The FY2025 South Dakota Department of Revenue Annual Report is available in the "publications" section on the department's website at [dor.sd.gov](http://dor.sd.gov). The online report will be considered the most up-to-date and accurate version. Any corrections or modifications made to the report after the print version is issued will be noted in the online version on this page, along with a description of the correction or update.

State (SDCL ch. 20-13) and federal (Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973 as amended, and the Americans with Disabilities Act of 1990) laws require that the Department of Revenue provides services to all people without regard to race, color, creed, religion, sex, disability, ancestry, or national origin. The South Dakota Department of Revenue 2025 Annual Report is written and designed to make information accessible to the general reader. One hundred seventy-five copies of this document were printed at \$4.34 per document.

# A Message From Secretary Houdyshell

"As we look ahead, we remain dedicated public servants, ready to meet the challenges and opportunities of tomorrow."

To the Honorable Governor Rhoden, the South Dakota Legislature, and my fellow South Dakotans,

It is my privilege to present the Department of Revenue's Fiscal Year 2025 Annual Report. The Department had another strong year, and our mission to provide fair and consistent revenue administration continues to guide our work every day.

One of the most significant milestones this year was the launch of 605Drive. The modern motor vehicle transaction system provides citizens, county partners, and businesses with a safe, reliable, and user-friendly experience. I am proud of all the employees who worked tirelessly behind the scenes to prepare and train for the new system.

Customer service remains at the heart of what we do. We are always here to help South Dakotans in person and through our online tools. Additionally, we remain committed to education and outreach. This past fiscal year, we provided nearly 5,000 customers with training through seminars, webinars, and customized presentations. We encourage you to visit our website to register for upcoming seminars or reach out to our team for assistance. We are here to help!

I am inspired by the work our team has accomplished and grateful for their continued commitment to excellence. As we look ahead, we remain dedicated public servants, ready to meet the challenges and opportunities of tomorrow.

I hope you enjoy looking through the Fiscal Year 2025 Annual Report and learning more about the work we do on behalf of South Dakota.

# 2024-2027 DOR Strategic Plan

## Mission

Proactively providing fair and consistent revenue administration for South Dakota.

## Vision

To continue developing an efficient, accessible, and adaptable team of public servants leading South Dakota into the future.

## Core Values

### Dedication

*We are committed to the work we do and promise to push through challenges to achieve our goals.*

### Integrity

*We pride ourselves in being accountable to our stakeholders and partners, while being trustworthy stewards of public dollars.*

### Innovation

*We encourage forward thinking, embrace new ideas, foster a culture of creativity, and look for ways to improve customer and employee experiences.*

### Accountability

*We carry out our work with transparency and take responsibility for our actions and decisions.*

## Strategic Goals

### Training & Development

Enhancing the educational experience to make sure our team is equipped with the skills and knowledge needed to excel in their roles.

### Continuous Improvement

Continually looking for ways to improve by identifying our limitations, streamlining our processes and enhancing our skills and knowledge.

### External Education

Educating our customers on how to comply with the laws and to successfully use our resources and services to meet their personal and business goals.

### Technology Optimization

Ensure that all current DOR technology systems are being used to their fullest potential, and that we are planning effectively for future technology investments.

Throughout fiscal year 2025, Department of Revenue staff continued to implement the strategic plan by incorporating the four strategic directions in their ongoing work.

# 50-State Comparison

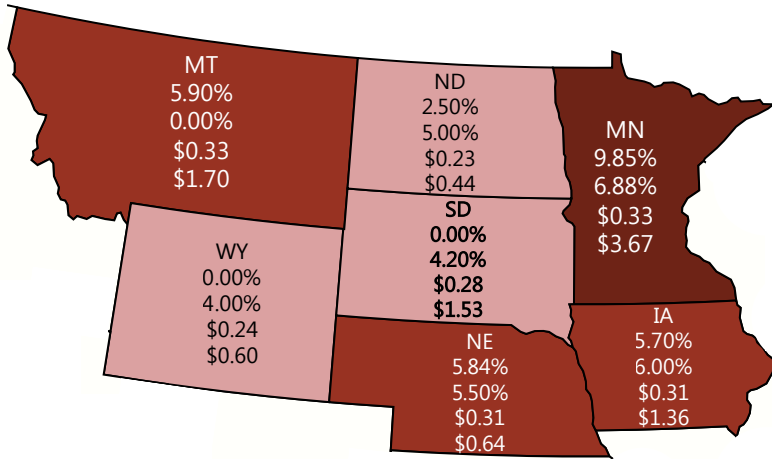

The three figures in each state are, top to bottom:

1. Sales tax rate
2. Gasoline tax per gallon
3. Cigarette tax per package of 20

The gradient represents each state's tax burden per capita -- the darker the color, the higher the burden. Local tax rates are not included unless mandatory. Data is provided by the Federation of Tax Administrators, Streamline, Tax Foundation, and as shown on individual government websites.

# Comparing the Region

The four figures in each state are, top to bottom:

- Individual Income Tax
- Sales tax rate
- Gas tax per gallon
- Cigarette Tax per package

## Total Tax Burden

# Tax Revenue Summary

The Department of Revenue is the principal tax collection agency for the State of South Dakota and collects a number of different taxes and fees. These revenues are grouped into four main categories: sales, use, and contractor's excise taxes; motor fuel taxes; motor vehicle fees and taxes; and special taxes. Once collected, these revenues are distributed to three primary locations: the state general fund, local units of government, and the state highway fund.

[1] The first \$30 million collected annually is deposited in the state general fund. The next \$5 million goes into the tobacco prevention and reduction trust fund. The remaining revenue in excess of \$35 million is deposited into the state general fund.

[2] An exception exists regarding credit card banks, with 95% of the revenue derived from the tax deposited into the state general fund while 5% goes to the county where the bank is located. When there is no physical presence in South Dakota, then 100% is deposited into the state general fund.

[3] Revenues from mining companies licensed after January 1, 1981 are split as follows: 80% to the state, 20% to the county of production (subject to a \$1 million per county cap).

## Fiscal Year 2025 Changes

Newell and Wagner imposed a municipal gross receipts tax.

255 municipalities imposed municipal sales & use taxes.

## Municipalities

While cities set their own sales and use tax rates, the department is responsible for collecting the taxes.

Those revenues are then distributed to the taxing jurisdiction based on the amount collected for each city (shown on pgs. 14-16 of this report). These municipal sales and use tax revenues do not necessarily indicate the level of economic activity in these areas since municipalities vary in their tax rates and the size of their tax bases.

The maximum municipal sales tax rate in South Dakota is 2%, unless a city meets the provisions of SDCL 10-52-2.4.

Cities may impose a 1% municipal gross receipts tax (MGRT) in addition to the municipal sales tax. The municipal gross receipts tax can be imposed on alcoholic beverages, eating establishments, lodging accommodations, ticket sales and admissions to places of amusement, and athletic and cultural events.

The State of South Dakota and five Indian tribes have entered into comprehensive tax collection agreements that include state and tribal sales, use, and contractor's excise tax. The state has entered into more limited tax collection agreements with three other Indian tribes. On Indian country areas covered by a tax collection agreement, the state and the tribe each have the ability to tax certain individuals and certain transactions. All businesses are responsible for remitting tax. The tax remitted is then distributed between the state and the tribe based on each tribe's separate tax collection agreement.

## The DOR staff could be at a city near you!

Each year, our staff attends special events throughout the state. Whether we are hosting our DOR Annual Assessor School, giving back through community clean up, or staffing a temporary office for the Sturgis Motorcycle Rally, we take pride in serving our customers and the State of South Dakota.

# Audit

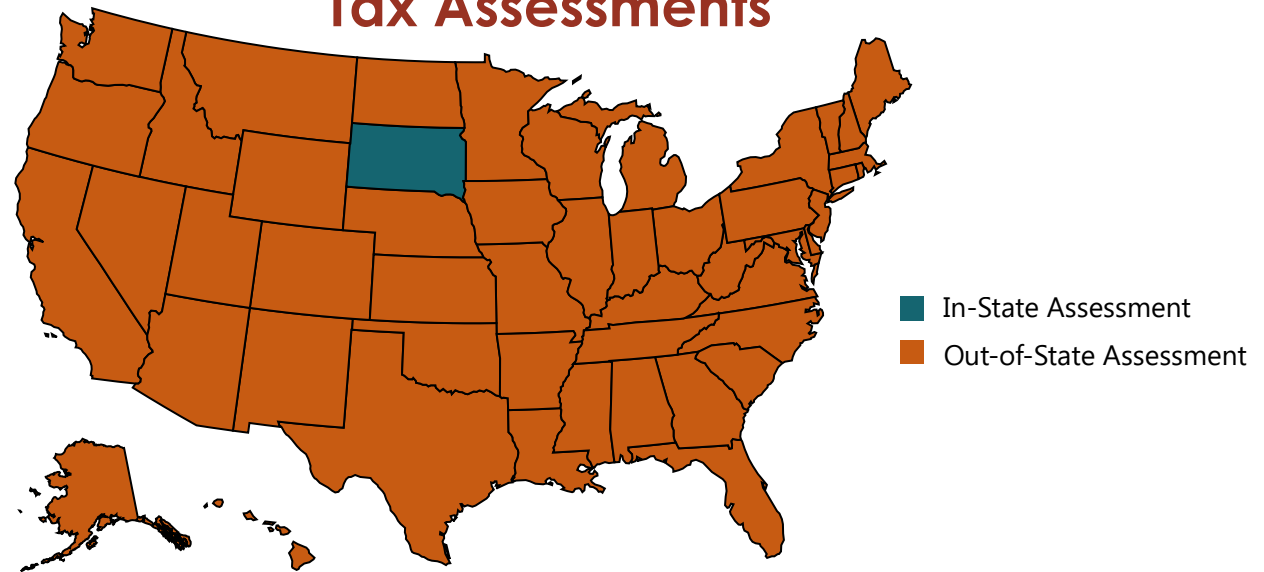

The Audit Division is responsible for selecting and performing audits on behalf of the Department of Revenue. The primary purpose of an audit is to verify the gross receipts, deductions, and use tax reported on tax returns, to ensure required record keeping is in place, and to work with auditees to ensure understanding of the tax laws.

## Audits, Assessments, and Revenues\*

## Net Sales, Use, and Contactor's Excise Tax Assessments

FY2025

Customer said, "Auditor was very thorough in helping me understand why we had overpayments, and explained which services were subject to ET/Use tax. My auditor was fantastic!"

"The auditor was very kind and understanding. He made the whole process easy and worked with us to get him the appropriate information he needed."  
- Satisfied Customer

# FY2025 Audit Metric Distribution by Business Size

The graph below shows the percentage of businesses that fall into five different size categories. This information is compared to how much of the audit time and net assessments are associated with those same taxpayers.

\*Audits completed by gross receipts category are distributed based on the GR category of the audit's primary license. It does not take into account the gross receipts reported on non-primary license types.

\*If an inactive license is audited, it's typically because it is not the primary license, but it is audited because of its relationship to the primary license.

\*Starting from Fiscal Year 2023, this graphic includes only business tax audit license types, excluding special tax, motor fuel, and IFTA/IRP license types.

## Common Errors Found During an Audit

### Common Sales Tax Errors

- Under-reporting of sales tax due to poor record keeping.
- Exempting sales to taxable customers such as churches and 501(c)(3) entities.
- Municipal tax and municipal gross receipts tax (MGRT) reporting errors.
- Not having valid exemption certificates on file.
- Sales tax charged on construction services subject to excise tax.

### Common Use Tax Errors

- Not remitting use tax on goods and services purchased/used.
- Not remitting use tax on items taken from inventory and used personally or in your business.
- Not remitting use tax on owner-furnished materials (OFM).
- Not remitting use tax on equipment brought in from out of state.
- Use tax paid in error on purchases of services subject to excise tax.

### Common Contractor's Excise Tax Errors

- Under-reporting of excise tax due to poor record keeping.
- Not remitting excise tax on owner-furnished materials (OFM).
- Not reporting excise tax on work performed for Local, State, or Federal Government agencies.
- Excise tax charged on construction services subject to sales tax.
- Not including the excise tax invoiced and collected in reported gross receipts.

### Common Motor Fuel Excise Tax Errors

- Errors in reporting due to poor record keeping.
- Not keeping the nine required items on trip sheets. (IFTA/IRP)
- Substituting an invoice or other document for a bill of lading. (Supplier)
- Not including non-taxable exports on returns. (Importer/Exporter/Supplier)
- Incorrect reporting of product authorizations – a product authorization must occur before the rack and bill of lading must reflect the new supplier.

# Motor Vehicle

The Department of Revenue's Motor Vehicle Division collects and administers motor fuel tax, special fuel tax, the International Registration Plan (IRP), Unified Carrier Registrations (UCR), the International Fuel Tax Agreement (IFTA), and commercial and non-commercial motor vehicle licensing, titling, and registration. The division also regulates licensed motor vehicle dealers.

## 605Drive - Electronic Title Project

Starting **July 1, 2026**, South Dakota will transition to an electronic vehicle title system as established by Senate Bill 131 during the 2025 Legislative Session. This modernization project means the state will no longer automatically print paper titles. Instead, vehicle owners will be able to securely view and manage their titles online through their my605Drive accounts.

The new system will allow for:

- Electronic submission of title applications, lien statements, and related documents
- Faster and more efficient processing of vehicle title transfers
- Convenient, 24/7 online access to vehicle title records

The new e-title system launches on July 1, 2026, but you may notice changes a little earlier. The Department of Revenue will stop automatically printing paper titles in early 2026. If you still want a paper title, you will be able to request one. Once the new e-title system goes live, vehicle owners who prefer or require a paper copy will still have the option to request a printed title at any time.

# Renew On The Go!

All you need is a debit or credit card and a South Dakota ID to:

- Change address
- Renew driver's license
- Renew vehicle registration
- Report vehicle sale
- Print seller's permit

# Motor Fuel Tax

Many fuel types, including gasoline, diesel, ethyl alcohol, methyl alcohol, aviation fuel, jet fuel, and liquid petroleum gas (LPG), fall into the fuel tax category. In Fiscal Year 2025, total fuel tax revenues amounted to \$221,681,114. The chart below compares South Dakota’s fuel tax revenues for the past five years. Each fuel type is taxed at a different rate as per South Dakota law.

South Dakota has 17 different motor fuel license types and a total of 2,868 licenses.

# Property Tax

In 2025, South Dakota property owners paid more than \$1.86 billion to fund local governments and provide K-12 education for the state's children. The state does not collect or spend any property tax money. Each county administers its own property tax system. The department's primary role is to assist local governments in making property valuations that are fair and in compliance with the law. The following tables show the portion of the total taxes paid by each classification of property, and which local government received the money.

## Effective Tax Rates

The following table shows the effective tax rate for agricultural, owner-occupied, and commercial property in a sampling of jurisdictions payable in 2025. The effective tax rate is the percentage of a property's market value that will be paid in taxes. For example, if the effective tax rate is 2%, and the market value of the property is \$150,000, then the taxes will be about \$3,000 per year.

The "Ag" effective tax rate is for the agricultural property in the township around the city listed. The "Other" category includes commercial property, utility property, and residential property not occupied by the owner within the specified city.

## Taxable Valuations by Category: 2015-2025

## Valuation Total in Ag vs. Non-Ag Properties

See page 27 for taxable valuations by county.

Figures listed are 2025 valuations for taxes payable in 2026.

## Wind Farms

Wind farms pay a nameplate capacity tax and a production tax instead of real property taxes, which get deposited into the Renewable Facility Tax Fund. All of the nameplate capacity tax and 20% of the production tax collected are remitted to the respective counties prior to May 1 each year. The remainder of the production tax is deposited to the State General Fund.

Upon receipt of the taxes, the county auditor allocates the taxes among the school districts, the county, and the organized townships where a wind tower is located. When a wind tower is located in an unorganized township, that portion of the tax is allocated to the county.

The distribution rates are:

- 50% to the school district(s)
- 35% to the county(s)
- 15% to the organized township(s)

For taxes payable in 2025, there were 26 wind farms in operation, which paid \$16,658,958 in nameplate capacity tax and production tax. The State General Fund received \$4,772,468, and Local Government Entities received \$11,886,490.

The breakdown of the local government taxes was:

- Schools: \$5,943,249
- Counties: \$4,590,593
- Townships: \$1,352,648

## Solar Farms

For taxes payable in 2025, there were 2 solar farms in operation which paid \$920,956 in nameplate capacity tax and production. The State General Fund received \$309,946 and Local Government Entities received \$611,010.

The breakdown of local government taxes was:

- Schools: \$305,505
- Counties: \$305,505

## Property Tax Transparency Portal

The South Dakota Property Tax Transparency Portal holds property tax information, resources, and laws. This system features the Property Tax Explainer Tool that provides a high-level breakdown of some of the levies assessed within a specific jurisdiction, numerous DOR property tax facts, publications, forms, and multiple years of property tax data.

While the state does not collect or spend any property tax money, property taxes are the primary source of funding for school systems, counties, municipalities, and other units of local government.

Find the property tax portal here: <https://sdproptax.info/>

## Property Tax Limitations

The South Dakota Legislature has enacted two independent systems that limit the growth of property taxes. The first is the state aid to education payments system. These payments effectively replace property taxes for schools that would otherwise be paid by property owners. The second system is the caps placed on the property taxes collected by all levels of local government, except schools. Property tax caps and state aid to education payments have significantly slowed this increase.

## Property Tax Caps

State law limits the amount of property taxes that local governments (counties, cities, townships, fire districts, etc.) can collect from their property owners. Market increases in the value of the property within the taxing district automatically decrease the property tax rates upon that property to ensure that the caps are not exceeded. Local governments are limited to the amount of property taxes they collected last year, plus an increase for inflation based upon the consumer price index (but not more than 3%), and for new construction within the taxing jurisdiction.

## State Aid to Education Payments

All property owners benefit from the funding for education provided by the state. The state provides extra revenue for K-12 education that would otherwise have to be paid by property owners. The benefit is provided to the taxpayer through a tax rate reduction for the school general fund levy. The school general fund levy rates for taxes payable in 2026 are set statewide as follows:

**Ag \$1.125/\$1,000 of value**  
**Owner-Occupied \$2.518/\$1,000 of value**  
**Other \$5.211/\$1,000 of value**

## Tax Increment Financing

Tax Increment Financing (TIF) is a tool primarily used to redevelop areas or grow a local economy by offsetting the cost of public infrastructure improvements. TIFs can be useful in attracting private investments and businesses, which can translate into more jobs and a growing tax base. TIFs have four classifications, which are shown below along with the number of active TIFs throughout the state. For more information on TIFs, including our TIF Annual Report, visit <https://sddor.seamlessdocs.com/sc/publications-annual-reports/>.

## Property Tax - Taxable Valuations by County

The following chart indicates the amount of taxable value in each of South Dakota's 66 counties, broken out by the class of property. ## Did You Know?

Since its inception in 1987, the Lottery has distributed an impressive \$4 billion to our beneficiaries in the State of South Dakota.

This year resulted in more than \$176 million to the state's general fund, to the State's General Fund, which funds local K-12 schools, state universities, and technical institutes.

More than \$2.2 million went to the Capital Construction Fund, which is used to pay for rural water systems, community drinking water, wastewater improvement projects, and recycling and waste disposal programs.

## Capitol Construction Fund

64% goes to the Water and Environment Fund which is used for a variety of projects from drinking water and wastewater improvement to recycling to natural resource development.

36% goes to the State Highway Fund and is used for state highways and bridges.

<b>Totals</b>	<b>\$176,256,754</b>	<b>\$2,258,096</b>	<b>\$170,253</b>

\* The SD Lottery annually provides the Department of Social Services with funding for problem gambling services. Funding comes from the Lottery's 0.5% of net machine income for administration.

## Instant Tickets

The Lottery launched 30 new instant ticket games during Fiscal Year 2025. Prices for instant tickets ranged from \$1 to \$30, and prizes ranged from \$1 to \$600,000.

There were 641 licensed instant ticket retailers across the state. Retailers receive a 5% commission for selling tickets, a 1% commission for cashing winning tickets for prizes up to \$100, and a 1% commission for selling tickets with prizes of more than \$100.

Instant ticket sales were down 2.36% from the previous year, and net revenues were down 16.71%.

## Lotto Tickets

South Dakota currently offers five lotto games. Powerball, Mega Millions, Lotto America, and Lucky For Life are multi-state games. Dakota Cash with EZ Match is played only in South Dakota.

At the end of Fiscal Year 2025, there were 630 licensed lotto retailers. Lotto retailers receive a 5% commission for selling tickets, plus varying bonuses for selling larger winning tickets.

Lotto ticket sales were down 34.03% from the previous year, and net revenues were down 39.94%.

The General Fund receives 70% in net revenue from lotto tickets. The Capital Construction Fund receives the other 30%.

## Video Lottery

Video Lottery sales (cash-in) increased 0.74% from last year.

The average number of active video lottery machines during Fiscal Year 2025 was 11,120, and the average number of licensed establishments was 1,397.

The revenue from video lottery is calculated on net machine income, which is cash-in (sales) minus cash-out (prizes). Net machine income is divided between the state and machine operators on a 50/50 split. One-half of one percent (0.5%) of the net machine income share is retained by the Lottery for administration.

49.5% of video lottery net machine income is distributed to the General Fund.
