the Commission discussed this further in Executive Session. Secretary Gromer raised a couple of concerns that he had on this issue. He felt it would be rather difficult to a background investigation on a corporation as an entity, as you would have to do the background investigation of the people involved within the corporation, and he felt that this could led to some maneuvering as the legislation being as unspecified as it is, as far as what constitutes a corporation and what does not. However, he also felt that there could be some advantages to licensing a corporation, as if there is a problem with a given corporation, the Commission could go after the corporation as a whole, instead of the individual violating, who may be a part of a corporation. To date if you were in corporation with other corporate members, each individual person would be licensed as a licensee, doing business as whatever the corporate name is.

The Commission then broke for Executive Session and lunch recess.

Upon return from Executive Session, Karen Crew made a motion to table the application for Bazel's Inc., and recommended that additional information can be obtained from the petitioner, and other sources, and that perhaps they have some discussion with the Nevada Control Board as to how they deal with corporation licensing and their rules. Kristi Wagner seconded the motion. MOTION CARRIED.

A discussion the new rules was held. A Rules Hearing is set for May 9, 1990 in Pierre, South Dakota and written and oral testimony will be heard at this time.

Keith Umenthum informed the Commission that there have been a couple of different answers as to whether or not the City of Deadwood has adopted the UBC Code. Mr. Gromer asked Mr. Umenthum to verify whether or not the City has done so and report this back the Commission Office.

A dismissal was sent to the Commission on the Motion to Intervene involving Chubba Trust vs. Full House, Inc.. Harry Christianson was present on behalf of Full House, Inc., however no parties appeared on behalf of Chubba Trust, Inc. A motion made by Kristi Wagner to sign an Order of Dismissal on the Motion to Intervene filed by Chubba Trust, Inc. against Full House, Inc. Seconded by Evans Nord. MOTION CARRIED.

Chairman Lien made a comment that perhaps a little more thought go into bringing action before the Commission and if action is brought that it be followed through with, and that perhaps a little caution should go into action brought before the Commission. Karen Crew suggested that if action is brought before the Commission perhaps the costs in preparing for such action by the Commission Office could be passed on to the parties involved. However, Chairman Lien commented that in the spirit of cooperation he would hate to have to pass on such costs at the present, however, he did ask that perhaps more self policing, self controlling and self-solving the problems the better off we are, rather than bringing things before the Commission and then dismissing at the last moment.

The Uniform Building Code and its relationship to existing licensees was discussed. The Fire Marshall's Office, electrical inspectors and others with concerns about certain safety factors with establishments in Deadwood have brought such concerns to the Commission on Gaming. Based upon these concerns, the Commission requested that the Fire Marshall and group of other inspectors go out to Deadwood and conduct a survey as to the deficiencies found in the gaming establishments.

Executive Gromer asked the Commission to authorize his office to discuss with each individual business the deficiencies that were found in their respective businesses and what will need to be done to meet Code at present, and work with each establishment is setting up a workable arrangement as to when and how they will meet Code.

Commissioner Crew suggested sending a registered letter to every licensee that has a building code violation, listing what the violations are and give the establishments 30 days to report to back to the Commission with their plans as to how they plan to address these deficiencies and as what type of a time frame table they propose in bringing things up to Code and Executive Gromer could then talk with each establishment and if he doesn't feel the plan is aggressive enough they could discuss additional compliancy.

Mark Aspass, the Commission's architectural consultant, suggested that perhaps the Fire Marshall the City Inspector and himself could prioritize a list of deficiencies that need to be addressed first in the letters to the establishments.

The Commission pointed out that the renewal of licensees for each individual establishment could depend upon their compliance in being brought up to Code.

Chairman Lien said the goal of the Commission is to be in complete compliance with the UBC and Life Safety Codes as quickly as humanly possible to protect all lives in and around Deadwood.

Commissioner Karen Crew made a motion to instruct Executive Secretary Gromer to send a registered letter to every licensee that is on the list provided of the establishments that are not in compliance with the UBC and Life Safety Codes, and that the establishments be notified as to what exactly the deficiencies are and to indicate to them that within 30 days of receiving the registered letter, they are to have presented to the

Commission, a plan to rectify the deficiencies. The Executive Secretary will also be given the authority to enter into any negotiations which might be necessary as far as determining what are priorities. He would meet with our consultant, Mark Aspess, the city building inspector, the Fire Marshall's Office and electrical inspectors, and prioritize what needs to be done. If they do not feel that the plan submitted for compliance is aggressive enough, then they could negotiate this with the establishments, and that such compliances should be met or an aggressive plan submitted to the Commission by the July 1, 1990 reissuing of licenses. Karl Fischer seconded the motion. MOTION CARRIED.

The Commission then went into Executive Session. Upon return from Executive Session, Executive Secretary recommended the applications for approval for Operator and Retail licenses. Those applicants requesting licenses are: Sigma Games, Inc., which is applying for a Manufacturer's License; Gulch Valley, Inc., which is making application for an Operator's license and a retail license, doing business as Bazel's Diner; Three of a Kind, Inc., in which Mr. Jack Rentschler has asked to be a partner with Bud Walling, who is already presently licensed for gaming with an operator license for Three of a Kind and 3 retail licenses, which are Cousin Jack's, Carrie Nation Temperance Saloon and Deadwood Livery.

Karl Fischer made a motion to approve the licenses recommended for licensing by Ex. Secretary Gromer, with Bazel's Diner to be approved contingent upon the recommendation of the State Historical Society. Seconded by Evans Nord. MOTION CARRIED.

Executive Secretary Gromer then addressed the support applications for consideration by the Commission.

A motion was made by Karl Fischer, seconded by Kristi Wagner, to approval the applications recommended by Secretary Gromer for approval for licensing and to deny a support license to Dennis Thorsen. MOTION CARRIED.

Karl Fischer moved to license Bazel's Diner and Full House, Inc. with 24 hour gaming licenses. Seconded by Kristi Wagner. MOTION CARRIED.

Karen Crew made a motion to grant additional retail licenses to Dakota Partnership for the Eagle Bar and Eagle Cabaret, and to Deadwood Partner's for an additional 30 devices, upon review of the State Historical Society and approval of the City for conformance to Code. Seconded by Evans Nord. MOTION CARRIED.

Karen Crew moved that Executive Secretary Gromer be directed to arrange an educational trip to Las Vegas, Nevada for educational purposes, and that the trip be arranged for sometime around August, 1990, and should be for the Commission members and such staff as are able to go. Seconded by Kristi Wagner. MOTION CARRIED.

Executive Secretary Gromer asked the Commission how they perceive or entertain the idea of allowing a temporary 24 hour permit through the summer or tourist times to establishments wishing such a type of permit. He also asked the Commission if they want to consider a 24 hour permit as a year round permit, or if they want to prohibit an establishment from

requesting a 24 hour permit at the beginning of the tourist season and then cancel the 24 hour permit at the end of the season each year.

Karen Crew suggested that perhaps if establishments are going to be changing a 24 hour permit back and forth there should be some type of fee established for this 24 hour permit, to help absorb some of the administrative costs.

The Commission asked Secretary Gromer if more staff would be needed to regulate temporary 24 hour permits. He answered that more staff will be needed to regulate the establishments being opened 24 hours a day and that we could not hire temporary staff, and it would be difficult to know how much staff will be needed for regulation of such type of permits if they are allowed to obtain them and relinquish them seasonally.

Tony Cook, of Deadwood Partner's, pointed out that there are establishments now, that do not sell alcoholic beverages, that can remain open 24 hours a day for gaming purposes, as by rule, as long as their hours are not determined by law, such as establishments serving alcohol, they can remain open whatever hours they desire.

Joe Massa asked the Commission on their perception of allowing 24 hour gaming permits during the weekends. Ex. Secretary Gromer responded that this would be very difficult on an administrative standpoint, especially on a local law enforcement standpoint, and the allocation of manpower for regulation would be very difficult on such a permit. He felt that if an establishment wishes to apply for a 24 hour permit and it doesn't work out they can withdraw the permit, however he would like to have all establishments be open every day, 24 hours a day, once they have a permit until which time they withdraw the permit.

Karl Fischer made a suggestion to allow a 24 hour gaming permits on a temporary basis to establishments requesting them, from Memorial Day weekend to Labor Day weekend, and that they stay open for 24 hours a day, every day during this time period.

Chairman Lien suggested authorizing the staff to look at allowing certain gaming establishments to stay open from Memorial Day to Labor Day on a trial basis this summer, but they will stay open continuously, and they will have to still get approval for the permits through the Commission.

Karen Crew made a motion to not change the 24 hour Rule in any way what-so-ever, however, if any licensee wants to apply for a 24 hour license and if they know at the time that they are applying that they will want to go back to their regular license after Labor Day or around that time that they would advise the Commission that they anticipate only having the 24 hours license for a period of three to four months so that law enforcement can do some planning and the Commission Office can plan for administration and regulation, and that the Rules not be changed in any way at this time. Seconded by Kristi Wagner. MOTION CARRIED.

Karl Fischer made a motion that the Commission authorize Executive Secretary Gromer to hire any additional security person and to hire any other people that may be needed to enforce this particular issue and to

help get through the summer months of gaming. Seconded by Evans Nord.
MOTION CARRIED.

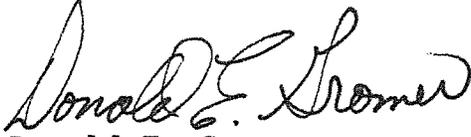

The next meeting was scheduled for May 9, 1990 at 9:00 a.m. at the Kings
Inn Convention Center in Pierre, South Dakota.

A motion was made to adjourn by Karl Fischer, seconded by Kristi Wagner.
MOTION CARRIED.

MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
MAY 9, 1990, 9:00 A.M.
KINGS INN, CROWN ROOM
PIERRE, SOUTH DAKOTA

The meeting of the South Dakota Commission on Gaming was held on May 9, 1990 with the following Commission members being present: Chairman Chuck Lien, Evans Nord, Karl Fischer, Kristi Wagner and Karen Crew. Other staff present were: Donald Gromer, Executive Secretary; Stan Triplett, Security Director; Grant Gubbrud, Director of Audits; Delane Smith, Administrative Assistant; Bill Srstka, Attorney for Commission. A quorum was declared.

Others present were: Bernie Friedman, Wayne Lund, John Gable, Tony Cook, Dick Murray, Mike Wordeman, Don Achtien, Harry Christianson, Bill Evers, Andy Fisher, Mel Drews, Richard Schulf, Kevin Woster, Chet Brokaw, and Bill Smith.

A motion was made to approve the minutes of the March 20, 1990 and the April 9, 1990 Commission on Gaming meetings. Seconded by Karl Fischer. MOTION CARRIED.

Attorney Bill Srstka pointed out that a letter was received from Robert Newland on April 6, 1990 which stated that he no longer desired a support license and opted to not appear at the contested formal hearing for consideration of his support license. Upon this letter and the non-appearance of Mr. Newland at the hearing, Mr. Srstka moved that the prior decision of the Commission to deny a license to Robert J. Newland be affirmed and that an Order be drafted and entered affirming the previous action of the Commission to deny the license. So moved by Evans Nord and seconded by Karl Fischer. MOTION CARRIED.

Executive Secretary, Donald Gromer, gave the Executive Secretary Report, first discussing the revenue disbursements. Secretary Gromer noted that the actual administrative costs are running around 19.7% rather than the 14-15% level as was stated at the last meeting. There was a mistake on the State's share of the 8% tax on the printout from the State, as the state's figures both debited and credited the Commission on Gaming Fund on the 8% tax, when it should not have been considered income, it

should have actually been considered a disbursement. This has since been corrected and reflects us with an operating of cost of 19.7%. The most expensive fees is for consultant fees however, it was pointed out that the manufacturers are being billed for the consulting fees and testing fees of each of their own devices being tested at Gaming Laboratories and there would be approximately \$36,000.00 coming in from those fees. This would also impact the overall administrative costs once those fees are received. He pointed out that there is going to be fluctuation from month to month in these figures due to the billing and the processing cycles of our vouchers and expenditures and the receiving of funds.

Mr. Gromer then gave an overview of the licensing. As of May 1, 1990 there are 50 businesses licensed in Deadwood, with approximately 22 more businesses having been received in the Commission Offices who are awaiting licensing. The vast majority of these people are hoping to be licensed by July 1, 1990 to begin on the licensing cycle. Secretary Gromer pointed out that it will be impossible to get all the background investigations completed on all the people involved by July 1, 1990 as there are approximately 100 individuals to investigate and more are expected to come into the Office. Secretary Gromer asked the Commission their feeling of issuing a temporary license for a determined amount of time to those people wishing to be licensed immediately until which time the background investigations could be completed or a permanent license could be granted or denied. Mr. Srstka advised the Commission to amend the rules so that they have the authority to grant a temporary license if they so wish to do so and suggested that the temporary license be granted for a determined amount of time, rather than pending approval of a permanent license, as if a permanent license is not granted, the Commission might have to revoke a temporary license rather than just agreeing to a determined amount of time for a temporary license.

Commission Karl Fischer asked if securing additional staff to help with the background investigations would help, as he was concerned about placing device stamps on machines and then if the applicant was not granted a permanent license the machines would have to be shut down. Secretary Gromer answered that he is hiring additional staff within the first week of June, however the problem that we are having is that we have to train this staff coming on board, which puts us into the latter part of June, before this person is producible. He also stated that he felt that hiring temporary help would not be productive as it would take longer to train the people to get the backgrounds done and prolong the process that much more.

Commission Crew asked about the possibility of hiring private investigators to help with the background investigations. Secretary Gromer answered that he would like to keep quality control of the background investigations and that contracting with private investigators would still take too much time and money to spend in training during this peak time and was not in favor of hiring private investigators unless the Commission so desired for him to do so.

The consensus of the Commission was to amend the rules to be able to grant a temporary license and if necessary temporary licenses could be granted for a limited time on a case by case basis.

Secretary Gromer then gave an overview of the Commission Offices. He stated that the automation is being set up between the Commission Offices and the Business Research Bureau and once this automation is completed it should greatly facilitate our overall operations. He pointed out that we are presently working with the Business Research Bureau so that all tax remittances and licensing fees will go directly to them for remittances. This will facilitate the overall cash flow of the office as an immediate deposit is made and there is no lag time for funds for the state. An additional clerical staff is being hired for the peak summer time. She will start on May 14, 1990.

The relicensing process was discussed. Business Research Bureau is doing the renewal correspondence for licensing and it anticipated that all licensees will be receiving renewal letters on May 15, 1990. A suspense date of June 10, is being given to get the renewal form and fee back to the Commission so that they can be relicensed by July 1. Any renewal forms received after June 10, will be not guaranteed receiving their renewal license by July 1. Secretary Gromer pointed out that we are still working with the drivers licensing system so that licensees will take a form to the Drivers Exam Station and get a support card, which is generated by Driver's Licensing, that can be worn with the actual photograph on them. However, this year the support cards will be the same as last year, except they will be a different color and they will have be worn in plain view.

Red McQuade, of Wild Bill's, explained his proposal to the Commission to allow for the play of two new games, Fun Poker and Jacks Are Better, in Deadwood. Chairman Lien stated that he felt that it was a little early to adopt new games for play in Deadwood. It was pointed out that in Rules the Executive Secretary could adopt a variation of poker games, however since it was the consensus of the Commission that this games would be considered new games,

the adoption of these games would have be done through a change in Rules. Chairman Lien recommended that Mr. McQuade, Executive Secretary Gromer and Attorney Srstka, work together on determining if the game is legal and what would need to be done for the game to be adopted and bring this before the Commission at a later meeting.

Secretary Gromer updated the Commission as to the Fire Marshall and Electrical Commission's Office's findings and recommendations for non-compliance to code of the gaming establishment in Deadwood. These agencies mailed out letters to each establishments who was found deficient in inspections that occurred in February and March. These letters were followed up with a letter from the Gaming Commission asking that each individual business who was found to be deficient to report back to the Commission Office with some sort of an improvement plan by May 15. One of the most serious violations found in many of the buildings was the lack of sprinkling systems.

Commissioner Crew suggested forming a sub-committee to go over compliance plans which the establishments are submitting prior to the July 1, 1990 relicensing. Chairman Lien appointed Secretary Gromer, Karen Crew and Karl Fischer to this Committee, and asked that perhaps those letter of compliance could be reviewed and it be determined if they are acceptable by the next June meeting.

Secretary Gromer pointed out the there has been a State Interim Committee appointed to study the Commission on Gaming, the State Lottery and the Racing Commission.

A proposal from Mike Madden, who is a college professor, was addressed. The proposal is for a research study to be done on an economic assessment of gaming in the Black Hills area. A letter was also received from Dr. McLeod, from Black Hills State University, which also proposes a study to determine the sociological impact of gaming in South Dakota, and in particular in the Deadwood area. The Commission asked Secretary Gromer to check into the costs of such studies, what types of cost sharing could be arranged for other agencies and entities interested in such studies, and what all aspects would be studied.

Attorney Bill Srstka suggested inviting the Interim Committee to come to Deadwood, and perhaps to a Commission meeting, to see what their approach is going to be and to see that they would like to see accessed in the way of studies or information compiled. A motion was made by Karen Crew, seconded by Kristi Wagner, to have Secretary Gromer to contact John Sears, Chairman of the Interim Committee, to see if they could meet in with us in Deadwood and extend an invitation to them to join the

meeting. MOTION CARRIED.

At this time the formal rules hearing proceeded. The Rules were published pursuant to law and have been sent to the Legislative Research Council for review and they have not made any major comments or changes to the proposed rules which were submitted. Each section was discussed and the public was invited to make any comments or give testimony during each section being discussed. Changes and comments were made on the following rules:

20:18:06:02(4) should be "key" employee rather than "any" employee.

20:18:17:01 add "except for a temporary license granted pending approval of a permanent license," before the Commission may approve an application.

20:18:17:17 should read "hard" meter reading rather than "hand" meter reading and should read "RAM" rather than "RAMN".

In the section dealing with progressive slot machines a section will be added addressing annuities, escrow accounts, control of monies, etc. on the jackpots built up by progressive slot machines.

20:18:21:03 Gaming by Licensees. Tony Cook of Deadwood Players and Partners asked that an exception be made in this section so that licensees can deal and play in their own poker games. He said that this is good for business and helps to keep the games going. The felt that key employees should be allowed to play in their own poker games. Bill Evers of the Bella Union also commented if key employees or any management is not allowed to play their own poker games it could hamper the nucleus of the poker games, as alot time the management and key employees will play with their own money or shill to keep a game going. Secretary Gromer said that the problems with allowing management to play in poker games is that the public may not perceive management playing their own poker games in a favorable way, and secondly, in some isolated cases, perhaps if the management and key employees were allowed to play in the poker games of their own houses, they would become more interested in playing the poker games and not taking care of business. He also pointed out that a number of gaming establishments have consulted with him about allowing management or key employees to sit down and play for awhile to keep a game going.

It was pointed out that when the rules were first discussed there was talk about not allowing any personnel to play in the establishments that they are employed in, including support staff, however, this was relaxed to just

prohibit owners and key employees or from playing their own house's poker games.

Red McQuade and Tony Cook both pointed out that in Nevada owners and key employees are allowed to play in their own poker games. Mr. McQuade also stated it does not look good to have the owners and key employees play in other establishments games, but not in their own games. Bill Evers of the Bella Union stated that the key employees and pit bosses are responsible for getting poker games started and keeping them going, and it would be really difficult to accomplish this if they are not allowed to participate in the poker games.

Evans Nord moved to allow the owners and key employees to play in their own poker games, but specified only poker games, and to add "except for the game of poker" after "any game" in 20:18:21:03. Seconded by Karen Crew. The vote went 2 aye and 2 nay, with the Chair breaking the tie with a nay. MOTION FAILED.

Red McQuade also commented about licensees having to wear their identification while working as he didn't feel that a gaming employee should have to give personnel information to the public and it would be seen on the identification. Secretary Gromer pointed out that we are not placing an address on the identification so the public would not be able to find out where an licensee is living at. Mr. McQuade answered that if a name were on the identification the public could get the name and look up the address in the phone book. Secretary Gromer commented that the flip side is that if the public has a comment or complaint about an employee, unless the licensee has on some sort of identification with a name on it, the Commission doesn't know who they are referring to or who to contact.

20:18:21:11. Hours of Operation. It was suggested that the "8:00 a.m. to 2:00 a.m." be changed to "7:00 a.m. to 2:00 a.m." to coincide with the liquor laws. Also change "retail licensees desiring to obtain a 24 hour permit shall apply on forms provided by the Executive Secretary" to "shall apply in writing to the Executive Secretary".

20:18:23:01. Procedure to determine unsuitability. Harry Christianson of Gold Dust, asked the Commission to strike "a person or" from line four of this section. Evans Nord so moved to do so, seconded by Kristi Wagner. MOTION CARRIED.

20:18:25:02. Inner Access. Harry Christianson of Gold Dust, stated that he has concerns with this rule as to incorporating the State Historic Society's Rules by reference as the rules adopted by the Gaming Commission,

especially since no one has seen a copy of the State Historic Society's Rules, as they are still undergoing the rules process for adoption. He felt that it is impossible to comment as to how they inner relate with the UBC and Life Safety codes until which time they have been reviewed. He was concerned with using the office of history pursuant to SDCL 1-19-19A-5, and ARSD _____ to determine if the access will encroach upon, damage, or destroy any historic property included in the National Register of Historic Places or the State Register of Historic Places. Karen Crew suggested deleting the last sentence of this section, deleting "Inner access may be reviewed by the office of history pursuant to 1-19-19A-5, and ARSD _____ to determine if the access.. Attorney Srstka stated if this is done you delete any contribution from the Office of History out.

Harry Christianson pointed out that he is not questioning what the legislative intent was in preserving historical sites and the historical significance of the community, however he would like the Commission to define exactly what the historical society's authority is pertaining to licensing, and what procedure should be used with their input in the licensing process. He pointed out that it is difficult to know what input needs to be considered with all the various interaction of agencies in licensing. He felt that the Commission should define exactly what the historical commission's function is with respect to the Gaming Commission's licensing procedure and by adopting their regulations we would be, in affect, making them the Gaming Commission's regulations. He stated that he would like to know that the rules are so that if there is a difference of opinion between the historical society and an establishment what recourse an establishment would have. Attorney Srstka was concerned that if this section were removed from rules, it might broaden the State Historical Society's powers in licensing.

Wayne Lund, who is an architect, stated that right now a building undergoing any type of remodeling or construction has to go through the city historic review and if it is on the historic register, it goes through a federal historic review, and with the gaming requirement of the History Society's review, it just makes the historic review undergo a second process.

Attorney Srstka pointed out he didn't have a problem with not requiring the establishments from going through the state historical society's review if the Commission could be assured that every single building was going to go through some form of historic review, however he was not convinced that his happens or will continue to happen, and the second problem is that there is the politics to consider of a small town in that will all people be

treated the same.

Harry Christianson stated that he was not suggesting that there is no historic significance review. He is just concerned that the actual legal authority of the state's department of history be looked at very carefully to determine if the Commission would not be giving them more power than what the legislature intended for them to have in the first place and by virtue of giving them the authority in adopting the historic society's own rules, if there is grievance or difference of opinion, what would be the recourse, or who would an establishment appeal their decision to.

Secretary Gromer pointed out that one thing that the establishments in Deadwood have to realize is that the Commission has no historical expertise. The statute mandates that historic restoration and preservation is upheld. By this mandate a rule was made as to the criteria that must be met in licensing and the historical aspect is dealt with here, as if there is nothing in rule to address this issue, something could be bulldozed, and after it is bulldozed you cannot reconstruct a historical building once it is destroyed. Secretary Gromer stated that he would like to leave the determination as to what is historically significant to the people that get paid to that, that being the State Historical Society. He also pointed out that when the Commission was first charged with the historical aspect in Deadwood, there was no procedure established in Deadwood for even building inspections, and certainly none for historical oversights. He felt that it was on the behalf of the actions taken by the Commission that prompted the hiring of not only a local building inspector, but also a historical preservationist, which are both on staff now with the City. He also pointed out that one of the problems that they are having is the lack of materials to adequately make an educated assessment of what is going to happen to a particular structure.

Karen Crew made a motion to strike in section 20:18:25:02 everything after "61:15:01:01" and strike out "Inner access may be reviewed by the Office of History pursuant to SDCL 1-19-19A-5 and ARSD _____ to determine...". Seconded by Karl Fischer. MOTION CARRIED.

Karen Crew made a motion to delete the entire rule 20:18:21:13, Historic Resource Protection under the already adopted rules and regulations until which time the historical society has some rules for the Gaming Commission to review or refer to. MOTION WAS WITHDRAWN.

20:18:25:06. Karen made a motion to delete everything after "16:15:01:01" eluding to review by the department of

history. Seconded by Kristi Wagner. MOTION CARRIED.

20:18:25:07. Review of Safety Standards. The section reads that the Executive Secretary must conduct of review of every building licensed by the Commission on Gaming to determine if the buildings meet certain standards such as electrical installations, the plumbing code, boilers, fire safety and handicapped accessibility. It was the consensus that it should not be the Executive Secretary's responsibility to conduct a review of all these different facets as it should be up to the different responsible agencies to see that compliance is met.

John Gable of Deadwood Players suggested changing "must conduct a review" to "may conduct a review". So moved by Karen Crew. Seconded by Kristi Wagner. MOTION CARRIED.

Secretary Gromer asked the Commission if he was still to communicate with the Department of History, or was he to assume that this was being handled by the local preservationist and from the City. The Commission answered that until the State Historic Society has Rules passed and the Commission has had an opportunity to review and consider them, we would refer to the city for handle the historic review procedures and report back to us.

20:18:07:01:01. Approval with conditions or for a limited period. Karen Crew made a motion to add another section 20:18:07:01:02 which states that a condition for granting or renewing a license is that the licensee must purchase and keep in affect a liability insurance policy of at least \$1 million dollars, or in an amount the Commission approves, and provide a certificate of insurance to the Commission that such has been done. Seconded by Kristi Wagner. MOTION CARRIED.

The Chair entertained a motion to adopt all the articles of the Commission on Gaming proposed rules as was amended, discussed and reviewed and to adopt the rules and to leave it up to our attorneys to enlarge upon the recommendations made concerning the foreclosures and the banking securities, loans and policies and to give our counsel the authority to broaden these rules and to adopt the changes made today on the definition of buildings and progressive slots.

This would also include allowing our attorney to get the generic language from Gaming Laboratories to place into the progressive slot rule about allowing outside power sources so that the progressive slot machine rule can be amended.

Also included in this motion is to amend 20:17:17:24:01 to add "must be linked to a meter and" before "have a meter

showing the payoff"; and in 20:18:17:24:04, Attorney Srstka will talk with Gaming Laboratories about clarifying keys; and in 20:18:17:24:08, the Commission asked Attorney Srstka to check into the stand-alone machines with Gaming Laboratories and incorporate this into rule also. This motion was so moved by Kristi Wagner and seconded by Karl Fischer. MOTION CARRIED.

This concluded the formal rules hearing.

The Commission reviewed designs for their Commission logo. Evans Nord moved to adopt design #2 as the Commission's logo. Seconded by Kristi Wagner. MOTION CARRIED.

John Gable of Deadwood Partners, requested authority to recognize the Wild Bill Bar and Miss P.J.s' Parlor as two separate buildings and they would like to have 30 devices per building, so they would need an additional license if the Commission recognizes them as two buildings. The Commission asked Mr. Gable to go through the city and historic review for determination if this is two buildings and upon their findings to submit another application for the additional 30 devices. The Commission cannot commit to issuing an additional license for 30 devices until all compliances have been met and it has been shown that it is two buildings.

The Commission then went into Executive Session for discussion of licensing of establishments and support applicants.

Upon reconvening, a motion was made by Karl Fischer to grant 24 hour operation licenses to Deadwood Partner's dba: Wild Bill Bar and Miss P.J.'s Parlor; Dakota Partnership dba: Prairie Edge, Eagle Bar and The Crazy Horse; Peacock Club; and Old Style Saloon #10. Seconded by Kristi Wagner. MOTION CARRIED.

Dan Grider of Dakota Territory submitted a report of the poker tournaments that were allowed on a trial basis through the month of April. As a result of the poker tournament there was a total of 263 players and a total of \$4,710.00 in drop. The Peacock Club has also submitted a proposal for a poker tournament.

Karl Fischer made a motion to allow the Dakota Territory to continue with their poker tournaments and to allow the Peacock Club to enter into their poker tournaments for another six months. Seconded by Kristi Wagner. MOTION CARRIED.

Secretary Gromer informed the Commission of the businesses that are ready for consideration for licensing. Those businesses applying are SD Distributing Hardware applying

for a Distributor license. Also the following retail licenses were addressed for consideration:

The Palace - Ray Winsel
K&D Inc, dba: Rotten Luck Willies - William and John Evers
Abigayles' Restaurant - Kermit Stell
Terry Peak Ski and Sport - The Keene family
Wilderness Edge and Lion's Head - Dennis McKay

Kristi Wagner made a motion to approve licensing all the above mentioned Distributor and Retail licenses addressed by Secretary Gromer. Seconded by Karen Crew. MOTION CARRIED.

A motion was made by Karl Fischer, seconded by Kristi Wagner to approve all support licenses recommended for approval by Secretary Gromer and to deny support licenses to Robert Bruzek, Mitchell Jeffrey and Clyde Sexton. MOTION CARRIED.

The next Commission meeting was scheduled for June 4, 1990 at 4:00 and for June 5, 1990 at 9:00.

The meeting was then adjourned.

MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
JUNE 4 AND 5, 1990
NORTHERN HILLS HOLIDAY INN
SPEARFISH, SOUTH DAKOTA

The meeting of the South Dakota Commission on Gaming was called to order on June 4, 1990, by Vice-Chairman Karl Fischer. Roll call was taken with the following Commission members being present: Karen Crew, Karl Fischer and Evans Nord. A quorum was declared. Other staff present was Donald Gromer, Executive Secretary; Stan Triplett, Enforcement Director; Randy Lemme, Enforcement Agent; Grant Gubbrud, Director of Audits and Taxes; Kit McCahren, counsel for Commission; and Delane Smith, Administrative Assistant.

A motion was made by Karen Crew, seconded by Evans Nord, to approve the Minutes of the May 9, 1990 Commission on Gaming meeting. MOTION CARRIED.

Vice-Chairman Fischer asked Executive Secretary Gromer if he felt that there was a need for additional staff in the Commission's offices. Ex. Secretary Gromer answered that the next area he would like to address in personnel hiring is in the area of auditing to help with the internal auditing and the auditing of individual establishments.

A motion was made by Evans Nord, seconded by Karen Crew to give Executive Secretary Gromer a \$3,000.00 increase in salary, retroactive to the time when the other staff's salaries were increased. MOTION CARRIED.

The Commission then went into Executive Session.

Upon a motion made by Karen Crew to come out of Executive Session, seconded by Evans Nord the Commission came out of Executive Session on June 5, 1990 at 1:00 P.M. MOTION CARRIED.

Karen Crew made a motion to approve the support licenses that were listed for consideration on the June 5, 1990 list for Support Licensing (see attached list), with the exception of Gene Carsten and Leo Coughlin, whom she moved giving denials to. The following applicants should also be tabled until the next Commission meeting: Daryl Brunson, Dennis Even, Rodger Metzgar, Sally Schwab, Dade Swanson, Christopher Sperle, and Norman Winkelman. Seconded by Evans Nord. MOTION CARRIED.

A motion was made by Karen Crew, seconded by Evans Nord, to approve the license of Abu-rizk Co. for an Operator's License and a Retail license for The Anaconda with both licenses to be affective July 1, 1990. The owner of this would be Charles Abouresk, Jr., Linda Grosshans, Carol

Abourezk and Mike Abourezk. Seconded by Evans Nord. MOTION CARRIED.

Evans Nord made a motion to grant an Operator's license to Deadwood Gulch and a retail license to Deadwood Gulch Saloon affective July 1, 1990. The owners are Eugene Johner, Dennis Kropp, Keith Kropp, Allen Reede and Terry Matson. MOTION CARRIED.

A motion was made by Evans Nord, seconded by Karen Crew, to approve a retail license to The Pump House, whose owners are Patrick and Joann Eastman, effective July 1, 1990. MOTION CARRIED.

Karen Crew made a motion, seconded by Evans Nord, to issue Marie's Inc. a retail license effective July 1, 1990. The owners are Marie Robley and Kate Bentham. MOTION CARRIED.

A motion was made by Karen Crew, seconded by Evans Nord, to approve an Operator license in the name of John G. Inc., and two retail licenses to Calamity Jane's Art Gallery and Accommodation Bureau, to be licensed immediately. MOTION CARRIED.

The Executive Secretary's Report was then given. Ex. Secretary Gromer announced to the establishments, and in particular, to the new licensees and the licensee that are either opening or contemplating opening, that there will be an accounting seminar held on June 4 on the internal auditing and accounting procedures. There will be two sessions. A morning session beginning at 9:00 a.m. and an afternoon session at 1:00 p.m. Both sessions will be held at the Golden Hills Resort.

It was pointed out that Dr. Madden and Dr. McLeod have both submitted proposals for the possibility of doing some sort of a sociological/economic impact study to see what gaming has done and possibly will do, as far as projections are concerned in the future. He pointed out that he has also been contacted by the Institute on Gaming, which is out of the University of Nevada, Reno, to perform some sort of impact studies on gaming as well. The Institute on Gaming has already performed a number of impact studies throughout the world. He said that Susan Walker, of the SD Lottery, has also contacted him as to perhaps some consideration on their behalf to have this be a statewide impact study, as far as gaming throughout the entire State. Also the Gaming Trade Association may want to contribute some money towards an impact study. Ex. Secretary Gromer asked the Commission to consider if they would like to have a statewide impact study or if they would want to stand the cost of an impact study in it's entirety, or if it would be practical to have the cost shared with people from the industry. Commissioner Crew asked about the costs of such a study and Sec. Gromer answered that he would like to get a firmer feel of what it is that would be addressed in an impact study before we could get actual cost projections of how much it would cost. Commission Crew moved to table this issue and asked for Secretary Gromer to continue to research the possibility and to get some idea as to the costs. It was the consensus of the Commission that the impact studies should be strictly for Deadwood and the neighboring areas, rather than a statewide study with the Lottery Commission.

Tom Blair pointed out to the Commission that Dr. Madden did an economic and social study for the Deadwood You Bet Committee and he said that he would let the Commission see those studies.

The Legislative Interim Committee was discussed. The first meeting of the Interim Committee will be held in Pierre on June 11, 1990, where the Governor will address the Committee, outlining his thoughts, goals and objectives as far as gaming in South Dakota is concerned. Secretary Gromer will then address the Committee as to the Deadwood issues and then representatives from the Lottery and the Racing Commission will address the Interim Committee. Representative John Sears is the Chairman of the Committee and he has indicated that he would like to come to Deadwood and perhaps meet with the Commission at one of the future Commission meetings.

Secretary Gromer pointed out that at the last meeting Chairman Lien did appoint a sub-committee, consisting of himself, and Commissioners Fischer and Crew, to facilitate in the determination of the establishments compliance with the Uniform Building Code and Life Safety Codes. The Fire Marshall was in Deadwood and reinspected most of the establishments with infractions or violations. The Fire Marshall indicated that in most cases, the establishments that were originally inspected in February and March have complied, or in the process of complying with order and recommendations that the Fire Marshall's Office made. He stressed that the major thing to address is the requirement of the sprinkler systems, however, he indicated that due to the tourist season getting into full swing, his recommendation to the Commission would be to look at a time schedule to implement this requirement in the fall after the initial tourism season has passed. He also indicated that he is satisfied with most of the businesses compliances and cooperation, and that only a couple of the businesses have not cooperated. Commissioner Crew asked for a list of any establishments that have not cooperated or submitted plans for compliance.

Ex. Secretary Gromer pointed out the in the Rules section under the accounting procedure area, the Commission is responsible for doing a statewide report on Gaming, at least to the legislature, and then to the entire populace that is interested. Part of this would be a gaming abstract and to obtain the necessary data to complete this type of report, a form has been devised, which must be approved by the Commission. The Standard Financial Form was reviewed by the Commission. Evans Nord made a motion, seconded by Karen Crew, to approve the form and to have Secretary Gromer finalize the form and adopt it for use. MOTION CARRIED.

The following establishments have requested 24 hour permits: B.B. Cody's, Three of Kind, dba: Cousin Jacks, and The Palace. Evans Nord made a motion, seconded by Karen Crew, to approve 24 hour permits to those that have requested them. MOTION CARRIED.

Ex. Secretary Gromer pointed out that there are presently 15 more applications of establishments desiring a Operator or Retail license. This would consist of approximately 50 more people to investigate and do backgrounds on. He pointed out that the Office has not received any new

applications for establishments to any great extent for the last two to three weeks and he does feel that from the perspective of new businesses coming in, it does appear to be tapering off. However, he pointed out that the support licensing issue is a different situation, as we are averaging approximately 75 to 100 support applications a week coming into the office. He also pointed out that after July 1, 1990, the support applicants can be approved for licensing by the himself as the Executive Secretary, and this should make a quicker turn around time to the licenses approved as applicants will no longer have to wait for a Commission meeting for consideration of support licenses.

The other issue to address is the Key Employee applications. The applications have been in the Deadwood Office for around a month, however we have not had any turned into the Office for processing. He stressed that if these are not turned into the office immediately, there will not be adequate time for them to be processed before July 1, 1990. Key employee licenses addresses the management level position that the Commission has not been able to address before and it informs the Commission of who is in charge of the business in the case of the owner's or proprietor's absence or the chain of management of the organization.

Executive Secretary Gromer pointed out to the Commission that he is fast running out of office space at the present location in the Deadwood Office. Evans Nord moved, seconded by Karen Crew, to authorize Secretary Gromer to seek out larger office space for the Deadwood office. MOTION CARRIED.

Ex. Secretary Gromer also addressed the fact that the Commission still has not began any in-depth and serious auditing of the establishments as Grant Gubbrud as been tied up in devising the forms and statistical material needed and being processed and he has been helping the Commission with the licensing aspects and he has been doing alot of the internal accounting and helping to design the direct remittance. All of these duties has kept us from doing the auditing that needs to be done. There are 53 business in Deadwood that we need to commence auditing on to make sure that they are in compliance with the procedures and to make sure that the bookkeeping is being kept up. It was pointed out that all of this is more work than one auditor can handle and Sec. Gromer asked for an additional person for the auditing aspects.

Commissioner Crew made a motion to authorize the Ex. Secretary to seek and hire an additional auditor. Seconded by Evans Nord. MOTION CARRIED.

Commissioner Crew stated that she would like to meet with Karl Fischer and Don Gromer to address any concerns that may arise concerning the renewals and re-licensing of establishments, in particular, in regard to the time tables for compliance to code by the establishments. Sec. Gromer felt that this should be done on a case by case basis as a large number of the establishments have given realistic time tables for compliance.

Attorney General, Roger Tellinghuisen, gave an overview on Indian Gaming in the State of South Dakota. He pointed out that the Tribe that the most time has been spent negotiating with is the Flandreau Tribe. The State has now agreed with the Tribe's attorney as to the components of

the compact and is awaiting the Tribal counsel's agreement to the compact. Before anything goes into affect, there will be a public hearing. The Tribe will play the same games as does Deadwood, with the exception of poker, in which the compact doesn't address. The Tribe will receive 180 devices for a period of nine months. If at the end of nine months, if each device makes \$85 a day, then an additional of 70 devices will be allowed for a total of 250 machines.

Karen Crew made a motion to license Poker Alice for a retail license with the owners being Wes Buckmeister, Harold Riley and Zane Riley. Seconded by Evans Nord. MOTION CARRIED.

The next meeting was scheduled for June 25 and 26, 1990 in Spearfish beginning at 9:00 a.m.

Karen Crew made a motion to adjourn, seconded by Evans Nord. MOTION CARRIED.

MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
JUNE 25 AND 26, 1990
NORTHERN HILLS HOLIDAY INN
SPEARFISH, SOUTH DAKOTA

The meeting of the South Dakota Commission on Gaming was called to order on June 25, 1990 by Chairman Chuck Lien. Roll call was taken with the following Commission members being present: Chairman Chuck Lien; Karl Fischer; Evans Nord; Kristi Wagner; and Karen Crew. Other staff present was Donald Gromer, Executive Secretary; Stan Triplett, Enforcement Director; Grant Gubbrud, Director of Audits; Kit McCahren, legal council; and Delane Smith, Administrative Assistant.

A motion to approve the minutes of the June 4 and 5, 1990 Commission meeting was made by Karl Fischer, seconded by Kristi Wagner. MOTION CARRIED.

The Commission on Gaming then went into Executive Session until 1:30 P.M. on June 26, 1990. At that time the Commission came out of Executive Session and into open meeting.

Executive Secretary, Donald Gromer, then gave the Executive Secretary's Report. He pointed out that in the past couple of Commission meetings, there were conversations about an impact study being done on gaming. A couple of local State professors had contacted the Commission on the availability of doing an impact study and at the last meeting it was discussed as to the possibility of obtaining certain information and interest from the University of Nevada from a Mr. Bill Eddington. Secretary Gromer has spoken with Mr. Eddington and would certainly entertain doing such an impact study if the Commission so desired. We could enter into a contract with certain individuals or directly with the University of Nevada. Karen Crew moved to authorize Secretary Gromer to pursue the matter and to have a contract prepared with ultimate approval of the contract to be made by the Commission. Seconded by Karl Fischer. MOTION CARRIED.

Ex. Secretary Gromer stated that he did testify in front of the Legislative Interim Committee. Vice-Chairman Fischer was present as was Joe Massa and Bill Walsh from Deadwood. This was basically an informative type session, whereby historical data on gaming was given and then the process of how gaming got started into the present stage of

where things are today was given. Mr. Massa and Mr. Walsh spoke also from the gaming establishments point of view. The overall reception of the legislators seemed favorable and Secretary Gromer was pleased with the Interim's Committee's questions and responses. The Governor's Chief of Staff, Frank Brost, made a couple of remarks as to the Governor being satisfied as to what gaming is doing in Deadwood, but that he was concerned about any future expansion and suggested that any further expansion throughout the state would be looked at very closely. Executive Secretary Gromer said that his impression of the Governor's statements was that the Governor was not in favor of expansion of gaming throughout the State. He encouraged the Interim Committee to review this Commission, along with the Racing and Lottery Commission to see if the management is sound and whether there is an adequate accounting of the funds. He also recognizes the sensitivity of gaming as far as there being problems with some persons, in particular, compulsive gamblers.

The Taxation Interim Committee is meeting in Mobridge, SD on June 17, 1990, and Secretary Gromer has been instructed to attend this meeting and prepare documentation for this Committee. They are interested in the generation of revenues from the City of Deadwood and for what the funds are being used for, etc.

The statistical figures for the month of May were addressed. The month of May was been the most active month to date from a monetary sense. The total gaming action of approximately \$25 million was announced, with adjusted taxable gross income of about \$2.3 million.

After the 1st of July, 1990 the Commission on Gaming will be pursuing a mechanism to extract from the gaming establishments the necessary information to begin preparation of a gaming abstract. The rules presently require the Commission to prepare an abstract of all gaming figures. This will show the public on an aggregate basis the actual profit margin of the gaming establishments in Deadwood. This will show the costs as well as the revenues taken in the gaming industry. The abstract will show the industry as a whole and individual establishment figures will be kept confidential.

Bill Walsh of the Franklin Hotel stated that he would like the abstract to show the monies spent in the restoration of buildings and compliance to code in the abstract, so that the public may see some of the expenditures of the establishments rather than just the revenues that they now hear about.

Executive Secretary Gromer briefed the Commission as to a lawsuit which has been instigated from Bazels, Inc., in which their application for consideration of an Operator was turned back to them, as they are already licensed as a Distributor and cannot have the same interests in both entities. Bazel's Inc. filed the lawsuit as they feel that they are two separate corporations and may be allowed to operate both as a Distributor and an Operator, even though the same individuals are involved.

The need for more support and clerical staff was discussed. It was pointed out that both the Pierre and Deadwood offices are in need of more clerical staff. Karen Crew made a motion, seconded by Kristi Wagner, to

authorize an additional full-time staff in Pierre, as well as in Deadwood. MOTION CARRIED.

At this point the Commission considered the applications ready for licensing.

A motion was made by Evans Nord, seconded by Karl Fischer, to approve all 38 individuals who have made application for key employees on a temporary basis until January 1, 1990 with such list to be attached to these minutes. MOTION CARRIED.

Executive Secretary Gromer pointed out that Connie Andrews and Ken Lau had made application for an Operator's License under the name of A & L Enterprises and recommended that they be granted the same. Also Connie Andrews had made application for a retail license for the Wilderness Edge and also contended that the former Ore House building was two buildings, and upon that contention requested two additional retail licenses for Miss Kitty's and The Mint. However, Mark Aspass, who is the Commission's architect and is on consultant staff with the Commission, has reviewed the information submitted and has reviewed the building. Based upon his observations and findings, Executive Secretary Gromer recommended that the Commission consider Miss Kitty's and the Mint as one building, entitling her to only 30 devices for that site and grant her another retail license for the Wilderness Edge, thus entitling her to two retail licenses. So moved by Evans Nord, seconded by Karen Crew. MOTION CARRIED.

A motion was made by Evans Nord, seconded by Karl Fischer, to approve a retail license to Ken Lau for the 76 Motel and Restaurant. MOTION CARRIED.

Karl Fischer made a motion to approve an Operator License to Jackpot, Inc. and a retail license in the name of The Lucky Miner, seconded by Kristi Wagner. MOTION CARRIED.

Kristi Wagner made a motion to approve an Operator license to the Deadwood Nugget, Inc., and a retail license in the name of The Nugget. Seconded by Evans Nord. MOTION CARRIED.

A motion was made by Karl Fischer, seconded by Kristi Wagner, to grant a license to Daphy Mist, Inc. as an Operator and a Retail license to the Windflower Saloon. MOTION CARRIED.

A motion was made by Evans Nord, seconded by Karl Fischer, to approve an Operator license in the name of Phatty Thompson's Parlor and Gaming Hall and a retail license in the name of Phatty Thompson's Parlor and Gaming Hall, upon receipt of a letter acknowledging the placement of fire exits. MOTION CARRIED.

A motion was made by Kristi Wagner, seconded by Karl Fischer, to grant a temporary Operator license to S & E Investments and grant two temporary retail licenses to the Mother Lode and the Depot, until October 10, 1990. Upon this date the Commission will determine if permanent licenses will be granted as by then the background investigations will all be

completed. MOTION CARRIED.

A motion was made by Karl Fischer, seconded by Karl Fischer, to grant a temporary Operator license to Tin Lizzie's Gambling Halls, Inc. and three temporary retail licenses to Tin Lizzie's, Casey's and The Mustang until October 1, 1990, pending the conclusion of the background investigations. Upon this date the Commission will determine if the applicants will receive a permanent license.

A motion was made by Karen Crew, seconded by Karl Fischer, to approve a temporary Operator license to Wildcat Enterprises and three retail licenses on a temporary basis to October 1, 1990 for The Last Chance, Legends of the Wild West and Lillie's. These licenses are temporary pending the conclusion and disclosure to the background investigations. MOTION CARRIED.

A motion was made by Evans Nord, seconded by Kristi Wagner, to grant an Operator's license to Sherman Street Partner's and two retail licenses to Butch Cassidy and the Sundance Kid (2 different buildings). MOTION CARRIED.

Executive Secretary Gromer pointed out that the Deadwood Hotel Joint Venture is requesting an Operator's License and 3 Retail licenses in the names of Deadwood Gulch Lodge 1, Deadwood Gulch Lodge 2 and Kenny's Restaurant and Gambling Saloon. Ex. Secretary Gromer recommended that they be granted temporary licenses until January 1, 1991, which would give the Commission time to complete the background investigations

A motion was made by Karl Fischer, seconded by Kristi Wagner, to grant a temporary license to Goofy's Saloon until October 1, 1990 with a copy of the agreement that has been received for payment of child support to be attached with the minutes. After this date a decision will be made as to a permanent license. Vote: Aye -4, Nay - 1. MOTION CARRIED.

Executive Secretary Gromer pointed out that John Gable of Deadwood Player's is requesting an additional license in the name of Wild Bill Bar and is contending that the Wild Bill Bar and Miss P.J.'s Parlor is two separate buildings. This would entitle the Wild Bill Bar to 30 devices and Miss P.J.'s Parlor to 30 devices. Upon observation of the documentation provided to the Commission and the review and observation of the Commission's architect, Mark Aspass, the Commission agreed that the Wild Bill Bar and Miss P.J.'s Parlor was in fact two separate buildings. A motion was made by Evans Nord, seconded by Karen Crew, to grant Wild Bill Bar an additional retail license, thus entitling them to 30 devices and Miss P.J.'s Parlor 30 devices. MOTION CARRIED.

A motion was made by Kristi Wagner, seconded by Karl Fischer, to allow Jean McColloch to become a subsequent part-owner of Hickok's Saloon, which is already a licensed establishment. MOTION CARRIED.

A motion was made by Kristi Wagner, seconded by Karl Fischer, to grant a temporary license to Dennis Kilbreth and Dennis Richardson of Goldberg's Grocery and Goldberg's Soda Fountain until October 1, 1990. By then the background investigations will completed and code compliance can be

assured within those buildings. Larry Shama is already licensed for Goldberg's. MOTION CARRIED.

A motion was made by Evans Nord, seconded by Kristi Wagner, to grant an Operator's license on a temporary basis until October 1, 1990, to Jeffrey Stock Poker Tables, until which time his background investigation can be completed. MOTION CARRIED.

A motion was made by Karen Crew, seconded by Evans Nord, to grant a temporary retail license to Tony Cook in the name of Thunder Cove until October 1, 1990, with the lease agreement to be attached to the minutes. MOTION CARRIED.

A motion was made by Evans Nord, to grant a temporary Operator's license to Bruce Grina and Bill Hixon of Dakota Table Games until October 1, 1990 so that the background investigations may be completed. Seconded by Kristi Wagner. MOTION CARRIED.

It was pointed out that the Deadwood Hotel Joint Venture is requesting an Operator's License and three Retail licenses in the names of Deadwood Gulch 1, Deadwood Gulch 2, and Kenny's Restaurant and Gambling Saloon. Executive Secretary Gromer recommended that they be granted a temporary Operator's license and temporary retail licenses for the three businesses until January 1, 1990, which would give the Commission time to complete the background investigations. So moved by Evans Nord, seconded by Kristi Wagner. Aye's 4 - Nay's -1. MOTION CARRIED.

A motion was made by Karl Fischer to grant a renewal license to all the Manufactures and Distributors that have applied for renewals, seconded by Kristi Wagner. (See attached to minutes) MOTION CARRIED.

Executive Secretary Gromer pointed out that due to legislative changes whereby an establishment who previously had 2 retail licenses in one building is now entitled to one retail license per building, allowing for 30 devices per retail license, there are some changes to the previous retail lists. Secretary Gromer then addressed each operator and retail business which is requesting renewal of their license (see list attached). Karl Fischer made a motion to approve all the operator and retail licenses stated for renewal by Secretary Gromer, and table a second retail license to the Bullock Hotel, pending her upcoming plans for construction and renovation of the Bullock Hotel. Seconded by Kristi Wagner. MOTION CARRIED.

A subsequent motion was made by Karl Fischer, seconded by Kristi Wagner, to grant temporary retail licenses until January 1, 1990 for Dakota Mercantile and Deadwood Dicks, The Star Gallery and The Franklin Hotel and Durty Nellies, until which time further compliance to Codes are met. Seconded by Kristi Wagner. MOTION CARRIED.

A motion was made by Karen Crew to grant a 24 hour permit to the following establishments requesting them: Butch Cassidy and Sundance Kid; Goldberg Grocery and Soda Fountain; Tin Lizzie's, The Mustang, and Casey's; Poker Alice; Last Chance, Lillies and Legends of the Wild West;

Lucky Miner; and Deadwood Lodge 1 and Kenny's Restaurant and Gambling Saloon. Seconded by Karl Fischer. MOTION CARRIED.

Mike Wordeman of Sodak Gaming asked about the status of approving progressive slot machines. Ex. Secretary Gromer answered that no progressive slot machines rules are in place until July 1, 1990 and no progressive machines can become progressive until which time that mechanism has been approved by James Maida of Gaming Laboratories. Hopefully within the next couple of weeks the Commission will be able to let the vendors know exactly where things stand with the progressive slot machines.

Ex. Secretary Gromer pointed out that it has been brought to his attention by Attorney Dick Tieszen that there might be a controversy between the Rules and Regulations and the Statute in Article 20:18:17:24:14. This Rule provides that a "distributor may supply a licensed operator with the communication service that would inter-link progressive slot machines and may manage and monitor the accounting, collection and disbursement of progressive payouts", however State 42-7B-17 provides the statutory mandate regarding responsibilities of any operator and that this law provides that the operator is responsible to provide audits, security and measures relating to slot machines. This has been brought to the attention of the Commission's counsel to obtain an opinion from counsel as to if there is a controversy.

Dakota Partnership requested approval to provide inner access between buildings of The Eagle Bar and Prairie Edge. Karen Crew didn't feel that permission is actually needed as long as the inner access complies with UBC Code and Life Safety Codes. Evans Nord made a motion to approve as we have already received compliance letters from the City, seconded by Kristi Wagner. MOTION CARRIED.

The next Commission on Gaming meeting was scheduled for July 24, 1990 to be held in Sioux Falls, South Dakota.

MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
1:00 P.M.
JULY 24, 1990
RAMKOTA INN
SIOUX FALLS, SOUTH DAKOTA

The meeting was called to order by Chairman Lien with the following members present: Chuck Lien, Karen Crew, Karl Fischer, Evans Nord and Kristi Wagner. Also present were Donald Gromer, Executive Secretary; Grant Gubbrud, Director of Audits; Stan Triplett, Enforcement Director; Bill Srstka, Legal Counsel and Cora Hunsley, Administrative Assistant.

Mr. Nord moved that the minutes of June 24 and 25 be approved as printed. Second by Ms. Wagner. MOTION CARRIED.

The Commission went into executive session at 1:10 p.m. and re-convened at 3:45 p.m.

Mr. Gromer then gave the Executive Secretary's report covering the financial statement and the total figures for June.

Mr. Gromer advised the Commission that he has been in contact with Mr. Michael K. Madden regarding an impact study and read a letter received from Mr. Madden. Mr. Gromer recommended Mr. Madden be contacted to enter into a contract to start an impact study. Mr. Fischer moved that the Executive Secretary be authorized to explore entering into a contract with Mr. Madden. Second by Ms. Wagner. After some discussion Ms. Crew suggested that the Commission go with Mr. Edington. Ms. Wagner then called for the question. Roll Call as follows: Fischer, aye; Wagner, aye; Nord, aye; Crew, nay. MOTION CARRIED.

Mr. Gromer updated the Commission on the licenses granted so far. There were 81 retail licenses issued, and since the first of July Mr. Gromer issued 297 support licenses totaling around 1600 for support license.

Mr. Gromer advised the Commission that S&E Investments requested a 24 hour permit and he recommended they be given the authorization for a 24 hour license. Mr. Nord moved that they be authorized to operate 24 hours. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer reported that he has been in contact with Mr. James Maida regarding progressive slots and it was Mr. Maida's intention to come to Deadwood in the month of August. Mr. Maida will make a report to the Commission as to his position on the progressive slots.

Mr. Gromer reviewed the compact entered into with the Flandreau Santee Sioux Tribe. Mr. Srstka advised the Commission that they would have to adopt rules to carry out compact duties. Mr. Lien instructed Mr. Gromer and Mr. Srstka develop recommendations for the Commission's consideration.

Mr. Srstka reviewed the denial of the license for Bazel's. Mr. Srstka stated that the appeal did go to court and the judge felt he did not have enough facts and sent it back for the Commission to enter Findings of Fact and Conclusions of Law. After some discussion Mr. Nord moved that the license be denied on the basis that there is a duplication of ownership between the stockholders of the distributor's license and the stockholders of the operator's license and the denial is being made on the fact that the individual stockholders were to be licensed as licensees. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer recommended that Heron Limited be considered for a distributor's license. Mr. Fischer moved that Heron Ltd. be granted a distributor's license. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer recommended that a retail license d/b/a as Oyster Bay, the person being licensed is Mr. Bill Bernard. Mr. Fischer moved that Oyster Bay be granted a retailer's license. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer recommended that Player's Choice, owner Ron Island and another individual named Harlan Schmidt of Spearfish as joint partners, be issued a temporary license due to the fact that a background investigation has not been completed on all the partners, but it has been completed enough for them to be granted a temporary license. Ms. Crew moved that Player's Choice be granted a temporary license until January 1, 1991. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer advised the Commission that Deadwood Junction has applied for a retail license and that the background has not been completed enough for a recommendation of a permanent or temporary license. It was the consensus of the Commission that the application be tabled until the next meeting.

Mr. Gromer reviewed the list of key employees (attached) to recommended for temporary key employee license. Ms. Wagner moved that temporary key licenses be granted until January 1, 1991. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer then requested that the Commission move to item VI on the Agenda, discussion of rule regarding accounting system. Mr. Gromer stated ARSD 20:18:17:24.14 which allows a distributor to lease an auditing system to an operator which would allow the distributor to facilitate the management,

collection and disbursement of funds from a progressive payout. Mr. Dick Tieszen maintains this is in violation of SDCL 42-7B-17 which states that the auditing and security functions lies with the operator. It was stated that the Gaming Commission wants to keep the distributors and operators separate and this would be a link to open up between them. Mr. Gromer then read SDCL 42-7B-17 and ARSD 20:18:17:24.14. Mr. Gromer stated the intent of passing the rule was that it would allow operators to lease certain automated accounting systems from distributors to provide that function. Mr. Srstka stated that Mr. Tieszen would have to be granted a hearing on the rule. Mr. Tieszen stated that the issue that was being presented to the Commission is that they feel the rule does violate the statute and would want it to come to a final disposition of some sort. Mr. Tieszen stated it was his position of the statute clearly says the responsibility of security and audit measures lie with the operator.

Mr. Tim Dougherty an attorney from Sioux Falls representing SoDak Gaming Supplies, Inc., stated that the repeal of this rule would give an unfair advantage of one distributor over another. After some discussion Mr. Fischer moved that a formal hearing be set for the the next meeting to be determined later. Second by Mr. Nord. MOTION CARRIED.

Mr. Lien then declared a short five minute recess.

Mr. Lien reconvened the meeting.

Mr. Gromer read a letter handed to him this afternoon from Attorney Richard Huffman representing Connie Andrews and Ken Lau, requesting the Commission to entertain a special meeting of the Commission prior to August 20 to consider the licensing of their business Miss Kitty's. Mr. Gromer also stated that Mr. Maida would be in the area the week of August 20th and he would like the meeting to coincide with his visit. Mr. Lien stated there was a letter before the Commission requesting a special meeting to appeal the ruling of one building versus two building and have it heard before the next regular meeting. Ms. Crew moved that the next meeting be held on August 21 and 22 and she is mindful of the fact that there is a request for a special petition for a hearing on a licensing prior to August 20 noting that the Commission has never set a special hearing before. Second by Mr. Fischer. MOTION CARRIED.

Mr. Paul Putz of Historical Preservation discussed the historical issue and its relationship to licensing in Deadwood. Ms. Crew questioned Mr. Putz's letter to Mr. Gromer of June 29th. Mr. Srstka recommended a joint powers agreement should be entered into with the City, Gaming Commission and Historical Preservation. Ms. Crew stated the three entities should have more meetings to discuss preservation before an agreement be entered into. Ms. Crew moved the Executive Secretary be authorized to set up a meeting with the Historical Preservation group and to encourage a closer working relationship. Second by Mr. Nord. MOTION CARRIED.

MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
9:00 A.M.
AUGUST 21, 1990
SPEARFISH HOLIDAY INN

The meeting was called to order by Chairman Lien with the following members present: Chuck Lien, Karen Crew, Karl Fischer, Evans Nord and Kristi Wagner. Also present were Donald Gromer, Executive Secretary; Grant Gubbrud, Director of Audits; Stan Triplett, Enforcement Director; Bill Srstka, Legal Counsel; and Cora Hunsley, Administrative Assistant.

Ms. Wagner moved that the minutes of July 24, 1990 be approved as printed. Second by Mr. Nord. MOTION CARRIED.

This being the time for hearing in the matter of Connie Andrews, d/b/a Miss Kitty's, Mr. Lien adjourned the meeting for the formal hearing.

Meeting re-convened 2:15 p.m.

Mr. Mark Wolfe of the Historical Society gave a slide presentation and brought the Commission up to date on the improvements being made on the buildings in Deadwood.

Mr. Gromer gave the Executive Secretary's report covering the latest figures for July. Mr. Gromer stated the overall hold per device was down approximately 40%.

Mr. Gromer informed the Commission that we have switched from bi-monthly remittances to monthly remittances to the City, County and State enacted by law July 1.

Mr. Gromer stated there has been a considerable decrease in the number of applications being received. He stated we have a total of 1,971 devices licensed in Deadwood. This includes the City's 50 nickel slots. There are six manufacturers, three distributors, 38 operators and 88 retailers. To date, we have licensed 1,369 support licensed individuals.

Mr. Gromer reviewed the budget submitted to the Department of Commerce & Regulation for FY-91.

Mr. Gromer informed the Commission that the positions of Staff Assistant for the Pierre and Deadwood Office have been approved by the Bureau of

Personnel. Mr. Gromer stated we are still awaiting classification for the Auditor position.

Mr. Gromer stated that he was working on additional office space in Deadwood and will sign a contract as soon as it is approved by the Bureau of Administration.

Mr. Gromer requested permission for Grant Gubbrud and Stan Triplett to attend training in Carson City, Nevada. Mr. Gubbrud's training will be in the conducting of audits and Mr. Triplett's in the enforcement field. Mr. Fischer moved that the travel be approved. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer informed the Commission that all of the computers have been put in in the Pierre office.

Mr. Gromer raised the question of what may be done to the numerous people who call reporting that they have lost their support license. Mr. Gromer suggested a rule be drafted at the next rules hearing for charging for a duplicate license. Mr. Gromer stated another problem with support licensees wearing their issued license. A lot of the support people did not like the information being on their license. Mr. Gromer stated that in the future it will be worked out where they could go to driver license which will only have a picture on the front, on the back will be their full name, social security number and date of birth. Mr. Gromer further stated that a letter will be going out stating if they are found working without a support license on their person where it can be seen, they will receive a reprimand.

Mr. Gromer stated the 24 hour issue has been raised. Businesses have been cancelling their permit for 24 hours. Mr. Gromer stated several have asked to be granted flexibility whether or not to run 24 hours. Chief of Police Les Bradley stated he would like to have it one way or the other, several business owners stated they would like the flexibility of 24 hours on weekends. After some discussion, Mr. Lien recommended the operators work out what hours they prefer and bring it up at the next meeting September 10th & 11th in Rapid City.

Mr. Gromer stated that another problem arising was gaming management contracts. These contracts would authorize an entity to manage the gaming of another business. Ms. Crew stated perhaps they should be issued a separate license to be readily identified. After discussion, it was decided to review each contract as they are received.

Mr. Gromer stated the next meeting will be set for September 10, 11 & 12 in conjunction with the Interim Committee on Gaming in Rapid City. Gromer stated the Interim Committee would like to go to Deadwood and tour the gaming establishments.

Mr. Lien then introduced Mr. James Maida, Gaming Laboratories, Inc., of New Jersey. Mr. Maida stated he was to speak on three different areas, one of

which was single property link progressives. Mr. Maida complimented Mr. Srstka and the Commission on the rules drafted in this area. Mr. Maida stated South Dakota has the first progressive rules that are standardized in the industry. Mr. Maida stated no other gaming jurisdiction has progressive After a lengthy discussion, the Commission advised the operators to submit proposals for progressive slots for Mr. Maida's and the Commission's review.

Mr. Maida then explained how each machine could be hooked up to a computer for monitoring and having a central accounting procedure. Ms. Crew moved that Mr. Gromer be authorized to seek out someone in the computer field and make recommendations for a computer consultant at the next meeting. Ms. Crew further moved to Mr. Gromer, Mr. Lien and Mr. Fischer to proceed with entering into a contract if a consultant is found before the next meeting. Second by Mr. Nord. MOTION CARRIED.

There being no further business the meeting was adjourned until 9:30 a.m. on August 22, 1990.

AUGUST 22, 1990

The meeting was called to order by Chairman Lien with the following members present: Chuck Lien, Karen Crew, Karl Fischer, Evans Nord and Kristi Wagner. Also present were Donald Gromer, Executive Secretary; Stan Triplett, Enforcement Director; Bill Srstka, Legal Counsel; and Cora Hunsley, Administrative Assistant.

The Commission went into executive session at 9:35 a.m. and reconvened at 10:30 a.m.

Mr. Fischer moved that temporary key employee licenses be granted to Deborah O'Bryan and John Perkovich, Jr. until November 1, 1990. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer reviewed the impact study contract of Mike Madden. After discussion, it was decided that the Commission would review the contract and invite Mr. Madden to their next meeting before making a decision.

Mr. Gromer stated the Interim Committee on Gaming will be meeting in Rapid City and would be interested in touring Deadwood on the afternoon of the 11th. The Committee would be taking public testimony on the morning of the 12th.

Mr. Srstka and the Commission then reviewed the proposed Findings of Fact and Conclusions of Law in the Bazel's complaint. Mr. Nord moved that the Commission adopt the Findings of Fact and Conclusions of Law and that Mr.

Commission on Gaming Minutes
August 21 & 22, 1990
Page #4

Srstka draft such to be filed with the Hughes County Clerk of Courts by September 6, 1990. Second by Ms. Wagner. MOTION CARRIED.

The Commission then broke for lunch to reconvene at 1:30 p.m. for the formal hearing.

Mr. Lien called the meeting to order at 1:30 p.m. for the formal hearing..

There being no further business, the meeting was declared adjourned.

MINUTES OF THE SOUTH DAKOTA COMMISSION ON GAMING
1:00 P.M.
SEPTEMBER 10, 1990
HOWARD JOHNSON
RAPID CITY, SOUTH DAKOTA

The meeting was called to order by Chairman Lien with the following members present: Chuck Lien, Karen Crew, Karl Fischer, Evans Nord and Kristi Wagner. Also present were Donald Gromer, Executive Secretary; Grant Gubbrud, Director of Audits; Stan Triplett, Enforcement Director; Bill Srstka and Kit McCahren, Legal Counsel; and Cora Hunsley, Administrative Assistant.

Mr. Fischer moved that the minutes of August 21-22, 1990 be approved as printed. Second by Ms. Wagner. MOTION CARRIED.

Mr. Mike Madden, Economist for USD presented an outline of the scope of work he would be doing in his economic impact study. Mr. Madden stated he expected to have his study done by the end of February, 1991. Mr. Fischer moved that the Commission hire Mr. Madden to complete the study as outlined in his proposal. Second by Ms. Wagner. Mr. Fischer amended his motion to authorize the Executive Secretary to enter into a contract with Mr. Madden conforming to the contract that was presented at the last meeting. Second by Ms. Wagner. MOTION CARRIED. After discussion on the school issue and what information would be beneficial to the schools, Mr. Fischer withdrew his motion. Mr. Fischer moved that the Executive Secretary be authorized to enter into a contract with Mr. Madden to provide a study as outlined in his proposal and to also include a school survey at an increased cost of up to \$2,000 plus or minus 10%. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer explained Mr. Bill Hixon, of Dakota Table Games, Inc.'s petition for a declaratory ruling on the transferring of a device tax stamp. Mr. Hixon stated that part of his contract of operating in an establishment, the contract allows for termination by either party and for Dakota Table Games to be reimbursed for any unused

prorated portion of that license. Mr. Hixon stated the table and the license remains in the same spot. Mr. Tony Cook pointed out that this gives the router an unfair advantage, where a router has the availability to pull machines from any location he may wish and put them into another location. Mr. Gromer stated that the key issue was to whether or not a person who has an existing table game can sell that table and charge for the remaining part of the year for that stamp fee. Mr. Nord moved that the stamp on a device (tables only) go with the device as long as they follow the necessary steps. Second by Ms. Wagner. After further discussion the MOTION CARRIED.

Mr. Scott Randolph presented the Commission with a petition to leave the progressive slot rules in place as written. Mr. Srstka advised that the petition could not be considered as evidence as this was a contested case.

Mr. Bruce Oberlander, Mayor of Deadwood presented a letter on the 24 hour issue to the Commission to be considered on the agenda for September 11.

Mr. Srstka noted that the Findings of Fact, Conclusions of Law and Order regarding Bazel's has been filed with the Clerk of Courts.

The Commission then went into executive session to re-convene at 9:00 a.m. September 11, 1990.

SEPTEMBER 11, 1990

The meeting was called to order by Chairman Lien with the following members present: Chuck Lien, Karen Crew, Karl Fischer, Evans Nord and Kristi Wagner. Also present were Donald Gromer, Executive Secretary; Bill Srstka and Kit McCahren, Legal Counsel; and Cora Hunsley, Administrative Assistant.

Mr. Lien stated that a decision on the petition to repeal the rule dealing with progressive slot would have to be made. Ms. Crew moved that the rule be left as is. Second by Mr. Fischer. Mr. Srstka then read ARSD 20:18:17:24.14 Central controlling and accounting systems which was adopted and went into effect July 1, 1990. MOTION CARRIED.

The ruling on the issue of two buildings was set aside until an attorney could be present.

The issue of 24 hours was discussed. Mr. Nord moved that the rules remain as is. Second by Ms. Crew. Ms. Crew then amended the motion to include Mr. Oberlander's letter a part of the minutes. Mr. Gromer then read Mr.

Oberlander's letter. There being no further discussion the MOTION CARRIED.

Mr. Gromer made the recommendation that the following key employees who have a temporary license be issued a permanent license.

Mark L. Antonsen
Lisa K. Hepner
Robert E. Leonard
Charles R. Boyle
Chris A. Eastman
Arnold E. Waddell
Patrick L. Barney

Debra J. Berg
Lori K. Iverson
Toni M. Booth
Virginia S. Craig
Anthony P. Marino
Thomas H. Walker

Ms. Crew moved that the above be granted a permanent key license. Second by Mr. Nord. MOTION CARRIED.

Mr. Gromer recommended the Mother Lode & Depot and Goldberg's Grocery Store be given a permanent operator license. Ms. Wagner moved that they be granted an operator license. Second by Ms. Crew. MOTION CARRIED.

Mr. Gromer recommended the following be granted a temporary key employee license.

Kevin A. Friedel
Leslie L. Jeffery
LuAnn Lalonde

Linda D. Maxwell
Mark Jay Albrecht
Dana Sorensen

Ms. Crew moved that the above be granted temporary key employee licensed until January 1, 1991. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer informed the Commission that the Deadwood office was now hooked up on line with the computer system. Mr. Gromer also stated that the advertising for Staff Assistants for the Deadwood and Pierre office will close on September 14, and a decision would be made shortly after that. Mr. Gromer stated that the Auditor position will be advertised as soon as the classification was received from the Bureau of Personnel.

Mr. Gromer advised that he has been looking into the possibility of getting all the slot machines hooked up to a central computer system. Mr. Gromer stated he would be meeting with Mr. Mark Tobias in the near future to discuss this issue.

Mr. Gromer informed the Commission that in their packets there was a letter from Mr. Les Garry and Mr. Gromer's response stating this would be brought before the Commission. Mr. Gromer stated that basically what Mr. Garry wished was to be involved in some form or another in

treatment centers for compulsive addictive gamblers. It was the consensus of the Commission that they had no authority to expend funds for such. Ms. Crew moved that the Executive Secretary be directed to write Mr. Garry a letter indicating that the Commission has received his request and it is certainly an interesting request but it is something that the Commission doesn't believe in their Legislative mandate that they have the authority to do. Second by Mr. Fischer. MOTION CARRIED.

After discussion, the next meeting was set for November 1 and 2, 1990 in Deadwood.

Mr. Ron Underhill's petition for a hearing was discussed. Ms. Wagner moved that a hearing be set for 9:00 a.m. on November 1, 1990. Second by Ms. Crew. MOTION CARRIED.

The issue of temporary key licenses that expire November 1, 1990 was discussed. Ms. Wagner moved that all temporary key employee licenses expiring on November 1, 1990 be extended to November 15, 1990. Second by Mr. Fischer. MOTION CARRIED.

Mr. Srstka suggested the rules hearing be scheduled for 9:00 a.m. November 2, 1990.

Mr. Richard Huffman, attorney for Connie Anderson and Kenny Lau d/b/a Miss Kitty's, advised the Commission that the abstract for the building had been destroyed. Mr. Huffman stated that there was a picture taken after the fire of 1879 that specifically showed two separate buildings. Mr. Srstka stated it does show an easement. After further discussion Mr. Fischer moved that it is to be considered as two building and that the owners meet all of the following requirements prior set out by the City of Deadwood prior to receiving a license: Need to install fire door at the top of the stairs to the office, enclosure at fusible link from middle exit door, all exit doors have panic hardware, sprinkler heads in concealed ceiling space in kitchen, handrail at main stair, closure on basement door, finish sheetrock on basement door, health department certification. Mr. Fischer stated that based on the compliance of those he would make a motion to consider this as two buildings. Second by Ms. Wagner. Mr. Fischer amended his motion to grant an extra 30 machines. Second by Ms. Wagner. Ms. Crew amended the motion that Mr. Huffman as counsel for petitioners to prepare and submit Findings of Fact, Conclusions of Law as well as the proposed Order to the Commission. Ms. Crew further amended the motion to include that they do obtain a copy of the picture for our files. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer updated the Commission as to where he was at

with Paul Putz of the Historical Society and the joint powers agreement. Mr. Gromer stated he hoped to have something to present to the Commission at the next meeting.

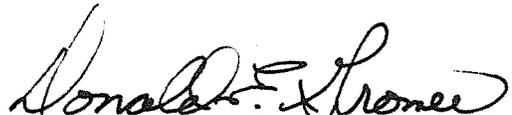

Mr. Srstka advised the Commission that the rules to be considered at the rules hearing would include update of the UBC and the Flandreau proposition. Mr. Srstka stated that the Commission would only have to adopt rule stating that the memorandum entered into between the Governor and the Flandreau Santee Sioux Tribe is hereby adopted under SDCL 42-7B-11(8). Mr. Srstka also stated there would be some odds and ends to be cleaned up. Mr. Srstka stated that Mr. Ken Palardi, Casino Manager at Wilderness Edge suggested the repeal of 20:18:15:28. Mr. Fischer moved that the Executive Secretary be authorized to draft proposed rules and that the rules hearing be set for November 2, 1990 at 9:00 a.m. Second by Ms. Wagner.
MOTION CARRIED.

There being no further business, the meeting was declared adjourned.

Respectfully submitted,

MINUTES
COMMISSION ON GAMING
NOVEMBER 1-2, 1990
MASONIC TEMPLE
DEADWOOD, SOUTH DAKOTA

The meeting was called to order by Chairman Lien with the following members present: Chuck Lien, Karen Crew, Karl Fischer, Evans Nord and Kristi Wagner. Also present were Donald Gromer, Executive Secretary; Grant Gubbrud, Director of Audits; Stan Triplett, Enforcement Director; Kit McCahren, Legal Counsel and Cora Hunsley, Administrative Assistant.

Mr. Nord moved that the minutes of September 10, 1990 be approved as printed. Second by Ms. Crew. MOTION CARRIED.

This being the time scheduled for the Ron Underhill hearing, Mr. Lien declared the meeting adjourned to re-convene after the hearing.

Mr. Lien announced that the meeting was back in session.

Mr. Gromer then explained the articles in the Commissioners packets. Mr. Gromer advised that a Memorandum Decision in the matter of Bazel's Inc. v. South Dakota Commission on Gaming had been issued in the Commission's favor.

Mr. Gromer stated that the proposed Findings of Facts, Conclusions of Law and Order in the matter of the Application of Constance Andrews seemed to be in order. Mr. Fischer moved that the Order be executed. Second by Mr. Nord. MOTION CARRIED.

Gromer advised the Commission of a letter received from Prairie Edge Gaming asking whether or not a license stamp placed on a slot machine is transferable from owner to owner. Gromer stated that at the last meeting the issue came up of the transfer of the stamp fee from table to table and the issue of slot machines was not before you at that time.

return to this item later in the meeting.

Mr. Gromer updated the Commission on contracting with a computer consultant for developing a centralized computer system to be connected with all of the machines. Ms. Wagner moved that the Executive Secretary be authorized to enter into a contract with Mr. Mark Tobias. Second by Ms. Crew. MOTION CARRIED.

Mr. Gromer advised the Commission of a letter received suggesting the Commission to consider the promulgation of a rule whereby those businesses involved in progressive signage be licensed as a distributor.

Mr. Gromer stated he has also received correspondence requesting a variation of games. Gromer further stated this would be included in the rules hearing scheduled for November 2, 1990.

Mr. Gromer then reviewed the financial report and statistics for September.

Mr. Gromer advised the Commission that Enforcement Agent Dave Sparks resigned because his wife was transferred and an advertisement was out for another agent. Mr. Gromer stated that an additional auditor was in the process of being hired. Mr. Gromer then introduced Donna Hoskins as the secretary for the Deadwood Office.

Mr. Gromer advised the Commission that Mr. Mike Madden was in the process of gathering information for the impact study.

Mr. Gromer advised the Commission that Mr. Pat Tabor of McGladrey & Pullen has been in the area going over auditing procedures and that in-house audits would be beginning shortly.

Ms. Crew brought up the issue of the joint powers agreement with the historical society. Mr. Gromer stated that he attended a meeting where the consultants for the City of Deadwood unveiled their long-range plans for improvement of downtown Deadwood. The consultants suggested that the City might want to take action to implement the improvement plan. Mr. Gromer stated that he and Mr. Puetz were waiting to see what the City would implement.

Mr. Gromer brought up the issue of a letter received from Prairie Edge Gaming asking whether or not a license stamp placed on a slot machine is transferable from owner to owner. Mr. Gromer stated that this issue would be coming up frequently with the selling of machines. Mr. Gromer further stated that what was being proposed was they

wanted to know whether or not the stamp will go with the slot machine if it's sold or whether or not it was going to have to have a new stamp issued to it. Gromer stated most other jurisdictions who have machines like this don't have the \$2,000/device stamp. Mr. Nord moved that the stamp on a machine be transferred with the machine. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer then brought up the issue of slot tournaments per the letter received from Mr. Massa of Prairie Edge. Mr. Gromer and Mr. Massa then explained how slot tournaments worked. Ms. Crew moved that the Commission approve slot tournaments today in condition on a letter from counsel advising that in fact the Commission has the authority. Second by Mr. Fischer for discussion. After further discussion, Ms. Crew tabled her motion until November 2, 1990.

Mr. Lien then declared the meeting adjourned to reconvene at 1:30 p.m. for executive session for the purpose of discussing licensing.

NOVEMBER 2, 1990

Mr. Lien called the meeting to order with the following members present: Chuck Lien, Karen Crew, Karl Fischer, Evans Nord and Kristi Wagner. Also present were Donald Gromer, Executive Secretary; Grant Gubbrud, Director of Audits; Stan Triplett, Enforcement Director; Kit McCahren, Legal Counsel and Cora Hunsley, Administrative Assistant.

Mr. Lien stated the first order of business would be slot tournaments. Mr. Gromer stated that he and Mr. James Maida have visited regarding slot tournaments. It was the consensus of the Commission that this be placed on the agenda for December.

Mr. Maida informed the Commission that he has reviewed the in-house progressive slots. He is in the process of writing letters of approval. Mr. Gromer stated he would ask the Commission to dictate a policy for the staff to define in-house. After further discussion, Ms. Crew moved that the Commission approve in-house to commence November 15, 1990, in-house shall be defined as common ownership, common management, contiguous licensures with inner-access and common walls between the licensees, and in the event there is a dispute of any kind as to whether a particular in-house system is truly in-house, the Commission shall have the discretion to determine what is in-house and not in-house. Second by Ms. Wagner. MOTION CARRIED. Mr. Gromer stated that on the approval of in-house progressives there were a couple of things that should be brought to the attention of the public and proprietors.

One of the things is that all of the controllers be double-keyed. Mr. Maida was not sure how many manufacturers had double-keyed controllers. The other issue is that prior to people going on-line with an in-house progressive, it would be necessary to contact Stan Triplett in the Deadwood office so that he can re-inspect all the progressive slot machines. The machines will be kobetroned a second time and re-sealed prior to turning them on. Ms. Crew amended her motion to delete the word ownership. Ms. Crew then called attention to ARSD 20:18:17:24.16 Cash requirements. Ms. Crew moved that the cash reserve be set at \$15,000 or whatever is on the meter. Second by Mr. Nord. Mr. Nord called for the question. Mr. Lien then asked Ms. Crew to re-state her understanding of her motion. Ms. Crew stated that her motion was the Commission will approve in-house systems effective November 15, 1990 for all people who have submitted to the Commission proof of cash reserve and proof of evidence that they want to start an in-house progressive. The in-house progressive shall be defined by contiguous property with common management and inner access between the properties. MOTION CARRIED.

Mr. Maida than advised the Commission where he was at as far as the multi-link progressives. Mr. Gromer stated he would like a central computer hookup before multi-link progressives were considered.

Mr. Gromer reviewed the recommendations for licensing. Ms. Crew moved that permanent licenses be granted to:

- Green Door Club - Retail
- Jackpot 4U Motel - Retail
- S-Mart - Retail
- Dakota Table Games - Operator
- Jeffrey Stock - Operator
- Players Choice - Operator
- Tin Lizzie's Gambling Hall - Operator

And temporary licenses to:

- Lucky Miner - Operator
- SoDak Gaming - Distributor

Second by Ms. Wagner. MOTION CARRIED.

Ms. Wagner moved to approve the Operator license for Wildcat, Inc. Second by Mr. Fischer. Roll Call: Fischer, aye; Wagner, aye; Nord, aye; Lien, aye; Crew, nay. MOTION CARRIED.

Mr. Gromer reviewed the recommendations for key employee licensing. Mr. Fischer moved that the following be granted permanent key employee licenses:

Katherine Blanks ✓
Patricia Eckhart ✓
Clifford Etherington ✓
Katherine Finck ✓
Andrew Fischer
Judith Johner
Jean Mohnen
Blinda Tope
Nancy Slovak

Gregg Dittman ✓
Barbara Elmore
DeLyle Fall
Rocky Finck ✓
Peter Goin
Steven Mathieson
George Pickard
Joseph Russell, Jr.

Second by Mr. Nord. MOTION CARRIED.

Mr. Nord moved that those persons who now hold a temporary license expiring on November 15, 1990 be extended to February 1, 1991. Second by Ms. Wagner. MOTION CARRIED.

Ms. Crew moved that a support license be denied to Mr. Ron Underhill on the basis of his prior associations. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien stated that it has been brought to the attention of the Commission that the payments to the City of Deadwood, Lawrence County and the state have been voluntarily changed from a quarterly basis to a monthly basis by the Pierre office. Ms. Crew moved that any funds remitted to the City of Deadwood under SDCL 42-7B-48 henceforth remain on a quarterly basis. Second by Ms. Wagner. MOTION CARRIED.

Mayor Bruce Oberlander asked if it would include remittance to the State and County also. Ms. Crew stated there was no direction for the others.

Mr. Fischer moved that the Commission remit to Lawrence County and the State of South Dakota on a quarterly basis also. Second by Ms. Wagner. MOTION CARRIED.

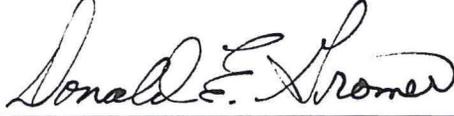

The next meeting was set for December 10 and 11, 1990 in Deadwood.

There being no further business the meeting was adjourned for the Rules Hearing.

MINUTES

COMMISSION ON GAMING
DECEMBER 10-11, 1990
FIRST GOLD HOTEL
270 MAIN STREET
DEADWOOD, SD

DECEMBER 10, 1990

The meeting was called to order by Chairman Lien with the following members present: Chuck Lien, Karl Fischer and Kristi Wagner. Also present were Donald Gromer, Executive Secretary; Grant Gubbrud, Director of Audits; Stan Triplett, Enforcement Director and Cora Hunsley, Administrative Assistant.

Mr. Fischer moved that the minutes of November 1-2, 1990 be approved as printed. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer reviewed the information in the packets for the Meeting.

Mr. Joe Massa requested that he receive a copy of the joint powers agreement proposed by Paul Putz of the Historic Preservation Center.

Mr. Lien then declared that the meeting be closed for executive Session.

DECEMBER 11, 1990

The meeting was called to order by Chairman Lien with the following members present: Chuck Lien, Karen Crew, Karl Fischer and Kristi Wagner. Also present were Donald Gromer, Executive Secretary; Grant Gubbrud, Director of Audits; Stan Triplett, Enforcement Director and Cora Hunsley, Administrative Assistant.

Mr. Lien stated that this being the time set for the hearing in the matter of the support license of Sharon Dunning Ms. Crew was requested to conduct the hearing.

After the formal hearing in the above-entitled matter, Ms. Crew moved that Ms. Dunning's license be revoked as suggested by the Executive Secretary and that legal counsel draft up the notice of revocation. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer then introduced Sharron Sprague as the new Auditor to be

located in the Deadwood office. Mr. Gromer stated that Brad Christenson has also been hired as an Auditor and will begin his employment January 7, 1991. Mr. Gromer further stated that the position of enforcement agent has been offered to two persons but as of this date he did not know whether or not they accepted the position.

Mr. Gromer then updated the Commission on the revenue generated through the month of October. Gromer stated there has been a slowdown of business in the area.

Mr. Gromer updated the Commission on the in-house progressive slot machines which was authorized to begin on November 16. Gromer stated that he was disappointed in the process that the Commission on Gaming office had to be involved in as far as hookup of these progressive machines. Gromer stated that his office did not have one technical person on staff, they do not understand nor should they have to understand the complete intricate mechanism workings of these progressive slot machines. They know how to inspect, test and how to authenticate whether they are working or not. Gromer stated that the enforcement division did not have the time to help get the progressives started. Gromer stated it was the manufacturers responsibility to have the technicians for the businesses to get the progressives hooked up. Mr. Maida stated that during the whole time they were trying to set the progressives up, various operators and owners were calling his office also to get reports. Mr. Maida stated that after going through a one-day training Mikohn meters it doesn't appear to be that difficult of a problem.

Mr. Gromer referred the Commission to Mr. Maida's letter of 11/30/90 in reference to the Mikohn system. Mr. Maida stated that over the last several months they have been taking a look at the inter-link progressive systems. Mr. Maida stated that after reviewing the systems submitted for progressive slots he would recommend approval of the multi-property links submitted by Black Hills Novelty and Mikohn and that it be limited to a maximum of 20 machines. Mr. Maida recommended that the following conditions be met: Final on-site inspection and approval of all auditing, system operating, etc. will be done prior to the final start-up; the system be up and working before he and Mr. Gromer came out to inspect it; final approval and inspection of Universal Slot Machines, all associated gaming equipment, the Mikohn meters, super-controllers and all overhead displays be approved; the Commission require daily meter readings and jackpot meter reconciliations by methods established by the auditing staff; and that the South Dakota Commission on Gaming Commission will require any and all accounting reports as they deem necessary from Mr. Trucano to ensure that this is operating correctly. Mr. Trucano asked about the annuity schedule which was part of his proposal of a 10 year annuity. Mr. Trucano stated they would be ready between Christmas and New Year's. Mr. Maida asked if members from Mikohn and other individuals would be on-site that week and what steps were being taken regarding training, if the system should have difficulty, would staff be sufficiently trained. Mr. Trucano stated all of his staff would be trained. Mr. Maida stated that

the Software Version 1.08 had not been submitted to his Laboratory to date and this must be submitted. It was the decision of the Commission to take no action until others who submitted proposals are present.

Mr. Fischer moved that the following be granted permanent key licenses:

Leslie Jeffrey	LuAnn LaLonde
Kevin Friedel	Linda Maxwell
Janis Mallory	Sheryl Ulmer

Second by Ms. Wagner. MOTION CARRIED.

Ms. Wagner moved that the following be granted temporary licenses:

Roger Duba	Operator	Goodtime Novelty
Joseph Rowland	Operator	DDD Enterprises
Brad Hale	Retailer	Pink Palace
James Rogers	Retailer	Pink Palace
Jack Lynass	Retailer	Pink Palace
Ferdinand Balkenhol	Operator	Rocky Mt. Taffy Factory

Second by Mr. Fischer. MOTION CARRIED.

Mr. Fischer moved that the following be granted temporary key licenses:

Lloyd Carlson	Olen Chambers
Bradley Gauger	Thomas Goodrich
Bobbie Humphrey	Joayne McQuillen
Verlyle Pierce	Douglas Pogor
Lynn Ruple	Brenda Schauer
John Simons	Linda Span
Sue Tennyson	Cindy Van Gerpen

Second by Ms. Wagner. MOTION CARRIED. Ms. Wagner asked if there would be a date included for the temporary licenses. Mr. Fischer amended his two motions to include the date of March 1, 1991.

Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer stated that back in June temporary licenses were issued to the Franklin Hotel, (Bill Walsh, Owner), Deadwood Dick's (Mary Dunn, Owner) and the Bullock, (Mary Schmit, Owner) until the first of January. Gromer stated that Mr. Walsh has made progress bringing his building up to code. Gromer stated that the Bullock was under renovation. Mary Dunn is in the process of attempting to obtain the necessary financing. Gromer stated that other state regulatory agencies are planning on being in Deadwood shortly after the first of the year for another round of inspections to make determinations for code compliance. Ms. Schmit stated that they have obtained permanent financing, they are under construction and putting in temporary sprinkler systems would be very costly. Ms. Schmit stated they were going to push the sprinklers ahead of the other construction.

Ms. Wagner moved that a permanent license be issued to the Franklin Hotel, the temporary license of the Bullock be extended to March 1, 1991 and then review the progress at that time. Ms. Wagner also moved to issue Mary Dunn a temporary license until the next meeting and request her to come before the Commission to advise of her renovation process at that time. Second by Mr. Fischer. Ms. Crew asked Ms. Schmit if the Commission approved her temporary license until March 1, and the sprinklers are not in as anticipated, what steps she intended to take to ensure the safety of the public. Ms. Schmit stated she did have historical preservation money to put the sprinklers in, they can put in temporary sprinklers but they will have to come out. They can do something on a temporary basis, this is very costly but should be in place within the next two months. Ms. Wagner called for the question. MOTION CARRIED.

Mr. Gromer advised the Commission that they had Findings of Fact, Conclusions of Law and Order by Mr. Dougherty, representing SoDak and by Mr. Tieszen in the matter of the repeal of ARSD 20:18:17:24.14. Mr. Gromer also handed out the Intervener's objection to the Petitioner's proposed Findings of Fact and Conclusions of Law. Mr. Lien declared a 15 minute break to read this before continuing.

Mr. Lien declared the meeting back in session and asked Mr. Gromer to make a recommendation on the last temporary license. Mr. Gromer stated that Deadwood Gulch Resort was given a temporary license until January 1 and he recommended that it be extended until March 1, 1991. Ms. Wagner moved the temporary license of Deadwood Gulch Resort be extended to March 1, 1991. Second by Mr. Fischer. MOTION CARRIED.

Ms. Crew moved that in the matter of the repeal of ARSD 20:18:17:24.14, that the Commission adopt the Findings of Facts and Conclusions of Law of the Intervener. Second by Mr. Fischer. MOTION CARRIED. Ms. Crew also stated that in the same matter as to the proposed Order in the matter of the repeal of ARSD 20:18:17:24.14, that the Commission also sign the Order proposed by the Intervener. Mr. Fischer moved that the Chairman sign the Order of the Intervener and reject the Petitioner's Findings of Fact, Conclusions of Law and Order. Second by Ms. Wagner. MOTION CARRIED.

Mr. Joe Mattson brought the Commission up to date on the historical restoration progress.

Mr. John Fineberg of TSP from Boulder, Colorado explained that he has been contracted with for the historic preservation plan and passed out the plan that they have presented.

Mr. Maida then explained the IGT progressive system. Maida stated that they have reviewed the IGT Quartermania System submitted for approval for use in Deadwood. Maida stated the system will work. IGT slot machines will be used. Maida referred the Commission to his memo of November 16, 1990 which contained his recommendations. Maida stated this system has been tested extensively. Maida stated there were some conditional items he believed the Commission should

impose on IGT. Maida stated he recommended the Commission approve the concept of the Deadwood Quartermania System manufactured by IGT and implemented and run on a daily basis by SoDak Distributing Company. Maida stated that for the initial startup the number of enrolled machines be limited to 100 S-Plus IGT gaming devices which are currently pending approval at the laboratory and should be out shortly. Maida recommended the final approval be conducted by Mr. Gromer's and Mr. Maida's staff, certain auditing and accounting reports will need to be made and IGT has made their system all automated accounting. Maida stated that IGT should be able to provide any type of reports the Commission on Gaming requests. Maida also recommended installation of a computerized monitoring station within Deadwood and attached to a printer. Mr. Gromer stated to begin with he would like an on-site terminal and IGT provide the reports when needed. Maida recommended if the system goes down between the CCOM and SoDak in Rapid City and is not repaired in 24 hours, that the Commission office should shut the link down until it is repaired. Mr. Gromer stated he was concerned about the lack of electronic surveillance in the establishments. Mr. Maida stated that New Jersey requires 24 hour CCTV coverage on every machine. Tony Cook agrees with Mr. Gromer, he will have cameras. John Gable stated he did not have electronic surveillance but does see the necessity.

Mr. Fischer moved that Black Hills Novelty's progressive slots be granted approval with the conditions recommended by Mr. Maida. Second by Ms. Wagner. MOTION CARRIED.

Ms. Wagner moved that IGT, SoDak's progressive slots be granted approval with the conditions recommended by Mr. Maida. Second by Mr. Fischer. MOTION CARRIED.

A discussion was held regarding a guarantee to the public that the jackpot is available. Ms. Crew moved that security for jackpot payouts be through a fiduciary intermediary, which fiduciary must be approved by the Commission, that the anticipated amount of the jackpot be funded by an irrevocable letter of credit, irrevocable insurance trust, securities if they choose to do it that way or any other such mechanism as the Commission shall approve and whatever ultimate amounts the Commission shall approve. Second by Ms. Wagner. MOTION CARRIED.

A discussion was held on monitoring these systems. Ms. Crew moved that the security staff and the executive secretary determine on an individual case, what the security should be for any gaming house as far as their progressives are concerned and that the staff and executive secretary would have final say on an individual case and final say on security. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer called attention to ARSD 20:18:17:24.11 Annuities... After a discussion Ms. Crew moved that if the jackpot is less than \$100,000 that it be paid in a lump sum. Second by Mr. Fischer. MOTION CARRIED.

Mr. Fischer moved that the starting date for the progressives be set for January 5, 1991. Second by Ms. Wagner. Ms. Wagner stated

her viewpoint on the multi-link progressives was it was not to be started without a central computer system. Mr. Maida stated it would be easier for the Commission staff and to do reports. Mr. Tim Dougherty stated if it was the Commission's intention that operators and establishments all start up with the progressive system at the same time they would suggest January 15, rather than January 5, since IGT and SoDak has to hook up 100 machines rather than 20 machines. January 15, would be the date they would be ready. Mike Trucano stated he would be ready prior to January 5th. Mr. Ward Chilton of IGT asked if they would get a two week penalty because they couldn't be ready by the 5th. Ms. Crew asked if any other systems applied. Mr. Maida stated that Bally is currently under review and he could offer his recommendations by the end of December. Mr. Chilton stated they would do everything they could to be ready by the 5th but they wanted to do it right. Ms. Crew moved to amend the motion from January 5th to January 15th. Motion failed for lack of a second. Roll Call as follows: Fischer, aye; Wagner, aye; Lien, aye; and Crew, nay. MOTION CARRIED.

Mr. Lien declared a break for lunch to reconvene at 1:30.

Meeting reconvened at 1:50 p.m.

Mr. Gromer reviewed a new game submitted by Mr. Red McQuade called Jersey. Gromer stated he had not had any requests on this game from anyone else in Deadwood and recommended a denial of the game based upon it not being played in any other major gaming jurisdiction in the United States. Gromer stated it has not been actually checked for the theoretical hold and the actual hold on the game. Gromer stated it is a form of poker but is much different than a lot of the poker games being played in Deadwood. Mr. Fischer moved that the game of Fun Poker be denied. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer reviewed the new game submitted by Roger LeClerc of Miss Kitty's called Caribbean Stud Poker. Gromer stated this game is not being played in any of the gaming jurisdictions. Gromer stated this game is a registered trademark game, and recommended it be denied until it is fully verified by a legitimate gaming jurisdiction. Ms. Wagner moved it be denied. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer reviewed the new games submitted by Mr. Bill Evers of the Bella Union and Suzan Craig of the Franklin Hotel. Gromer stated this game was referred to as Omaha and is similar to Texas Hold'em. Gromer stated this is not a new poker game but a variation of Texas Hold'em and recommended this be approved. Mr. Fischer moved that this variation be approved per the rules as a variation of game. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer reviewed another submission of Mr. McQuade called Over/Under 13 which is a variation of blackjack. Gromer stated this is approved in Nevada and would not affect the play of blackjack and recommended it be approved as a variation of blackjack. Ms. Wagner moved that Over/Under 13 be approved. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer updated updated the Commission on what has transpired to date as far as working on a joint powers agreement with the Historical Preservation Center. Mr. Fischer suggested that it be deferred to the next meeting when Mr. Bill Srstka was present.

Mr. McQuade asked about his request for Jacks or Better and it was not mentioned. Mr. Gromer stated that it was a live card game played on a video machine. Gromer stated no gaming jurisdiction has it. Mr. McQuade stated it was a live version of video poker. Gromer stated that any game introduced in the states of Nevada or New Jersey have to go through a testing period. The Commission denied approval of any other variations or new games.

The next meeting was scheduled for the dates between January 16-18, 1991 in conjunction with the Tourism Conference.

Mr. Maida stated the necessary program were submitted by Bally for slot tournaments. Maida stated he had two questions. The maximum bet of \$5 would be okay, depending on how much was charged for admittance and there were also some slot tournament chips that were 150 to 175 percent payback chips, the odds were to generate a lot of money. Maida asked if the rules would be suspended for a tournament play or how would it be handled. Mr. Massa explained the payout of progressive slots. Ms. Crew asked if this was done by rule or motion. Mr. Maida stated there would be two separate sets of meters, one for tournament play and one for the non-tournament play. The Commission would get their tax money off of the non-tournament play. Mr. Maida stated he told Bally this would be a requirement. Mr. Maida stated he had no problem with authorizing it today as long as the rules are all met. Ms. Crew asked how much the entry fee was to get into a slot tournament. Ms. Crew moved that the entry fee for the slot tournaments may be in any amount from \$0 to \$100, if the entry fee is any other figure over \$100, you must get special permission from the Executive Secretary prior to the tournament. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer stated that the internal auditing procedure manual was being updated and if there were any requests for changes they were to be submitted by the end of the week.

There being no further business the meeting was declared adjourned.

COMMISSION ON GAMING
MARCH 6-7, 1991
FIRST GOLD HOTEL
270 MAIN STREET
DEADWOOD, SD

MARCH 6, 1991

The meeting was called to order by Chairman Lien with the following members present: Karl Fischer, Evans Nord and Chuck Lien. Also present were Donald Gromer, Executive Secretary, Stan Triplett, Enforcement Director, Grant Gubbrud, Director of Tax, Audits & Licensing, Bill Srstka, Counsel and Cora Hunsley, Administrative Assistant.

Mr. Nord moved that the minutes of January 15-16, 1991 be approved as printed. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer reviewed the information in the Commission packets.

The letter for modified hours of operation (10:00 a.m. Friday to 2:00 a.m. Monday) received from Robert Leonard of Goldstreet was discussed. Mr. Nord moved that the request for a modified opening of Gold Street be allowed. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer stated that the progressive slots have been proving themselves quite successful. Mr. Gromer reviewed Mr. Trucano's request for expansion of the Treasury link system and Mr. Maida's recommendation. Mr. Srstka asked if a final request could be made of Mr. Maida to make sure the electronics were up to specs, etc. Mr. Gromer stated Mr. Maida made approval for four new installations with the installation to be in groups of no more than two at a time with a two week period between installation for auditing. Mr. Trucano stated he was requesting the first phase of Safeway and All Seasons Motel be permitted to join the link and two weeks later two other locations at either Main Street and/or Sherman Street. Trucano stated Maida did not want them to go out to the Eagles Club at this time because of other hardware that needed testing. Gromer recommended the authorization of four different establishments within the next four

weeks, two now and two in two weeks. Mr. Fischer moved that on the recommendation of the Executive Secretary Mr. Trucano be allowed to add two locations now and then two locations two weeks later. Second by Mr. Nord. MOTION CARRIED.

Mr. Gromer gave a legislative update. He stated the limits bill was before the Governor for his signature. Gromer stated that the issue of combining the Racing Commission with the Gaming Commission will be brought up during the last day of session. Gromer stated that the congregation of machines and the state residency bills were defeated.

Mr. Gromer stated that the revenues were up in January. He also stated that the annual report has now been completed and there was a copy in the packets. Gromer stated that he was not real comfortable with it. The financial statements received from some of the establishments were quite incomplete and inaccurate. Gromer also stated that the report only covered FY-90, November 1, 1989 to June 30, 1990. He stated the next one would cover a complete fiscal year.

Mr. Gromer stated that Mike Madden would present his Impact Study at 11:00 a.m. on March 7.

Mr. Gromer stated that he has been asked to speak at the NAGRA Spring Conference the first part of June.

Mr. Gromer stated that he has been working with Marc Tobias on the central computer and they would have something put together regarding this in the near future.

Commissioners Crew and Wagner arrived.

Mr. Gromer stated that the renewal applications should be mailed to all licensees the middle of April. Gromer stated he has been looking at the possibility of having a picture license.

Mr. Gromer brought up the issue of having a retreat moderated by an individual who is skilled in this area, and having members of the industry, city, state and Commission attend. This retreat would cover problems that gaming is having or causing and possible solutions. Mr. Gromer suggested an afternoon and morning session with Dr. Chuck Kaufman of USD as the moderator. Mr. Gromer suggested it be limited to not less than 36 nor more than 50 people. It was the consensus of the people that it be held in Pierre if at all possible and it be held the latter part of April during the middle of the week. Ms. Crew moved that Executive Secretary be authorized to set this up and change the location if needed. Second by Mr. Nord. MOTION CARRIED.

Mr. Lien then declared a recess.

The meeting reconvened with Mr. Lien declaring that it was the time and place set for the Gail Christian hearing and appointed Mr. Fischer hearing officer.

Mr. Lien declared the meeting closed for executive session to

reconvene at 9:00 a.m. on March 7.

MARCH 7, 1991

Mr. Gromer made his recommendations for licensing.

Mr. Nord moved that the following be granted temporary licenses:

Second by Mr. Nord. MOTION CARRIED.

Mr. Nord moved the following be granted permanent licenses:

Ferd Balkenhol	Operator	Rocky Mountain Taffy
Patrick Roberts	Operator/Retailer	Hickok House
Robert C. Blue	Operator/Retailer	Hickok House
Harlan Schmidt	Operator	Legends
Ron Island	Operator	Legends

It was noted that Mr. Schmidt and Mr. Island's license would be granted upon completion of the conditions in the contract. Second by Mr. Fischer. MOTION CARRIED.

Mr. Fischer moved the following permanent key employee licenses be granted:

Barb Andresen	Bill Andresen
Tom Frank	Sharon Ham
Jo Ann Hanson	Verle Pierce
Douglas Pogor	Connie Powell
Barb Remington	Paul T. Richter
Robert Robley	Lynn Ruple
Brenda Schauer	John Simons
Jimmie Sims	Dana Sorenson
Sue Tennyson	Richard Turbiville
Cindy Van Gerpen	Betty Whittington

Mr. Fischer also noted that Barb and Bill Andresen's licenses be granted on the condition that their financial obligations are being taken care of and that Mr. Gromer be notified of same. Second by Mr. Nord. MOTION CARRIED.

After a lengthy discussion on the life safety codes that have not been met, Ms. Crew moved that the Commission adopt a resolution stating that all people from the Fire Marshal's latest report which was dated February 13, 1991 and have any indications that any deficiencies whatsoever in their operation - that our resolution indicate if those deficiencies are not taken care of by May 1, that we proceed to revoke at that time. Motion failed for lack of a second.

Mr. Fischer moved that they be given until June 1, to comply with the recommendation of the Fire Marshal's letter dated February 13, 1991. Second by Ms. Wagner. Ms. Crew stated an amendment on the motion was needed. Mr. Srstka stated a resolution was needed that the Commission resolve that these people named in the letter of February 13, 1991 from the Fire Marshal, come into compliance with all the recommendations of the Fire Marshal, per ARSD 20:18:25:06 by June 1, 1991. Mr. Fischer stated that was exactly what he wanted to say, to come into compliance by June 1. Mr. Lien asked Mr. Harryman if he could schedule and provide the Commission between the 6/1-15, a new report regarding compliance. Mr. Srstka asked if everyone on the list been notified. Mr. Harryman stated they received a certified letter. Mr. Srstka recommended the Fire Marshal's letter be attached to the letter to every licensee. Mr. Nord moved to amend the resolution on the table to include Mr. Srstka's recommendation that we include that list the Fire Marshal provided on February 13, 1991 so that everyone knows by registered mail. Second by Ms. Crew. Bob Leonard from Gold Street stated before the Commission gave their final decision he would like consideration be given to the fact that it was an economic problem. Mr. Leonard stated the money presently available has been committed, City money would not be available until July. He would like to install the sprinklers in July at the lower interest rate to pay for it. Mr. Lien stated Mr. Leonard might consider a bridging loan between the time. Mr. Nord called for the question. Mr. Fischer, aye; Mr. Nord, aye; Ms. Wagner, aye; Mr. Lien, aye and Ms. Crew, nay. Mr. Fischer stated it would be to the businesses advantage to keep in touch with the Deadwood Office to show that they were progressing during this period of time. Mr. Srstka stated that now that the resolution has been adopted those who could not meet the deadline would have to file a petition with the Commission. MOTION CARRIED. (Resolution Attached)

Mr. Lien then instructed State Fire Marshal Harry Harryman to submit a report to the Commission by June 1st to the 15th.

After discussion on scheduling rules hearing, it was decided that the next meeting for a rules hearing would be held on May 16th and 17th in Deadwood.

Mr. Lien then declared a short recess.

Mr. Lien reconvened the meeting asking if there was any old business. Mr. Gromer brought up the issue of the Bullock Hotel license and directed attention to a letter from Mark Aspaas regarding the Bullock. Mr. Fischer moved to verify the issuance of a second retail license to the Bullock Hotel. Second by Ms. Wagner. MOTION CARRIED.

A discussion was held on the Joint Powers Agreement. Srstka stated the Commission may want to enter into some relationship with Deadwood to do its building compliance inspections. Gromer stated there was no one on staff with building experience. Gromer suggested an agreement be entered into with Mr. Umenthum on the building aspect, on-site is more advantageous for snap decisions. Mr. Lien instructed Mr. Gromer to explore this avenue and report at the next meeting. Mayor Oberlander stated Mr. Umenthum is not a city employee, he contracts to the City.

Mr. Mike Madden passed out copies and reviewed the Impact Study he conducted. It was noted that persons can receive copies of this study by contacting Mr. Madden directly. Fees for the study are based on printing costs.

Mr. Lien asked if for any new business, stating the Commission would be going into executive session after the meeting.

Mr. George Nelson of First Gold requested the Commission look at the rule which bans owners from playing in their own establishments. Mr. Nelson wanted the owners to participate in poker and was speaking on behalf of the key employees and owners of the industry. Mr. Srstka suggested Mr. Nelson petition for a rule change under SDCL 1-26-13.

Ms. Crew moved that the Commission rule that the Motion to Dismiss is denied because the suspended imposition of sentence has not been completed. We are still within the period of the suspended imposition of sentence and the suspended imposition of sentence has not formally been accomplished because there has been no dismissal on the court record. Ms. Crew further stated that on that particular motion to dismiss she moved that it be denied. Second by Ms. Wagner. MOTION CARRIED.

Ms. Crew also moved that the Commission revoke the license of Gail Christian until such time as the Lawrence County Court proceedings have been formally dismissed, they are now currently in the process of the suspended imposition of sentence but not all terms and conditions have been complied with. At the time they are dismissed, Ms. Christian would be free to apply for a license again but it is revoked until such time as they are formally dismissed. Second by Ms. Wagner. MOTION CARRIED.

Ms. Crew advised that the Commission has not approved the IGT trust agreement for their Quartermania. Ms. Crew further stated that she has reviewed it and made the necessary changes. Mr. Tim Dougherty was advised to submit the recommended changes to IGT and present it at the next meeting.

There being no further business Mr. Lien declared the meeting adjourned for executive session.

**COMMISSION ON GAMING
APRIL 4-5, 1991
GOVERNOR'S INN
PIERRE, SD**

APRIL 4, 1991

The meeting was called to order by Chairman Lien with the following members present: Chuck Lien, Karen Crew, Karl Fischer and Evans Nord. Also present were Chip Kemnitz, James Rogers and Gordon Ribstein and Kathy Rea of the Racing Commission; Don Gromer, Executive Secretary; Stan Triplett, Enforcement Director; Grant Gubbrud, Director of Tax, Audits & Licensing, Cora Hunsley, Administrative Assistant; and Bill Srstka, Counsel.

Mr. Fischer moved the minutes of March 6-7, 1991 be approved as printed. Second by Mr. Nord. MOTION CARRIED.

Mr. Gromer reviewed the information in the Commission packets.

Most of the afternoon was spent with Mr. Kemnitz and persons from the racing industry explaining how racing operates; the expenditure of funds; seasons; who handles hearings; advertising; interstate pooling; lab testing. Mr. Srstka questioned the hearing process. Mr. Kemnitz stated the state steward made the determination. Mr. Kemnitz also stated that the Director of Racing was always at the tracks to make decisions. Mr. Kemnitz recommended that a new ruling be adopted whereby the steward's ruling be a final agency determination, then if they wanted to appeal they go to the Circuit Court. Mr. Kemnitz suggested the Commission have someone come in and put on a seminar on racing.

Mr. Fischer moved the Executive Secretary be authorized to enter into a consultant contract with Mr. Kemnitz. Second by Ms. Crew. MOTION CARRIED.

Mr. Nord moved the Executive Secretary be authorized to contact Larry Eliason, former Racing Director, to make arrangements for Mr. Eliason to conduct a seminar on racing for the Commission. Second by Mr. Fischer. MOTION CARRIED.

Mayor Bruce Oberlander of Deadwood informed the Commission that they were repairing the track in Deadwood in order to conduct races. The repairs would not be completed in time to conduct racing this year.

Mr. Oberlander and Mr. Ken Morris, Director of the Deadwood Economic Development

Corporation, updated the Commission on the status of Historic Preservation Projects in Deadwood. Mr. Lien asked Mr. Oberlander to provide an accounting of how the money that is turned over to the City is being spent. Mr. Oberlander stated the City is going through an audit right now and as soon as that was completed they should be able to provide a reasonably detailed report to see where the money is going.

Mr. Lien then declared the meeting adjourned to reconvene at 9:00 a.m. April 5, 1991.

APRIL 5, 1991

Mr. Lien called the meeting to order with the following members present: Chuck Lien, Karen Crew, Karl Fischer and Evans Nord. Also present were Don Gromer, Executive Secretary; Stan Triplett, Enforcement Director; Grant Gubbrud, Director of Tax, Audits & Licensing, Cora Hunsley, Administrative Assistant; and Bill Srstka, Counsel.

Mr. Nord moved that the following be granted a permanent key employee license:

Joann Paul	John Perkovich
Mark Meyer	Linda Hill-Span

Second by Mr. Fischer. MOTION CARRIED.

Ms. Crew moved that the Executive Secretary's annual salary be increased from the current rate to \$55,000 per year in view of the fact that he is taking over additional duties with the racing commission that appear to be substantial. Ms. Crew stated that it was her understanding that the prior racing director received in the area of \$30 to \$35,000 per year, that the Commission increase Mr. Gromer's from \$49,000 to \$55,000 in view of the additional responsibilities and that in addition he be directed to be on call at all times and, therefore, be allowed to drive the car home. Ms. Crew also moved that Mr. Triplett be allowed to drive the car in Deadwood to and from work also, and that this motion be effective as of April 5, 1991. Second by Mr. Nord. MOTION CARRIED.

Mr. Gromer updated the Commission on the retreat that will be held in Sioux Falls on April 30 and May 1.

Mr. Gromer informed the Commission that proposed rule changes were in their packets and they should review them at their convenience. Mr. Gromer brought up one of the proposals for a rule to allow the play of machines that accept a \$5 token. Gromer stated the present rules authorize \$1 tokens as long as they meet certain specifications, but it was never addressed to allow for a \$5 token. Gromer stated people from the Midnight Star would like to have the Commission consider the use of a \$5 token. Mr. Tieszen asked if you had a \$5 token that the machine wouldn't allow you to use more than one token at a time. Mr. Srstka stated it was a one coin receiver. After further discussion, Mr. Fischer moved to allow the play of a \$5 token based on approval of the Executive Secretary of the token and that the time frame be temporarily in effect until September 15, 1991 or until the new rules have been drawn and put into effect. Second by Ms. Crew. MOTION CARRIED.

A discussion was held on racing. It was the consensus of the Commission that there

be no changes made at this time until the Commission became more familiar with that aspect.

Mr. Nord moved that the prohibitions as outlined in the gaming rules that affect members of the Commission, staff be applied to horse and dog racing also. Second by Mr. Fischer. MOTION CARRIED.

Mr. Srstka brought up the issue of petitions submitted for rule changes. Mr. Nord moved the Commission accept the petitions for rule changes. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer stated the document entitled Deadwood Gaming and Law Enforcement Training Program dated 3/13-15/1991 was a training program put on by our office and the Lawrence County State's Attorney for members of the industry. Gromer stated the policies stated in this document will put the members of the industry on notice as to what the policy will be of the State's Attorney.

Mr. Gromer advised the Commission that the City of Deadwood has asked him to attend the historical sponsored trip to Boston in April. Gromer stated several people were going to review the historical sites in the state of Massachusetts.

Mr. Gromer informed the Commission that the North American Gaming Regulatory Agencies (NAGRA) will be meeting in June in Minneapolis and he has been asked to speak on Deadwood gaming. It was the consensus of the Commission that all members who can, attend.

Mr. Gromer brought Mr. Brad Schreiber's letter regarding Jeff Rathbun's hearing. Mr. Srstka stated a hearing would have to be set for Mr. Rathbun. Mr. Fischer moved that the next meeting be scheduled for May 15-17, 1991 in Deadwood. Second by Ms. Crew.

A discussion was held on the investigation going on in Lawrence County regarding voter registration. Ms. Crew moved the Commission invite the Lawrence County State's Attorney to appear before the Commission to advise of any assistance that the Commission or the staff can render to his office regarding this.

Ms. Crew requested to make a second motion and moved that the Gaming Commission summon before the Commission any licensee indicted as a result of a current investigation conducted by the Lawrence County State's Attorney office concerning voter registration, provided that we are able to obtain information from the Lawrence County State's Attorney office as who the people indicted are. Mr. Dick Tieszen stated this information is confidential and cannot be released until such time as they are arrested on a warrant. After further discussion, Ms. Crew asked to restate her motion to the Commission have the Executive Secretary invite the Lawrence County State's Attorney to appear before the Commission to advise the Commission of any assistance they or they staff can render his office regarding the investigation. The first motion was second by Mr. Fischer. MOTION CARRIED. The second motion failed for lack of a second. Mr. Srstka recommended the Commission give the Executive Secretary the authority to summon anyone indicted to the next meeting.

Ms. Crew moved that the Gaming Commission summon before the Commission any licensee indicted as a result of a current investigation concerning voter registration conducted by the Lawrence County State's Attorney's Office as soon as those names of

the people indicted are public. Second by Mr. Fischer. MOTION CARRIED.

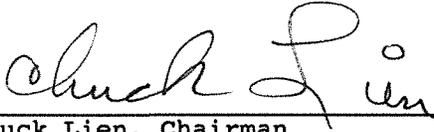

Mr. Nord moved that the 24 hour request from Goldberg Grocery and Gold Street be approved. Second by Ms. Crew. MOTION CARRIED.

Mr. Fischer asked the status on the central computer system. Mr. Gromer stated Mr. Tobias was in the process of putting the RFP's together to submit to vendors for bid. Gromer stated he should have something by the next meeting.

There being no further business, the meeting was declared adjourned.

MAY 15, 1991

Mr. Lien called the meeting to order with the following present: Commissioners Karen Crew, Evans Nord, Chuck Lien, Karl Fischer and Kristi Wagner. Also present were Grant Gubbrud, Director of Tax, Audit & Licensing; Donald Gromer, Executive Secretary; Randy Lemme, Enforcement Agent; Cora Hunsley Administrative Assistant Sharron Sprague, Auditor Roland Dolly, of the Governor's Office and Bill Srstka, Counsel.

Ms. Crew moved the minutes of April 4-5, 1991 be approved as printed. Second by Mr. Nord. MOTION CARRIED.

Mr. Aspaas of Architecture Incorporated apprised the Commission of his observations conducted yesterday and today. A discussion was held on the opening between Jackpot Charlie's and the Green Door owned by Mr. Bernard. Ms. Crew instructed Mr. Keith Umenthum to measure the whole wall and opening and report back to the Commission on May 16.

Mr. Aspaas stated they visited Goldberg's. Aspaas stated he wrote a letter to Mr. Gromer last June recommending that fire doors be placed between the two buildings and to date he had not received any correspondence relating to any alternative ways of separating the building. Aspaas stated there was no sign of attempting to remedy the situation. Ms. Crew moved that the Commission adopt a resolution that Goldberg's Grocery have fire doors acceptable to Architect Mark Aspaas by July 1, 1991. Second by Ms. Wagner. Mr. Srstka advised they must be given time to contest the resolution and it should be moved to a later date. Ms. Crew amended her motion to August 1, 1991 on the advice of counsel and to authorize the Executive Secretary to enter into an agreement with Goldberg's. Second by Ms. Wagner. MOTION CARRIED.

Mr. Roger Tellinghuisen appeared on behalf of the Old Style Saloon #10's petition for a declaratory ruling. Mr. Tellinghuisen stated they were asking the Commission to consider this, a multiple building. Ms. Crew moved, based on the advice of Mark Aspaas, pursuant to the declaratory ruling that the Old Style Saloon #10 be declared two buildings. Second by Mr. Nord. MOTION CARRIED.

Mr. Lien declared a recess until 9:00 a.m., May 16, 1991.

MAY 16, 1991

Mr. Lien called the meeting to order with the following present: Commissioners Karen Crew, Evans Nord, Chuck Lien, Karl Fischer and Kristi Wagner. Also present were Grant Gubbrud, Director of Tax, Audit & Licensing; Donald Gromer, Executive Secretary; Randy Lemme, Enforcement Agent; Cora Hunsley Administrative Assistant and Bill Srstka, Counsel.

Mr. Gromer reviewed the licensing recommendations to the Commission.

Mr. Fischer moved that the following be granted permanent Operator licenses:

Ron Russo, d/b/a Fairmont Hotel and Oyster Bay

Marlin Torguson, d/b/a Goldiggers #1, #2 and #3

James Hosch, Gene Gatti, Richard Gawlick, Tom Blair, David Cantley and William McComas, d/b/a Deadwood Gulch Resort #1 and #2 and Kenny's Restaurant

Richard Tieszen, d/b/a Lucky Miner and the Nugget

Roger Duba, Goodtime Novelty, d/b/a Jackpot Charlies and the Green Door

Joe Rowland, d/b/a DDD Enterprises

Second by Ms. Wagner. Ms. Crew objected to Mr. Duba receiving a license because of his brothel certificates. Mr. Fischer changed his motion to approve everyone except Mr. Duba which will be voted on separately. Second by Ms. Wagner. MOTION CARRIED.

Ms. Crew moved that the Commission approve the license for Roger Duba of Goodtime Novelty, two retail licenses for Jackpot Charles and the Green Door on the condition that the brothel certificates be removed. Second by Ms. Wagner. MOTION CARRIED.

Mr. Fischer moved that the following Distributor licenses be granted a permanent license, d/b/a SoDak Gaming:

Roland Gentner

Tom Celani

Second by Ms. Wagner. MOTION CARRIED.

Ms. Wagner moved the following be granted permanent retail licenses d/b/a The Palace.

Brad Hale

Jack Lynass

James Rogers

Second by Mr. Nord. MOTION CARRIED.

Ms. Crew moved the following be granted permanent Key Employee licenses:

Theresa Kragenbring

Myrna Gilman

Bonnie Jensen

Linda Kubo

Doug Brooker

Robert Crouch

Mike Howe

James Rinker

Second by Mr. Fischer. MOTION CARRIED.

Mr. Fischer moved the following be given a temporary Operator license with conditions that the background investigation is fully completed and satisfied:

James Thorburn and Kenneth Kellar, d/b/a The Bullock Hotel

Second by Ms. Crew. MOTION CARRIED.

Mr. Fischer also moved that Diana Tisdall be granted a temporary Operator license to operate poker table only. Mr. Nord emphasized that if they are given a temporary, it does not follow that they will receive a permanent license. Mr. Tieszen requested that Ms. Tisdall also be authorized for blackjack also. With the amendment of, including blackjack tables also, the motion was second by Ms. Crew. MOTION CARRIED.

Ms. Crew moved the following be granted temporary Key Employee licenses until such time as staff recommends a permanent license:

Mike Massa	Mar Sternburg
Jeanne Maher	Roger LeClerc
Robert Brodeur	

Second by Ms. Wagner. MOTION CARRIED.

Mr. Fischer moved that the permanent Operator license of James Hosch, Eugene Gatti and David Cantley, d/b/a Gulch Gaming, Inc. be denied based on SDCL 42-7B-25, in that the majority of ownership is not held by a bona fide resident or citizen of the State of South Dakota. Second by Mr. Nord. Mr. Tim Dougherty requested that there be some sort of finding on the record that the applicants are not otherwise unsuitable for licensure. Mr. Srstka stated they were already licensed until just now, it was a matter of public record. Srstka also stated you wouldn't have to have an additional statement. MOTION CARRIED.

Mr. Lien stating this was the time and place set for the hearing on Jeff Rathbun, named Ms. Karen Crew as the Hearing Officer.

Mr. Srstka stated he was ready to proceed. Mr. Srstka stated this matter was commenced by a Summary of Suspension and Formal Complaint being filed. Mr. Srstka reminded the Commission that Brad Schreiber, Attorney for Mr. Rathbun had requested a continuance which was granted provided his client agreed to the continuance of suspension of his license. Srstka stated that since then, Mr. Schreiber advised him he would not contest or appear on the allegations of the complaint. Mr. Srstka introduced documents that show Mr. Rathbun was indicted by a Grand Jury in Lawrence County for fraudulent gaming. Mr. Srstka offered the following exhibits into evidence:

Exhibit 1, to be received as evidence, a Formal Commission Complaint, a Notice of Hearing and the document to start the hearing.

Exhibit 2, which is a document from the Commission file showing his license status.

Exhibit 3, a certified copy of the Grand Jury Indictment from Lawrence County.

Mr. Srstka called Don Gromer as a witness. Srstka asked Gromer if he was familiar with the Grand Jury indictment and if the case had been concluded. Mr. Gromer stated yes.

Mr. Srstka stated that concluded his case and advised the Commission to take the evidence under advisement.

Mr. Gromer explained the issues and the reason for a complaint against, Lee Thompson, d/b/a Phatty Thompson's and that they have entered into an agreement. Gromer stated Mr. Thompson agreed to pay a \$2500 monetary penalty and have his license suspended for 90 days. Gromer did advise the Commission that Phatty Thompson's closed May 11, 1991 and is no longer in operation. Gromer stated a criminal case report was prepared in violation of statute for failure to pay taxes and was submitted to the Lawrence County State's Attorney for prosecution. Ms. Crew moved to accept the agreement prepared by Mr. Gromer. Second by Ms. Wagner. MOTION CARRIED.

This being the time set for the proposed Rules hearing Mr. Lien closed the meeting to start the Rules Hearing. (SEE ATTACHED MINUTES)

Mr. Lien, stating this was the time and place scheduled for the hearing on David Jaeger and Douglas Sutfin, instructed Mr. Srstka to proceed.

Mr. Srstka read a letter received from Ronald R. Kappelman, Attorney for David Jaeger, stating neither he nor Mr. Jaeger would attend the hearing scheduled for Mr. Jaeger on May 16, 1991. Mr. Gromer stated his recommendation was to revoke his license and Mr. Srstka concurred. Ms. Wagner moved to dispense with the formal hearing on David Jaeger. Second by Mr. Fischer. MOTION CARRIED.

Mr. Lien reconvened the meeting for regular business waiting, for Mr. Sutfin to appear.

Mr. Keith Umenthum appeared and stated he measured the wall of Jackpot Charlie's and the Green Door as instructed by the Commission and the total length of the wall separating those two establishments is 94 feet. The total opening in that wall is a total of 54 feet which comes out to 57% of that wall. This also includes a glass cage exactly in between the two establishments running for a length of about 19 feet. Mr. Umenthum stated that because it is a glass cage it doesn't meet any of the requirements. Mr. Gromer stated right now they were only using one side of the building. Mr. Gromer asked for a motion based upon Mr. Aspaas' reviews that the building was not in conformance with the UBC. Mr. Gromer stated Mr. Umenthum also agreed that they were in violation. Gromer stated he would like to have the authority to advise them of that and it must be corrected prior to authorization of the devices. Ms. Wagner moved to authorize the recommendation. Ms. Crew asked if a resolution must be done instead. Mr. Srstka stated if this procedure was used it would give them a good chance to appear before the Commission and contest it. Ms. Wagner then withdrew her motion. Ms. Crew moved pursuant to ARSD 20:18:25:06 that the Commission adopt a resolution indicating that the inner access should be brought into compliance with the UBC and that failure to do so may affect the licensing in the future. Ms. Crew also moved that this must be taken care of by August 1, 1991. Second by Ms. Wagner. Mr. Nord asked if the other businesses with inner access were under compliance. Mr. Gromer stated Mr. Aspaas did visit the businesses and this was the only one that was brought to his attention. MOTION CARRIED.

Mr. Gromer brought the Commission up to date on the Wildcat, Inc. issues. Ms. Crew moved that Mr. Gromer be authorized to take all appropriate action in writing to Bill Martindale and Wildcat, Inc. concerning Mr. Martindale's residency, where that might be and recent court action concerning certain obligations which he has in regard to gaming. The motion would be that Mr. Gromer would have Commission authority to do whatever he feels is appropriate in regard to those issues. Second

by Ms. Wagner. Mr. Gromer suggested an addition be made to the motion, that prior to licensing Mr. Martindale and his two partners, Mssrs. Blevins and Jacobs, that they should appear before the Commission and let them explain. Ms. Crew withdrew her previous motion and moved that the Executive Secretary notify Mr. Blevins, Mr. Martindale and Mr. Mike Jacobs that they are to come before the Commission to explain certain matters concerning residency and recent court actions concerning monetary obligations concerning their gaming hall. Ms. Wagner withdrew her second to the previous motion. Second by Ms. Wagner. Mr. Nord asked if this would be at the next meeting. Mr. Gromer answered yes. MOTION CARRIED.

Mr. Gromer informed the Commission that the Internal Control Manual has been revised. Mr. Nord moved to adopt the Internal Control Manual. Second by Ms. Wagner. MOTION CARRIED.

Ms. Wagner moved that Mr. Gromer be given the authority to do job evaluations and increase salaries not to exceed mid-point. Second by Mr. Nord. MOTION CARRIED.

Mr. Gromer gave a report on his recent trip to Boston.

Mr. Lien then turned the meeting over to Ms. Crew as the Hearing Officer for the Douglas Sutfin Hearing.

Mr. Lien reconvened the meeting after the Sutfin hearing.

Mr. Gromer brought the Commission up to date on racing since it came under this office on April 1st.

Mr. Gromer reviewed letters from Mr. Dan Hartman and Scott Langman, whereby they have come to a tentative agreement with certain conditions to allow Sodrac to assume the simulcast sites in the western part of the state. Gromer stated it was his understanding that if Black Hills was not open within the next ten days the simulcast sites would be assumed by Sodrac. Mr. Fischer moved Sodrac be authorized, sometime on or after May 26, 1991 to take over the simulcast sites as agreed upon by Black Hills Greyhound and Sodrac. Second by Ms. Wagner. Mr. Dan Hartman of Black Hills Greyhound brought the Commission up to date on what has been happening at Black Hills. Hartman also informed the Commission that they will not be opening this season. After further discussion, the MOTION CARRIED.

Mr. Duane Olsen wanted to express his thanks for the support of Don, Grant and the Commission.

Mr. Joe Coble stated the transition has been very smooth and commends Mr. Gromer. Mr. Coble also stated he did go along with the recommendations of the revolving fund.

Mr. Lien declared a short recess.

Mr. Lien reconvened the meeting.

Mr. Gromer gave a review on the Retreat held in Sioux Falls and stated it was a success.

Mr. Frank Brost of the Governor's Office concurred with what Mr. Gromer said. Brost stated it was very educational. Brost informed the Commission that Roland Dolly of the Governor's Office will be the contact person for gaming issues.

Mr. Gromer reported that he did write a letter to the City and County asking for a

breakdown of expenditure of funds as instructed at the last meeting. Gromer stated Ken Morris is working on this but that he has not received a response from the County as of this date.

Mr. Gromer informed the Commission that he would like to wait until fall to invite Larry Eliason to conduct a seminar on racing.

Mr. Srstka informed the Commission that another rules hearing should be scheduled in the fall which would cover racing, Indian gaming compacts, etc.

Ms. Wagner moved that the following be allowed to operate 24 hours:

Midnight Star	Bullock
Silverado	Goldiggers #1, #2, #3

Second by Ms. Crew. MOTION CARRIED.

It was noted that the next scheduled meetings are:

Pierre on June 5-6 at the Governor's Inn
Sioux Falls on July 25-26, 1991 (TENTATIVE) Downtown Holiday Inn

Mr. Lien then declared an executive session to reconvene at 9:00 a.m. on May 17, 1991.

MAY 17, 1991

Mr. Lien called the meeting to order with the following present: Commissioners Karen Crew, Evans Nord, Chuck Lien, Karl Fischer and Kristi Wagner. Also present were Grant Gubbrud, Director of Tax, Audit & Licensing; Donald Gromer, Executive Secretary; Randy Lemme, Enforcement Agent; Cora Hunsley Administrative Assistant and Kit McCahren, Counsel.

Ms. Crew moved that the Commission revoke the support license of Jeff Rathbun pursuant to the hearing held on May 16, 1991 and that counsel prepare Findings of Fact, Conclusions of Law and Order. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer brought the issue of five individuals who were granted temporary key licenses and have been approved for permanent licenses but have not paid their licensing fee. Mr. Fischer moved the Executive Secretary be authorized notify the following individuals in writing, their temporary license is no longer in existence and they are not licensed to engage in gaming in Deadwood.

Barb Elmore	Andrew Fischer
Sharon Ham	Lisa Huck
Arnold Waddell	

Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer reviewed the Memorandum of Understanding to be entered into with Nevada to share information. Ms. Crew reviewed the Memorandum and moved the Executive Secretary be authorized to sign Memorandum Agreement with Nevada as stated and as amended. Second by Mr. Nord. MOTION CARRIED.

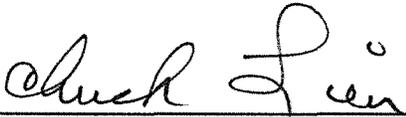

Mr. Marc Tobias brought the Commission up to date on the progress being made on a what type of centralized computer system would be best for us.

Ms. Crew stated the Commission took action in regard to Mr. Duba being licensed for the Green Door and as she recalls, Mr. Aspaas indicated as far as the water curtain was concerned there may have been some sort of oral approval by the Fire Marshal and there may not have been, he wasn't sure. Ms. Crew asked Mr. Bernard for his building plans. After viewing the plans, which states they were examined by the office of the State Fire Marshal and approved subject to compliance with any city ordinances or corrections that may apply, by Pete Bolzer, 5/1/91. This was something that was not known at the time the decision was made, that the Fire Marshal had approved it in writing on the plan. Ms. Crew noted it does state it does have to comply with all city ordinances. Ms. Crew state the other issue that must be brought up is the size of the opening. Mr. Bernard stated he measured it and it does not exceed. Ms. Crew stated there was a condition made on Mr. Duba's license in regard to the water curtain, opening and the brothel issue. Mr. Bernard was instructed to meet with Mr. Umenthum regarding the opening and have Mr. Umenthum report to Mr. Gromer in writing. Ms. Crew moved on reconsideration as to Mr. Duba's license, that any restrictions other than the business regarding the brothel certificates be deleted at this time and that Mr. Duba be granted a permanent Operator's license with the condition that they not use any of the brothel certificates. Second by Ms. Wagner. MOTION CARRIED.

There being no further business Ms. Wagner moved the meeting be declared adjourned. Second by Ms. Crew. MOTION CARRIED.

Respectfully submitted,

Cora Hunsley
Administrative Assistant

**MINUTES
COMMISSION ON GAMING
GOVERNOR'S INN
PIERRE, SD
JUNE 5-6, 1991**

JUNE 5, 1991

Mr. Lien called the meeting to order with the following members present: Commissioners Karl Fischer, Evans Nord, Chuck Lien, Karen Crew and Kristi Wagner. Also present were: Grant Gubbrud, Director of Tax, Audits & Licensing; Stan Triplett, Director of Enforcement; Bill Srstka and Kit McCahren, Counsel; and Cora Hunsley, Administrative Aide.

Ms. Crew moved the minutes of May 15-17, 1991 be approved as printed. Second by Mr. Fischer. MOTION CARRIED.

Mr. Marc Tobias reviewed the centralized computer system. The Commission advised Mr. Tobias to explore the following and report back to the Commission: 1) Check into lease or purchase the system and have the bid specs for both; 2) the on-line system; 3) go with our own system rather than the Lottery; 4) a program for player interface to enable player and employee tracking and the cost; 5) owning our own circuits. Ms. Crew stated the Commission should pay for the system. Mr. Tobias stated the system would automate 90% of the reports. Tobias also stated it would cut down on paperwork and save money on employees. Mike Trucano stated he was concerned about the cost. Tobias stated he would work on the specs and would hold a bidders conference in the near future.

Mr. Gromer reviewed the completion of the horse racing season. Gromer stated there would be a hearing at the next meeting where the stewards ruling would be appealed.

Mr. Gromer reviewed the expenditures for the racing seasons and the various funds involved. Gromer reviewed what was approved as allotments by the previous Racing Commission. Ms. Wagner moved the Executive Secretary be authorized to stay with the \$3.00 leadout fee and \$0.50 bonus as it was last year and that Mr. Fischer work with the Executive Secretary on the fund allocations as previously agreed upon. Second by Mr. Nord. MOTION CARRIED.

A discussion was held on the simulcast sites. Ms. Crew moved the memorandum of agreement submitted by Black Hills Greyhound and Sodrac for the simulcast sites be approved. Second by Mr. Fischer. MOTION CARRIED.

Ms. Crew moved the Executive Secretary be authorized to approve the following as simulcast sites in Rapid City:

Murphies	Time Out Lounge	Luck Lady Casino
Robbinsdale Lounge & Casino	The Alex Johnson Hotel	Shooters

Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer advised the Commission that they were involved in a lawsuit regarding 51% ownership and he will keep the Commission apprised of the case.

Mr. Gromer informed the Commission that Legislative Audit has completed their audit of the Gaming Commission but their report has not been completed as yet and he will inform the Commission of their findings.

Mr. Gromer informed the Commission that Phatty Thompson's has been sold. Gromer stated he was concerned with the redemption of chips and tokens when a business was sold or went out of business. Mr. Fischer moved the Commission adopt a policy whereby, if any gaming business goes out of business, they be required to store their chips and tokens in a bonded warehouse. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien stated the Commission would be going into executive session and the meeting would reconvene at 9:00 a.m. on June 6, 1991.

JUNE 6, 1991

Mr. Lien called the meeting to order with the following present: Commissioners Chuck Lien, Karen Crew, Evans Nord, Kristi and Karl Fischer. Also present were Don Gromer, Executive Secretary: Stan Triplett, Director of Enforcement: Grant Gubbrud, Director of Tax, Audits & Licensing; Bill Srstka, Counsel and Cora Hunsley, Administrative Assistant.

Mr. Gromer brought up the Sherman Street Partners lease he received. The Commission instructed Mr. Gromer to ask these individuals to appear people before the Commission at the July 25-26 meeting.

Mr. Nord moved that all businesses who are currently operating 24 hours be approved for the next year (July 1, 1991 through June 30, 1992) pending approval of their license and there are no problems involved. Second by Ms. Crew. MOTION CARRIED.

Fire Marshal Harryman appeared before the Commission and presented his report of the latest inspections of businesses in Deadwood.

Ms. Wagner moved the following licenses be granted:

TEMPORARY KEY

Todd Booth	Teddi Essink
Dan Seidler	Melody Nelson
Boyd Harwood

Second by Mr. Nord. MOTION CARRIED.

Mr. Fisher moved the Executive Secretary be authorized to renew the licenses of key personnel upon submission of the renewal application, payment and that there are no additional problems with granting their license. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer brought up the issue of licensees waiting until the last minute to submit their renewals and license fees, creating a problem in completing the licenses by July 1st. After discussion, Mr. Nord moved the Commission adopt the policy that the renewal applications must be submitted forty-five (45) days prior to licensing or they could not be guaranteed of receiving a license on July 1. Second by Ms. Wagner. Mr. Fischer moved to amend the motion to include all licensees be notified of this in writing. Second by Ms. Wagner. MOTION CARRIED.

Ms. Crew asked Fire Marshal Harryman if all the sprinklers were installed in Deadwood. Mr. Harryman responded everyone is pretty much complete. Harryman stated 97% were in compliance except for the Franklin which is 80% complete, Gold Street, 15% complete and it will take at least a week to complete, and Oyster Bay which is 10% complete. Harryman also stated the Green Door/Jackpot Charlie's was in compliance. Harryman felt the water curtain was a means of accomplishing life safety.

This being the time for the Summons of Tony Cook, Bill Martindale, Bryan Blevins and Michael John Jacobs, Mr. Lien closed the meeting. Mr. Srstka stated Gary Jensen, Attorney appearing on behalf Mr. Cook, requested an executive session with the Commission prior to the hearing, said request was granted by Mr. Lien.

Meeting re-convened after executive session and hearing on the summons.

Ms. Crew moved the Executive Secretary be directed to enter into an initial complaint against Mr. Cook and proceed in that fashion pursuant to ARSD 20:18:10:01. Second by Mr. Fischer. MOTION CARRIED.

Second by Mr. Fischer. MOTION CARRIED.

Gold Street

Ms. Crew moved their license be renewed on the condition that the sprinklers are in by July 1, 1991 and a monetary penalty of \$2,000.00 be assessed which must also be paid by July 1, 1991. Second by Mr. Nord. Ms. Crew amended her motion to include the electrical problems must be completed within 30 days of 6/6/91. Second by Mr. Nord. MOTION CARRIED.

Oyster Bay

Ms. Crew moved they be granted a license July 1, upon receipt of a payment of \$2,000.00 monetary penalty for failure to have sprinklers installed by June 1st, and that the payment is received by July 1 and on condition that a renewal is received.

Second by Ms. Wagner. Mr. Srstka noted that this business had a change of ownership and the Commission should consider he was licensed sometime after the motion was made to bring the businesses into compliance. Ms. Crew moved to amend the motion to a \$500.00 monetary penalty. Second by Ms. Wagner. MOTION CARRIED.

Calamity Jane's

Mr. Fischer moved their license be renewed on the condition that we have the trustee of Chubba Trust's application in our office by July 25, 1991 and that all monies owed to the Commission pursuant to background investigations relative to Chubba Trust be paid by July 25, 1991 also. Second by Ms. Wagner. MOTION CARRIED.

Wildcat Investments

Mr. Nord moved their license be renewed providing the following conditions are met: 1) All outstanding bills be satisfied by September 15, 1991 to the satisfaction of the creditors, Courts and the Commission; 2) get the Northern Hills Distributing issue corrected; 3) furnish the Commission a list of creditors; and 4) that Wildcat Investments comply with all reporting requirements to the Commission as requested, and furnish a standard financial statement to the Commission prior to July 1. Second by Ms. Wagner. MOTION CARRIED.

Winners

Ms. Wagner moved Mr. Ewoldt be granted a license on the following condition, that during the next licensing year he abide by all reporting requirements regarding the standard financial statement. Second by Mr. Fischer. MOTION CARRIED.

Elks Lodge

Ms. Crew moved they be granted a license on the condition that prior to July 1, removing the door that the Fire Marshal objects to and replacing it with one acceptable to the Fire Marshal and that the Fire Marshal or representative of his office be, at the expense of the Elks Lodge, called out to inspect it prior to July 1 to make sure that they complied. Second by Ms. Wagner.

Durty Nellie's & Franklin Hotel

Ms. Crew moved the licensee be required to increase their liability insurance to \$10 million rather than \$1 million, assess a fine of \$1,000.00 for not having their sprinklers in by June 1, 1991, all electrical work be completed within six months and all sprinklers installed by July 1. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer asked Mr. Srstka if an appeal was requested, and the next meeting was scheduled July 25-26, where it would leave the license. Mr. Srstka answered if a hearing was requested by any of the licensees, they should automatically be given a temporary license until the hearing. Mr. Srstka stated special conditions could be put on a license but they do have a right to have a hearing under ARSD 20:18:11:01. Mr. Fischer moved on the advice of counsel if a licensee demands a hearing prior to July 1, they be given a temporary license, if requested, said temporary license to run up to July 25, 1991. Second by Mr. Nord. Roll Call: Nord, aye; Fischer, aye; Wagner, aye; Lien, aye; Crew, nay. MOTION CARRIED.

Safeway

Mr. Lien admitted that as Chairman of the Commission, a mistake was made in the licensure of Safeway in that they did not have 51% state ownership. Mr. Nord moved the renewal application be denied based on SDCL 42-7B-25. Second by Ms. Wagner. After discussion, Mr. Nord amended his motion to include Safeway be granted a temporary license up to July 25, 1991 if they petition for a hearing prior to July 1, 1991. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer brought up the issue of salaries. Gromer stated Stan Triplett's increase effective in July would still not bring him up to the classification job worth of his rank. Ms. Wagner moved Mr. Triplett be given a 4% increase after July 1, 1991 to bring him up to job worth. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer advised he would be asking for a job reclassification for Grant Gubbrud to Director of Operations after July 1, 1991.

Mr. Lien stated, Mr. Srstka has shared the pains and burdens of giving birth to a new industry, a very painful, very trying and very hard and this was the last meeting Mr. Srstka would be attending. Lien stated Mr. Srstka has been appointed as a well deserved accolade earned, as a Judge, and stated he was giving Mr. Srstka a standing ovation. Mr. Lien stated on behalf of the whole Commission Mr. Srstka was appreciated. Mr. Srstka stated it was rather a fortuitous event for him to be here, he appreciated it, and he thought this Commission could be very, very proud of what it has done, starting from zero with no knowledge of what is going on, no experience and the Commission has come a long way. Srstka stated the industry too can pat themselves on the back. Srstka stated it goes to show you that South Dakotans, when they put their mind to something and they decide to do something, that by working together we can all get it done. Srstka stated he was very proud of what the Commission has done and was very proud of his part in it. Ms. Crew moved the Executive Secretary write a letter to Mr. Srstka on behalf of the Commission, their appreciation for what he has done. Second by Mr. Fischer. MOTION CARRIED.

Mr. Fischer moved the firm of May, Adam, Gerdes and Thompson be retained as legal counsel with Tom Adam as primary attorney, at the same fee that we had with Mr. Srstka and that said contract be from July 1, 1991 through June 30, 1992. Second by Ms. Wagner. MOTION CARRIED.

Ms. Wagner stated in regard to the issue of the owner/operator being able to play poker in his or her own establishment, she has been contacted by several citizens of the state. Ms. Wagner moved a rule be drawn up at the next rules hearing if an owner/operator desires to play within their own establishment that they install overhead surveillance systems be placed above the tables in their particular place of business prior to playing in their own operations. Ms. Wagner stated she did receive several calls from across the State of South Dakota appreciating her no vote regarding this. Mr. Fischer stated it has not been confirmed that the rule adopted at the last meeting would be approved by Legislative Research Council. Mr. Srstka stated the rules adopted the last time were in the final phase of revision. MOTION CARRIED.

Mr. Tom Blair thanked Mr. Srstka for all the help he has provided the businesses in Deadwood and the Commission.

Mr. Tom Blair requested that he be granted a 24-hour license for Kenny's Restaurant once the machines are moved to this part which does operate 24-hours per day. Ms. Wagner moved this request be granted. Second by Mr. Nord. MOTION CARRIED.

It was noted since there would be a number of persons appearing before the Commission at the next meeting scheduled for July 25-26, 1991 in Sioux Falls, the meeting should be moved to the hills area.

Ms. Diane Cole of Deadwood Planning and Preservation introduced herself and stated she was the liaison between Historic Preservation and the Commission on Gaming and would be attending meetings from now on.

There being no further business the meeting was declared adjourned.

Respectfully submitted,

MINUTES

COMMISSION ON GAMING
JULY 25-26, 1991
HOWARD JOHNSON'S
RAPID CITY, SD

JULY 25, 1991

The meeting was called to order by Chairman Lien with the following Commissioners present. Chuck Lien, Karl Fischer, Karen Crew, Evans Nord and Kristi Wagner. Also present were: Don Gromer, Executive Secretary; Stan Triplett, Enforcement Director; Grant Gubbrud, Director of Audits, Cora Hunsley, Administrative Assistant; Tom Adam and Mike Shaw, Counsel.

Mr. Nord moved the minutes of June 5-6, 1991 be approved as printed. Second by Mr. Fischer. MOTION CARRIED.

Mr. Fischer moved the Commission go into executive session for licensing purposes. Second by Mr. Nord. MOTION CARRIED.

Chairman Lien then re-opened the meeting to the public.

Ms. Wagner moved the following be granted permanent key licenses:

Boyd Harwood	Robert Brodeur
Melodee Nelson	Norman Puetz
Teddi Essink	Todd Booth
Michael Massa	Jeanne Maher
Daniel Seidler	Sharron Sprague
Roger LeClerc	Mar Sternberg
Joseph Massa	Dawn Dahl

Second by Mr. Fischer. MOTION CARRIED.

Mr. Fischer moved that the following be granted a temporary key license:

Robbin Johnson

Second by Ms. Wagner. MOTION CARRIED.

Ms. Wagner moved the following be granted a permanent operator license:

Virginia (Suzan) Craig - d/b/a Old Irish, Inc.

Second by Mr. Fischer. MOTION CARRIED.

Mr. Fischer moved the following be granted a temporary license:

Paul Case - OPERATOR - d/b/a Deadwood Gulch Saloon
Allan Rosenfeld - RETAIL - d/b/a BB Cody's
Jerry Johnson - RETAIL - d/b/a BB Cody's
James Shedd - OPERATOR - d/b/a Shedd's Gold En Gaming
Marilyn Shedd - OPERATOR - d/b/a/ Shedd's Gold En Gaming

Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer stated he was contacted by Mr. Paul Richter who was before the Commission today requesting a retail license to engage in gaming. Gromer advised the Commission his office was not ready to make a recommendation until certain issues in the background investigation were clarified.

Mr. Gromer advised Mr. Trucano that if he was granted a license for Safeway and with him also involved in the Franklin, it would jeopardize one of the licenses. Gromer stated according to statute, he was only allowed three licenses and a decision would have to be made, since the Franklin was requesting another retail license and the issue of whether or not it was two buildings would have to be decided by the Commission. Gromer reminded the Commission that Safeway was given a conditional license until this date since there was a problem with the 51% residency requirement.

Mr. Gromer reviewed the application of the Franklin Hotel which requested it be classified as two buildings. Mr. Aspaas of Architecture, Inc. stated back in mid-May, Keith Umentum and he toured almost every building in Deadwood. Aspaas stated they did walk through the Franklin and looked at the portion which is being asked for a second building designation. Mr. Mark Aspaas stated his firm has always looked at buildings as they relate to gaming which they have been charged to do. Aspaas stated this did not fit the same guidelines that they had used in the past for separate buildings. Mr. Aspaas stated the Franklin issue could stand on its own because of separate structural systems and separations, it could meet the letter of UBC in terms of a building separation because of the walls in between. But, Aspaas stated when you get back into the history of intent of construction in that portion of the building, it was clear to him that it was built as an addition supplementary to the original use. Aspaas stated when you look at the history, it seems fairly clear to him that this does not meet the requirements that we use to determine separate buildings under other structures. Mr. Bill Walsh stated his intent was to bring the building and the addition up to code, and what they have worked out was, that main staircase is a very historical structure, and as a compromise, they worked out a situation where he would build an enclosed staircase on the outside of 1920 addition for safety purposes. Mr. Walsh stated in order to do that they simply would like a two building designation so that they could receive a \$50,000 grant from the historic commission to build this. Walsh stated this was his reason to come before the Commission because he really doesn't want a gaming license, what they really want is the two building designation so that they can get a low interest loan to build the staircase and comply with what the Fire Marshal was asking. Mr. John Feinberg, Architect for Mr. Walsh stated the reason they were here was the City has asked them to follow this procedure in order to get the two building designation. Mr. Feinberg stated they were going through this formality

simply for that reason. Feinberg stated the reason they were applying for a gaming license is that a percentage, or the original intent of the law is for gaming to be supplementary. Feinberg stated the Franklin was a very large structure, the largest structure in town, yet a very small percentage of the total square footage of the entire building is gaming. Some of the other structures may be as high as 40 to 50 percent, while they were down in the area of three to four percent.

Mr. Nord stated he resented the City of Deadwood putting this Commission in the position of approving or not approving a loan. Mr. Nord asked if the Commission could issue a retail license with conditions that no gambling devices go with it? Mr. Gromer stated the Commission would have to make a determination on whether it was an addition or separate building at this time. Gromer stated according to what Mr. Aspaas stated, his feelings were that it was an addition.

Mr. Feinberg stated the Franklin application was not an application for an actual license, it was a procedural matter of a designation of one or two buildings. Ms. Wagner asked "do we not have a request for license from the Franklin?" Mr. Gromer stated if they approved the application for the Franklin they were entitled to 30 more devices. Gromer stated whether they wished to exercise this or not was a decision they could make themselves. Gromer stated the comment Mr. Nord made was, is the condition of approving a license and then say you can't have any more devices. Gromer stated "What's the purpose of a license then, from this Commission's perspective." Mr. Nord responded "to get a loan." Gromer responded "I'm not sure we're on a loan committee here." Nord responded, "I'm not sure we are either and I don't think we should be placed in this position." Gromer stated he thought the issue should be between Mr. Walsh and the local committee that gives out these loans. Mr. Fischer stated "I don't think we need to change our rules to qualify Mr. Walsh's loan, I think that the City needs to change their rules to qualify Mr. Walsh." Fischer further commented, "We've determined what we consider as one building and two buildings and I don't think we need to modify it." After further discussion, Mr. Fischer moved the application of the Franklin Hotel for a two building designation be rejected. Mr. Gromer stated there were two issues to be considered, number one a separate and distinct business and number two, you have a co-owner of the Franklin that already has three licenses. If you grant that, you are actually entitling Mr. Trucano to four licenses which is contrary to law. The other issue is a separate and distinct building. Second by Ms. Wagner. Mr. Walsh then withdrew his application for a two building designation at this time. Mr. Fischer also withdrew his motion as did Ms. Wagner her second to the motion.

Ms. Wagner moved the following be granted a permanent license:

Full House Inc., - OPERATOR - d/b/a Calamity Jane's

Mike Trucano - OPERATOR - d/b/a Safeway

Second by Ms. Crew. MOTION CARRIED.

Mr. Marc Tobias, consultant for a centralized computer system advised he would need authority from the Commission to install fiberoptic cable along with the construction at the lower end of main street in Deadwood. Mr. Tobias stated it would probably cost approximately \$1.50 to \$3.50 per foot. Tobias stated the cable must be laid now at the lower end of main street from the 200 block to the 500 block while the streets are torn up. Tobias recommended a four fiber cable to accommodate

expansion and would like authority for approximately 2,000 feet of cable. Ms. Crew moved the Executive Secretary be authorized to expend funds on behalf of the Commission and that the Commission pay for the fiberoptic cable needed not to exceed \$5,000, based on our consultant's recommendation. Second by Mr. Fischer. MOTION CARRIED.

Mr. Tobias stated he was about 75% through with the bid specs and he would furnish a copy of the technical information to Mr. Gromer for review. Tobias stated the manufacturers and vendors must be allowed at least 30 days to review the documentation and requirements for a centralized computer. Tobias stated he would have the information to Mr. Gromer within two weeks and a bidders conference could be held shortly after Labor Day and it would probably be ready in early spring. Tobias stated that winter would be a better time to do this as there are less customers.

Mr. Lien noted it was now the time scheduled for the hearing in the matter of the petition for a declaratory ruling filed by Mr. Williams (COPY ATTACHED) and appointed Ms. Crew as hearing officer. Ms. Trish Nelson of Thompson & Thompson was the Court Reporter for all hearings.

Mr. Gromer briefed the Commission on the petition. Gromer stated Mr. Williams is a licensed support person at the present time and our office received information that Mr. Williams was a certified reserve officer for the City of Sturgis. Gromer stated that once the information was received he contacted Mr. Williams and it was the interpretation of himself that he was prohibited from being licensed because of the statute that prohibits law enforcement personnel from being engaged in employment with gaming.

Mr. Fischer moved the Commission go into executive session for discussion purposes. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien then stated let the record show the Commission was back in open session.

Mr. Fischer moved to deny Mr. Williams petition to be a reserve officer and also hold a license in Deadwood, based on the proceedings received. Second by Ms. Wagner. Ms. Crew stated this was not the motion to make, this was a declaratory ruling. Ms. Crew stated what he was really asking is, under SDCL 42-7B-20 holding license by certain persons prohibited. Ms. Crew stated what the question probably would be: Does that statute prohibit a reserve officer from serving as a security guard in an establishment basically, as a reserve officer, do we find them to be a law enforcement officer under various attorney general's opinions. Ms. Crew stated in William Janklow's opinion it states that "law enforcement officer means any employee or officer of the state or any political subdivision thereof and who is responsible for the prevention and detection of crime and the enforcement of the criminal or highway traffic laws of this state." Ms. Crew further stated what the the Commission needed defined was, if he is a law enforcement officer and if he is employed in the prevention, detection of crime and enforcement of the criminal or highway traffic laws in the state. Mr. Fischer withdrew his original motion and Ms. Wagner withdrew her second. Mr. Fischer then moved that SDCL 42-7B-20 does preclude reserve officers from outside the City of Deadwood or Lawrence County from working as licensed security in a gaming establishment. Second by Ms. Wagner. Roll call as follows: Karl Fischer, aye; Kristi Wagner, aye; Evans Nord, nay; Karen Crew, nay. Chuck Lien, aye. MOTION CARRIED.

Mr. Dick Tieszen stated he was representing the Franklin at this time and they agreed with the Commission's evaluation on the case. Mr. Tieszen asked, as a courtesy of the Commission, if the Commission would consider sending a letter to Mr.

Dave Larson of the Deadwood Historic Preservation Commission explaining the fact it was not a decision this Commission should make. Any decision made by this Commission of one or two buildings, would really only be relevant to a question of licensing and not relevant to a question of whether these people should receive a loan. Mr. Tieszen requested the Commission send a letter to that effect to Mr. Larson making the Commission on Gaming's position clear. Ms. Crew moved the Executive Secretary be directed to write a letter incorporating what Mr. Tieszen has stated to Mr. Dave Larson explaining the Commission's position on this issue. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien declared a recess for lunch to re-convene at 1:00 p.m. for the scheduled hearing on Ralph Knickrehm.

Mr. Lien called the meeting to order with the same persons present. Mr. Lien stated it was time for the Ralph Knickrehm hearing, named Ms. Crew as hearing officer and then turned the hearing over to her.

After hearing all evidence Mr. Fischer moved that the Commission revoke the license of Ralph E. Knickrehm. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien noted it was ahead of the time scheduled for the Dave and Gloria Myers hearing and asked Mr. Roy Wise, attorney for Mr. Myers, if he had no objection, the Commission would proceed with the hearing. Mr. Wise stated he had no objection. Mr. Lien then closed the open meeting for the Myers hearing and named Ms. Crew as hearing officer.

Mr. Fischer moved the Commission go into Executive Session for deliberation of the above hearing. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien reconvened the meeting. Ms. Crew moved the Commission over-rule the decision of the steward based on ARSD 20:04:25:42 that intimidation cannot be used as a factor in a straightaway race. Roll call was taken with two (2) ayes and three (3) nays. Mr. Fischer then moved the Commission sustain the decision of the steward. Second by Mr. Nord. Roll Call as follows: Fischer, aye; Nord, aye; Wagner, nay; Crew, nay and Lien, aye. MOTION CARRIED.

Mr. Lien declared a 10 minute recess.

Mr. Lien reconvened the meeting stating the Commission would now take up the matter of the Chet Charter hearing and named Ms. Crew hearing officer.

It was the decision of the Commission to also conduct the Oyster Bay hearing at this time and deliberate both the Chet Charter and Oyster Bay issues at the same time.

Mr. Nord moved the Commission go into executive session for deliberation of the Charter and Oyster Bay hearings.

Ms. Crew moved that the Formal Commission Complaint issued on Mr. Chet Charter be adopted as written and that Mr. Charter's license be revoked. Second by Mr. Fischer. MOTION CARRIED.

Ms. Crew stated in reference to the Oyster Bay matter, the petitioner Mr. Ron Russo, has requested that the Commission change action previously taken. Ms. Crew moved that the Commission sustain action previously taken at the June 6th meeting. (\$500 monetary penalty for failure to have sprinklers in by June 1, 1991) Second by Ms. Wagner. Mr. Gromer asked if the penalty assessed was to be paid as of today. Ms. Crew stated if Mr. Russo has met the two conditions, have the sprinkler systems installed and that he pay \$500. This is to be paid today. MOTION CARRIED.

Mr. Jody Severson gave a report of the two marketing studies he conducted for the Deadwood Marketing Committee. Mr. Severson stated this report would be compiled and he would furnish a copy to the executive secretary.

JULY 26, 1991

Mr. Lien called the meeting to order with the following Commissioners present: Chuck Lien, Karen Crew, Evans Nord, Karl Fischer and Kristi Wagner. Also present were: Don Gromer, Executive Secretary; Grant Gubbrud, Director of Tax, Audits and Licensing; Stan Triplett, Enforcement Director; Cora Hunsley, Administrative Aide; Tom Adam and Mike Shaw, counsel.

Mr. Lien stated this being the time set for the hearing on the Gold Street petition he then named Karen Crew as hearing officer for the hearings scheduled for today.

Ms. Crew continued as hearing officer on the Franklin Hotel petition.

Mr. Ron Island appeared on behalf of the Elks Club. Mr. Gromer asked Mr. Island if the Elks was withdrawing their petition and that they will not have any gaming devices in their establishment. Mr. Island stated the Elks will withdraw their petition and they will not be involved in gaming. Island stated the Elks did not renew their license on July 1st. Ms. Crew stated this being the case, there would not be a need for a hearing and dismissed the court reporter.

Mr. Fischer moved the Commission go into executive session for deliberation of the petitions of Gold Street and the Franklin Hotel. Second by Mr. Nord. MOTION CARRIED.

Mr. Lien then reconvened the meeting. Mr. Nord moved in the matter of Gold Street, their fine be reduced from \$2,000 to \$1,000 payable today. Second by Mr. Fischer. MOTION CARRIED.

In the matter of the Franklin Hotel petition, Ms. Crew moved the Commission affirm a portion of the original order of the Franklin Hotel, we affirm the portion of the \$1,000 penalty assessed, which is to be paid today on condition that the sprinklers are in fact, installed and operational as represented by counsel and Mr. Walsh. Furthermore, that we ask Mr. Walsh to reaffirm at this time that all electrical code requirements are to be met and made by January 1, 1992. Based on that condition, Ms. Crew further moved that the Commission drop the requirement for the \$10 million dollar public liability insurance policy and that it be in the amount of \$1 million required by the Commission, although I understand from Mr. Walsh you have, in fact, \$2 million, we would encourage him to keep that amount. Mr. Walsh stated the record can reflect that we will continue the \$2 million insurance. Second by Ms. Wagner. MOTION CARRIED.

Mr. Lien declared a 10 minute recess.

Mr. Bill Martindale, Brian Jacobs with Harlan Schmidt and Jerome Ekrich as Counsel, appeared to explain the latest developments regarding their businesses and the

bankruptcy of Lincoln Corporation. It was noted that the Commission, at a previous meeting in June, did allow them until September 15, 1991 to have their creditors satisfied.

Mr. Gromer reviewed the request of IGT for additional machines for the Quartermania link and Mr. Maida's recommendation. Mr. Nord moved IGT be authorized up to a total of 250 machines for the Quartermania. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer reviewed the request of Scott Langman for a simulcast site at Gipper's in Yankton. Mr. Nord moved this simulcast site be approved. Second by Mr. Fischer. MOTION CARRIED.

Mr. Gromer reviewed a letter received from Jerry Callahan of Serv-A-Check regarding banks presenting checks twice, extending the clearing time. Ms. Crew moved the Commission take no action in reference to Mr. Callahan's letter, this Commission cannot possibly dictate to the Federal Reserve nor any bank that is a member thereof, on how they should clear their checks and what timetable to do so. Second by Ms. Wagner. MOTION CARRIED.

A discussion was held on the request of Roger LeClerc requesting variations to Black Jack. (COPY ATTACHED) Ms. Wagner moved the request for Black Jack variations of Mr. LeClerc be denied. Second by Mr. Fischer. After further discussion, ROLL CALL as follows: Fischer, aye; Wagner, aye; Nord, aye; Lien, aye; Crew, nay. MOTION CARRIED.

Mr. Gromer reviewed a letter received from Keith Umenthum, Building Inspector, regarding his program for periodic inspections. Ms. Crew moved the Executive Secretary request Mr. Umenthum to advise the Commission of any establishments that do not meet code during his regular inspection. Second by Mr. Nord. Mr. Nord asked if it should be directed to Mr. Umenthum personally or to the office of building inspector. Mr. Nord stated he thought it should be directed to all, such as, Building Inspector, Fire Marshal, City Commission, Electrical Commission. Ms. Crew amended her motion that the letter be directed to the Office of the Fire Marshal, Harry Harryman, City Commission of Deadwood and the Electrical Commission and anyone else, at the Executive Secretary's discretion. MOTION CARRIED.

Mr. Gromer advised the Commission that he has hired Dan Poeppel as Enforcement Agent and he is to start August 1st.

Mr. Gromer advised the Commission he was approached by a firm called Historical Footprints regarding the Commission having a documentary of the happenings to date. It was the consensus of the Commission that the Executive Secretary do some further checking and have someone appear at a future meeting.

Mr. Gromer advised the Commission that he and Mr. Triplett have been checking into the disposal of chips and tokens and explained the process involved in this. Mr. Fischer moved to authorize the Executive Secretary to work out a contract with Ace Steel & Recycling of Rapid City to shear and recycle chips and tokens. Second by Ms. Wagner. MOTION CARRIED.

Mr. Gromer reviewed the letter received from Legislative Audit citing the serious problem of not enough auditors on staff to conduct the audits of businesses. Gromer also stated that he does have a position description questionnaire (PDQ) submitted

to the Bureau of Personnel for approval to hire an inspector and the duties he would expect of this position. Ms. Crew moved the Executive Secretary be authorized, at his discretion, to hire as many inspectors as needed upon approval of this classification by the Bureau of Personnel and that he also be authorized to hire one additional auditor. Second by Mr. Fischer. MOTION CARRIED.

Mr. Ron Olinger and John Murphy appeared on behalf of issues relating to horse and dog racing. Mr. Gromer reviewed the fund expenditures from the various funds and recommended to hold the funds until the end of the calendar year. Mr. Gromer recommended a cash bonus of up to \$5,000 to kennels at Sodrac at the end of the live season. Mr. Murphy would like to have an opportunity to present Sodrac's case at some future date. Ms. Crew moved the Executive Secretary, authorized to negotiate with Sodrac and any of Sodrac's representatives, including Mr. Murphy and that the Vice Chairman Mr. Fischer be involved in this also, and that, of the \$88,000 they award an amount not to exceed \$5,000 as a bonus to each kennel running at Sodrac at the end of the season. Ms. Crew further stated in this motion, if the negotiations are to be on a percentage basis rather than a flat amount to each kennel, no matter how they place at the end of the season, that the Executive Secretary, Mr. Fischer, Sodrac and Mr. Murphy, and any representative of Sodrac also, to authorize one on a percentage basis up to \$35,000. Second by Mr. Nord. MOTION CARRIED.

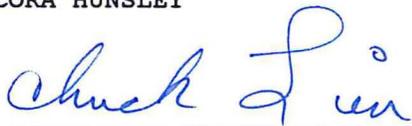

Mr. Gromer brought up the request of Sodrac to operate one extra day at the end of the season due to the fact they had to suspend racing on June 30, after the running of the seventh race because of heavy rain and electrical storms. Ms. Crew moved Sodrac be allowed to operate the one matinee performance on September 1 to make up that day. Second by Ms. Wagner. MOTION CARRIED.

After discussion, the next meeting has been tentatively set for September 19-20, 1991.

There being no further business Ms. Wagner moved the meeting be adjourned. Second by Ms. Crew. MOTION CARRIED.

MINUTES

COMMISSION ON GAMING
SEPTEMBER 19-20, 1991
DEADWOOD GULCH RESORT
DEADWOOD, SOUTH DAKOTA

SEPTEMBER 19, 1991

The meeting of the South Dakota Commission on Gaming was called to order at 1:00 p.m., MDT, by Chairman Chuck Lien, with the following members present: Chuck Lien, Karen Crew, Karl Fischer, Kristi Wagner, and Evans Nord. Also present were Don Gromer, Executive Secretary; Tom Adam, Commission Counsel; Brad Christensen, Auditor; Grant Gubbrud, Director of Tax, Audits & Licensing; Stan Triplett, Enforcement Director; and Jeannette Schipper, acting as secretary.

Mr. Fischer moved the minutes of the July 25-26, 1991, meeting be approved as printed. Second by Mr. Nord. Motion Carried.

Chairman Lien advised those in attendance that the agenda had been revised to indicate that pending legislation would be discussed during open session, rather than in executive session.

Upon motion duly made, seconded and unanimously carried, the Commission met in Executive Session.

Chairman Lien reopened the meeting to the public at 4:50 p.m. with all Commission members present. Commissioner Nord was excused from the meeting because of illness.

A presentation was made to the Commission and those in attendance by Wayne Paananen and Grant Wellford of "Historical Footprints", outlining their proposal to produce a six to ten minute informational video program for use by the Commission members and staff when they appear before organizations and the public. Mr. Paananen stated that the total cost of producing such a video would be approximately \$500 per finished minute and the video could be finalized within three to four weeks after they receive the approved script from the Commission. Mr. Gromer stated that the advantages of the Commission having such a video done would be 1) that it could be used as an aide if any members are asked to give public talks; 2) it would be an excellent vehicle to show to legislators at interim meetings; 3) it would leave some type of documentation of the early stages of gaming and the Commission. Mr. Paananen stated that the finished product would be the exclusive property of the Commission; however, they would retain photography in

their library, but would not release any of it, use any footage, or produce anything from it without the Commission's permission.

Chairman Lien recessed the meeting at 5:15 until 9:00 a.m. on September 20, 1991.

Chairman Lien reconvened the meeting of the Commission on Gaming at 9:00 a.m, MDT, September 20, 1991. All Commission members were present except Evans Nord.

Declaratory ruling as requested by Mr. Henderson

The Petition of Richard Henderson, Ipswich, South Dakota 57451, with reference to the issue of whether or not an owner absolutely must pay a jockey fee preceding the race in which the jockey is about to race was considered. Mr. Henderson was not present. The Commission considered the letter from Thomas C. Adam of September 4, 1991, a letter of September 9, 1991, from Duane R. (Ole) Olsen, State Steward, comments by Executive Secretary Donald E. Gromer, and regulations ARSD 20:04:28:02 and 20:04:24:99, and upon motion by Ms. Crew, seconded by Ms. Wagner, directed the Executive Secretary and counsel to respond generally that the activity at the Fort Pierre race track during three weekends in 1991, complied with the intention of statute, and the regulations which governed that activity. Motion Carried.

The Executive Secretary indicated that the code compliance agenda issues with reference to the "Green Door" and "Goldbergs" was continued to the next commission meeting.

Pending Legislation

Mr. Gromer stated that he didn't know of any legislation the staff would be looking at during the upcoming session as it refers to Deadwood gaming. He had talked with counsel about possible problems in existing racing laws, but that they would be more "cleanup" than anything.

When the audience was asked if the industry was planning to propose any legislation, Mr. Owen Emme, of the Deadwood Gaming Association, advised the Commission that his association has not talked of any specific legislation, but he thought a request for an increase in the limits will be put forth by the Association. He added that he had a concern about the action proposed by the Lottery Commission to limit check cashing to \$100, and if that does not have an exception for the Deadwood industry, it would create a detriment for them. Video lottery might be taken out of establishments in Deadwood if there is not an exception for them. The Association may ask the Lottery Commission to exempt Deadwood as they did in regard to the shielding of machines from minors.

Mr. Tom Blair stated that he thought legislation would be a topic of discussion at the fall retreat planned in Rapid City.

The Commission set the times and dates for the fall retreat as follows: October 29, commencing at 1:00 p.m. and continuing at 9:00 a.m. on October 30. The Commission will hold a regular meeting following the retreat on October 30 and continuing into October 31, if necessary. All meetings will be held at the Howard Johnson's in Rapid City. Mr. Gromer added that notes from the Sioux Falls retreat will be forwarded on to participants within the next one to two weeks.

Licensing

A motion was made by Karl Fischer and seconded by Karen Crew to license the following individuals as key employees:

John Daley
Robbin Johnson
Marty Nelson
Steve Chandler
William Parsons

Motion carried.

A motion was made by Karl Fischer and seconded by Kristi Wagner to issue permanent licenses to the following who have been operating with temporary licenses:

Dan and Kevin Costner and Francis and Carla Caneva d/b/a
Midnight Star

Motion carried.

A motion was made by Kristi Wagner and seconded by Karl Fischer to issue permanent licenses to the following individuals who operate the Bullock Hotel:

Kenneth L. Kellar
James Thorburn

Motion carried.

A motion was made by Kristi Wagner and seconded by Karl Fischer to issue a permanent operator/retailer license to:

James and Marilyn Shedd d/b/a Shedd's Jeweler

Motion carried.

A motion was made by Karen Crew and seconded by Kristi Wagner to issue a permanent retail license to:

Allen Rosenfeld and Jerry Johnson d/b/a B. B. Cody's

Motion carried.

A motion was made by Karen Crew and seconded by Karl Fischer to approve a temporary operator's license for Ray Winsel (who is purchasing Chuck Ewoldt's share of his slot route operation) until such time the staff can fully update his application. Motion carried.

Mr. Gromer advised the Commission that Ferdinand Balkenhol, licensed by the Commission as an operator/retailer d/b/a Rocky Mountain Taffy and The Painted Pony, had made application for another retail license d/b/a Marie's. A motion was made by Karen Crew and seconded by Kristi Wagner to issue a permanent retail license to Mr. Balkenhol d/b/a Marie's. Motion carried.

A motion was made by Karen Crew and seconded by Kristi Wagner to issue a permanent license to Paul Case for Deadwood Gulch Saloon. Motion carried.

Mr. Gromer advised the Commission that an amendment to an application had been received by him which states that Gary and Judith Case are applying for a retail license for the Bella Union. A motion was made by Karen Crew and seconded by Karl Fischer that Gary and Judith Case be issued a permanent license for the Bella Union. Motion carried.

A motion was made by Karen Crew and seconded by Kristi Wagner to issue a permanent operator/retailer license to Gary and Judith Case and Paul and Maxine Case for Rotten Luck Willies. Motion carried.

Mr. Gromer advised the Commission that an application for a retail license had been received from Paul T. Richter d/b/a Tim Richter Gaming. Mr. Richter appeared before the Commission on September 19; the background investigation has been completed; and due to the financial arrangements, it was the staff's recommendation that Mr. Richter not be considered for a retail license. A motion was made by Karen Crew and seconded by Karl Fischer that the retail license application for Tim Richter Gaming be denied. Motion carried.

Mr. Lien recessed the meeting for ten minutes.

Chairman Lien reconvened the meeting.

Executive Secretary's Report

Mr. Gromer brought to the attention of the Commission that disciplinary action had been taken against Sue Tennyson, Brenda Shauer and Jimmie Sims who were all key employees at one time of Phatty Thompson's (now a defunct business). When members of the Commission staff audited Phatty Thompson's they found several discrepancies where there was flagrant violations of the internal compliance procedures. Because of those violations, initial complaints were entered into. All three of the licensees agreed to informal consultation. Each of the licenses agreed with the results--a \$200 monetary penalty and a seven-day suspension of license.

A patron of the Silverado forwarded a complaint to the Commission office stating that a very intoxicated person was allowed to gamble in that establishment. The enforcement agents investigated; and as a result of the investigation, an initial complaint was issued against Bill Andresen, a key employee of Silverado. There was an informal consultation, and he agreed to a \$1,000 monetary penalty and a 30-day suspension of license.

Mr. Gromer pointed out that the Commission has the power to overrule his actions; however, there was no motion to do such.

Chairman Lien stated that as the responsibilities of the Commission have grown, it was his recommendation that the entire Commission would continue with Deadwood Gaming; however, other specific responsibilities would be assigned to individual members as follows: Karen Crew would handle all legal concerns within the Commission, including hearings. Evans Nord would look after Indian Reservation gambling from the Commission's point only. Kristi Wagner would handle greyhound racing matters. Karl Fischer would handle horse racing responsibilities. A motion was made by Karen Crew and seconded by Kristi Wagner to accept the recommendations of Chairman Lien. Motion carried.

Chairman Lien recommended that the chairman and vice chairman of the Commission be elected on an annual basis during the first meeting in July of each year. A motion was made by Karen Crew and seconded by Karl Fischer that the chairman and vice chairman be elected on an annual basis commencing July 1 of each year, and that an election be held to elect a chairman to serve until July, 1992. Karen Crew amended her motion to state that the election be held on an annual basis during the first meeting following July 1. The motion was seconded by Karl Fischer. Motion carried.

A motion was made by Kristi Wagner and seconded by Karen Crew to re-elect Chuck Lien as chairman and Karl Fischer as vice-chairman until the election in July, 1992. Motion carried.

Don Gromer provided the Commission with the documentation from the U.S. Bankruptcy Court concerning Black Hills Racing.

An interstate simulcast agreement and common pool agreement for Southern Dakota Racing Club (Sodrac) were discussed. Counsel for the Commission will review the agreements, and it will be brought before the Commission at the next meeting.

Mr. Gromer advised the Commission members that he received a letter from United Track Racing requesting \$53,000 from the revolving fund for operational expenses (tote expense). Vice Chairman Fischer and Mr. Gromer had reviewed the request and recommended approval from the Commission to provide the requested funds. The \$53,000 requested is a part of the 60 percent allocated by the former Racing Commission to go to the greyhound track for operating expenses from the revolving fund.

A motion was made by Karen Crew and seconded by Karl Fischer to pay the requested funds. Motion carried.

The Executive Secretary reported that Sodrac Park has asked the Commission to authorize them to participate in the National Breeders Cup Pick Seven/Net Pool Pricing concept, a simulcast system whereby the seven stakes races of the Breeders Cup are pooled into a betting scenario where an individual would pick the seven winning horses of the seven stakes races. Mr. Gromer said that because he had not had sufficient time to review the request he only wanted to bring it to the Commission's attention at this time, and that he and counsel would review the request to ensure that the concept is in conformance with South Dakota's rules and would report back to the Commission at a later date.

A motion was made by Karen Crew and seconded by Karl Fischer to approve the Scoreboard Sports Lounge in Spearfish, South Dakota, as a simulcast site. Motion carried.

Mr. Duke Behrens requested permission to establish hours of operation for Dakota Territory from 10 a.m. to 4 a.m. daily. Mr. Gromer pointed out that ARSD 20:18:21:11 states in part: "A licensee may not conduct gaming outside of the hours of 6:00 a.m. to 2:00 a.m. without a 24-hour permit granted by the commission. Retail licensees desiring to obtain a 24-hour permit shall apply in writing to the executive secretary. A licensee must specify which days of the week he will be open for 24 hours a day. A licensee must remain open 24 hours a day for those specified days if the permit is granted." He added that it was his opinion that the rule as it is written does not allow Mr. Behrens to be open the hours requested. Ms. Crew agreed that to grant Mr. Behrens' request would not be in compliance with the current rule. Chairman Lien suggested that the rule be changed in the future as it is not the Commission's intent to impose unreasonable regulations on businesses which are not cost effective for them. Ms. Crew stated that law enforcement concerns must be taken into consideration when reviewing the rule for possible change.

Summons Response of Shamrock, Inc.

Harlan A. Schmidt, James P. Hurley and William P. Martindale appeared for Shamrock Corp. Mr. Gromer read a letter from Bryan O. Blevins advising the Commission that he was unable to attend the meeting but that Harlan Schmidt would represent him at the meeting. The members of Shamrock Corp. are William P. Martindale, J. Michael Jacobs and Bryan O. Blevins.

Mr. Martindale reviewed a schedule of creditors for Last Chance Saloon, Lillie's and Wildcat Investments, Inc., which showed a total of \$352,884.89. He stated that all have either been settled or are ready to settle under Chapter 11.

At the request of Mr. Gromer, Mr. Martindale explained that there were three corporations--Woodbine Corp. that operates Lillie's; Lincoln Corp. (in Chapter 11) which operates Last Chance Saloon; and Wildcat Investments. There was a Keywest Corp. which operated out of a picture framing business, but that license was not renewed effective July 1. Wildcat Investments has been changed to Shamrock Corp. which holds the operator license for the two retail licenses--Lillie's and Last Chance.

Mr. Schmidt stated that to the best of his knowledge all the debts had been settled for Lillie's. Wildcat has been dissolved. He added that Keywest Corp. is totally insolvent; and he has been in contact with Lisa Jorgenson's attorney and he thought that there has been a default entered as to the lease--they have stipulated with her attorney that they have no property interest in the place anymore and the lease has been terminated. He said that some bills have been paid without running through his office, but the ones he took care of were the ones primarily that had pleadings or some sort of formal controversy; and those have either been paid in full or settled and paid at least 50 percent or in some cases 2/3 with one more installment due next month.

When Mr. Adam asked how much had been paid of the \$351,000+ shown, Mr. Martindale responded that about \$250,000 had been paid. Mr. Martindale said that several had been settled at 100%, but others were settled for lesser amounts--some at 80, 82, or 85 cents on a dollar; however, to be more detailed as to which creditors, he would have to go back to his accounting records. Mr. Martindale stated that all withholding taxes are current. Mr. Hurley stated that from the point of view that he is familiar with, Lincoln Corporation, his law firm managed to come up with a plan handling the Chapter 11 as of September 1. Early on in the Chapter 11 the unsecured creditors, those creditors listed on the creditor sheet marked with an asterisk, Stan Anker's bill (attorney for Patrick Kirwan, purchaser on contract for deed for the building the Last Chance Saloon is located in) is required by statute to be paid at 100 percent; First Gold, Hogg Restaurant Supply, Knight Security and Nobel/Sysco (unsecured creditors) are all paid between 64 and 70 percent. The agreements state that approximately 50 percent of each claim will be paid upon court approval, which is anticipated to be October 1, with the balance due 30 days thereafter. There is approximately \$16,000 on hand to pay the first set of payments right after the court approval. As to Patrick Kirwan, all the lease payments are current and have been paid every month. The insurance is current, the \$1MM liability is there, the required coverage for building and contents is there. There was a problem with the lease and the only reason for the Chapter 11 was that Mr. Kirwan and his counsel believed that the lease had terminated by virtue of the fact that there had been a default because certain liens had been filed because of the renovation of the building. That matter came before the Federal Court in Rapid City on September 10 and the judge ruled that the lease was not terminated and was continuing in force and, in fact, could be assumed by Lincoln Corp. A motion was filed that day to assume the lease, and the hearing comes up on

October 1. At that hearing the court is going to want to know if the corporation is feasible and Mr. Hurley stated that they believe the judge will believe that it is. He said that at this point all the creditors are settled or they are in the process of settling with them. The only problem he saw was that the court schedule may not be able to accommodate concluding everything October 1 and that they may have to go on to the November term to get the last matters wound up. Mr. Hurley added that there is an additional \$30,000 in escrow to fund the settlements with Terra Industries and the local plumbing and heating.

Lisa Jorgenson stated that she and her husband own the building at 641 Main Street. They have had a portrait studio there for approximately nine years. They leased their building to Keywest in May of last year and Keywest did some reconstruction. The casino opened in July and the last payment Keywest made to the lienholders on the building was around the beginning of July, the last rent payment was made on September 12, and they moved out of the building in January. They did not release control of the building until September 10, 1991. She advised the Commission that a \$303,000 judgment had been filed against the gentlemen involved. She stated that Keywest is insolvent and asked if the parties involved planned to pay this bill, if they planned to go bankrupt or if they planned to leave it. When Mr. Gromer asked the reason for the \$303,000 judgement, Ms. Jorgenson replied that it is to satisfy the lienholders, as well as the unpaid rent.

Chairman Lien declared a 10-minute recess to allow time for the Commission to review the judgment.

When the Commission reconvened, Karen Crew asked for a response from Mr. Martindale, Mr. Hurley or Mr. Schmidt. Mr. Hurley stated that their preparations for the current meeting were for Shamrock, and he had not personally focused in on Keywest for the reason that it is legally a separate entity, legally the court is taking care of it, it is not now operating, and the lessor has possession of the building. He said he understood the concern because some of the same people involved in Shamrock are involved in Keywest. During the recess he visited with Ms. Jorgenson and proposed that he would get with her lawyer and determine what can be done. Some of the claimants who worked on the other buildings to improve them were involved in the renovation of the Keywest building. He said he did not know what can be done but was committed to her to immediately get with her lawyer to see if something can be resolved within the next 30 days.

Mr. Lien stated that he would suggest that they be left as a temporary licensee to give them time to try to find any solutions. He said he understood that legally the Commission has no power to force them to do something that they do not wish to do, but didn't think the members would look favorably upon going through one shell, through another shell, through another shell, discarding some and successful in others.

Mr. Martindale stated that this was discussed at the last Gaming Commission meeting and he stated at that time that there would be no way they could get anything done on Keywest within this time plan because it is financially and physically impossible. He stated that they did \$350,000 worth of improvements on Ms. Jorgenson's building, \$105,000 of which went to Ms. Jorgenson and her husband for lease and lease bonus. The Jorgensons have never been out of the building and they never paid any rent during that period that they (Mr. Martindale and associates) were the lessees running the building. Mr. Martindale said the \$350,000 remitted through Keywest Corp. included \$105,000 to Lisa and her husband and approximately \$250,000 worth of improvements on the building, of which somewhere around \$150,000 were not paid. When asked by the Commission Chairman if he had a solution, Mr. Martindale stated that he did not have any solution. Mr. Lien asked if extending the temporary license and giving them more time would help. Mr. Martindale replied that any time would help them because they need more time to clean up everything that is under agreement at this time. He said that he had told the commission that he could not get anything done by this time and now that cool weather is coming, it is hard enough to get by anyway.

When questioned by Mr. Fischer, Mr. Hurley stated that his thought is that looking at the list and visiting briefly with Ms. Jorgenson that some of the people involved in improving her building were also involved in the other buildings, and in the Chapter 11 they are receiving what they agreed to receive and are satisfied with that, and they know it is coming out of the same pocket. Now they will address themselves to the next concern. He agreed that it is not fair to try to take them all at once, but if they can be taken in order and do something which is agreeable to the claimants on Lisa's building, perhaps something could be done. They do not want the Jorgensons to lose their building over the matter--if they can help it.

Ms. Jorgenson said that of the \$303,000, \$161,000 is actual liens on the building that need to be paid or satisfied. She believed that \$15,000 is for incomplete work. Allen Hood, an Electrical Commission inspector, has set a deadline to complete the work that has not been finished or he will shut them down. She said they do not have the money to take care of the bills.

Mr. Fischer asked if there is some common ground between the Jorgensons, their attorney, and the other group and their attorney, to work something out, then maybe they can come back to the next meeting or a later meeting.

Chairman Lien stated that the Commission has no power to force them to do anything outside of what the laws say. If the corporation goes into bankruptcy, the court handles it. He commended them with making progress with the other problems, and stated that he admired them for trying to sit down with Lisa Jorgenson's lawyer to see what can be worked out. From the viewpoint of the Commission, they are on a temporary license basis and the best thing to do is to extend the

temporary license. The Commission wants primarily to keep the slate as clean as possible in Deadwood.

Mr. Adam concurred with Mr. Lien, and said the only clout the Commission has is not to grant a permanent license, and the Commission is asking the applicant to make the decision easy for them. He added that he thought it would be good judgment for the applicants to take a look at it because someone has been damaged monetarily and is in fact in a financially awkward position. He added that when they come back again this should be handled so the Commission does not have to be stressed about either a yes or no.

When asked by Ms. Crew how much time would be needed, Mr. Hurley responded that they would know more about it in 30 days and could give the Commission a status report then on the Keywest, the judgment on the coporation, and if there is some meeting of the minds.

Karen Crew referred to SDCL 42-7B-33 which gives statutory authority to the Commission to act on problems like this. She said a conditional license was given on condition that creditors were paid, and she didn't feel the Commission meant that one corporation could be carved out to have it loaded with debt and pay the others. She added that this is getting to be an extremely precarious situation, and that she had voted against Mr. Martindale's license because of his financial background. She added that if the matter isn't resolved by January 1, 1992 as far as she is concerned, the individuals involved would be out of the gaming business.

A motion was made by Karen Crew and seconded by Kristi Wagner that the Commission extend the temporary license until January 1, 1992 on the condition that interim reports be made to the Commission every 30 days and that the matter be settled by January 1, 1992 at which time the Commission will take up the issue of licensing again.

Mr. Martindale stated that he has been responsible in attempting to handle matters but that they are no longer gaming at the establishment mentioned in the judgment, and they can only do so much so fast.

Lisa Jorgenson said it was good that an opportunity was given to the individuals to get things squared away, but that she did not want them to ignore their bills and added that the judgment was signed by their attorney. She said they would not be unreasonable and would be willing to work with the individuals in the Keywest Corp.

Chairman Lien said he thought, in his view, super progress had been made in trying to clean up the rest of the bills.

Motion carried.

Executive Secretary's Report

Mr. Gromer directed the Commission's attention to correspondence to Milt Schwartz, along with attachments, concerning a computerized system to monitor the operation of gaming machines in licensed facilities in Deadwood. Mr. Schwartz had advised Mr. Gromer that the RFP for the system should go through the Office of Purchasing and Printing, and Mr. Gromer concurred with that procedure. On September 13, Mr. Schwartz sent to Mr. Tobias the recommended changes of his office on the RFP. When the changes of the Purchasing and Printing Office, along with Mr. Gromer's changes, are made, the RFP will go out through the Office of Purchasing and Printing. Mr. Gromer hopes to have a vendors meeting soon to see what their input is, along with the input from slot machine vendors. Information Processing Services for the State of South Dakota has also reviewed the information and has told Purchasing that since it is a very specialized computer system, they have no problem with Gaming running the operation itself.

Mr. Gromer provided the Commission with a recap of FY91 and advised them that from July 1, 1990, through June 30, 1991, there was total gaming action of nearly \$330,000,000. The amount paid back to the players was \$297,000,000+, with an adjusted gross revenue of \$32,500,000+, which means the gaming proprietors in Deadwood held about 9.8 percent. For fiscal year 1991, \$227,110 was remitted to Lawrence County, \$967,814 to the State General Fund, and \$5,047,328 to the City of Deadwood. Mr. Gromer further explained that the Commission's operating expenses for FY90 were \$621,997 (including start-up costs, etc.) and that was about 19.8 percent of all revenues received. In FY91, the operating expenses were \$790,311 which was about 10.5 percent of revenues. He stated that the budget will go up in FY93 due to the slot data system. He stated the goal of the Commission was to hold administrative costs below 15 percent, and even with the slot data system, they should still be able to maintain that goal. Karen Crew commended the staff for keeping expenses down.

Mr. Gromer provided the Commission with a document entitled "South Dakota Commission on Gaming--Recalculation of Tax Due from Sodrac". At this time it was not discussed, but he said it would be made available to those entities that are interested.

He did address the Commission's attention to a document provided to them entitled "Racing Administrative Expenses through August 30, 1991." He said that during last year's legislative session, it was estimated that it would cost approximately \$250,000 of gaming dollars to provide the administrative costs for racing. The staff has calculated the costs to date which have been paid from Deadwood funds, and they total \$102,679. Costs throughout the balance of the year should be minimal because all live meets for the year have concluded. He said the reason the figure is low is because there are no personnel services of the gaming staff included, nor are phone billings, office rent, etc., included because those are costs naturally absorbed. He estimated total costs would probably not exceed \$160,000 to \$180,000 because Mr. Gromer and his staff made cuts in expenditures that did

not jeopardize the integrity of racing, including travel, laboratory expenditures, organizational memberships, etc.

Mr. Gromer stated that the top 20 gaming establishments in Deadwood comprised 57.1 percent of all gaming action in July. In April it was 63.4 percent, January--66.69 percent, October, 1990--60.49 percent, July, 1990--65.5 percent, and April, 1990--91.97 percent. In April, 1990, there were 37 establishments licensed. In July, 1991, there were 83 retail licenses issued. (This is 30 devices per retail license.)

Grant Gubbrud explained that gaming revenues dropped from July to August to \$42,618,468. It is still the second largest month since gaming began and it is up 18 percent from the previous August.

Diane Cole of the Historic Preservation Commission and Deadwood Economic Development Corp. discussed design guidelines used by Historic Preservation to make decisions.

A motion was made by Kristi Wagner and seconded by Karen Crew that the Gaming Commission instruct the Executive Secretary to work with Historical Footprints in developing a script and document to be utilized for Commission purposes. Motion carried.

Mr. Gromer reminded the Commissioners that their photographs are needed.

COMMISSION ON GAMING

HOWARD JOHNSON MOTOR LODGE

RAPID CITY, SD

ROLL CALL AND APPROVAL OF MINUTES

Chairman Chuck Lien called the meeting to order with the following members present: Karen Crew, Karl Fischer, Kristi Wagner and Frank Brost. Also present were: Commission on Gaming staff personnel, Don Gromer, Grant Gubbrud, Cora Hunsley, Stan Triplett, and Counsel for the Commission, Mike Shaw.

Mr. Lien introduced Frank Brost as the newest member of the Commission replacing Evans Nord, who passed away since the last meeting.

Mr. Fischer moved the minutes of September 19-20, 1991 be approved as printed. Seconded by Ms. Wagner. MOTION CARRIED.

CONSIDERATION RELATING TO BUILDING COMPLIANCE

JACKPOT CHARLIE'S/GREEN DOOR

Persons appearing: Jerry Rachetto, Counsel; Bill Bernard, Owner; Mark Aspaas, Architecture Inc.; Keith Umenthum, Building Inspector; and Dick Robinson.

Mr. Gromer refreshed the Commission's memory of the issue. Gromer stated Mr. Bernard had a system installed that was commonly referred to as a water curtain system and there was some confusion as to whether or not this was sufficient for building separation. Gromer stated the resolution adopted by the Commission at their June 5-6, 1991 meeting was sent to Mr. Bernard and the issue has been postponed until today to resolve that resolution. Gromer stated from documents received from the Fire Marshal, Building Inspector Keith Umenthum and Mr. Mark Aspaas it appeared that all parties were in agreement that the water curtain presently installed meets life/safety code requirements. Mr. Gromer stated the issue before the Commission was whether or not the water curtain provides the area separation that is expected under the rules and regulations. Gromer stated Mr. Rachetto, counsel for GreenDoor/Jack Pot Charlie's, advised him it was not his client's desire to be in an infraction of the rules, but instead he was here to see whether or not (1) he complies to date, and (2) what he may have to do to be in compliance.

Mr. Mark Aspaas of Architecture, Inc. stated that he was consulted initially for the purpose of defining what is a building. Aspaas stated that the reason for this was the Commission, in it's efforts to describe limited gaming, decided that the statute

should say that there should be no more than 30 devices per building. Aspaas further stated "this particular case is easy to determine, it is two buildings. The confusion is between Keith Umenthum and Pete Bolzer, they are mandated by their duties to look at buildings to determine if they are safe or not. Aspaas stated what the Uniform Building Code (UBC) does say, is that if we do have two separate buildings, and in this case, because of gaming devices, history and all the other things, we have determined separate buildings, then you have to have an area of separation. The UBC defines that area of separation in the fashion that we have used in many other cases in Deadwood as a wall that is of two hour construction, openings not exceeding 25% of the area of the wall and those openings shall be protected by one and one-half hour fire rated assembly. The UBC also describes those, they are UL rated doors. Ms. Crew reviewed ARSD 20:18:25:02 Inner access, which states "If two buildings are adjacent and share a common party or wall, there may be inner access if the inner access complies with the Uniform Building Code, 1988 edition, and complies with the NFPA 101, Life Safety Code, 1988." Ms. Crew stated this meant 25% opening and asked Mr. Bernard how wide the opening was. Ms. Crew then asked if everyone was in agreement that it was in excess of 25%, all answered affirmative. It was noted that Mr. Bernard has two retail licenses and 50 devices. Mr. Bernard stated when he started the project he was under the assumption that it was 25% of the square foot of wall space, then after they were all done they were told it was 25% of the lineal. Mr. Umenthum stated that each building does have a rear exit so even with an area of separation there would be an exit. Ms. Crew asked Mr. Bill Bernard how wide the opening was. Mr. Bernard responded the wall is 103 feet and the opening was 29 feet. After further discussion, Mr. Fischer moved the Commission enforce the 25% opening between the two buildings. Seconded by Ms. Wagner. MOTION CARRIED.

Mr. Rchetto asked if the Commission would grant 60 days to come under compliance. Mr. Aspaas asked Mr. Rchetto if once the 25% opening rule is complied to, are you assuming that the type of fire door required by the gaming rules is also adhered to, or is the water curtain water deluge system applicable in this case in that 25% opening? Mr. Fischer stated that his motion was that the Commission enforce the regulation of 25% and that includes the doors just like the Commission has been enforcing on other people. Mr. Fischer moved to grant Mr. Bernard 60 days to come into compliance with existing standards and criteria. Seconded by Ms. Crew. Mr. Bernard asked if this would mean that he had to put in the overhead curtains then. The deluge has already been approved by the State Fire Marshal. Mr. Rchetto read a letter received from Mr. Gromer dated September 16, 1991. Mr. Fischer asked Mr. Bernard if he wanted two buildings for a definition of machines and one building for a definition of life/safety or the water wall. MOTION CARRIED.

GOLDBERG'S

Persons appearing: Dennis and Sharon Richardson; Mark Aspaas.

Mr. Gromer briefed the Commission that this was also another separation issue, one is Goldberg Grocery and the other is Goldberg Soda Fountain. Gromer stated there was a different aspect in this because of a difference of opinion regarding the opening between the two buildings. Gromer stated that documentation from Mr. Umenthum and Mr. Mark Wolf claimed that this is an historic opening and to put any type of a closure door between the two buildings would, in some way or another, impede or hinder the historical aspect of the opening. Mr. Lien asked Mr. Richardson if he had any more input. Mr. Richardson stated "he had put most of his thoughts into the fact of the life/safety issue. That Mr. Harryman, on many occasions - and I have a letter from him which clearly states that he thinks putting in a fire door in this opening would impede people being able to get out of the building. He feels very strongly about it, I talked with him on several occasions,

he said Dennis, I wouldn't do it unless you're absolutely forced to. And if you are forced to, then I think we ought to go to court and find out." Mr. Richardson stated he thought this was the issue, the life/safety. With the last correspondence I had with Mr. Gromer I stated in the letter that obviously this is not a life/safety issue any longer because we determined that we are in compliance with the City, with Mark, with Mr. Harryman, but we have a political question here rather than a life/safety issue. Mr. Richardson stated he did look into the type of door that Mr. Aspaas has mentioned and at this time it was beyond his financial means to do. Mr. Fischer asked Mr. Richardson how many machines he had. Richardson responded 48. Gromer stated he would encourage the Commission to be consistent with their rulings. Mr. Richardson stated it would cost about \$18,000 to \$20,000 for the door. After hearing all testimony regarding this issue, Chairman Lien ruled this issue be held over until the next meeting until the issues are resolved between everyone.

Ms. Crew stated in fairness, the Commission should reconsider Mr. Bernard's application at the next meeting since there was no danger to the public if no decision was made today. Ms. Crew then moved to reconsider Mr. Bernard's position and table both until the next meeting. Mr. Lien ruled that the first motion (Green Door/Jackpot Charlie's) stand and this issue (Goldberg) be tabled until the next meeting, until something is worked out. Ms. Crew withdrew her motion and moved the Commission reconsider the action taken on Mr. Bernard's application and table that one as well as this one until the next meeting. Motion failed for lack of a second.

24-HOUR PERMIT BY LUCKY WRANGLER

Mr. Gromer stated they requested permission to remain open 24 hours per day on weekends commencing at 8:00 a.m. Friday until 2:00 a.m. on Monday morning. Gromer stated staff did not have an objection to this. Ms. Barb Mattson stated she would like to withdraw the request and explained the reasons why. Ms. Mattson asked if they were approved for 24 hours do they really have to remain open 24 hours. Mr. Gromer stated there was a rule regarding this and this rule is marked for a change at the next rules hearing.

EXECUTIVE SECRETARY'S REPORT

Mr. Gromer reviewed a letter that was written to Mr. Barnett, Attorney General, requesting clarification through an AG's opinion on legislation having to do with racing. This specific legislation is SDCL 42-7-79 which has to do with the amount of proceeds remitted by the tracks during meets.

Mr. Gromer stated he was approached through Gaming Laboratories, Int. to allow bill acceptors on slot machines. Gromer stated video lottery machines do have acceptors. Gromer stated there was nothing in the rules that allows for or prohibits the use of bill acceptors. Mr. Brost moved the Commission prohibit the use of bill acceptors at this time. Second by Ms. Wagner. Roll Call as follows: Fischer, aye; Brost, aye; Wagner, aye; Crew, nay. MOTION CARRIED.

Mr. Gromer stated that ^{ITEMS} C&E were the same thing on the agenda. Gromer stated it was that time of the year when a contract must be negotiated with a laboratory that will analyze and give findings on urine and blood specimens from animals that race at the meets. A proposal was sent out to different labs throughout the country. After further discussion, Ms. Crew moved the Executive Secretary be authorized to enter into a contract with Harris Labs. Seconded by Ms. Wagner. MOTION CARRIED.

Mr. Gromer reviewed the race dates requested by the tracks for the next season. Joe Coble stated it was up to the Commission to set the dates. Ms. Crew moved the

following track and race dates be approved:

Verendrye Benevolent Assn, Ft. Pierre - 4/18/92 to 5/10/92 for a total of 8 racing days and 10 races each day.

The American Legion, Aberdeen - 5/16, 17, 23, 24, 25, 30, 31, 1992 for a total of 7 racing days and 12 to 14 races per day.

Sodrac, North Sioux City - 5/21/92 to 9/7/92 for a total of 63 racing days, 63 performances scheduled Monday, Friday, Saturday & Sunday nights.

Satellite/Simulcast performances at the following sites: January 1-December 31. January 1-May 17 (Sunday, Wednesday, Thursday, Friday, Saturday) a total of 100 days/160 performances, May 21-Sept. 7 (Wed., Sat., Sun., to all locations; Thur., Fri., Sat., Sun. to all locations except Sodrac and Sioux Falls) for a total of 79 days/126 performances September 9-December 31, (Sun., Wed., Thur., Fri., Sat.) Seconded by Mr. Brost. MOTION CARRIED.

It was noted that a Notice of Hearing be sent to Paul and Maxine Case to appear at the next meeting.

Chairman Lien noted for the record that he has been asked to appoint a Long Range Planning Committee consisting of 10 members.

It was consensus of the Commission that the next meeting be set for December 17-18, 1991 in Deadwood.

Mr. Gromer reviewed the Stipulation and Assurance of Voluntary Compliance entered into with Antone (Tony) Cook. Mr. Fischer moved that this be accepted by the Commission. Seconded by Ms. Crew. MOTION CARRIED.

Upon motion duly made, seconded and unanimously carried the Commission met in Executive Session. Ms. Crew and Mr. Brost excused themselves at about 5:15 since they had a flight to catch.

At about 5:20 p.m. the Executive Session was adjourned and the meeting reconvened in Regular Session.

Ms. Wagner moved the following persons be granted a permanent key employee license:

Pat Gainey	John Young	Peggy Branum
Mike Cracco	Steve Achten	

Seconded by Mr. Fischer. MOTION CARRIED.

Mr. Fischer moved that the following license be granted:

Hickok's - Temporary Operator

Seconded by Ms. Wagner. MOTION CARRIED.

Ms. Wagner moved to instruct Counsel to review two contracts submitted for approval

by Deadwood Gulch Resort. One being a routing contract with Rich Cleveland and the other a rental contract, and based upon Counsel's examination, the Executive Secretary be authorized to approve or disapprove said contracts. Seconded by Mr. Fischer. MOTION CARRIED.

Ms. Wagner moved the following policy statement for the Commission on Gaming and staff be adopted:

"That any recommendations, be it licensing or approval of any sort of business to be taken upon through staff or Commission, if not submitted to the Commission office 10 business days prior to a scheduled Commission meeting, any information faxed or sent to the Commission office, if not within the 10 day period, would not be taken up until the following Commission meeting."

Seconded by Mr. Fischer. MOTION CARRIED.

There being no further business the meeting was adjourned at 5:30 p.m.

Respectfully submitted,

CALL TO ORDER AND APPROVAL OF MINUTES

Mr. Lien called the meeting to order with the following present: Commissioners Chuck Lien, Frank Brost, Karl Fischer and Kristi Wagner; Staff, Don Gromer, Stan Triplett, Grant Gubbrud and Cora Hunsley, and Tom Adam, Counsel.

Mr. Fischer moved the minutes be approved as printed. Seconded by Ms. Wagner.
MOTION CARRIED.

EXECUTIVE SECRETARY'S REPORT

Mr. Gromer reviewed the information in the Commission packets.

Mr. Gromer reviewed Sodrac's request to change the location of a simulcast site in Huron that has been closed to Shennanigan's and one in Aberdeen from the Lumber Company to the Ward Hotel. Mr. Fischer moved the simulcast sites of the Ward Hotel in Aberdeen and Shennanigan's in Huron be approved. Seconded by Mr. Brost. MOTION CARRIED.

Mr. Gromer reported on the meeting of various racing personnel held in the Pierre office on November 21, 1991. Gromer stated he felt it was a productive meeting.

Mr. Gromer advised the Commission that Brad Christensen, an Auditor in our Deadwood office has resigned to further his education.

Mr. Gromer advised the Commission that Mr. Lien has appointed the members of the Long Range Planning Committee and the progress the Committee has made to date. Gromer stated the Committee has hired McGladrey & Pullen as facilitator.

Commissioner Karen Crew arrived about 1:15 p.m.

Mr. Gromer reviewed the letter received from James Maida of Gaming Laboratories regarding Mystery Jackpot and explained the operation of Mystery Jackpot. After further discussion Ms. Crew moved Mystery Jackpot be approved. Seconded by Mr. Fischer. MOTION CARRIED.

DECLARATORY RULING OF PAUL AND MAXINE CASE

Issue to be answered: Whether Petitioners maintain separate and independent financial interests such that the acquisition of additional interests in Rotten Luck Willie's and the Bella Union are in compliance with SDCL 42-7B-26, which provides that no person may have a financial interest in more than three retail licenses.

Persons appearing: Paul Case; Maxine Case; Mitchell LaFleur, Attorney; and LeRoy Ketel, CPA.

Specific statute for ruling: SDCL 42-7B-26.

Mr. Lien turned the meeting over to Ms. Crew as hearing officer.

Mr. LaFleur stated under SDCL 42-7B-26 there was a provision that no person may have a financial interest in more than three retail licenses. Mr. LaFleur stated it was their contention that in this case, allow Maxine Case three licenses and Paul Case three licenses. Mr. LaFleur stated that through the years they have maintained separate financial interests and believe they are substantial and corroborated by financial statement presented by Mr. Ketel, CPA, of Ketel & Thorstenson & Company of Rapid City. Mr. LaFleur presented a Memorandum in Support of the Petition For Declaratory Ruling along with copies of the following: Article XXI, Section 5 of the South Dakota Constitution, Rights of Married Women; Article VI, Section 18 of the South Dakota Constitution, Equal Privileges or Immunities; Article VI, Section 14 of the South Dakota Constitution, Resident Aliens' Property Rights; Article VI, Section 2 of the South Dakota Constitution, Due Process-Right To Work; SDCL 25-2-7, Property Rights And Powers of Spouse. Mr. LaFleur stated you can't deprive property without a due process hearing. Mr. LaFleur stated they contend that the right to hold a license is a property value and that each person, under the equal protection clause, has an equal access to that right. Mr. LaFleur stated in SDCL 25-2-7, the South Dakota Legislature spells out that each spouse, without reference to gender, shall have and retain after marriage all the civil and property rights of a single person.

Messrs. LaFleur and Ketel explained the separate and joint financial holdings of Paul and Maxine Case.

Ms. Crew then concluded the hearing at about 1:55 p.m and turned the meeting back over to Chairman Lien.

EXECUTIVE SESSION

Mr. Lien declared a five minute recess and stated the Commission would then go into executive session to re-convene at 9:00 a.m. December 18, 1991.

9:00 A.M. - DECEMBER 18, 1991

Mr. Lien called the meeting to order with the same individuals present.

Mr. Lien noted the hearing scheduled for Guy Andrews III at 9:00 a.m. has been postponed, therefore, the Commission would take action on licensing and other items on the agenda until the next hearing scheduled for 9:30 a.m.

LICENSING

Mr. Gromer stated there was one operator/retailer license and one retail license before the Commission. One being Old Irish, Inc., presently licensed as an Operator

requesting a Retail license d/b/a Dakota Territory and the other was a Retail license for Super 8 Motel. Ms. Wagner moved the following licenses be approved:

Suzan Craig - Temporary Operator/Retail - d/b/a Old Irish, Inc.
Super 8 - Permanent Retail

Seconded by Ms. Crew. MOTION CARRIED.

Ms. Wagner moved the following be granted a permanent Key employee license.

Chuck Opitz

Seconded by Ms. Crew. MOTION CARRIED.

Mr. Gromer advised the Commission that since the last meeting four initial complaints were filed by the office and as a result, informal consultations were held and a Stipulation and Assurance of Voluntary Compliance agreed on between himself and the licensees. Mr. Lien requested Mr. Gromer report on these one at a time for the Commission to vote on.

Mr. Gromer stated that he and Mr. Daryl Heil, a Key employee for the Fraternal Order of Eagles, have entered into a Stipulation and Assurance of Voluntary Compliance on a complaint made against him for employing a person who did not have a support license. Gromer stated as a result of this Mr. Heil has agreed to a \$250 monetary penalty and no similar violations. Ms. Crew moved that Mr. Daryl Heil receive a \$250 monetary penalty and no similar violations. Seconded by Mr. Fischer. MOTION CARRIED.

Mr. Gromer stated Mr. Dennis Richardson of Goldberg's Soda Fountain had a complaint entered against him by the office for allowing a minor to play. Mr. Gromer stated one of the enforcement agents caught a 19 year old girl playing a slot machine with her mother, the girl was arrested and convicted by the Lawrence County Court. Mr. Gromer stated Mr. Richardson has agreed to a \$250 monetary penalty for this violation and no similar violations. Ms. Crew moved that Goldberg's Grocery receive a \$250 monetary penalty and that there be a condition attached that there be no similar violations. Seconded by Mr. Brost. MOTION CARRIED.

Mr. Gromer stated Mr. Charles Harper, a Support licensee, was engaged in dealing and was involved with a contractual service with a Retail licensee and failed to report this to our office. Mr. Gromer stated an informal consultation was held and a Stipulation and Assurance of Voluntary Compliance will be entered into, whereby it was agreed that such practices would cease by Mr. Harper and that he would not engage in a similar action. Ms. Crew moved that the Commission approve and accept the written Stipulation and Assurance of Voluntary Compliance entered into by Mr. Gromer and Mr. Harper. Seconded by Ms. Wagner. MOTION CARRIED.

Mr. Gromer stated the Pink Palace was involved in a management decision to engage in paying dealers by a percentage of their drops. Gromer stated an Initial Complaint was filed, an Informal Consultation was held and it was agreed that the owners would have a realignment of supervision within their business and they would engage in no similar activity. Ms. Crew moved the Commission move to a formal hearing on the Pink Palace. Seconded by Mr. Fischer. MOTION CARRIED.

OLD BUSINESS

None.

NEW BUSINESS

Mr. Dennis Richardson asked when the next rules hearing may be scheduled? Mr. Gromer stated it would probably be in February or March and would encourage individuals to submit suggestions or proposals as soon as possible.

Mr. Tom Blair asked if any legislation was being submitted on behalf of the Commission. He was advised only cleanup legislation would be offered. Mr. Brost stated the last day for filing individual legislation was January 28, and the last day for filing Committee legislation was January 29.

Mr. Gromer reviewed the request of Mr. Harry Christianson d/b/a Full House, Inc. to allow them to purchase existing stamps from another operator. Mr. Gromer stated this does not have anything to do with the transfer of machines, all they wish to do is purchase the stamp. After further discussion, Ms. Crew moved the Commission not allow transfers of stamps separate from the machines, they are not a commodity that can be traded or sold, but only transfer of stamps with machines. Seconded by Ms. Wagner. MOTION CARRIED.

Mr. Gromer stated a change would have to be made in SDCL 42-7B-58 Records -- Confidentiality -- Exception for official purposes and tax purposes. Gromer stated as time goes along he is running into difficulty with this statute with all the other states entering into gambling and requesting background information. Chairman Lien stated a motion would not be necessary on this and he would instruct Mr. Gromer to work this out. Mr. Lien also instructed Mr. Gromer to use caution on divulging this information and to stay with professional law enforcement agencies.

Mr. Lien declared a five minute recess before the 9:30 a.m. hearing.

PETITION FOR RE-HEARING FROM JACKPOT CHARLEY'S /GREEN DOOR

Mr. Lien stated "We are on the record here and we do have a court reporter, I will then turn the hearing over to Commissioner Crew as hearing officer."

Mr. Brost moved to continue the hearing to the next meeting of the Commission to determine, if in fact, it has been accepted as a historic preservation opening. Second by Mr. Fischer. Roll Call as follows: Brost, aye; Fischer, aye; Crew, aye; Lien, aye; Wagner, nay. MOTION CARRIED.

Ms. Crew then closed the hearing on the Green Door.

Mr. Gromer asked about the issue of Dennis Richardson d/b/a Goldberg's and what the desire of the Commission was. Mr. Gromer then brought the Commission up to date on the issue and stated the action taken at the last meeting was, that Mr. Richardson was to come forward with proposals to comply. Mr. Lien recommended this issue be postponed until the next meeting. Mr. Lien stated that this would be decided one way or the other at our next meeting. Mr. Lien stated, "As the Chair, he was instructing the staff, you Mr. Gromer, that the Commission will not grant any licenses, changes, or anything, until they have satisfied all the building codes and recommendations from those people, in the professional positions and experts, in a written letter to you (Gromer)". Mr. Lien further stated "We started out trying to make Deadwood safe, I think with the cooperation of Deadwood we've done a very good job. We are neophytes in this area, and I don't think we, as a Commission, belong in it. This is the only way we are ever going to stop this. I don't think we belong in it because we're not experts in this area. We have very, very capable experts, in the City and in the state. This is an effort to place the responsibility and the authority in professional hands where it belongs. No

licenses will be processed until they come to you, with written agreements that they have met all of the codes, actions and clearances. Is that understood? The only thing that we will do is police our own rules, like the 25 percent opening. Now I make that statement, it's a long motion, but it is a strong desire. I think we've done our jobs, it belongs in professional hands and they've got good professional hands out there... We have a few other things to better spend our time." Mr. Lien then asked if this should be in the form of a motion and invited the other Commissioners for input. Mr. Fischer stated he felt the instructions were strong enough and did not think it should be in the form of a motion. All members of the Commission concurred.

Mr. Richardson stated "I would like to say one thing for the record so we can consider this next time. As far as the position at Goldberg's gaming is concerned, we have complied with all UBC, we have complied with all life/safety, we have complied with all of the people you are talking about, all we're here now to try to do, is satisfy you folks, the Commission. Everyone else is satisfied."

Mr. Lien stated "what he was saying was, from here forward we want the City to write us a letter saying that's done. We want the state and everyone else that has those responsibilities, knowledge and expertise in that area, because we don't. If that letter comes to us, that's fine, but if we just take your word or anyone's, and I believe you, we will be back into this mess. I am trying to set a process that is fair and right and any questions we have on rules that we have made, we will enforce." Mr. Richardson stated "I understand where you're coming from and those letters have been submitted. I didn't want you to think we have not been trying to conform in good faith here."

Mr. Aspaas stated "I would echo the fact that I think its a good idea to get all of this done prior to the issuance of the licenses, because in these particular instances, I recall having stood in Goldberg's Grocery with Mr. Shama during the construction, showing him where a fire door should or could be. I wrote a letter to the architect that was representing the Green Door after preliminary schematics showed the potential for a water curtain a year ago, December 31st. It was sort of all after the fact... Construction commenced, questions were raised during construction and after construction and that's not the way it should be. There should be a formal process by which all of these questions are answered before they get into construction because if they have to change what they have already done, it's going to be a lot more expensive than if they would have done it in the first place..."

Mr. Harry Harryman, State Fire Marshal, asked "If it was the desire of the Commission to continue on with code adoptions the Commission had at this point or there a chance that you may change that policy during this legislative year?" Mr. Lien responded "If we could put legislation in to require that being in the law and if it would be accepted by the legislative body..."

Ms. Crew asked "If there was something we should do to change our rules concerning the fire code, UBC, etc. Should we have our consultant, Mr. Aspaas propose what it is that he thinks we should adopt. I do see the value of being uniform with the state, and if that's causing part of the confusion, maybe that's the easiest part to clear up." Mr. Lien responded "Well said and I so instruct staff to explore the possibility of getting in step with Mark's input and bring it back to us." Mr. Brost stated "Mr. Gordon Jones is here from the Flandreau Sioux Tribe, and of course this issue spills over into our negotiations with the tribal compacts. I would hope that as we go forward and talk about it, Mr. Gormley is our negotiating guru and we should at least let him know..."

Ms. Wagner asked Mr. Harryman "Could you explain to me, from a public safety perspective, the water curtain versus the steel door concept." Mr. Harryman responded, "First of all the water curtain is not recognized in either codes as a two hour fire separation wall. The deluge system concept was asked for approval in this case to lessen the impact on the historical part of the structures in question. However, with regard to the entire fire safety package within this structure, I feel, personally, the curtain would do what it is asked to do." Ms. Wagner asked what Mr. Harryman based this on. Mr. Harryman responded "Well, because of the other devices that are already in place. First of all, the detection system that will detect smoke, that in turn will alert patrons through the bells and whistles. If there is in fact a fire within the structure, the fire sprinkler system is designed to suppress the fire. If it's overcome with the fire and it goes through the opening, then the deluge system comes on. So we have basically four systems within this structure for life safety." Mr. Aspaas stated "And I would echo that life safety-wise, what he's saying is true. The only thing that I could say in support of a door rather than a water curtain, would be that a door is a tested one and one-half hour assembly. We know that if the sprinkler system is overcome by the fire and the door finally does come down - as Harry mentioned this morning - those doors - they don't come down as soon as the fire alarm goes off. They come down after the fire has gotten to a point where it threatens an adjacent building, a fusible link melts up there - a mechanism and the door comes down. It's tested for an hour and one-half to protect that other building so that the fire department can extinguish the fire. The water curtain has not been tested to do that, so I think the threat to the adjacent property is greater with the water curtain than the fire door..." Mr. Harryman responded "That was part of our mission when we first started, with the life/safety, exiting the people. We asked that they put in proper exiting, we limit the load of occupants in each individual structure and I think the whole industry has been very cooperative in that." Ms. Wagner asked "So the water curtain concept, in this instance, you feel is appropriate but, it should not particularly set precedence and that every individual case should be looked at and that the industry should not consider this as precedent for further construction and assume that it is acceptable, because it is not." Mr. Harryman responded "That is correct. As the conversation was earlier, it was my understanding that you were going to ask the responsible agencies to review each case on a one-by-one basis and their end will satisfy that requirement." Mr. Brost asked Mr. Harryman "Do you have enough definitive standards to be able to fairly and equitably make those decisions. Because when you make decisions that someone doesn't like, someone else hears about it." Mr. Fischer stated "The number of machines is determined by what is a building. You have three buildings, you have 90 machines. One of the things that we have is that there is not supposed to be an opening over 25 percent of the wall between these two buildings. We have adhered to that strongly in the past. We have never heard about a water wall before or a deluge system, we now hear about it. So, we are - personally I am, wrestling with the idea of the door which we have made everybody else have, or to go with this other system. You want to have one building that is 155 feet wide and you want to call it three buildings and put in 90 machines, the law won't let us do it."

Mr. Lien then requested the Commission move on to other issues on the agenda.

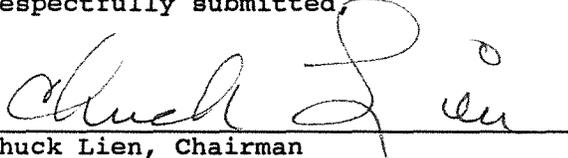

It was noted that the next meeting is scheduled for January 23-24, 1992 in Pierre at The Depot.

Ms. Crew moved that the petition for the declaratory ruling filed by Paul and Maxine Case be granted and that Paul and Maxine Case be entitled to be treated as separate persons under the provisions of SDCL 42-7B-26, and to instruct counsel to do Findings of Fact and Conclusions of Law consistent with the evidence that was heard yesterday. Seconded by Ms. Wagner. MOTION CARRIED.

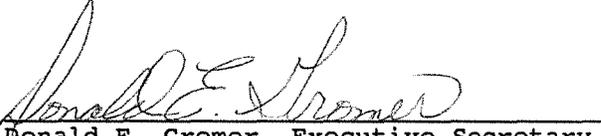

Ms. Crew asked Mr. Harryman if it was true that on his most recent inspection in Deadwood that everyone was in compliance with all applicable rules as far as the Fire Marshal's Office was concerned? Mr. Harryman responded "With one exception, I would say that on the day-to-day basis there is a lot of violations in exiting, corridors blocked, misuse of electrical appliances, exiting lighting facilities and those kind of things that are out. That is a maintenance problem and/or a local policing problem. I certainly don't have the staff to do that once a week." Ms. Crew asked Mr. Harryman "You did indicate to me though, that your office had no concerns about compliance, did'nt you? Or something to that effect?" Mr. Harryman responded "As I said earlier, as far as our office is concerned and the original charge from the Commission, the local operators have complied with everything we've asked them to do." Mr. Brost asked Mr. Harryman "If that type of day-to-day violation was any different in Deadwood than it is in other towns?" Mr. Harryman responded "no".

There being no further business Mr. Fischer moved the meeting be adjourned.
Seconded by Mr. Brost. MOTION CARRIED.

Respectfully submitted,

MINUTES

**COMMISSION ON GAMING
JANUARY 23-24, 1992
THE DEPOT
PIERRE, SD**

1:00 P.M. - JANUARY 23, 1992

CALL TO ORDER AND APPROVAL OF MINUTES

Chairman Lien called the meeting to order with the following persons present: Commissioners Chuck Lien, Kristi Wagner, Karl Fischer and Frank Brost. Staff personnel, Don Gromer, Stan Triplett, Grant Gubbrud and Cora Hunsley. Counsel, Mike Shaw. Chairman Lien noted that Commissioner Crew advised she would arrive late.

Mr. Fischer moved the minutes be approved as printed. Seconded by Ms. Wagner. MOTION CARRIED.

UPDATE ON THE LONG RANGE PLAN

Mr. Jon Mattson, of the Long Range Planning Committee appointed by Chairman Lien, gave a report on the accomplishments and goals of this Committee. Mr. Lien asked if the Committee needed more time and if so, would this be accomplished by the end of the legislative session. Mr. Mattson replied yes.

Mr. Lee Taylor, Chairman of the Flandreau Santee Sioux Tribe stated their Gaming Commission worked very closely with Don's office and expressed his appreciation to Mr. Gromer and staff for all of the assistance he has received.

Mr. Gordon Robertson of the Dakota Sioux Entertainment Center in Watertown also expressed his appreciation for all of the assistance and cooperation received from Mr. Gromer and staff.

EXECUTIVE SESSION

Mr. Lien then stated the Commission would be going into executive session for the purpose of discussing licensing.

Mr. Brost moved to come out of executive session to discuss the requests for waiver. Seconded by Mr. Fischer. MOTION CARRIED.

Ms. Crew moved the waiver of the trust instrument for the progressive payoffs requested by Black Hills Novelty and IGT be granted. Seconded by Mr. Brost. MOTION CARRIED.

Ms. Crew moved that IGT post a \$1 million dollar irrevocable letter of credit to

secure the payment of the current winner and with any future winner, IGT post an additional irrevocable letter of credit in the amount necessary to ensure that winner be paid off. And, that Black Hills Novelty immediately post an irrevocable letter of credit in the amount of \$250,000. Seconded by Ms. Wagner. MOTION CARRIED.

Mr. Brost moved the Commission return to executive session. Seconded by Mr. Fischer.

The Commission came out of executive session at about 5:50 p.m. to reconvene at 9:00 a.m. on January 24, 1992.

9:00 a.m. - JANUARY 24, 1992

ALLOCATION OF RACING FUNDS

Mr. Gromer and Mr. Gubbrud explained the recommendations for the allocation of racing funds. Mr. Gromer recommended each horse track receive an additional \$5,000 supplement for general operational expense. Mr. Gromer also recommended each track be allocated an additional amount of \$4,000 to install an additional camera and to furnish funding for the video at a cost of \$675/day. Mr. Gromer recommended the sum of \$103,808 be allocated to Sodrac for tote expense, data line expense and microwave expense, with Sodrac furnishing the Commission an itemized expenditure on these items. (See attached breakdown)

Ms. Wagner moved that the Commission allocate \$270,125 for the 1992 horse racing season in Ft. Pierre and Aberdeen subject to the availability of funds. Seconded by Mr. Fischer. Mr. Ron Krogman of Aberdeen asked "If the \$4,000 was track supplement or actual expenses occurred?" Mr. Gromer answered a check would be cut for \$4,000. MOTION CARRIED.

Mr. Gromer explained the recommendations for the allocation of funds for dog racing at Sodrac for the 1992 season. Mr. Fischer the Commission allocate \$203,808 to Sodrac for the 1992 season subject to the availability of funds. Seconded by Ms. Wagner. MOTION CARRIED.

EXECUTIVE SECRETARY'S REPORT

Mr. Dennis Richardson of Goldberg Grocery presented his proposal titled "Super Satellite 1992 for Binion's Horseshoe World Series of Poker" to be held March 12-13, 1992. Mr. Brost moved this proposal be approved. Seconded by Ms. Crew. Mr. Gromer advised Mr. Richardson all gaming houses must comply with the necessary reporting requirements for poker tournaments. MOTION CARRIED.

Mr. Richardson presented his request for a variance of operating hours to be open 24 hours tentatively scheduled for Thursday, February 13, Sunday, February 16 and Monday, February 17, 1992 only. Mr. Richardson asked for a variance for whenever he could hold this poker tournament if the above dates did not work out. Mr. Richardson stated this promotion to establish a new "Dealers Guinness Record" dealing the world's longest game of poker which is currently 109 hours, which is held by one poker player. Mr. Richardson stated this to offset medical bills of three patrons that have no medical insurance. Mr. Gromer expressed his concerns regarding how effective or accurate a dealer could be after dealing that long. Gromer stated he was concerned about cheating, mistakes, patron disputes, etc. Mr. Richardson stated someone from management would be present during the entire event. Mr. Brost moved to approve Mr. Richardson's request and open it for discussion. Seconded by Ms. Crew. Mr. Brost asked if this would be exclusive to just this

particular poker table or would the entire operation be open? Mr. Lien responded it would be for the entire operation. Mr. Lien further advised Mr. Brost that in the past the Commission has allowed 24 hours per day continuous but they had to post when it would be so the police department would be aware of the hours. Mr. Brost amended his motion to include the poker manager or part of the ownership must be present during this event. Seconded by Ms. Crew. MOTION CARRIED.

Mr. Gromer informed the Commission that the request for a 24 hour permit from Tin Lizzie's has been withdrawn until the next meeting.

Mr. Brost reported on the study conducted by Responsible Gaming, Inc. Mr. Brost thanked the members of the industry for their willingness to step forward and underwrite the cost of the study. Brost stated this was a two-faceted study conducted under the guidance of Business Research Bureau.

Mr. Gubbrud reported on the gaming statistics for the month of December.

Mr. Gromer gave each commissioner a copy of the video on the Commission which was produced by Historical Footprints.

Mr. Gromer reviewed Mike Madden's request for an update of the impact study which was conducted by Mr. Madden. Mr. Brost expressed concerns of other jurisdictions receiving this information and stated someone must have copyright rights to that study. Gromer stated Mr. Madden did charge for the study. Ms. Crew stated we owned it. Counsel was directed to research the copyright issue and report back at the next meeting. The request of Mr. Madden was deferred until the next meeting.

Mr. Gromer informed the Commission that the simulcast contract between Sodrac and the Santa Anita Horse track must have Commission approval. Mr. Fischer moved the Santa Anita race simulcast contract be approved. Seconded by Ms. Wagner. MOTION CARRIED.

Mr. Gromer reported on the status of legislative bills which relate to gaming or racing.

Mr. Bill Walsh of the Franklin Hotel/Durty Nellie's informed the Commission that he should be in full code compliance by the end of February or the first part of March.

In the matter of James Hosch, it was the consensus of the Commission that in view of the recent court decision no action would be needed.

Mr. Tom Blair presented his request to use an idle poker table for a blackjack table to accommodate the handicapped confined to a wheelchair. Mr. Bill Walsh stated he took the top off of a blackjack table and put it over a poker table so the handicapped wheelchair persons could play during the Ski For Light last year. Mr. Lien stated if there were no objections he was instructing Mr. Gromer to monitor this very closely.

Mr. Tom Kadlic explained his request for approval of a new blackjack game called Colors which is very similar to Over/Under 13. Mr. Kadlic explained the technical aspects of the game and stated this has been approved in Nevada. Mr. Kadlic was advised that rules would have to be promulgated for this. Mr. Brost requested that the Attorney General be contacted to see if he would concur with our counsel that this was not in violation of the \$5.00 limit or considered expanded gaming. Mr. Lien advised Mr. Kadlic this would be tabled and put on the agenda for the next meeting.

Ms. Wagner moved the following license be approved:

Jack Gunvordahl - Temporary Owner/Operator

Seconded by Ms. Crew. MOTION CARRIED.

Mr. Lien declared a short recess.

Mr. Lien called the meeting to order.

GREEN DOOR/JACKPOT CHARLEY'S

Mr. Mike Shaw brought the Commission up to date on the Green Door/Jackpot Charlie's issue. Mr. Shaw presented the Commission with a letter from Jerry Rchetto, attorney for Mr. Bernard, dated January 22, 1992, and with the letter the affidavits of three individuals, Robert Luckey, Phillip Maynard and Donald Clowser. Mr. Shaw also presented each member of the Commission with a copy of Mr. Rchetto's letter to Tom Adam dated January 14, 1992 and with copies of a letter from Mark Wolfe to Don Gromer dated January 14, 1992 and a letter from Keith Umenthum to Don Gromer dated January 22, 1992. Mr. Shaw stated that the copy of a letter dated January 14, 1992, from Mr. Mark Wolfe, Historic Preservation Officer for the City of Deadwood basically said he complimented them on their excellent job in restoring this building. Mr. Shaw stated that the letter from Mr. Wolfe goes on to say that the interior of these buildings have not been documented historically, he knows that two businesses was operating simultaneously prior this but he can't say where the walls were before or how the openings were. To the best of his knowledge there are no photographs, and due to the lack of information he cannot say that the construction of the interior would an adverse effect on the historical integrity. Mr. Shaw stated what Mr. Wolfe was talking about was the construction of the partition wall. Mr. Shaw stated it appeared to him that they have not made their case that this is a historical opening, even in spite of the affidavits submitted. Mr. Shaw stated the first issue to be decided is whether or not to grant a variance on this historical opening which would relieve them of the requirement that only 25% of the area of separation wall can be a door. Mr. Shaw stated the second issue is whether or not this was one building or two. Mr. Shaw also pointed out a letter dated January 22, 1992 from Keith Umenthum stated they have reviewed the UBC (United Building Code). In the UBC there are two sections that address buildings, one is 505(f) says each portion of a building separated by one or more area separation walls may be considered a separate building. The other is 504(c) that apparently says two more buildings on the same property may be considered portions of one building if the aggregate area of such building is within limits specified. Mr. Shaw stated for purposes of discussion he was accepting Mr. Umenthum's reading of this rule that, in his opinion, it could qualify for one building. Shaw went on to say that "You run afoul of the Commission's determination that this is two buildings and that with two buildings they are entitled to two numbers of devices. It appears to me that they want you to consider this as one building for purposes of an area of separation or the fact that they don't need it. But, to consider it two buildings for purposes of the number of devices. Now that's your rule on buildings. You made this rule independent of the UBC and Mr. Umenthum will not go so far as to say - he'll say it's one building for the purposes of the UBC but he does not have any authority and would not suppose to take the authority to say it is one building for the purpose of the license. They would like to have it designated as one building for one purpose and two buildings for another. It seems to me if you're not going to say it is a historical opening, you certainly have the authority to say, it can be one building but you have to pull 30 of your devices out of there. Or, build the area of separation wall in requirements with the code and keep the number of devices that you have." Mr. Shaw stated this is a contested case hearing, there was a hearing on

this matter during the December, 1991 meeting and they, by letter to me dated January 22nd, stating they "...confirm their agreement that the Commission is free to make whatever decision they feel appropriate and my clients will have their appeal rights under SDCL 1-26. Basically, it is my clients' position that the UBC does not require them to build an area of separation wall..." and that they will not attend. Mr. Gromer emphasized that "Mr. Bernard was somewhat in a quandary in the sense that he did come to us, to this Commission with that licensing and argued the aspect that he had two buildings. He showed that to you and you granted him two separate licenses. Now, he comes before us saying I know I have two buildings but I only want to operate it as only one because its feasible for me to do so. In the letter that Mr. Wolfe wrote to you there has never been a proposal or a plan submitted to him as to the significance of that wall..." Mr. Fischer moved that Mr. Bernard meet the requirements of the Commission as to the definition of two buildings or return one of his licenses for the other 30 machines and run with just one building. Seconded by Mr. Brost. Mr. Shaw stated the Commission should also determine whether or not this is an historical opening. After further discussion, Mr. Fischer and Mr. Brost withdrew their motions. Ms. Crew then moved the Commission find that there was not sufficient evidence on this record to indicate that there is an historical opening of the Green Door. Ms. Crew further moved that the Commission not grant Mr. Bernard a variance in the 25 percent rule that the Commission has as far as UBC is concerned with two buildings, and that within 60 days that opening shall comply with the Commission rules or at that time Mr. Bernard shall surrender one of his licenses for 30 devices. Seconded by Mr. Brost. MOTION CARRIED.

Ms. Crew moved the Commission approve the use of a fire curtain variance instead of a fire door previously required for the Green Door upon written approval from the Fire Marshal. Seconded by Mr. Brost. MOTION CARRIED.

Mr. Shaw stated Mr. Rchetto asked him to include Mr. Richardson's request in this if that would be his desire. Ms. Crew moved that Goldberg's be granted a variance for a water curtain rather than the fire doors previously required by the code upon written approval by the Fire Marshal. Seconded by Mr. Brost. MOTION CARRIED.

SHAMROCK, INC.

Mr. Gromer updated the Commission on the Shamrock, Inc. issue. Mr. James Hurley and Mr. Mike Jacobs presented the status report on the debt structure of the Lincoln Corporation. Ms. Lisa Jorgenson informed the Commission of their status also.

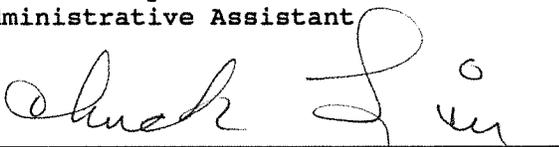

OLD/NEW BUSINESS

The next meeting has been tentatively scheduled for March 12-13, 1992 at the Deadwood Gulch.

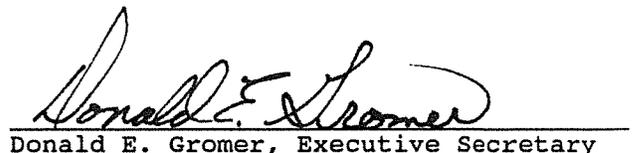

There being no further business Mr. Fischer moved the meeting be adjourned. Seconded by Mr. Brost. MOTION CARRIED.

COMMISSION ON GAMING
MARCH 12-13, 1992
DEADWOOD GULCH RESORT

1:00 P.M. - MARCH 12, 1992

CALL TO ORDER AND APPROVAL OF MINUTES

Chairman Lien called the meeting to order with the following persons present: Chairman Lien and Commissioners Kristi Wagner, and Karl Fischer. Absent were Commissioners Frank Brost and Karen Crew.

Staff personnel present were: Don Gromer, Stan Triplett, Grant Gubbrud and Cora Hunsley.

Also present was Commission attorney Thomas C. Adam.

Commissioner Wagner moved, seconded by Commissioner Fischer that the minutes of the previous meeting be approved as presented. MOTION CARRIED.

Commissioner Karen Crew now joined the Commission meeting.

FORMAL HEARING - COMMISSION ON GAMING v. PINK PALACE

Chairman Lien opened the hearing by introducing the Commission, staff and counsel.

Chairman Lien acted as Hearing Officer. Court reporter Kris Runge from Thompson & Thompson Reporting Service, at Rapid City, South Dakota transcribed the hearing.

The hearing was held.

Chairman Lien advised the defendants the Commission would ultimately advise them of their decision, and the hearing was concluded at about 2:00 p.m.

After due deliberation in Executive Session, it was, in public meeting, moved by Commissioner Crew, seconded by Commissioner Wagner, and unanimously passed that the defendant Pink Palace, Inc. be assessed a \$2,500.00 monetary penalty; that its license not be revoked or suspended conditioned that all the defendants commit no further violations of Commission rules or regulations or any public offenses through March 13, 1993; that the reorganization of Pink Palace, Inc. as was evidenced by Commission exhibit 2 be continued during that probationary period, and thereafter; and that the defendant Brad Hale not be permitted an active role in the general and

overall management of Pink Palace, Inc., absent specific written approval by the Commission.

FORMAL HEARING - COMMISSION ON GAMING v. MICHAEL ASHER

Commissioner Crew acted as hearing officer. Court reporter Kris Runge transcribed the hearing.

The hearing was held.

At the conclusion of the hearing, Chairman Lien advised the defendant and the defendant's attorney, Roger Tellinghuisen, that the Commission would ultimately advise them of the Commission's decision, and the hearing was concluded at about 2:25 p.m.

After due deliberation in Executive Session, it was in public meeting moved by Commissioner Crew, seconded by Commissioner Fischer, and unanimously passed that the defendant Michael Asher's license be continued, conditionally, upon his successful completion of the probationary period previously imposed by the magistrate court, and further conditioned upon him not violating any of the laws in the State of South Dakota or the rules or regulations of the Gaming Commission for a period of one year, and in any instance should the defendant be arrested for any violations, that such activity be immediately reported to the Commission for immediate and subsequent disciplinary action.

APPROVAL OF CHATEAU LOUNGE IN FT. PIERRE AS SIMULCAST SITE FOR RACING

Mr. Gromer advised the Commission that Mr. Scott Langman of United Track Racing has requested the Commission authorize the Chateau Lounge in Ft. Pierre as a simulcast site for off-track betting. Mr. Fischer moved to authorize the approval of the Chateau Lounge in Ft. Pierre as a simulcast site. Seconded by Ms. Crew. MOTION CARRIED.

Mr. Gromer introduced Mr. Scott Langman who reported on the simulcast operations in the state.

Mr. Lien declared a 10 minute recess.

ECONOMIC IMPACT STUDY OF GAMING IN NORTHERN HILLS BY MIKE MADDEN

Chairman Lien reconvened the meeting and asked Mr. Gromer to update the Commission on this matter. Mr. Gromer stated Mr. Madden did submit a proposal for an update to the first study. Mr. Gromer reminded the Commission that he was instructed to check into the possibility of having a copyright on the study and perhaps having the cost shared by the City of Deadwood. Mr. Jon Mattson advised that it has not been discussed at a City Commission meeting but that he would take it up at the next meeting. Mr. Gromer stated he strongly recommended an update be done by Mr. Madden.

Ms. Crew stated the Commission should bear the cost of the study. Ms. Crew also suggested to wait until June or when the street project is completed. Ms. Crew stated she would like to see what the impact would be after the projects are completed. Mr. Gromer stated you wouldn't be able to tell that because we are now into 1992 and the study would be on the year 1991. Ms. Crew asked if one would have to be done every year. Mr. Gromer stated yes, so that at least you would know what

to start off with, what type of an impact this industry is having on the northern hills area. Gromer stated without that you would constantly be working with old figures. Mr. Gromer stated a lot of the information that came out of the Long Range Planning Committee came out of Mr. Madden's study. Ms. Crew stated if the Commission paid for the entire study the money would come out of the Historic Preservation budget and not the City of Deadwood. Chairman Lien stated the Commission paid for the first one, paid for the Long Range Planning Committee one and we have other people wanting it done with the Commission paying for it which comes against our administration charges. Mr. Lien expressed his concerns regarding the Commission always bearing the brunt of the cost. Mr. Mike Trucano stated it was difficult for the City to find in it's budget \$6,000 to \$10,000 but they would try to find the money.

Ms. Wagner moved the Commission enter into an agreement with Mr. Madden along with another entity to share in the costs. Ms. Wagner stated the motion would stipulate that Mr. Gromer be in contact with the City and the industry or whomever, and with Mr. Madden. After further discussion, Ms. Wagner amended her motion to state the City and the Commission on Gaming with a 50/50 split. Seconded by Ms. Crew. Mr. Mattson asked the latest cost estimate of the update, Mr. Gromer responded, \$17,500. Mr. Tom Adam stated research on copyright indicates Mr. Madden would have to assign his right to the Commission. Mr. Adam stated the Commission could get a copyright on the study. Mr. Ken Morris asked if Mr. Madden would provide a reduced rate for a multi-year contract. Mr. Gromer responded he could not enter into a contract that was longer than one year. MOTION CARRIED.

Chairman Lien publicly wanted to thank Jon Mattson for chairing the Long Range Planning Committee and for all the hard work he put in on it.

Chairman Lien announced he was closing the public meeting for executive session which executive session was expected to also re-convene at 9:00 a.m. March 13, 1992, but invited further public comment.

Mr. Ken Morris asked the Commission if any member had been furnished with the latest video update of the projects completed; the Commission responded in the negative; Mr. Morris advised he would leave a copy for them at the meeting place of the Commission on March 13.

Ms. Crew moved to go into executive session. Seconded by Mr. Fischer. MOTION CARRIED.

9:00 A.M. - MARCH 13, 1992

The Commission continued with their executive session.

At about 9:25 a.m. Ms. Crew moved the Commission come out of executive session. Seconded by Ms. Wagner. MOTION CARRIED.

EXECUTIVE SECRETARY'S REPORT

Mr. Gromer reviewed the 24-hour requests from Tin Lizzie's, Bella Union and Marie's.

Mr. Fischer moved the following be granted a 24 hour permit.

Tin Lizzie's
Belle Union
Marie's

Seconded by Ms. Wagner. MOTION CARRIED.

Mr. Gromer reviewed the letter from Mr. Tom Kadlic regarding the COLORS game and a copy of his letter to Attorney General Mark Barnett based upon the Commission's request for an informal opinion. Mr. Gromer stated as of this date he has not received a response from Mr. Barnett.

Mr. Gromer discussed the letter from the Association of Racing Commissioners (ARCI) requesting the Commission volunteer for certain committees through ARCI. Mr. Lien directed Mr. Gromer and staff to attend a few ARCI meetings to learn more about this association.

Mr. Gromer reviewed the letter from Sodrac Park dated March 5, 1991 requesting an amendment to their previous request of four days to five days to their live season. They had four days but would like to change that to five days by adding Thursday. Gromer stated this would change the total number of live days and performances from the original request of 63 to 79. Mr. Fischer moved Sodrac's request for the extra day per week be granted. Seconded by Ms. Wagner. MOTION CARRIED.

Mr. Gromer advised the Commission there was quite a large packet of information regarding rules and proposed changes from staff and proprietors. Mr. Gromer asked the Commission's permission to advertise for a rules hearing for whatever time frame it could be worked in. Ms. Wagner moved the Commission advertise for a rules hearing. Seconded by Mr. Fischer. A question was raised on the time frame for a rules hearing and Mr. Gromer suggested the Commission set the next two meetings. MOTION CARRIED.

Mr. Gromer stated there were only two issues he was directly involved with as far as legislative action was. Gromer stated one issue was with horse racing and explained that this concerned the breakage. Gromer stated this bill repealed where the state would receive any of the breakage. Gromer stated they also repealed an allowance in the state that granted if the handle of a race track was under such a figure, they only had to pay a flat three percent. Gromer stated this basically simplified the auditing procedures. Gromer stated the other bill dealt with the confidentiality of our background information. Mr. Gromer advised that the Governor has signed the bills and they are effective July 1, 1992.

Mr. Gromer stated the policy manual was in draft form and if there were any recommendations to let him know before it was implemented.

Mr. Gromer asked the Commission for direction regarding new games submitted for approval. Chairman Lien stated that caution be used since this would also affect the Indian gaming. The Executive Secretary was directed to review all new games submitted, if it was deemed appropriate bring it before the Commission for approval and if not, deny the game. If the person submitting the game was not satisfied with the Executive Secretary's decision, the denial could be appealed before the Commission. A discussion was also held regarding adopting a rule that would require a fee accompany all new games submitted for approval.

Mr. Fischer moved the following be granted a permanent Operator/Retailer license:

Marie's, Inc.

Seconded by Ms. Wagner. MOTION CARRIED.

Ms. Wagner moved the following be granted a permanent Key license:

Sharon Frey

Seconded by Ms. Crew. MOTION CARRIED.

Mr. Gromer brought procedural non-compliance issue with Barb Mattson at the Lucky Wrangler to the Commission's attention. Mr. Gromer advised that an initial complaint was filed and an informal consultation was held with Ms. Mattson agreeing to a stipulation of a \$100.00 penalty with no like violations for one year.

Mr. Gromer stated the second issue had to do with Mr. Roger LeClerc, a Key employee at the Wilderness Edge, for failure to wear his license. Mr. Gromer advised initial complaint was filed and an informal consultation held with Mr. LeClerc agreeing to a stipulation of a \$25.00 penalty and no like violations for one year.

Ms. Crew moved the Commission adopt the stipulation as reiterated by Mr. Gromer and that Mr. LeClerc receive the \$25.00 monetary penalty. Ms. Crew further moved in the case of Barb Mattson, the Commission adopt the Executive Secretary's stipulation entered and make it the Commission's own that Ms. Mattson receive the \$100.00 monetary penalty and any other conditions recommended by the Executive Secretary. Seconded by Ms. Wagner. MOTION CARRIED.

Mr. Gromer presented the contract between Sodrac and Gulfstream. Commissioner Crew requested this issue be tabled until she and counsel had time to review it. After further discussion Commissioner Crew moved, seconded by Commissioner Yonkovich the contract with Gulfstream be approved. All voting aye, Motion Carried.

Mr. Skipp stated for the record "Never in my 25 years experience, have I encountered a more understanding regulatory body".

Mr. Ron Olinger stated a motion was passed at the horsemen's meeting for the Commission's consideration which would allow a trainer to administer tablet bute and the trainer to list the horse on the bute list. Mr. Gromer stated he would check into it and present it at the next scheduled meeting.

Mr. Gromer reviewed the disciplinary actions taken against and stipulation of voluntary compliance entered into on the following licensees: Noelyn Olson, Sandra Pitt, James Findley and William Reif.

Mr. Gromer and Mr. Adam reviewed the draft legislation relating to gaming. Mr. Adam advised the Commission the Lawrence County State's Attorney suggested a couple of modifications to SDCL 42-7B. The first dealt with SDCL 42-7B-41 which reduces the expansion of the statute. Mr. Gromer stated he was in favor of this change. The second suggestion would add a new section dealing with allowing an obviously intoxicated person to gamble. After discussion Commissioner Fischer moved, seconded by Commissioner Wagner to approve the legislation as submitted with the noted changes and instruct staff to proceed with the passage in the 1993 session. Upon further discussion, Commissioner Fischer moved to amend his motion, seconded by

Commissioner Wagner to remove the section relating to obviously intoxicated. All voting aye, Motion Carried.

Mr. Owen Emme requested the Commission authorize a change in the statute which would change the coin in reporting as listed in the monthly stats released to the public. Commissioner Lien stated the Commission chose early on to be completely open with the public. After further discussion, no action was taken.

Mr. Gromer and Mr. Adam reviewed the draft legislation relating to racing. Commissioner Wagner moved, seconded by Commissioner Fischer to approve the legislation as submitted with the noted changes and instruct staff to proceed with the passage in the 1993 session. All voting aye, Motion Carried.

BUTE ISSUE

Mr. Gromer explained the history and prior policy relating to Bute and the charge of \$11 by the State Veterinarian to add horses treated by Bute to the Bute list. Gromer stated the Commission contracts with Roger Cooper, DVM as State Veterinarian and that Dr. Cooper requested an increase in his contract to \$12,000. Mr. Gromer explained the reasons he would agree to this increase and requested two decisions be made by the Commission. One would be to cease the \$11 charge and one to approve the contract for the 93 season. Commissioner Fischer moved, seconded by Commissioner Wagner, that the State Veterinarian cease charging \$11 to put a horse on the Bute list. All members voting aye, Motion Carried. Commissioner Yonkovich moved, seconded by Commissioner Wagner, to put the request for an increase in Dr. Cooper's contract on the table for discussion. After discussion, Commissioner Wagner called for the question and a roll call vote was taken as follows: Commissioner Wagner, aye; Commissioner Fischer, aye; Commissioner Crew, nay and Commissioner Yonkovich, nay. After further discussion, Commissioner Yonkovich called for the question. Roll call as follows: Commissioner Wagner, aye; Commissioner Fischer, aye; Commissioner Yonkovich, aye; and Commissioner Crew, nay. Motion Carried.

Mr. Gromer advised the Commission that according to the racing rules the officials employed by the tracks needed Commission approval. Commissioner Yonkovich moved, seconded by Commissioner Fischer, that the officials submitted for the Fort Pierre and

Aberdeen tracks be approved. All members voting aye, Motion Carried. (COPIES ATTACHED)

Mr. Gromer reviewed the simulcast contracts submitted by Sodrac to be approved and stated that by statute, all simulcast contracts needed Commission approval. Gromer stated SB 122 was introduced this year that would have given the Executive Secretary authority to approve simulcast contracts. Gromer stated that SB 122 was used to facilitate the special election and this portion was deleted. After further discussion Commissioner Crew moved, seconded by Commissioner Wagner that the Executive Secretary be granted authority to approve contracts submitted by Sodrac with those in question to be brought before the Commission. All members voting aye, Motion Carried.

Commissioner Fischer moved, seconded by Commissioner Yonkovich, to go into executive session and reconvene at 9:00 a.m. MST, April 26, 1993. All members voting aye, Motion Carried.

EXECUTIVE SECRETARY'S REPORT

AUTOMATED SLOT DATA COLLECTION SYSTEM

Mr. Gromer suggested the Commission review the letters he received from Marc Tobias and James Maida and discuss at the next meeting to what route the Commission would like to take on this issue.

Mr. Gromer read the petition letter received from Larry Carlson regarding a horse that was claimed by Tom Maher for \$1,750 and Mr. Carlson buying it back for \$2,000. Gromer explained that on April 18, 1993 a horse was claimed during a claims race. Gromer stated there was a rule that specified if you claim a horse, the horse is jailed for 30 days. The horse cannot leave the track or race for 30 days. Gromer stated there was also a rule that allows the Commission the power to waive the jail time for the horse which Mr. Carlson is requesting. This would allow him to purchase the horse back. Gromer stated the purpose for a claims race is to ensure that horses of the same ability are running. Gromer stated Mr. Carlson was asking the Commission's permission to purchase his own horse back and protecting his claim. Commissioner Crew moved, seconded by Commissioner Fischer to waive the 30 days by allowing Mr. Carlson to buy the horse back and allow the horse to run again. All members voting aye, Motion Carried.

Mr. Gromer briefed the Commission on a new business starting up known as the Four Aces Hotel Corp. Mr. Tom Carver presented the blueprints for this business to see if it meets the criteria for three buildings. After further discussion, Commissioner Yonkovich moved, seconded by Commissioner Fischer that it was three different distinct buildings and if the background determines them suitable for licensing they would be eligible for the maximum amount of three retail licenses. All members voting aye, Motion Carried.

Mr. Gromer announced that starting May 3, 1993 two new employees will begin working. Gromer stated Dan Seidler will become the new Inspector replacing Jim McKee who is a new Enforcement Agent and Mr. Scott Amundson has been hired to fill the Enforcement Agent position.

Mr. Gromer informed the Commission that Mr. Ray Hillenbrand who owns REBA, Inc., d/b/a Prairie Edge, Buffalo Skull and Eagle Bar along with his children, notified him that he will be purchasing the entire business from his children. Gromer stated staff will be updating Mr. Hillenbrand's background and report at a future

meeting.

Mr. Gubbrud requested that owners ask all their employees to submit their renewals for their support licence.

OLD BUSINESS

Commissioner Crew stated there has been an issue that has come up about an appeal on a lawsuit that the Commission has with Black Hills Novelty and apparently the record may not reflect the Commission's decision to appeal that case and instructing Mr. Shaw to do that. Commissioner Crew stated it would be appropriate at this time to move to confirm that action, seconded by Commissioner Yonkovich, to ratify that decision and reaffirm that which was the Commission's original decision. All members voting aye, Motion Carried.

NEW BUSINESS

Mr. Gromer stated that the next meeting scheduled for June 14, 1993 will be by Rural Development Telecommunications Network (RDTN) and that we have reserved it from 2:00 p.m. to 5:00 p.m. CST.

ADJOURN

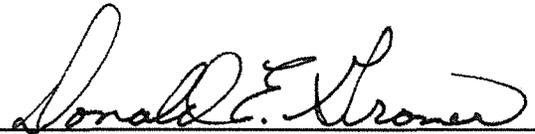

There being no further business, Commissioner Fischer moved, seconded by Commissioner Yonkovich that the meeting be adjourned. All members voting aye, Motion Carried.

LICENSE RENEWALS FOR FY-94

Commissioner Wagner moved, seconded by Commissioner Fischer that the following Manufacturer (MA) or Distributor (DS) licenses be approved. All members voting aye, Motion Carried.

IGT (MA)	Universal Dist. of NV (MA)	Bally Gaming (MA)
Games of NV (MA)	Sigma Games (MA)	Sodak Gaming Supplies (DS)
Haron Limited (DS)		

Mr. Gromer reviewed the business renewals and advised the Commission of the following notations on the list: (1) Deadwood Hotel Joint Venture changed their name to Deadwood Gulch Resort & Gaming Inc.; (2) Joseph Rowland did not renew and recommended he be removed from the list until he renews; (3) Reba Inc. renewed and at one time it was called Dakota Partnership owned by John, Margaret, Gretchen and Heidi Hillenbrand who were previously licensed, Mr. Hillenbrand had taken over the property and has since returned that property to John, Margaret, Gretchen and Heidi; (4) Shamrock Inc., had not paid their property tax by May 1st and also has a lien against it for approximately \$1,200.00 by the City of Deadwood; (5) Property taxes have not been paid on Gold Coin which is rented by Marilyn Shedd; (6) Property taxes have not been paid on Butch Cassidy's which is rented by Mary Dunne; and (7) Property taxes have not been paid on the Franklin Hotel or Durty Nellie's. Commissioner Fischer moved, seconded by Commissioner Wagner that the business renewal licenses for FY-94 be approved except those noted in the following motions. All members voting aye, Motion Carried. (SEE ATTACHED LIST)

Commissioner Crew moved, seconded by Commissioner Fischer that a temporary conditional license be granted to Gold Coin, Butch Cassidy's, Franklin Hotel and Durty Nellie's until August 1, 1993 on the condition that all outstanding judgments and tax obligations of any kind are paid by that date. All members voting aye, Motion Carried.

Commissioner Crew moved, seconded by Commissioner Fischer that Shamrock, Inc. be denied. After further discussion, Commissioner Fischer moved to amend the motion and they be issued a temporary conditional license until the July meeting provided, all outstanding judgments are paid by that date and they appear before the Commission at the July meeting. All members voting aye, Motion Carried.

Commissioner Crew moved, seconded by Commissioner Yonkovich to approve the renewal of Key licenses with Jerry Baum added to the list. All members voting, aye, Motion Carried. (SEE ATTACHED LIST)

BAD BEAT JACKPOT

Mr. Gromer covered the rule regarding Bad Beat Jackpot and explained the operation of Bad Beat Jackpot. After discussion, Commissioner Yonkovich moved, Seconded by Commissioner Fischer for discussion purposes, to allow cumulative bad beat jackpots with amounts set by establishments and no limit on the number of pots. Ms. Durbin stated several houses have Bad Beat and explained how it is currently being handled. Roll Call as follows: Fischer, aye; Yonkovich, aye; Wagner, aye; Crew, aye and Lien, aye. Motion Carried.

EXECUTIVE SECRETARY'S REPORT

NEW LEGISLATION EFFECTIVE 7/1/93

Mr. Gromer reviewed the synopsis prepared by he and Mr. Adam on the new legislation passed in 1993.

RESULTS OF COMMISSION'S LAST AUDIT

Mr. Gromer reviewed the latest audit report from Legislative Audit and stated Grant Gubbrud should be commended for setting internal office procedures set up to adequately monitor how funds are handled.

SLOT AUTOMATION SYSTEM

Mr. Gromer requested the Commission review this issue and advise which way they would like him to proceed. Chairman Lien requested the Commission members report back to Mr. Gromer by July 10, 1993 on this issue.

RESULTS OF LIVE HORSE RACING SEASON

Mr. Gromer and Mr. Gubbrud covered the handle and expenses of the live horse races held in Ft. Pierre and Aberdeen.

UPDATE ON SURVEILLANCE SYSTEMS

Mr. Gromer advised the Commission that all operators and retailers received a copy of the surveillance rules. Gromer stated Mr. Elmer Pritchard raised a question that is not addressed in the rules. Gromer stated Mr. Pritchard has no high award slots, they are routed to him by a route operation and Mr. Pritchard was wondering if a surveillance system would be required if he did not use a cashier's cage of any kind but just a change machine. Mr. Pritchard, who attended the meeting at the Spearfish site explained his situation. Mr. Gromer stated if Mr. Pritchard or anyone else used a change machine he did not see where they would fit into the criteria of the rules as drafted. After further discussion Commissioner Crew moved, seconded by Commissioner Yonkovich that Mr. Pritchard be given an extension by the Executive Secretary at the direction of the Commission until such time that the Commission directs the Executive Secretary to revoke the extension. All members voting aye, Motion Carried.

PINEAPPLE POKER

Mr. Gromer stated two requests have been received to allow this game. After further discussion, Commissioner Fischer moved, seconded by Commissioner Crew that rules be drafted to allow the game of Pineapple and it is not to be played until rules are in place. All members voting aye, Motion Carried.

OLD BUSINESS

Mr. Gromer reviewed the letter received by the SD Council on Problem Gambling, Inc., requesting he or someone from the Commission serve on the Board. After further discussion, Mr. Gromer was directed to explore this further and encouraged him to accept or nominate someone from staff to accept.

Deb O'Bryan, Manager of the Lucky Miner asked for clarification regarding surveillance in her area. Mr. Gromer stated the camera should be set up in such a way to review her slot area to know when the drop was occurring.

NEW BUSINESS

Mr. Gromer reiterated the criteria and schedule for licensing devices prior to July 1st.

Mr. Ron Russo of the Fairmont Hotel stated he has one blackjack table and the requirement right now is a color camera over the cage where the chips pass through to

determine the difference between \$1 and \$5 chips. Mr. Russo asked if the requirement would stay the same if the \$1 chips were replaced with tokens so the only chip that would have to be monitored would be a singular colored chip. Mr. Gromer stated the colored camera is also needed to pick up the different colored forms that are used.

ADJOURN

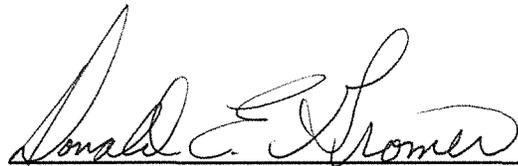

There being no further business, Commissioner Fischer moved, seconded by Commissioner Yonkovich that the meeting be adjourned. All members voting aye, Motion Carried.

HEARINGS

Wheeler Court Reporting, Rapid City, SD, was present and recorded all transactions of the following hearings.

9:05 A.M. - COMMISSION ON GAMING v. GREG HARLAN

Greg Harlan, Defendant was represented by Brad Gordon, Attorney at Law.

Mr. Gordon requested that Mr. Harlan's hearing be continued due to the fact that his client, Mr. Harlan, was under criminal charges, and that he had moved for the Court to order the Lawrence County State's Attorney to answer a Bill of Particulars which would outline the information used to bring forth the indictment against Mr. Harlan. Mr. Gordon argued to the Commission that without the facts of the case, he did not see how the Commission could bring forth a decision without knowing the facts which he had yet to learn.

At about 9:10 a.m. Commissioner Wagner moved, seconded by Commissioner Fischer, that the Commission go into executive session to discuss Mr. Gordon's request. All members voting aye, Motion Carried.

Commissioner Crew moved, seconded by Commissioner Wagner to come out of Executive Session. All members voting aye, Motion Carried.

Commissioner Crew moved, seconded by Commissioner Yonkovich, that the Commission grant Mr. Harlan a continuance of the hearing until the next scheduled Commission meeting. All members voting aye, Motion Carried.

It was noted the Executive Secretary would present his report between hearings.

EXECUTIVE SECRETARY'S REPORT

Executive Secretary Don Gromer requested permission of the Commission to attend two out-of-state conferences. The first was a meeting of regulatory agencies scheduled for sometime in August, 1993, in Chicago. The second was a request to attend the World Gaming Expo, scheduled for September, 1993 in Las Vegas, Nevada. Commissioner Yonkovich moved, seconded by Commissioner Wagner, that Mr. Gromer be allowed to attend both meetings. All members voting aye, Motion Carried.

Commissioner Yonkovich moved, seconded by Commissioner Wagner, that Commissioners wishing to attend the World Gaming Expo be allowed. All members voting aye, Motion Carried. It was noted that any Commissioner interested in attending was to contact the Pierre Office to make arrangements to attend.

Commissioner Wagner moved, seconded by Commissioner Yonkovich, that the next meeting of the Commission on Gaming be scheduled for September 28 & 29, 1993 in Deadwood. All members voting aye, Motion Carried.

Mr. Gromer discussed the results of the 1993 live racing meets. Commissioner Wagner moved, seconded by Commissioner Yonkovich, the Executive Secretary be instructed to prepare a letter to the Governor for the Chairman's signature, outlining the financial condition of live racing and the results of the 1993 racing season. All members voting aye, Motion Carried.

HEARING

10:00 A.M. - COMMISSION ON GAMING v. JAMES CAMPANALE

Mr. Campanale was not represented by legal counsel. Mr. Campanale requested a continuance from the Commission due to the fact that he is presently facing criminal charges and could not properly defend this accusation without the risk of self incrimination.

Commissioner Wagner moved, seconded by Commissioner Fischer to go into executive session to discuss Mr. Campanale's request. All members voting aye, Motion Carried.

At about 10:15 Commissioner Yonkovich moved, seconded by Commissioner Fischer, to come out of executive session. All members voting aye, Motion Carried.

Commissioner Crew moved, seconded by Commissioner Wagner, that Mr. Campanale's request be denied. All members voting aye, Motion Carried.

The hearing was held. At about 10:40 a.m. the hearing was closed. Commissioner Crew moved, seconded by Commissioner Wagner, that Mr. Campanale's license be revoked on the grounds of ARSD 20:18:12:01. Failure to disclose information on application. All members voting aye, Motion Carried.

10:40 A.M. - WILDERNESS EDGE - PETITION FOR A DECLARATORY RULING FOR TWO BUILDING DESIGNATION

The hearing was held with Mr. Roger Tellinghusen, Attorney at Law, represented Ken Lau, owner of the Wilderness Edge. The Commission took under consideration all submitted information and the hearing was closed at about 10:45 a.m. Commissioner Crew moved, seconded by Commissioner Yonkovich, that the property known as the Wilderness Edge, located at 657 Main Street, Deadwood, South Dakota, be declared as two buildings. Commissioner Crew further clarified the motion to mean that the Commission was only addressing the building issue and not licensing, since no application had been presented for a license. All members voting aye, Motion Carried.

Commissioner Wagner moved, seconded by Commissioner Crew, to go into Executive Session. All members voting aye, Motion Carried.

At about 1:00 p.m., Commissioner Wagner moved, seconded by Commissioner Yonkovich, to come out of executive session. All members voting aye, Motion Carried.

SHAMROCK, INC. - CLARIFICATION OF FINANCIAL CONDITION

Mr. Bill Martindale, a licensee of Shamrock Inc., appeared before the Commission as requested. He was represented by Harlan Schmidt, Attorney at Law, and accompanied by Barb Outka, a key employee of Shamrock, Inc.

Mr. Martindale explained that all taxes and judgments had been satisfied by Shamrock. He further advised that he felt that the financial condition of Shamrock was the best that it had ever been. He stated that money from Colorado gaming had been used to purchase device stamps for the South Dakota property, and that they were seeing a profit from at least one of the properties, Lillies. He advised that they have a solid staff that is working well with ownership, and that the future of the two properties looked positive.

A judgment against Keywest Inc., a defunct corporation owned by the same individuals as in Shamrock Inc., was brought to the attention of Mr. Martindale. He explained that he thought that this judgment had been taken care of when all other judgments against Keywest had been settled. He agreed that the judgment appeared to be active, and agreed to check on it's status and report back to the Commission by the September, 1993 meeting.

Commissioner Crew moved, seconded by Commissioner Wagner, to continue the conditional license of Shamrock Inc., a licensed Operator, and its two retail licenses, Lillies and Last Chance. The condition being that Shamrock Inc., must disclose the disposition of the existing judgment against Keywest via submitting documentation to the Commission explaining such judgment and what action was contemplated to satisfy it. All members voting aye, Motion Carried.

EXECUTIVE SESSION

At about 1:25 p.m. Commissioner Wagner moved, seconded by Commissioner Crew, to go into executive session to discuss licensing applications. All members voting aye, Motion Carried.

9:00 A.M. - JULY 30, 1993

At about 9:40 a.m. Commissioner Crew moved, seconded by Commissioner Wagner, to come out of executive session. All members voting aye, Motion Carried.

NOTE: The decisions of James Campanale, Wilderness Edge and Shamrock, Inc., are noted above under their respective headings.

LICENSING

Commissioner Wagner moved, seconded by Commissioner Yonkovich, to license Global Gaming as a manufacturer/distributor. All members voting aye, Motion Carried.

Commissioner Yonkovich moved, seconded by Commissioner Wagner, to conditionally license Goldberg Gaming as an Operator with the following conditions:

- (1) Owner, Bill Kilbreth must resolve all financial obligations towards a now defunct business in Hot Springs, South Dakota, by January 1, 1994;
- (2) Owner Kilbreth must disclose such documents showing such satisfaction to the Commission by January 1, 1994; and
- (3) That Owner Kilbreth and Richardson must appear before the Commission at the first Commission meeting following the new year (1994).

All members voting aye, Motion Carried.

Commissioner Fischer moved that the application process on Frontier Corporation of SD be extended under the following conditions:

- (1) Mr. Clarence King, owner of Frontier Corporation, must disclose all financial data requested by the staff of the Commission;
- (2) Mr. King must disclose all information regarding financing sought through Mitsutomo Corporation; and
- (3) All such information must be submitted to the Commission within thirty (30) days of receiving such request; and

- (4) Mr. King must again appear before the Commission to present the financial condition of Frontier Corporation and future plans prior to licensing.

A substitute motion was made by Commissioner Crew, seconded by Commissioner Yonkovich for discussion proposes, to deny Mr. King a license. Mr. Yonkovich stated that he felt that the staff of the Commission had been more than patient with Mr. King in receiving the requested information, and reminded Mr. King that the law obligates him to disclose all information.

Chairman Lien called for a vote on the substitute motion. Roll Call as follows: Crew, aye; Fischer, nay; Wagner, nay; Yonkovich, nay; and Lien, nay. Motion failed.

A second substitute motion was made by Commissioner Crew, seconded by Commissioner Wagner, requiring Mr. King to pay the Commission an additional \$6,000 to cover any future investigative costs. Mr. Gromer advised the Commission of the present payment process of background investigations. Roll Call as follows: Crew, aye; Wagner, aye, Yonkovich, nay; and Fischer, nay. Chairman Lien cast the deciding vote of nay. Motion failed.

Chairman Lien called for a vote on the original motion made by Commissioner Fischer. Roll Call as follows: Crew, nay; Wagner, aye; Fischer, aye; and Yonkovich, aye. Motion Carried.

Commissioner Crew moved, seconded by Commissioner Yonkovich, to approve Harley Joe Frazier for an Operator license as an investor with Deadwood Gulch Gaming, Inc., d/b/a Deadwood Gulch Resort. All members voting aye, Motion Carried.

Marvin Jensen	Roxanne Knight	David Lockhart
Joan Packard	Michael Ragatz	Susan Stevens
Regina Tchida	Christopher Tostrup	

All members voting aye, Motion Carried.

Renewal licenses for Robert Leonard and Terry Jo Cargin were presented. Commissioner Yonkovich moved, seconded by Commissioner Crew, the following renewals for a Key license be approved:

Robert Leonard	Terry Jo Cargin
----------------	-----------------

All members voting aye, Motion Carried.

Commissioner Crew moved, seconded by Commissioner Wagner that Attorney Engel be directed to prepare Findings of Fact and Conclusions of Law regarding the declaratory ruling on the two building declaration of Wilderness Edge and the hearing regarding Commission on Gaming v. James Campanale. All members voting aye, Motion Carried.

EXECUTIVE SECRETARY'S REPORT

REPORT ON CONDITIONAL LICENSES GRANTED FOR FY-94

Mr. Gromer reported to the Commission that according to motions made at the last Commission meeting regarding licensees failure to pay property taxes, that Shamrock Inc., Franklin Hotel, Durty Nellies, and Butch Cassidy's had all paid their property taxes. There were no outstanding judgments recorded on any of these properties. Gold Coin was no longer a gaming property since Marilyn Shedd had not renewed the retail license for that property. Commissioner Wagner moved, seconded by Commissioner Yonkovich, to remove licensing conditions on Franklin Hotel, Durty Nellies and Butch Cassidy's. All members voting aye, Motion Carried.

DISCUSS PROGRESS OF SLOT DATA SYSTEM

Mr. Gromer discussed the progress of the slot data system. He suggested the Commission had two options which should be decided. They were: (1) to write specific specifications for either a on-line, hardwire system or a "wand" system; or (2) do nothing. Gromer made the recommendation for the "wand" system and presented his reasons. Mike Stone, a new licensee and attendee of the meeting, gave pros and cons to both systems. Chairman Lien gave his reasons for preferring hard-wire system. The discussion was tabled pending the World Gaming Expo which will have various systems displayed. The Commission decided to await the conclusion of results of the display, and receive a report from those attending that Expo. That report will be given at the next scheduled Commission meeting.

FINANCIAL REPORT FOR FY-93 (YEAR END)

Mr. Gromer presented a financial report of the Commission's activity for FY-93 (copy attached)

REPORT ON PROGRESS OF SURVEILLANCE SYSTEMS

Inspector Dan Seidler gave a report on the progress of the inspection and installation of the surveillance systems being installed in gaming properties. He advised that the following steps are followed in implementing a system: (1) submission of a written floor plan outlining location of cameras, etc., along with a written list of equipment with specifications to be installed; (2) Mid-point inspection of installation to determine problems prior to complete installation; and, (3) final inspection of installed system. Documentation of each step is made outlining compliance or lack thereof. Mr. Gromer advised the Commission that several extensions had been granted due to lack of equipment and installers, but that no extension had been granted past September 1, 1993. He advised that it is expected that all licensees will have systems installed and operational either on or before that date.

SET FEE FOR REPORTS PER SDCL 42-7B-68

Mr. Gromer pointed out SDCL 42-7B-68 authorizes the Commission to set a fee for any publication prepared by the Commission for the public. He requested that the Commission consider establishing such a fee. Chairman Lien stated that he felt that the Commission should not be forced to subsidize such reports nor should they make a profit. A question was placed to Mr. Engel as to whether a fee could be established without rules. It was his opinion that a rule should be promulgated setting the fee, but in the interim, policy should be established by the Commission. Scott Randolph, Seaton Publishing, commented that he did not feel the public should be required to pay for the cost of the production of the document, but it might be appropriate to charge a cost for the publication of the document. Tom Blair, attendee, maintained that any licensee should have one publication of rules without charge. Mike Trucano, attendee, agreed with a cost for publication. Commissioner Crew moved, seconded by Commissioner Yonkovich, that staff be directed to charge the public for costs of printing and reproduction of publications. All members voting aye, Motion Carried.

OLD BUSINESS

Mr. Gromer reported on the confusion with ARSD 20:18:29:04 which requires surveillance systems on slot machines during drops. He explained that according to notes and recordings of the rule hearings, it appeared as though the Commission did not intend to require surveillance on slots except those that had major awards. Commissioner Crew moved, seconded by Commissioner Yonkovich, that ARSD 20:18:29:04 be interpreted as specified in a letter to the Commission from Tom Adam (Copy attached) All members voting aye, Motion Carried.

Mr. Gromer reported that several entities had approached him in an effort to change the rule allowing for bill acceptors. This suggestion will be formalized and made at the next rules hearing.

ELECTION OF OFFICERS

Commissioner Wagner moved, seconded by Commissioner Crew, to have Chuck Lien remain as Chairman for FY-94 and Karl Fischer to remain as Vice Chairman. All members voting aye, Motioned Carried.

NEW BUSINESS

Dennis Richardson questioned as whether the Commission was going to respond to his request authorizing the play of Pineapple Poker. Executive Secretary Gromer advised that it was his opinion that such a proposal allowing Pineapple Poker would have to be presented as a rule through a rules hearing. Mr. Richardson felt that it was a variation of Omaha Poker, presently permitted by rule. The Chairman ruled to table the issue, and directed the Executive Secretary to address it as a proposed rule at the next rules hearing.

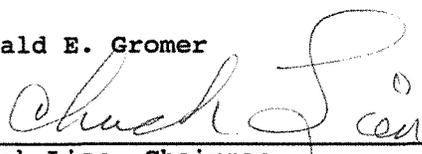

Jon Mattson commented that according to the FY-93 financial report that if the new law goes into effect, the state would receive a larger percentage of gaming proceeds.

ADJOURN

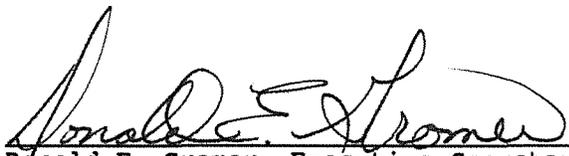

At about 11:26 a.m. Commissioner Yonkovich moved, seconded by Commissioner Fischer that the meeting be adjourned. All members voting aye, Motioned Carried.

Mr. Gromer stated new rules would need to be drafted in the near future. It was decided that the next meeting will be set for November 22-23, 1993 in Deadwood and rules will be considered at that time.

COMMISSION ON GAMING v. DANA SORENSEN

It was noted that Mr. Sorensen was not in the room. Mr. Tom Adam, requested Mr. Sorensen be granted 15 minutes to appear. At about 9:23 a.m. Chairman Lien noted Mr. Sorensen was not present and turned the hearing over to Commissioner Fischer and the hearing was held. At about 9:37 a.m. Commissioner Fischer declared the meeting closed and turned the meeting over to the Chairman. At about 9:45 a.m. Mr. Sorensen appeared, Chairman Lien re-opened the hearing and turned it over to Commissioner Fischer. Additional testimony was taken. At about 9:55 a.m. Commissioner Wagner moved, seconded by Commissioner Yonkovich, the hearing be closed. All members voting aye, Motion Carried.

Commissioner Wagner moved, seconded by Commissioner Fischer, the Commission agree with the recommendation of the Executive Secretary that effective October 15, 1993 Mr. Sorensen's Key employee license be suspended until July 1, 1994 at which time he can renew his Key employee license and if Mr. Sorensen wished to obtain a support license, one would be issued providing the \$50 license fee is paid. All members voting aye, Motion Carried.

Mr. Lien declared a short recess prior to the next scheduled hearing.

COMMISSION ON GAMING v. JOHN T. COLE

At about 10:06 a.m. Chairman Lien opened the hearing and turned it over to Commissioner Fischer as hearing officer. The hearing was held. At about 10:37 a.m. Commissioner Fischer closed the hearing and turned the meeting over to Chairman Lien.

It was noted that the Commission signed approval of the rules dated November 23, 1993 and Chairman Chuck Lien signed the certificate for same.

EXECUTIVE SECRETARY'S REPORT

Mr. Gromer presented a brief report prepared by Dan Seidler on the surveillance systems installed to date.

Mr. Gromer reminded the Commission that at the June 14, 1993 Commission meeting Elmer Pritchard of Twin City Cleaners was granted an extension until such time the Commission advises the Executive Secretary to revoke the extension. Gromer stated in view of the rules that were passed yesterday, Mr. Pritchard would have to have one camera and a recorder. Commissioner Crew moved, seconded by Commissioner Yonkovich, that Mr. Pritchard be given sixty (60) days to comply with the rules regarding surveillance. All members voting aye, MOTION CARRIED.

Mr. Gromer advised the Commission that Mr. Ron Russo of the Fairmont is not in compliance of the surveillance rules. Commissioner Crew moved, seconded by Commissioner Fischer, that Mr. Russo be given sixty (60) days to comply with the surveillance rules. After further discussion, Commissioner Crew amended her motion and moved, seconded by Commissioner Yonkovich, that everyone must be in full compliance within sixty (60) days from this date. All members voting aye, MOTION CARRIED.

Mr. Gromer reviewed the report prepared by Grant Gubbrud on the minimum requirements for a slot data system. After further discussion, Commissioner Wagner moved, seconded by Commissioner Yonkovich, that the Executive Secretary be authorized to appoint a committee of staff and industry people to review and come up with recommendations. All members voting aye, MOTION CARRIED.

Mr. Gromer reviewed the request from Sodak to allow the playing of electronic slot machine Keno games. After further discussion, Commissioner Fischer moved, seconded by Commissioner Yonkovich, to recognize the Keno game as a slot machine. All members voting aye, MOTION CARRIED.

Mr. Gromer reviewed the terms outlined in the Stipulation and Assurance of Voluntary Compliance entered into with Super G Investment Company. Commissioner Yonkovich moved, seconded by Commissioner Wagner, that the Stipulation be approved. All members voting aye, MOTION CARRIED.

Mr. Gromer stated Sodrac Park requested two simulcast performances per day for the 1994 calendar year and permission to be closed the Thanksgiving and Christmas matinee. Commissioner Wagner moved, seconded by Commissioner Fischer, that their request be granted. All members voting aye, MOTION CARRIED.

Mr. Gromer stated Fort Pierre has requested eight (8) days of live horse racing for the 1994 season, those dates being April 16-17, 23-24, April 30-May 1 and May 7-8. Commissioner Fischer moved, seconded by Commissioner Wagner, their request be granted. All members voting aye, MOTION CARRIED.

Mr. Gromer stated Aberdeen has requested seven (7) days of live horse racing for the 1994 season, those dates being May 14-15, 21-22 and 28-30. Commissioner Wagner moved, seconded by Commissioner Fischer, their request be granted. All members voting aye, MOTION CARRIED.

Mr. Gromer reviewed the request of Prairie Edge to transfer unexpired gaming device license stamps to Tin Lizzie's, a licensed operator. Mr. Gromer advised the public that under the law, any transfer or unexpired device fees between one licensee and another has to be approved by the Commission. Commissioner Yonkovich moved, seconded by Commissioner Fischer, their request be granted. All members voting aye, MOTION CARRIED.

Mr. Gromer advised the Commission of a new law that went into effect July 1, 1993, SDCL 1-26C that established an administrative law judge. After further discussion, Commissioner Fischer moved, seconded by Commissioner Yonkovich, Mr. Gromer be authorized to write a letter requesting an exemption for the Commission on Gaming. All members voting aye, MOTION CARRIED.

Mr. Gromer reviewed another new law that went into effect July 1, 1993, SDCL 25-7A-56 which basically states that any person who holds a privileged or professional license that requires licensing through a board or commission, owes \$1,000 or more in back child support is not to be considered for licensing until arrangements are made between that individual and the Department of Social Services. Mr. Gromer advised the business owners at the meeting to notify their employees of this new law and that our office will be watching for this during license renewal in 1994.

CALL TO ORDER

Chairman Lien called the meeting to order with the following Commissioners present: Chairman Lien at Rapid City site; Karl Fischer at Pierre site; Kristi Wagner at Aberdeen site and Karen Crew at Sioux Falls site. Commissioner Yonkovich was absent.

Others in attendance: See attached sign-in sheets.

APPROVAL OF MINUTES

Commissioner Wagner moved, seconded by Commissioner Fischer that the minutes of November 22-23, 1993 be approved as printed. All members voting aye, MOTION CARRIED.

PETITION FOR DECLARATORY RULING - 2 BUILDING DESIGNATION

MIDNIGHT STAR

Appearing on behalf of Midnight Star: Dana Duffy, General Manager; Dan Costner; Tim Richardson, Architect and Attorney James Nelson. Appearing on behalf of the Commission was Architect Mark Aspaas, Attorneys Tom Adam and Mike Shaw and Executive Secretary Don Gromer. The Commission considered expert testimony and examined evidence presented. After further discussion Commissioner Crew moved, seconded by Commissioner Fischer, that the Commission declare the structure known as the Midnight Star Casino constitutes two buildings and that upon proper application and compliance with all rules, regulations, statutes and requirements and upon determination of licensing suitability by the Commission on Gaming, would be entitled to 30 gaming devices per building. All members voting aye, MOTION CARRIED.

FRANKLIN HOTEL

Appearing on behalf of the Franklin Hotel: Bill Walsh, owner; John Feinberg, Architect and Attorney Roger Tellinghuisen. Appearing on behalf of the

Commission was Architect Mark Aspaas, Attorneys Tom Adam and Mike Shaw and Executive Secretary Don Gromer. The Commission considered expert testimony and examined evidence presented. After further discussion Commissioner Crew moved, seconded by Commissioner Wagner, that the Commission declare the existing structure known as the Franklin Hotel constitutes two buildings, i.e. the Franklin Hotel and the Mineral Palace, and that upon proper application and compliance with all rules, regulations, statutes and requirements, and upon determination of licensing suitability by the Commission on Gaming, 30 machines could be placed in each building. All members voting aye, MOTION CARRIED.

Mr. Roger Tellinghuisen informed the Commission the Franklin Hotel currently has two licenses for 15 machines each. Mr. Tellinghuisen stated it was their understanding that they could simply pay for the additional machines under each license to implement both licenses to capacity now with two building designation, assuming they meet the fire and safety codes that are now required. Mr. Gromer advised the Commission that the Franklin has two licenses, one named The Franklin and the other Dirty Nellie's. Gromer stated they were granted licenses upon request with the understanding that at that time the Franklin being only one premise, can only be entitled to 30 devices. It was the consensus of the Commission that the Franklin would have to apply for additional devices.

EXECUTIVE SECRETARY'S REPORT

Mr. Gromer reviewed the request of Joe Massa of REBA, Inc. to transfer four device stamps to Tin Lizzie, six device stamps to Black Hills Novelty and 28 device stamps to Super G Investments. After further discussion, Commissioner Fischer moved, seconded by Commissioner Crew, that the request be granted. All members voting aye, MOTION CARRIED.

ALLOCATION OF REVENUE FOR 1994 RACING

Mr. Gromer reviewed the requests for allocation of funds received from Ft. Pierre, Aberdeen and Sodrac for the 1994 season. Mr. Gromer stated Aberdeen had requested an additional \$700 for film patrol. Mr. Gromer recommended the following allocations be made to Aberdeen and Fort Pierre which are the same as last year with Aberdeen receiving the additional \$700 requested:

	FORT PIERRE	ABERDEEN
Point Money	\$ 41,000	\$ 49,000
Purse Money	43,500	48,500
Stakes Money	23,700	36,300
Track Operational Expenses	7,000	8,500
Cost of Video	6,075	4,725 (\$775/day
(\$675/day x 9 days)		x 7 days)
TOTAL	<u>\$121,275</u>	<u>\$147,725</u>

After further discussion, Commissioner Fischer moved, seconded by Commissioner Wagner, that Fort Pierre be allocated \$121,275 and Aberdeen be allocated \$147,025 along with the additional \$700 requested for a total of \$147,725. All members voting aye, MOTION CARRIED.

Commissioner Wagner moved, seconded by Commissioner Fischer, that \$122,500 be allocated to Sodrac for 1994. All members voting aye, MOTION CARRIED.

UPDATE ON COMMISSION v. GREG HARLAN

Mr. Gromer advised the Commission of the Judgment of Acquittal in the above-entitled matter. After further discussion, Commissioner Fischer moved, seconded by Commissioner Crew, that the Formal Commission Complaint against Mr. Harlan be dismissed. All members voting aye, MOTION CARRIED.

At about 10:10 a.m. Chairman Lien announced a five minute recess and advised the Commission would be going into executive session.

Commissioner Wagner moved, seconded by Commissioner Fischer, to go into executive session. All members voting aye, MOTION CARRIED.

At about 11:15 a.m. Commissioner Fischer moved, seconded by Commissioner Wagner, to come out of executive session. All members voting aye, MOTION CARRIED.

Decisions made during executive session on the Petitions For A Declaratory Ruling of the Midnight Star and Franklin Hotel are listed above under their respective heading.

Commissioner Crew moved, seconded by Commissioner Fischer, to approve the minutes of the public rules hearing. All members voting aye, MOTION CARRIED.

LICENSING

Commissioner Crew moved, seconded by Commissioner Fischer, that the following individuals be granted a Key employee licensee:

Michael Clausen	Steven Frankman	LeRoy Halvorson
Joni Hamann	Kenneth Kermu	Linda Lamb
Tana Neel	Danny Wait	

All members voting aye, MOTION CARRIED.

Commissioner Fischer moved, seconded by Commissioner Crew, that the following individuals be denied a Key employee license:

Pam Mack	Esther Sano
----------	-------------

All members voting aye, MOTION CARRIED.

Commissioner Fischer moved, seconded by Commissioner Crew, that Neil Jenkins an owner with Bally be granted a Manufacturer license. All members voting aye, MOTION CARRIED.

Commissioner Wagner moved, seconded by Commissioner Fischer, that the Silverado III be granted a permanent retail license. All members voting aye, MOTION CARRIED.

OLD BUSINESS

Mr. Gromer reported that he selected a Committee of licensed operators in Deadwood to study minimum requirements for a slot data system, meetings were held and a document prepared to be sent to all licensed operators for their review and input. Mr. Gromer stated he hoped to have a finalized document prepared by the next meeting.

NEW BUSINESS

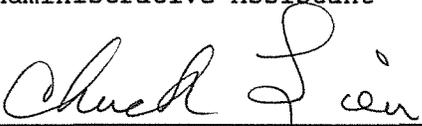

It was decided the next Commission meeting will be held in Deadwood April 7-8, 1994.

VIA CONFERENCE CALL

11:00 A.M. - CALL TO ORDER

Chairman Lien called the meeting to order with a roll call vote. Present were Commissioners Karen Crew, Kristi Wagner, Karl Fischer and Chuck Lien. Commissioner Jack Yonkovich was absent.

Others in attendance: Don Gromer, Stan Triplett, Grant Gubbrud, Cora Hunsley and Mike Shaw.

ISSUANCE OF RETAIL LICENSE FOR DURTY NELLY'S, INC.

Chairman Lien and Don Gromer updated the Commission of the issue to be decided. Mr. Gromer stated that initially the Franklin was first licensed as such and they were given two licenses with the understanding that it recognized at that time as one building and could only have a combined number of 30 devices. Gromer stated that based upon the last meeting where the Franklin was recognized as two different buildings, the Hotel Franklin, Inc. and Durty Nelly's Inc., which are two separate corporations are basically coming in now and stating that they each want a separate retail license which would entitle them to 30 devices each, that 30 devices would be with the Hotel Franklin, Inc. and 30 devices would be with Durty Nelly's, Inc. Commissioner Fischer moved, seconded by Commissioner Wagner, that the Hotel Franklin, Inc. and Durty Nelly's, Inc. both be licensed and recognized as holders of retail licenses, making both eligible for 30 devices. Commissioner Crew noted for the record that it appeared that all documentation for the license has been received from the Fire Marshal and the City. Chairman Lien called for a roll call vote, all members voting aye, MOTION CARRIED.

OLD BUSINESS

Mr. Gromer advised the Commission that it appears it may be necessary to have a complete two day meeting April 7-8, 1994 and recommended the Commission arrive on Wednesday.

EXECUTIVE SECRETARY'S REPORT

Mr. Gromer advised the Minimum Specifications and Testing Procedures for a Slot Data System prepared by Grant Gubbrud was based upon input from the Committee that was appointed and the operators. After further discussion, Commissioner Crew moved, seconded by Commissioner Wagner that the Specifications, as well as the Testing Procedures be adopted. All members voting aye, MOTION CARRIED.

Mr. Gromer raised the issue of whether or not a business that was licensed as a distributor would need a manufacturer's license or vice versa. Mr. Gromer stated after a review of SDCL 42-7B, it was the opinion of Tom Adam, Legal Counsel and his that you would not need separate licenses. Commissioner Crew moved, seconded by Commissioner Wagner, that in complying with State law if licensed as a manufacturer or a distributor they do not have to have a separate license for the purpose of licensing, they are interchangeable. After further discussion, all members voting aye, MOTION CARRIED.

Mr. Gromer advised the Commission of new legislation passed in the 1994 session that related to gaming and racing. Gromer stated HB 1139 which deals with the breakout of monies only affects the 40% that goes to the State. Gromer stated HB 1347 deals with interlink progressives which allows a licensed manufacturer or distributor to supply a licensed operator with the communication service for interlink progressives throughout the State except for the City of Deadwood due the case that is now in the Supreme Court. Gromer stated SB 196 deals with simulcasting. Gromer stated that under the present law Sodrac is the only one authorized to conduct simulcasting. Gromer stated this amendment allows someone else to operate simulcasting if Sodrac discontinues simulcasting. Gromer stated this bill does not list any criteria for the Commission to follow in awarding the simulcast license and the Commission may want to draft rules setting the criteria. Ron Olinger stated the legislation was drafted for the Commission to set the criteria.

Mr. Gromer asked if the Commission wanted a report on each Stipulation and Assurance of Voluntary Compliance he entered into with the following individuals: Guy C. Andrews III; Joe Massa d/b/a Eagle Bar; Gary Case d/b/a Bella Union; Lori Schumacher; Linda Schepers; Gary Dohman; Wallace Erickson; John T. Long; Mike Trucano d/b/a S-Mart and Ferd Balkenhol d/b/a Painted Pony. Commissioner Crew requested Mr. Gromer explain the situation relating to the Bella Union. COMMISSION ON GAMING v. DEBRA WULLSTEIN

This issue in this case was that Ms. Wullstein was denied a support license by the Executive Secretary on the basis of her extensive criminal and credit history. The hearing was held and evidence taken. Appearing on behalf of Ms. Wullstein were her sister, Christina Welsh and her husband, Ray Wullstein. Don Gromer, Executive Secretary presented the Commission's case. At about 10:10 a.m. Commissioner Yonkovich rejoined the meeting. At about 10:21 Commissioner Crew closed the hearing. Commissioner Wagner moved, seconded by Commissioner Thompson, that the Commission affirm the Executive Secretary's decision to deny the support license to Debra Wullstein based on the records presented. All members voting aye, MOTION CARRIED.

EXECUTIVE SECRETARY'S REPORT

Mr. Gromer stated he wanted to encourage all licensees to submit their renewals in as soon as possible so they can be processed for a license by July 1.

Mr. Gromer briefed the Commission on the issue of an individual currently licensed as an operator with a corporation as a passive owner not directly employed on a day-to-day operation. This owner has been contacted by another operator to work as a manager or key employee. Mr. Gromer stated this individual wanted to use his owner license to manage the third party's premises. Mr. Gromer asked the Commission whether or not this operator/owner license is good in other premises or should they be required to submit an application for a key employee license. Gromer stated that due to statute and rule guidelines, this individual would be required to obtain a key license. Mr. Gromer stated Tom Adam, Legal Counsel for the Commission, researched this issue and a letter was in the packet. Mr. Gromer requested the Commission adopt a policy on this issue. Commissioner Crew moved, for purposes of discussion, seconded by Commissioner Yonkovich, that the Commission require individuals that work in key areas, even if they hold an operator or owner license in another establishment that they obtain the appropriate license, whether it be a key or a support license. Mr. Gromer stated at present there are three different individuals where this decision is directed. Mr. Gromer stated action was taken at the last meeting of an individual with an owner license requesting a key employee license. After further discussion Chairman Fischer called for the vote. All members voting aye, MOTION CARRIED.

Mr. Gromer briefed the Commission of the terms agreed to in the Stipulation and Assurance of Voluntary Compliance he entered into with David Kenyon, a Support licensee. Commissioner Crew moved, seconded by Commissioner Wagner, that the Commission accept the Stipulation and Assurance of Voluntary Compliance on David Kenyon. All members voting aye, MOTION CARRIED.

LICENSING

COMMISSION ON GAMING
CITY HALL - 102 SHERMAN STREET
DEADWOOD, SD

3:00 P.M. - JANUARY 11, 1995

CALL TO ORDER AND APPROVAL OF MINUTES

Chairman Fischer called the meeting to order with the following members present: Carv Thompson and Karl Fischer. A quorum was not established. Chairman Fischer stated that due to the fog in Sioux Falls, the charter pilot requested Commissioner Crew to drive to Brookings to be picked up, therefore, Commissioners Karen Crew and Jack Yonkovich would be late.

At about 4:30 p.m. Chairman Fischer called the meeting to order with the following members present: Carv Thompson; Karen Crew; and Jack Yonkovich. Absent: Kristi Wagner.

Staff present: Tom Fahey, Stan Triplett, Grant Gubbrud and Cora Hunsley.

Others present: Mike Shaw, legal counsel.

A discussion was held on the minutes of November 29-December 1, 1994. Commissioner Thompson requested the minutes of the last meeting be amended to include the maximum amount of Mr. Aspaas' contract and the amount it was raised to. Commissioner Crew requested the minutes be amended on page five, the second to the last paragraph where it said "Commissioner Crew advised Mr. Skipp". You notice in there Mr. Skipp asked if the rule stipulation that the applications need to be filed prior to October 31st and the conflict it would create and whether the Commission had the authority, I said we could waive it. If you recall, he consented and I asked him on the record, do you consent. He consented on the record on that action, to that six month deal and he agreed it was the proper thing to do and further stated he would be happy to work with the Commission. After further discussion, Commissioner Thompson moved, seconded by Commissioner Crew, that the minutes be approved as amended. All members voting aye, MOTION CARRIED.

HISTORICAL REVIEW ON RACING - GRANT GUBBRUD

Grant Gubbrud presented a historical overview of the racing industry. Testimony was received from the following: Ron Olinger, Tom Maher and Lyle Hedman representing the SD Horsemen's Association; Rolly Aman, President of the SD Thoroughbred Association; Pat Sutley, Fort Pierre Chamber of Commerce; Ron Krogman, General Manager, Aberdeen American Legion; and Phil Skip, General Manager of Sodrac Park.

At about 10:30 Chairman Fischer declared a 15 minute break.

At about 10:47 Chairman Fischer called the meeting back to order.

Commissioner Thompson stated he wished to thank Grant and all the rest for speaking on the racing topic.

RACING ISSUES

ALLOCATION OF FUNDS

A discussion was held on the allocation of funds to Sodrac Park for the 1994 calendar year. Commissioner Crew expressed her concerns regarding Sodrac's request for allocation of funds due to the fact they were granted a temporary license for six months and the request was for 12 months. Commissioner Yonkovich moved, seconded by Commissioner Thompson to approve reimbursement of operational expenses for Sodrac on a pro-rated basis for six months, not to exceed \$61,250. Commissioner Thompson requested Mr. Skipp to provide a more detailed financial statement and that Mr. Olinger provide a copy of the latest economic impact study regarding racing. Mr. Maher stated this was a survey of all the members and offered to provide it. All members voting aye, MOTION CARRIED.

A discussion was held on the request for allocation of funds received from Fort Pierre and Aberdeen stating it was an increase over last year. Mr. Krogman and

Mr. Sutley explained the improvements they have planned for their respective tracks, therefore, the request for additional operating expense. Mr. Gubbrud stated that previously the Commission gave additional operating money to the tracks when they came in with a firm estimation of cost and suggested the track come forward with a firm estimation on cost of improvements they plan to do and the Commission can review this prior to the allocation of additional funds for operating costs. After further discussion, Commissioner Crew moved, seconded by Commissioner Yonkovich, to approve the funds requested as follows, provided they furnish the Commission with proof of expenditures and proof of actual repairs made up to \$10,000 not to exceed \$5,000 per track.

	FORT PIERRE	ABERDEEN
Point Money	\$ 49,200	\$ 58,800
Purse Money	52,200	58,200
Stakes Money	28,440	43,560

Chairman Fischer announced the meeting would re-convene between 1:00 and 1:15 p.m.

At about 12:08 p.m. Commissioner Crew moved, seconded by Commissioner Thompson, to come out of executive session. All members voting aye, MOTION CARRIED.

At about 1:26 p.m. Chairman Fischer called the meeting to order.

Mr. Richard Pluimer, Attorney from Belle Fourche, appeared on behalf of Ken Kellar. Mr. Pluimer updated the Commission on the current status of Mr. Kellar and Way West, Inc. Commissioner Crew commented if the stock had not been transferred to Mr. Keller's name, there isn't any danger to the Commission at this point if it isn't in his name and particularly, if the bank is willing to hold the stock, he wouldn't even be holding stock not in his name. Commissioner Crew thanked Mr. Pluimer for explaining this and to keep the Commission advised of any changes in Mr. Keller's status, which Mr. Pluimer agreed to do.

Mr. Robert Weber appeared on behalf of the Deadwood Poker Association and presented a Petition for a Declaratory Ruling on poker tournaments and presented background for his request. It was noted that the petition was received at the last minute and not properly noticed on the agenda, therefore, there may be other parties interested in this issue. Mr. Weber was directed to have an attorney research the issues and re-submit the petition to be more precise in setting out

the issues to be addressed. Mr. Weber was advised of the 10 days rule for submitting agenda items to be considered by the Commission and directed to submit the petition early enough to be reviewed by the Commission's legal counsel. Commissioner Crew moved, seconded by Commissioner Yonkovich, that in view of this being a formal proceeding the petition be passed until the next meeting to enable Mr. Weber to amend the petition and no action need be taken under our rules at this point because this was not received 10 days ahead of time. Commissioner Thompson asked the purpose of the motion, Commissioner Crew stated it was not received in time and she wanted to pass it for further information. Commissioner Crew further stated there were some complicated legal issues and encouraged Mr. Weber to seek legal counsel in drafting his petition. After further discussion, all members voting aye, MOTION CARRIED.

Ms. Wanda Stone, Casino Manager and Jeff Bendix, Manager of the Blackjack Department for the Dakota Sioux Casino in Watertown and operated by the Sisseton-Wahpeton Sioux Tribe, presented the following new games to be considered: (1) Let It Ride; (2) 21 Plus; (3) Caribbean Stud; and (4) 21 Superbucks. Chairman Fischer advised Ms. Stone and Mr. Bendix that the Commission was very limited by state law as to what they can allow in Deadwood and compacts. Chairman Fischer further advised that the Commission is currently awaiting an opinion from the Attorney General on 21 Superbucks at the present time. Ms. Stone stated she understood the problems the Commission has had with new games and wanted to go through the chain of command by presenting the request to the Commission. Ms. Stone also reminded the Commission that Watertown had a \$100 limit.

Mr. Fahey requested the Commission take up licensing next as there were individuals waiting to be interviewed.

At about 2:10 Commissioner Crew moved, seconded by Commissioner Yonkovich, to go into executive session to discuss licensing. All members voting aye, MOTION CARRIED.

At about 3:05 Commissioner Yonkovich moved, seconded by Commissioner Thompson, to come out of executive session. All members voting aye, MOTION CARRIED.

RACING ISSUES

PLAN FOR RACING STATUTE AND RULES

Mr. Fahey stated at the direction of the Commission, he has developed a schedule for the re-writing of the statute and rules and regulations relating to racing. Testimony was received from Mr. Ron Olinger of the Horsemen's Association and Mr. Phil Skipp of Sodrac. After further discussion, Commissioner Crew moved, seconded by Commissioner Yonkovich, that the Commission adopt the memorandum of Mr. Fahey of February 22, 1995 which gives a time line to review the current rules and regulations and statute. Commissioner Crew added that she did not believe that staff alone could do this. We are going to have counsel carry a large share of that because the staff right now, has a lot of things to do that don't include this. It is anticipated that we have counsel and whatever counsel needs in support and personnel to assist in this as well. All members voting aye, MOTION CARRIED.

CONSULTANT CONTRACTS

Mr. Fahey informed the Commission that Harris Laboratories who previously held the contract for lab testing has merged with Industrial Laboratories, therefore, the contract has been changed to reflect Industrial Laboratories. Commissioner Yonkovich moved, seconded by Commissioner Thompson, that the Executive Secretary be authorized to sign the contract with Industrial Laboratories. All members voting aye, MOTION CARRIED.

Mr. Fahey advised the Commission that Dr. Roger Genetzky was the only veterinarian to respond to the advertisement for a veterinarian at the Fort Pierre and Aberdeen horse races. Commissioner Thompson moved, seconded by Commissioner Yonkovich, that the contract with Dr. Genetzky be approved. All members voting aye, MOTION CARRIED.

Mr. Fahey advised the Commission on moving the hub from Sodrac to Colorado and that he and Grant Gubbrud have made arrangements to visit the facilities during the week of April 14th. Jim Olson of United Track Racing explained the changes made in South Dakota, how it will affect simulcast racing industry in this state and how the accounting will be done. A discussion was held on the access of information with the facility located in Denver as opposed to South Dakota.

At about 2:15 p.m. Commissioner Thompson moved, seconded by Commissioner Wagner, to go into executive session to discuss licensing. All members voting aye, MOTION CARRIED.

At about 2:35 Commissioner Crew moved, seconded by Commissioner Wagner, to come out of executive session to. All members voting aye, MOTION CARRIED.

A discussion was held on the next Commission meeting. It was the consensus of the Commission that the next meeting be tentatively set for May 18-19, 1995 in Aberdeen to start at 3:00 p.m. and the following meeting be tentatively set for June 14, 1995 in Deadwood.

At about 2:45 p.m., Commissioner Thompson moved, seconded by Commissioner Wagner, that the meeting be adjourned until 8:30 a.m., March 24, 1995.

8:30 A.M. - MARCH 24, 1995

**MINUTES OF SPECIAL MEETING
SOUTH DAKOTA COMMISSION ON GAMING
HELD BY TELEPHONE CONFERENCE CALL
12:00 NOON CENTRAL STANDARD TIME
WEDNESDAY, FEBRUARY 14, 1996**

The South Dakota Commission on Gaming held a special meeting by telephone conference call at 12:00 noon, Central Standard Time, Wednesday, February 14, 1996 pursuant to a Petition for Administrative Rule Change having been filed by Roger A. Tellinghuisen, Esquire and pursuant to public notice thereof having been duly given as prescribed by law. A copy of the Petition for Rule Amendment and a copy of the public notice of this meeting are attached to the original of these minutes.

Interested persons were provided with an opportunity to hear and participate in this telephone conference call meeting by being present at the South Dakota Commission on Gaming offices in Pierre and the Commission offices in Deadwood.

Participating in the conference call were Commissioners Fischer, Thompson, Crew, Brewer and Emery.

Other persons who heard and participated in this meeting were Michael F. Shaw, Commission Attorney, Danna Bren, Administrative Assistant (at the Pierre office), Grant Gubbrud, Jim McKee, Roger A. Tellinghuisen, Mike Rodman, Jon Mattson (in the Deadwood office) and Executive Secretary Larry B. Eliason, and David L. Volk, Secretary of the Department of Commerce and Regulation.

The Chairman called the meeting to order at 12:00 noon, Central Standard Time. After the roll call was taken by the Executive Secretary, it was determined that all members of the Commission were participants in this meeting.

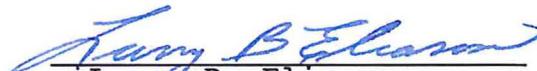

After a period of general discussion, Mr. Tellinghuisen stated that he was withdrawing his petition for the rule amendment at this time. No party objected to Mr.

Tellinghuisen withdrawing his petition at this time.

Commissioner Brewer moved to dismiss the petition based on its withdrawal by its proponent. The motion was seconded by Commissioner Emery. The motion was unanimously carried.

There being no further business which could properly come before the Commission because of the nature and notice of this special meeting, the meeting was adjourned at 12:25 P.M.

I hereby certify that the foregoing are the true and correct minutes of a special meeting of the South Dakota Commission on Gaming held by telephone conference call on Wednesday, February 14, 1996.

**MINTUES OF SPECIAL TELECONFERENCE
MEETING**

The South Dakota Commission on Gaming held a special teleconference meeting via the Rural Development Telecommunications Network at 2:00 P.M., CST, Thursday, November 16, 2000. The purpose of the meeting was to adopt emergency rules following the certification of the vote on Initiated Measure #1.

The following Commissioners participated: Chairman, Elaine Emery, Vice Chairman, John Wiles and Commissioners John Luisi, Larry Ness and Brian Meyer. Executive Secretary Larry Eliason, Commission Counsel Mike Shaw and Commission Slot Systems Specialist Trent Mohr also participated. A complete list of the attendees is filed with the original of these minutes.

Executive Secretary Larry Eliason read into the record a letter which he had received on November 16, 2000 from Joyce Hazeltine, Secretary of State, certifying that Initiated Measure #1 received 161,249 yes votes and 151,244 no votes on November 7, 2000. The Initiated Measure #1 became effective on November 16, 2000.

Mr. Shaw recommended the proposed Emergency Rule 120:18:17:20 as distributed be amended by striking the figure 100 in the last sentence and inserting 2,000. The effect of the amendment would have the last sentence of the rule read:

"The maximum number of credits which may be applied to any wager on a slot machine is 2,000 not to exceed \$100.00."

Mr. Mohr suggested that proposed Emergency Rule 120:18:20:06 be amended in the underlined sentence by changing the maximum diameter from 1.655 inches to 1.875 inches and the maximum thickness from 0.099 inch to 0.106 inch. The effect of that amendment would have the underlined sentence read:

"Twenty-five dollar tokens must be disc shaped and must measure from 1.655 through 1.875 inches in diameter and from 0.099 through 0.106 inch thick."

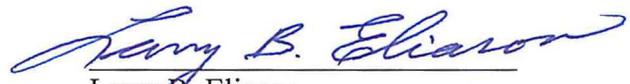

Commissioner Meyer moved that Emergency Rules 120:18:15:03, 120:18:16:11.03, 120:18:16:15.01, 120:18:17:20, 120:18:20:06 and Form 1SDCGF-38 be adopted with the amendments noted above. This motion was seconded by Commissioner Wiles. On the roll being called, the vote was as follows:

Commissioner Meyer - yes
Commissioner Wiles - yes
Commissioner Luisi - yes
Commissioner Ness - yes
Commissioner Emery - yes

There being no further business to properly come before the Commission, Chairman Emery declared the meeting adjourned at 2:25 P.M.

Respectfully submitted:

Because Johners (owners of the Wing Tsue Building) have a business relationship with the Rapid City branch of his business, Commissioner Karl Fischer recused himself from discussion and consideration of the Wing Tsue Building issue

LUNCH BREAK

Commissioners adjourned for a lunch break from 1:30 pm to 2:10 pm.

EXECUTIVE SESSION

Upon returning from the lunch break, Commissioner Ortner moved that the Commission retire to executive session for deliberations on the administrative hearing of the Wing Tuse Building matter. The motion was seconded by Commissioner Lyons and passed 4-0 with Commissioner Fischer recused..

Decisions on Wing TsueHearing

After competing deliberations the Commission returned to open session. Commissioner Lyons moved to not file a formal complaint in regards to the Wing Tsue Building. Commissioner Lyons noted that the Commission takes historic preservation seriously. Commissioner Kemintz recommended better communication. Commissioner Kemintz noted at times the Commission was presented with conflicting testimony regarding what exactly constitutes a rule violation. The Commissioners stated that the Wing Tuse building was probably in worse condition than considered by either the City of Deadwood or the Johners.

Commissioner Kemintz expressed hope that the Johner family would try and to up some type of appropriate memorial, working with the city and the Wong family.

Commissioner Ortner seconded the motion. Commissioner Fischer recused himself and the motion passed 4-0.

RULES HEARING

A demonstration of the card game Buster Blackjack was presented.

Marty Nelson from Saloon Gambling spoke on behalf of the card game Crazy Pineapple Poker.

A representative from Bally's spoke on behalf of changes to software requirements for percentage payouts on slot machines. Mike Trucano, AG Trucano, also spoke favorably in regards to the percentage payout change.

Jim Nelson and Mike Wordeman discussed the problems associated with the fact that the City of Deadwood has adopted the International Building Code while the Gaming Commission still uses the Uniform Building Code.

MINUTES
December 11, 2007

At 09:00 a.m. the meeting was called to order. Commissioners Ralph Kemnitz, Rita Thompson, Karl Fischer, Michael Ortner and Shawn Lyons were present. Staff members present for the meeting were Michael Shaw, Commission Attorney; Larry Eliason, Executive Secretary; Craig Sparrow, Director of Operations and Enforcement.

ADMINISTRATIVE HEARINGS

The court reporter for the hearings was Cynthia M. Weichmann. The following cases were scheduled to be heard:

- Deadwood Resorts, LLC – Petition for Declaratory Ruling –Decision and Order
- SDCOG vs. AmWest Entertainment, LLC
- SDCOG vs. Gerald Bloemke
- SDCOG vs. Charlotte Still
- SDCOG vs. Laura Kenyon

Decisions on Petitions for Declaratory Ruling

Deadwood Resorts, LLC- Petition for Declaratory Ruling

The motion was made by Commissioner Fischer to move to executive session seconded by Commissioner Thompson. Commissioner Lyons recused himself from the decisions for the declaratory ruling and from the executive session due to not being present at the prior meeting.

At 9:31 a.m. the Commissioners returned from executive session with the following findings:

1. That Petitioner's attempt to designate Buildings 1 through 9 as anchor buildings would give them an unfair competitive advantage over existing licensed retail establishments and casinos in Deadwood and, therefore, would violate SDCL § 42-7B-2.1(1).
2. That Petitioner's designation of Buildings 1 through 9 as anchor buildings does not comply with the intent of the 2003 IBC, as it relates to licensed retail establishments in Deadwood, in that Buildings 1 through 9 are not sizeable department stores, large department stores situated along the perimeter of the covered mall building, nor are they separate retail establishments which, by their nature, would draw a considerable number of people independent of the covered mall, as anchor buildings are contemplated under the 2003 IBC Commentary.
3. That the proper designation of the Buildings 1 through 9 would be as tenant spaces and not as anchor buildings.
4. That the anchor buildings as proposed create significant life safety factors that can only be alleviated by complying with the continued Commission requirement that openings be at least 75 percent enclosed with the other 25 percent covered by a water curtain.
5. That as the Buildings 1 through 9 are not correctly designated as anchor buildings, that the plan as proposed by Petitioner does not meet the 2003 IBC and, therefore, the buildings as proposed by Petitioner cannot be considered separate and distinct for purposes of determining whether thirty (30) devices could be placed in each structure pursuant to SDCL Ch. 42-7B and the Administrative Rules of South Dakota Ch. 20:18.

A motion was made by Commissioner Ortner to reject the proposed findings and conclusions submitted by the Petitioner and accept the proposed findings and conclusion as submitted by Michael Shaw, Commission Attorney, adopting amendments 46, 47, 48, and 49 to the petition and in the conclusion section to add a new 22 and the old 22 becomes 23. The motion was seconded by Commissioner Thompson. Motion carried unanimously.

Decision SDCOG vs. AmWest Entertainment, LLC

Larry Eliason, Executive Secretary recommended the withdrawal of the complaint against AmWest Entertainment with the condition that Nelson Clemmens and Teresa Tyler-Florence be listed as sole owners and that no owners of stock be transferred to another individual without the prior approval of SDOCG. Motioned was made Commissioner Lyons to accept the recommendation and stipulation and seconded by Commissioner Fischer. Motion carried unanimously.

Decision SDCOG vs. Gerald Bloemke

Gerald Bloemke was not present. Motion was made to revoke license by Commissioner Ortner and seconded by Commissioner Fischer. Motion carried unanimously.

South Dakota Commission on Gaming Special Meeting

MINUTES December 30, 2009

At 09:00 a.m. the special meeting of the SD Commission on Gaming was called to order. Commissioners Ralph Kennitz, Commissioner Rita Thompson, Commissioner Karen Crew, Commissioner Karl Fischer, and Commissioner Michael Ortner were present. Staff members present for the meeting were Michael Shaw, Commission Attorney; Larry Eliason, Executive Secretary; and Craig Sparrow, Director of Operations and Enforcement.

Commissioner Kennitz called the meeting to order. The special meeting was requested pursuant to SDCL 42-7B-8 by the following parties listed below to discuss the Agreements relating to the proposed sale between the parties;

- ✓ Gold Dust Gaming, Inc.
- ✓ Four Aces Gaming, LLC
- ✓ Four Aces Holding, LLC

Deadwood Licensing Matters

Craig Sparrow, Director of Operations and Enforcement recommended approval of the following:

- ✓ Nathan Kessler as an additional owner on the Four Aces Gaming, LLC Operator (**215-OP**) and Route Operator (**0029-RO**) Licenses. In addition, staff recommends upon execution of the "Assignment of Membership Interest" where Bill and Tom Wohlers assign their membership interest in Four Aces Gaming, LLC to Nathan Kessler, that Four Aces Gaming, LLC be approved for 3 Retail Licenses (**0475, 0476 & 0477-RT's**).

The decision on the recommendations was deferred to Executive Session.

Contract Approval Request

A request to approve the proposed contracts for the sale of Assets from Gold Dust Gaming, Inc to Four Aces Holding, LLC (non-gaming assets) and Four Aces Gaming, LLC (gaming assets) was presented. Roger Tellinghuisen representing Gold Dust Gaming, Inc. and one of its owners Bill Wohlers was present. Four Aces Holding, LLC was represented by Jeff Lamont and Don Dunham with his attorney John Archer and representing Four Aces Gaming LLC, was Bill Wohlers and Nathan Kessler.

Also present at the meeting was Rick Martin, President of the Great Western Bank that is financing the proposed sale between the parties and Greg Klein, who has a judgment against one of the parties to the sale that could affect it. Mr. Klein's attorney, Tom Brady, was also present.

The structure of the sale being requested was to sell all gaming assets to Four Aces Gaming, LLC, a licensed Operator and Route Operator by the SD Commission on Gaming and all non gaming assets including the real estate to Four Aces Holding, LLC. Four Aces Holding, LLC is comprised of 50% ownership by High Noon Investments, LLC (Don and Christine Dunham), 35% ownership by King of Diamonds, LLC (Jeff Lamont) and 15% ownership by Four Aces Lodging, LLC (Lamont Companies-6%, Whitewood LP-4.9995% and Chris Lamont-4.0005%). Don & Christine Dunham and Jeff Lamont have recently submitted application for licensure with the SD Commission on Gaming and background investigations are pending.

Commissioner Ortner made a motion to go into Executive Session pursuant to SDCL 42-7B-8.1 (1) & (5) to discuss all contracts included in the request. Commissioner Fischer seconded the motion which carried unanimously.

Executive Session

After coming out of Executive Session the following motions were made.

Commissioner Ortner made a motion to approve the contractual agreements identified below for the proposed sale between Gold Dust Gaming, Inc. and Four Aces Holding, LLC & Four Aces Gaming, LLC;

- ✓ Agreement for Sale and Purchase of Assets and Covenant Not to Compete between Gold Dust Gaming, Inc., and Four Aces Holding, LLC, (non-gaming)
- ✓ Agreement for Sale and Purchase of Assets and Covenant Not to Compete between Gold Dust Gaming, Inc., and Four Aces Gaming, LLC, (gaming)
- ✓ Assignment and Assumption Agreement between Gold Dust Gaming, Inc., and Four Aces Holding, LLC, (non-gaming contracts and leases).
- ✓ Assignment and Assumption Agreement between Gold Dust Gaming, Inc., and Four Aces Gaming, LLC, (gaming contracts and leases which include assumption of route agreements and space leases, as well as management agreements including retail licenses).

The approval is contingent upon the transaction taking place, that clear, good and sufficient title can be transferred to the property and that notification of the date of closing is provided to the Executive Secretary. Commissioner Fischer seconded the motion which carried unanimously.

Commissioner Ortner made a motion to approve Nathan Kessler as an additional owner of Four Aces Gaming, LLC Operator and Route Operator licenses and upon execution of the Assignment of Membership Interest, approve Four Aces Gaming LLC for 3 retail licenses. Commissioner Crew seconded the motion which carried unanimously.

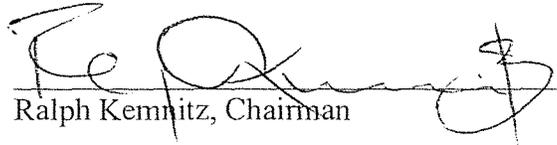

Commissioner Ortner made a motion to approve a conditional Operators license for Four Aces Holding, LLC, with proposed ownership by Don Dunham, Christine Dunham and Jeff Lamont. This license is conditional upon full compliance and cooperation with the staff during the background investigation so that if at all possible the issuance of a permanent license can be

made at the March 2010 Commission meeting. Commissioner Thompson seconded the motion which carried unanimously.

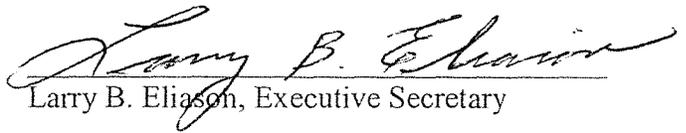

The meeting was adjourned.

**South Dakota Commission on Gaming Quarterly Business Meeting
Administrative Hearings and Proposed Rules Hearing Meeting
Deadwood City Hall, Deadwood, South Dakota**

MINUTES
November 28, 2012

At 09:00 a.m. the meeting was called to order. Commissioner Ralph Kemnitz, Commissioner Karen Crew, Commissioner Harry Christianson, Commissioner Dennis Duncan, and Commissioner Tim Holland were present. Staff members present for the meeting were Michael Shaw, Commission Attorney; Larry Eliason, Executive Secretary; Craig Sparrow, Director of Operations and Enforcement.

ADMINISTRATIVE HEARINGS

The court reporter for the hearings was Jean Carlson. The following cases were scheduled to be heard:

- SDCOG vs. Angel Stoltenberg
- SDCOG vs. Patrick Jensen
- Appeal of Denial of Renewal of Support License by Paul Wojton

SDCOG vs. Angel Stoltenberg

Commission Attorney, Michael Shaw, said he was advised by Greg Sperlich, licensee attorney, that Mr. Sperlich and Ms. Stoltenberg would not be attending the hearing. A complaint was filed alleging that on September 21, 2012 the licensee was convicted of the charge of Grand Theft, a felony, by a jury in Lawrence County for a theft which occurred at the Gold Dust, a licensed gaming establishment at which she was employed. Staff recommended that her support license be revoked. Commissioner Christianson made a motion that Ms. Stoltenberg's support license be revoked. Commissioner Crew seconded the motion which carried unanimously.

SDCOG vs. Patrick Jensen

Mr. Jensen was not present for the hearing. A complaint was filed alleging that on September 15, 2012 that licensee stole a ticket with a value of \$300 from a slot machine at the Lodge at Deadwood, a licensed gaming establishment at which he was employed. Staff recommended that his key license be revoked. Commissioner Christianson made a motion that Mr. Jensen's key license be revoked. Commissioner Duncan seconded the motion which carried unanimously.

SDCOG vs. Paul Wojton (Renewal Appeal)

Mr. Wojton was present for the hearing. The renewal of Mr. Wojton's support license was denied by the Executive Secretary because on June 16, 2012 the licensee was arrested in Spearfish, South Dakota, on two counts of hiring for sexual activity and two counts of stalking. On June 28, 2012 a Lawrence County Grand Jury indicted Mr. Wojton on all four of those counts. The licensee later pled guilty to the two counts of stalking. On October 28, 2012 the Court sentenced him to serve 180 days in jail with 175 days of that sentence suspended and imposed other conditions. Staff recommended that Mr. Wojton's support license renewal be denied. The decision was deferred to Executive Session.
