

South Dakota Highway Patrol Motor Carrier Operations Overview

Manager Phil Lentz

Trooper Specialist Codie Schmeichel

1. Port of Entry Operations
2. Mobile Operations
3. Trooper Operations
4. Special Operations

SOUTH DAKOTA
DEPARTMENT
OF PUBLIC SAFETY

prevention — protection — enforcement

4 port of entry facilities in South Dakota. One on each interstate into South Dakota.

All the facilities are similar in design but have all the same technology and screening tools.

Sioux Falls POE I-90 MN/SD Border
Tilford POE I-90 WY/SD Border
Jefferson POE I-29 IA/SD Border
Sisseton POE I-29 ND/SD Border

Port of Entry Operations

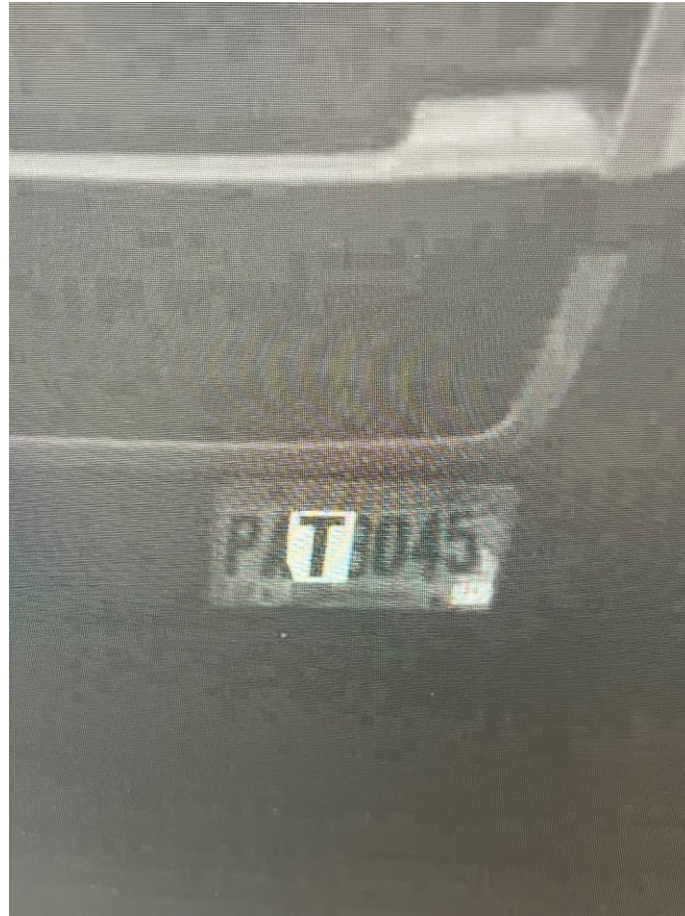

LPR IN ACTION!

Mobile/Trooper Operations

Roadside Checks

Mobile teams all round the state set up roadside checks at a multitude of locations. They are “pop” up checks. These are normally on main truck routes with higher flow of commercial traffic.

We do also work a few low volume areas as well during specific times of the year like harvest, construction areas, rally specific routes.

I-29 SB MM 40 DOT setup for revenue collection.

PRAIRIE

South Dakota

Troopers

Just do what troopers do but they focus on commercial traffic.

Motor
Carrier
Special
Operations

Special operations are anything the agency can do to assist in creating highway safety. We do many safety talks and trainings for companies, other govt. agencies, and other safety organizations.
